

Harmonic Security Virtual Fireside Chat

OCTOBER 14, 2026 | 2:00 PM ET

Stephens is hosting a virtual fireside for institutional investors with Harmonic Security. Harmonic Security is an AI security company focused on securing enterprise use of generative AI applications and AI agents.

The discussion will cover current trends and dynamics in the AI security market, including the growth outlook, key demand drivers, evolving enterprise use cases, and competitive dynamics. The discussion will also provide an overview of Harmonic Security's strategy and competitive differentiation, as well as how enterprise AI security requirements are evolving with the adoption of generative AI applications and AI agents.

Harmonic Security

Alastair Patterson is CEO and Co-Founder of Harmonic Security. Prior to Harmonic, Mr. Patterson was the founder and CEO of Digital Shadows, digital risk protection and threat intelligence company that was acquired by ReliaQuest in 2022.

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Topics of Discussion

- The current state of the AI security market, including the growth outlook, key demand drivers, and pace of enterprise adoption.
- Key AI security use cases and risks enterprises are seeking to address, including visibility, governance, and security of generative AI applications and AI agents.
- Harmonic Security's platform strategy and competitive differentiation.
