

# Varonis Systems, Inc. (VRNS)

JUNE 11, 2026 | 11:00 AM ET

Stephens is hosting a conference call with David Gibson (VP of Strategy and Market Development) and the Investor Relations team of Varonis (VRNS).

## About Varonis Systems, Inc.

Varonis is a leading data security platform provider focused on protecting sensitive data across on-prem and SaaS environments through visibility, access governance, and threat detection. The company's platform helps organizations identify and classify sensitive data, enforce least-privilege access, and detect insider threats and malicious activity in real time.

**Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.**

## Topics of Discussion

- Demand drivers and market dynamics in data security, including key themes from customer conversations in the field
- Land and expand dynamics across use cases and workload coverage
- Competitive dynamics and Varonis' positioning and differentiation versus DSPM pure plays, large cybersecurity platform providers, and data protection vendors
- Convergence of AI security, data security, and identity security
- Emerging growth areas, including Atlas AI security, next-generation database activity monitoring, and Interceptor email security
