

Expert Call: Blockchain and Tokenization in Real Estate Transactions with Baxter Hines

JUNE 23, 2026 | 1:00 PM ET

Stephens is hosting a conference call for institutional investors with Baxter Hines, Chief Investment Officer of Honeycomb Digital Investments, a firm focused on blockchain infrastructure, tokenization, and digital asset applications across real-world financial markets, including real estate and mortgage-related assets.

Participants

Baxter Hines, CFA – Chief Investment Officer, Honeycomb Digital Investments

- Baxter Hines is CIO of Honeycomb Digital Investments, where he focuses on blockchain infrastructure, tokenization, and digital asset investment strategies across real-world use cases.
- He has over 20 years of experience in financial services, with prior roles at NFJ Investment Group / Allianz Global Investors, the Teacher Retirement System of Texas, and Reuters.
- Honeycomb is actively involved in tokenization initiatives, including mortgage trading platforms, real asset tokenization (e.g., oil and gas royalties), and blockchain-based financial products.
- Baxter is the author of *Digital Finance: Security Tokens and Unlocking the Real Potential of Blockchain* (2020) and is a recognized thought leader in the application of blockchain to financial market infrastructure.

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Topics of Discussion

- Practical applications of blockchain and tokenization across real estate transaction workflows
- Where blockchain can improve efficiency versus where it does not replace core functions such as risk underwriting
- Off-chain versus natively issued tokenized real estate assets and the implications for market structure
- Key constraints to adoption, including regulation, legal frameworks, custody, and integration with existing real estate infrastructure
- Long-term implications for intermediaries and industry structure
