Space will be limited. Meeting times and itinerary subject to change. To join the event or to obtain more information, please contact your Stephens sales representative.

## About Castle Biosciences, Inc.

Castle Biosciences is a commercial-stage diagnostics company that develops and commercializes prognostic and diagnostic tests for various cancers and diseases in the skin cancer and gastrointestinal market. CSTL's tests utilize the genomic information of an individual patient's tumor or biopsy to provide an objective assessment of a patient's specific risk of progression, metastasis, or recurrence of cancer as well as form a more accurate diagnosis of disease.
