

Banks & the Blockchain - Intain Technologies

NOVEMBER 21, 2022 | 2:00PM ET

Stephens is hosting a conference call for institutional investors with Intain Technologies, a blockchain solutions provider. Intain is building blockchain based infrastructure for trust, transparency and efficiency in debt capital markets. Founded by financial services business and technology veterans, Intain builds financial systems using Intelligent Blockchains, that combine distributed ledger technology and artificial intelligence to enhance transparency and efficiency across the capital markets lifecycle. On the call we look to learn about the company, blockchain solutions, adoption trends, and how its market place and securitization solutions compare to existing products.

About the Featured Speaker

Eric Mitzel

Eric Mitzel is Vice President of North America sales and client solutions for Intain, with more than 15 years of professional experience within the structured financial services industry as a Trust Officer and VP at Zions Bank and BNY Mellon. Mr. Mitzel is well versed in the processes involved in trust administration across various asset classes, ranging from municipal bonds to complex lease securitizations and understands a need within the industry to adopt new technologies to gain efficiencies, reduce redundancy and level transaction costs. Building a focus on delivering core blockchain solutions to structured finance participants.

Intain is an integrated software technology organization building Intelligent Digital Solutions by combining components of Blockchain and AI to automate many of the cumbersome data processes within banking and finance. Founded by financial services business and technology veterans, Intain understands the impact - benefits and risk - of technology in financial services. Featured partners and clients of Intain include WSFS, UMB and Wilmington Trust.

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Topics of Discussion:
