Rating: Moody's "Aa2"

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds will be excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax except for certain corporations, as more fully described herein. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading "Tax Matters" herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See "Tax Matters" herein).

\$15,675,000

SULLIVAN COUNTY, TENNESSEE GENERAL OBLIGATION BONDS, SERIES 2024 (ULT)

Dated: Date of Issuance

Due: May 1, as shown below

Sullivan County, Tennessee (the "County") will issue its \$15,675,000 General Obligation Bonds, Series 2024 (the "Bonds") in fully registered form, without coupons, and, when issued, the Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds. Individual purchases of beneficial ownership interest in the Bonds will be made in book-entry form only, in denominations of \$5,000 or multiples thereof through DTC Participants. Interest on the Bonds will be payable semiannually on May 1 and November 1 of each year, commencing May 1, 2024, calculated on the basis of a 360-day year consisting of twelve 30-day months.

Payments of principal of and interest on the Bonds are to be made to purchasers by DTC through the Participants (as such term is herein defined). Purchasers will not receive physical delivery of Bonds purchased by them. See "The Bonds-Book-Entry-Only System." Principal of and interest on the Bonds are payable by the County to the corporate trust office of U.S. Bank Trust Company, National Association, Nashville, Tennessee, as registration and paying agent (the "Registration Agent").

The Bonds shall be subject to redemption at the option of the County at any time on or after May 1, 2033, at a price of par plus accrued interest to the redemption date. The Bonds are payable on May 1 of each year as follows:

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

The Bonds are offered when, as and if issued, subject to the approval of the legality by Bass, Berry & Sims PLC, Nashville, Tennessee, Bond Counsel, whose opinion will be delivered with the Bonds. Certain legal matters will be passed upon for the County by Daniel P. Street, Esq., counsel to the County. Stephens Inc. is serving as Municipal Advisor to the County. The Bonds, in book-entry form, are expected to be available for delivery through Depository Trust Company in New York, New York, on or about January 10, 2024.

December 12, 2023

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission, this document, as the same may be supplemented or amended (collectively, the “Official Statement”) by Sullivan County, Tennessee (the “County”), is an Official Statement with respect to the Bonds described herein that is deemed final by the County as of the date hereof (or of any such supplement or amendment). It is subject to completion with certain information to be established at the time of the sale of the Bonds as permitted by Rule 15c2-12 of the Securities and Exchange Commission.

No dealer, broker, salesman or other person has been authorized by the County or by Stephens Inc. (the “Municipal Advisor”) to give any information or make any representations other than those contained in this Official Statement and, if given or made, such information or representations with respect to the County or the Bonds must not be relied upon as having been authorized by the County or the Municipal Advisor. This Official Statement does not constitute an offer to sell, or solicitation of an offer to buy, any securities other than the securities offered hereby to any person in any jurisdiction where such offer or solicitation of such offer would be unlawful.

This Official Statement should be considered in its entirety and no one factor should be considered more or less important than any other by reason of its position in this Official Statement. Where statutes, reports or other documents are referred to herein, reference should be made to such statutes, reports or other documents for more complete information regarding the rights and obligations of parties thereto, facts and opinions contained therein and the subject matter thereof.

The information and expressions of opinion in this Official Statement are subject to change without notice and neither the delivery of this Official Statement nor any sale made under it shall, under any circumstances, create any implication that there has been no change in the affairs of the County since the date as of which information is given in this Official Statement.

In making an investment decision investors must rely on their own examination of the County and the terms of the offering, including the merits and risks involved. No registration statement relating to the Bonds has been filed with the Securities and Exchange Commission or with any state securities agency. The Bonds have not been approved or disapproved by the Commission or any state securities agency, nor has the Commission or any state securities agency passed upon the accuracy or adequacy of this Official Statement. Any representation to the contrary is a criminal offense.

Official Statement

Sullivan County, Tennessee

\$15,675,000 General Obligation Bonds, Series 2024 (ULT)

Introduction

The Official Statement, including the cover page and appendices hereto, is furnished in connection with the issuance by Sullivan County, Tennessee (the "County") of \$15,675,000 General Obligation Bonds, Series 2024 (the "Bonds").

The Bonds are issuable under and in full compliance with the constitution and statutes of the State of Tennessee, including Sections 9-21-101 et seq., Tennessee Code Annotated, and pursuant to Resolution adopted by the Board of County Commissioners of the County on October 23, 2023 (the "Resolution") authorizing the execution, terms, issuance and sale of the Bonds.

This Official Statement includes descriptions of, among other matters, the Bonds, the Resolution, and the County. Such descriptions and information do not purport to be comprehensive or definitive. All references to the Resolution are qualified in their entirety by reference to the definitive documents, including the forms of the Bonds included in the Resolution. During the period of the offering of the Bonds, copies of the Resolution and any other documents described herein or in the Resolution may be obtained from the County. After delivery of the Bonds, copies of such documents will be available for inspection at the County Mayor's office. All capitalized terms used in this Official Statement and not otherwise defined herein have the meanings set forth in the Resolution.

The Bonds

Description

The Bonds are being issued to finance the construction, renovation, equipping and improving of County archives, emergency management services, administrative and justice facilities (the "Projects"), and to pay costs of issuing the Bonds.

The Bonds will be issued as fully registered book-entry Bonds, without coupons, in denominations of \$5,000 or any integral multiple thereof. The Bonds will be dated their date of issuance. Interest on the Bonds, at the rates per annum set forth on the cover page and calculated on the basis of a 360-day year, consisting of twelve 30-day months, will be payable semiannually on May 1 and November 1 of each year (herein an "Interest Payment Date"), commencing May 1, 2024.

The Bonds will mature on the dates and in the amounts set forth on the cover page.

Registration and Payment

The Bonds will be initially registered only in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds.

U.S. Bank Trust Company, National Association, Nashville, Tennessee (the "Registration Agent") will make all interest payments with respect to the Bonds on each Interest Payment Date directly to the registered owners as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the Interest Payment Date (the

"Regular Record Date") by check or draft mailed to such owners at their addresses shown on said registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the County in respect of such Bonds to the extent of the payments so made. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable. In the event the Bonds are no longer registered in the name of DTC or its successor or assigns, if requested by the Owner of at least \$1,000,000 in aggregate principal amount of the Bonds, payment of interest on such Bonds shall be paid by wire transfer to a bank within the continental United States or deposited to a designated account if such account is maintained with the Registration Agent and written notice of any such election and designated account is given to the Registration Agent prior to the record date.

Any interest on any Bond which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the County to the persons in whose names the Bonds are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: The County shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment, and at the same time the County shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which date shall not be more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the County of such Special Record Date and, in the name and at the expense of the County, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Bond registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in the Resolution or in the Bonds shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the County to punctually pay or duly provide for the payment of principal of and interest on the Bonds when due.

Book-Entry-Only System

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate for each maturity of the Bonds will be issued for the Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instrument from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants

include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC’s

records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registration Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of County or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the County or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that County believes to be reliable, but County takes no responsibility for the accuracy thereof.

THE COUNTY AND THE REGISTRATION AGENT HAVE NO RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS; (III) THE DELIVERY OR TIMELINESS OF DELIVERY BY ANY PARTICIPANT OR ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS; OR (IV) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS BONDHOLDER.

Optional Redemption

The Bonds maturing on or before May 1, 2033 shall mature without option of prior redemption, and Bonds maturing May 1, 2034 and thereafter, shall be subject to redemption prior to maturity at the option of the Municipality on May 1, 2033 and thereafter, as a whole or in part, at any time at the redemption price of par plus accrued interest to the redemption date.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be selected by the Board of County Commissioners of the County in its discretion. If less than all of the Bonds within a single maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

(i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or

(ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

Notice of Redemption

Notice of call for redemption shall be given by the Registration Agent not less than thirty (30) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for the redemption of any of the Bonds for which proper notice was given. An optional redemption notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to affect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the County nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant will not affect the validity of such redemption. From and after any redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth in the Resolution. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain Outstanding.

Security and Sources of Payment

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

Under Tennessee law, the County's legislative body is authorized to levy a tax on all taxable property within the County, or a portion thereof, without limitation as to rate or amount, and a referendum is neither required nor permitted to set the rate or amount. For a more complete statement of the general covenants and provisions pursuant to which the Bonds are issued, reference is hereby made to the respective Resolution.

Remedies of Bondholders

Under Tennessee law, any Bondholder has the right, in addition to all other rights:

(1) By mandamus or other suit, action or proceeding in any court of competent jurisdiction to enforce its rights against the County, including, but not limited to, the right to require the County to assess, levy and collect taxes adequate to carry out any agreement as to, or pledge of, such taxes, fees, rents, tolls, or other charges, and to require the County to carry out any other covenants and agreements, or

(2) By action or suit in equity, to enjoin any acts or things which may be unlawful or a violation of the rights of such Bondholder.

Discharge and Satisfaction of Bonds

The Bonds may be discharged and defeased in any one or more of the following ways:

(a) By depositing sufficient funds as and when required with the Registration Agent, to pay the principal of and interest on such Bonds as and when the same become due and payable;

(b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers ("an Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity or redemption, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving of such notice);

(c) By delivering such Bonds to the Registration Agent, for cancellation by it;

and if the County shall also pay or cause to be paid all other sums payable under the Resolution, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Escrow Agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the County to the holders of such Bonds shall be fully discharged and satisfied.

If the County pays and discharges the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners of such Bonds shall thereafter be entitled only to payment out of the money or Defeasance Obligations.

Defeasance Obligations are direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, which obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

Rating

The Bonds have been assigned a rating of "Aa2" by Moody's Investor Services Inc. ("Moody's") based on documents and other information provided by the County. The rating reflects only the view of Moody's and neither the County, the Municipal Advisor nor the Underwriter makes any representation as to the appropriateness of such rating.

There is no assurance that such rating will continue for any given period of time or that it will not be lowered or withdrawn entirely. Any such downward change in or withdrawal of the rating may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the rating may be obtained from Moody's.

Continuing Disclosure

The County will at the time the Bonds are delivered execute a Continuing Disclosure Certificate under which it will covenant for the benefit of holders and beneficial owners of the Bonds to (i) provide certain financial information and operating data relating to the County by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2023 (the "Annual Report"), (ii) provide notice of the occurrence of certain enumerated events and (iii) provide timely notice of failure to provide any required financial information of the County. The Annual Report (and audited financial statements if filed separately) and notices described above will be filed by the County with the Municipal Securities Rulemaking Board ("MSRB") at www.emma.msrb.org and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in order to assist the Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b), as it may be amended from time to time (the "Rule").

Except as described below, the County has not failed to comply, in all material respects, with any previous undertakings under Rule 15c2-12 during the last five years. The County has previously entered into continuing disclosure undertakings similar to the Continuing Disclosure Agreement (the "Prior Disclosure Agreements"). The Prior Disclosure Agreements required the County shall file, or cause to be filed, a notice to investors (each an "Event Notice") within ten business days of the occurrence of certain specified events. The County was required to file an Event Notice in connection with its \$1,550,000 General Obligation Capital Outlay Notes, Series 2023 (the "Series 2023 Notes") dated January 24, 2023. The County filed an Event Notice related to the Series 2023 Notes on February 24, 2023, outside of the time frame contemplated by the Prior Disclosure Agreements.

Future Issues

The County has no additional debt planned or authorized for new capital projects at this time.

Litigation

The County, like other similar bodies, is subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. After reviewing the current status of all pending and threatened litigation with its counsel, the County believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits which have been filed and of any actions or claims pending or threatened against the County or its officials in such capacity are adequately covered by insurance or by sovereign immunity or will not have a material adverse effect upon the County's financial condition.

As of the date of this Official Statement, the County has no knowledge or information concerning any pending or threatened litigation contesting the authority of the County to issue, sell or deliver the Bonds. The County has no knowledge or information of any actions pending or expected that would materially affect the County's ability to pay the debt service requirements of the Bonds.

Approval of Legal Proceedings

Legal matters incident to the authorization and issuance of the Bonds are subject to the unqualified approving opinion of Bass, Berry & Sims PLC, Bond Counsel. A copy of the opinion will be available upon delivery of the Bonds. (See Appendix A). Certain legal matters will be passed upon for the County by William L Gouger, Esq., Counsel to the County.

Tax Matters

Federal

General. Bass, Berry & Sims PLC, Nashville, Tennessee, is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the Issuer and assuming compliance by the Issuer with certain covenants, is that interest on the Bonds:

- is excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, as amended (the "Code"), and
- is not a preference item for a bondholder under the federal alternative minimum tax on individuals under the Code; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2023.

The Code imposes requirements on the Bonds that the Issuer must continue to meet after the Bonds are issued. These requirements generally involve the way that Bond proceeds must be invested and ultimately used. If the Issuer does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The Issuer has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit
- a borrower of money to purchase or carry the Bonds, or
- an applicable corporation, as defined in Section 59(k) of the Code

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also "Changes in Federal and State Tax Law" below in this heading.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

Bond Premium. If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is "Bond premium" on that Bond. The tax accounting treatment of Bond premium is complex. It is amortized over time and as it is amortized a bondholder's tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with Bond premium, even though the Bond is sold for an amount less than or equal to the owner's original cost. If a bondholder owns any Bonds with Bond premium, it should consult its tax advisor regarding the tax accounting treatment of Bond premium.

Original Issue Discount. A Bond will have "original issue discount" if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel's opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder's federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder's tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount

Information Reporting and Backup Withholding. Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

State Taxes

Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Municipal Advisor

Stephens Inc. is serving as Municipal Advisor to the County in connection with the issuance of the Bonds. Stephens Inc., in its capacity as Municipal Advisor, has relied on the opinion of Bond Counsel and has not verified and does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal or state income tax status of the Bonds. The information set forth herein has been obtained by the County and other sources believed to be reliable. The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the County and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

Underwriting

BofA Securities Inc., New York, New York, acting for and on behalf of itself and such other securities dealers as it may designate, will purchase the Bonds for an aggregate purchase price of \$17,121,890.18, which is par, plus original issue premium of \$1,481,518.10, less \$34,627.92 underwriter's discount.

The Underwriter may offer and sell the Bonds to certain dealers (including dealer banks and dealers depositing the Bonds into investment trusts) and others at prices different from the public offering prices stated on the cover page of this Official Statement. Such initial public offering prices may be changed from time to time by the Underwriter.

Forward Looking Statements

The statements contained in this Official Statement, and in any other information provided that are not purely historic, are forward-looking statements, including statements regarding the expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available on the date hereof, and assumes no obligation to update any such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business and policy decisions, all of which are difficult or impossible to predict accurately and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

Miscellaneous

Any statement made in this Official Statement involving matters of opinion and estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

The execution and delivery of this Official Statement was duly authorized by the County.

APPENDIX A

Form of Legal Opinion of Bass, Berry & Sims PLC, Attorneys,
Nashville, Tennessee relating to the Bonds.

(Form of Opinion of Bond Counsel)

Bass, Berry & Sims PLC
150 Third Avenue South, Suite 2800
Nashville, Tennessee 37201

January 10, 2024

We have acted as bond counsel to Sullivan County, Tennessee (the "Issuer") in connection with the issuance of \$15,675,000 General Obligation Bonds, Series 2024, dated the date hereof (the "Bonds"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Bonds have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and constitute valid and binding general obligations of the Issuer.

2. The resolution of the Board of County Commissioners of the Issuer authorizing the Bonds has been duly and lawfully adopted, is in full force and effect and is the valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The Bonds constitute general obligations of the Issuer for the payment of which the Issuer has validly and irrevocably pledged its full faith and credit. The principal of and interest on the Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the County.

4. Interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals under the Code; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2023. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements. Except as set forth in this Paragraph 4, we express no opinion regarding other federal tax consequences arising with respect to the Bonds.

5. Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on any of the Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State

of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in the State of Tennessee.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds and the resolution authorizing the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Yours truly,

Bass, Berry & Sims PLC

APPENDIX B

Demographic and General Financial Information
Related to the County

GENERAL INFORMATION

Sullivan County, (the “County”) is located in the eastern grand division of the State of Tennessee, in the northeast corner of the State, approximately 90 miles northeast of Knoxville. The County encompasses 413 square miles. Blountville, the county seat, is located between Kingsport and Bristol, the two largest cities in the County. Incorporated cities in the County include Bluff City, Bristol, Johnson City, and Kingsport. According to 2021 U.S Census estimates, the City of Kingsport has an estimated population of 56,150 and the City of Bristol has an estimated population of 27,705.

The County is the geographic center of the Tri-Cities (Johnson City-Kingsport-Bristol, TN/VA) Combined Statistical Area (CSA). The Tri-Cities Combined Statistical Labor Market consists of a five-county region in Tennessee and two counties and an independent city in Virginia. The CSA includes: Carter, Hawkins, Sullivan, Unicoi, and Washington counties in Tennessee and Scott and Washington counties in Virginia as well as the City of Bristol in Virginia.

Sullivan County enjoys a strong economic base due to its central location in the Tri-Cities Combined Statistical Area market which had a 2021 estimated population of 521,528. The Tri-Cities serve a growing CSA market as well as a trade area extending into portions of Tennessee, Virginia, North Carolina, Kentucky and West Virginia and reaching an even larger regional market. With improvements to transportation networks, the region has become a unified economic base with Sullivan County as the core.

Transportation

Interstates 81 and 26 cross in Sullivan County. U.S. Highways 11, 19, 23, and 421 serve as the main thoroughfares for the County.

Air Transport. The Tri-Cities Regional Airport in the midst of the Tri-Cities Combined Statistical Area (CSA) serves travelers from Northeast Tennessee, Southwest Virginia, Northwest North Carolina and Southeast Kentucky. The Airport offers three scheduled airlines serving passengers through four connecting hubs and leisure destinations. Delta provides service to Atlanta, GA; US Airways Express serves Charlotte, NC; and Allegiant offers service to Orlando, FL and St. Petersburg/Clearwater, FL.

Rail Transport. The Norfolk Southern and CSX railroads serve the County.

Health Care Services

The health care services of Sullivan County include Ballard Health and Frontier Health.

Ballad Health is an integrated healthcare system serving 29 counties of Northeast Tennessee, Southwest Virginia, Northwest North Carolina and Southeast Kentucky. It operates a family of 21 hospitals, including three tertiary medical centers, a dedicated children's hospital, community hospitals, three critical access hospitals, a behavioral health hospital, an addiction treatment facility, long-term care facilities, home care and hospice services, retail pharmacies, outpatient services and a comprehensive medical management corporation. Ballard Health was formed in 2018 by the merger of two regional health systems, Mountain State Health Alliance and Wellmont Health System. Ballard's Holston Valley Medical Center is located in Kingsport, TN.

Founded in 1957, Frontier Health is one of the region's leading providers of behavioral health services. Headquartered in Johnson City, TN, Frontier Health maintains 64 professionally staffed facilities in 12 counties throughout Northeast Tennessee and Southwest Virginia.

Higher Education

East Tennessee State University and Quillen College of Medicine. East Tennessee State University (ETSU) is a state-supported regional university founded in 1911. ETSU's main campus is located on 340 acres in Johnson City, Tennessee, in the mountain and lake country of the Tri-Cities Tennessee/Virginia region. Off-campus centers include ETSU/UT at Kingsport, the Nave Center in Elizabethton, and additional campuses in Bristol, Greeneville, and Sevierville. Approximately 15,000 students are enrolled in over 125 degree programs, including the M.D. degree through the Quillen College of Medicine.

King University. King University is a private four-year liberal arts university located in Bristol, TN. More than 1,900 students are enrolled in King University's seven academic schools of learning: College of Arts and Sciences, School of Business, School of Education, School of Nursing, Peeke School of Christian Mission, School of Behavioral and Health Sciences, and School of Applied Science and Technology.

Northeast State Community College. Northeast State Community College, a comprehensive two-year community college governed by the Tennessee Board of Regents, is located in Blountville, TN. More than 5,800 students are enrolled in Northeast State's various technical and transfer associate degree

and certificate programs, comprehensive economic development programs, quality management programs, and business and industry training programs.

Public Education

The public school system for areas in the County outside the cities of Bristol, Johnson City, and Kingsport is operated by the County's Department of Education, which is administered by a Director of Schools under the policy-making authority of the local Board of Education. The County's average daily membership for the 2021-2022 school year was 8,150. The Cities of Bristol, Johnson City and Kingsport operate their own public school systems. A small portion of students that attend Kingsport City Schools reside in Hawkins County and a small portion of students that attend Johnson City Schools reside in the portion of Johnson City that lies within Sullivan County.

SELECTED FINANCIAL INFORMATION REGARDING THE COUNTY

General

The County accounts for its financial resources on the basis of funds and account groups, each of which is considered a separate accounting entity. The General Fund is the general operating fund of the County. Other funds include Special Revenue Funds, the General Service Fund, Capital Projects Funds, Internal Service Funds and Trust and Agency Funds. For additional information regarding the component units, see Notes to the General Purpose Financial Statements contained in APPENDIX C hereto.

Revenues applicable to the payment of the principal of and interest on the Obligations are accounted for in the Debt Service Fund. Revenues securing the payment of principal of and interest on the Obligations are derived from the collection of ad valorem taxes levied on all taxable property within the boundaries of the County. Such tax collections for the Obligations will be used exclusively to pay the principal of and interest on the Obligations. Included as APPENDIX C to this Official Statement are the General Purpose Financial Statements and notes thereto for the fiscal year ended June 30, 2022. Potential purchasers should read APPENDIX C in its entirety for more complete information concerning the County's financial position.

The County uses the modified accrual basis of accounting for all Governmental Funds, Expendable Trust Funds and Agency Funds. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when the related fund liability is incurred. Funds where expenditures determine the eligibility for grants recognize revenue at the time of the expenditures. Grant proceeds received prior to meeting the aforementioned revenue recognition policy are recorded as deferred revenues. Principal and interest on general long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

The primary revenue susceptible to accrual are revenues received from the State of Tennessee. Sales tax collected and held by the State at year end on behalf of the County and its component units are also recognized as revenue.

All Proprietary Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when incurred.

For additional information regarding these funds, see Notes to the Comprehensive Annual Financial Report of the County for the Fiscal Year Ended June 30, 2022, in APPENDIX C hereto.

Real Property Assessment, Tax Levy and Collection Procedures

State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the “General Assembly”) exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as defined under the Tennessee Code Annotated.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four subclassifications and assessed at the rates as follows:

(a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;

(b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;

(c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and

(d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and equipment. Tangible Personal Property is required constitutionally to be classified into three subclassifications and assessed at the rates as follows:

(a) Public Utility Property, to be assessed at 55% of its value;

(b) Industrial and Commercial Property, to be assessed at 30% of its value; and

(c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into subclassifications and

to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

County Taxation of Property

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county.

All property is required to be taxed according to its values upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties, which levy and collect taxes to pay off any bonded indebtedness are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

Assessment of Property

The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction.

The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

Valuation for Property Tax Purposes

The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State board of equalization. Such assessment manuals are required to take into

account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment.

Bondholder Risks

The purchase of the Series 2023 Bonds involves various risks and investment considerations. Certain of these risks and investment considerations are set forth in this section for convenience and are not intended to be a comprehensive compilation of all possible risk factors nor a substitute for an independent evaluation of the information presented in this Official Statement, including the appendices attached hereto.

Each potential purchaser of any of the Series 2023 Bonds should read this Official Statement, including the appendices attached hereto, in its entirety and consult such prospective purchaser's own investment, financial and legal advisor for a more complete explanation of the matters that should be evaluated and considered when purchasing the Series 2023 Bonds.

Epidemics, Pandemics and Public Health Emergencies

The outbreak of epidemics, pandemics and other public health emergencies have the potential to materially disrupt the operations and financial condition of the County and the local economy. The spread of Covid-19, a respiratory disease caused by a novel strain of coronavirus, is an example of a recent public health emergency. The Covid-19 outbreak led to quarantines and social-distancing efforts that impacted government agencies, schools, businesses and other entities throughout the County and the State. Multiple vaccines and additional boosters for the virus were approved for distribution in the United States. The vaccines have had varying efficacy rates and studies suggest the efficacy rates may decline over time. While some studies suggest that the existing vaccines are effective against known variants of the virus, there is no assurance that future variants will not be resistant to current vaccines.

Given the evolving nature of the spread of the disease, and future diseases, and the behavior of governments, businesses, and individuals in response thereto, the Issuer is unable to predict the (1) extent or duration of the Covid-19 outbreak or other epidemics, pandemics or public health emergencies, (2) the extent or duration of any existing or future quarantines, business closures, travel restrictions or other measures relating to Covid-19 or other epidemics, pandemics or public health emergencies, and (3) whether and to what extent the Covid-19 outbreak or other epidemics, pandemics or public health emergencies will adversely affect the operations or financial condition of the Issuer.

Climate Change

Numerous scientific studies have suggested that changing global weather patterns and extreme weather events may potentially disrupt government operations and economic conditions in impacted areas. Changing weather patterns can potentially increase the risk of higher temperatures, changes in precipitation, increased flooding, droughts and fires. The County cannot accurately predict the timing, extent or severity of any climate change and its impact on the County's operations and finances.

Cyber-Security

The County utilizes various computer systems and network technology to perform many of its vital operations. Such operations often include the storage and transmission of sensitive information, and as a result, the County may be the target of cyberattacks attempting to gain access to such information. In addition to intentional attacks, information breaches may occur due to unintentional employee error. A successful cyberattack or unintentional breach may require the expenditure of an unknown amount of money or time to resolve, substantially interrupt municipal services and operations and subject the

County to legal action. The County has no knowledge of, nor historical record of any successful cyber-security breach or related attack. Attempted cyber-security attacks, whether anonymous or targeted, occur on a periodic frequency that is not uncommon to organizations or agencies of similar characteristics. To mitigate against such risks, the County has instituted various policies and procedures to protect its network infrastructure, including a cyber-security training requirement for certain departments, as well as general cyber-security training and awareness for all employees. Despite the County's measures to safeguard its network infrastructure, there are no guarantees that such measures will be successful.

Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing, where applicable, the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Independent Auditor's Report

Sullivan County Mayor and
Board of County Commissioners
Sullivan County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Sullivan County, Tennessee, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Sullivan County, Tennessee, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General and Other General Government funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Internal School Fund, a special revenue fund of the discretely presented Sullivan County School Department, which represent 1.15 percent, 1.99 percent, and 2.25 percent, respectively, of the assets, net position, and revenues of the discretely presented Sullivan County School Department. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Internal School Fund of the Sullivan County School Department, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sullivan County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating

to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note V.B., Sullivan County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. GASB 87 establishes a single approach to accounting for and reporting leases by state and local governments. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sullivan County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sullivan County's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sullivan County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis, that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the county's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total other postemployment benefits liability and related ratios, as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sullivan County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Sullivan County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Sullivan County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Requirements by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2023, on our consideration of Sullivan County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Sullivan County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sullivan County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower
Comptroller of the Treasury

Exhibit C-4

Sullivan County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Year Ended June 30, 2022

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$	1,077,699
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: capital assets purchased in the current period	\$	10,753,074	
Less: current-year depreciation expense		(3,994,264)	6,758,810
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.			
Less: net book value of assets disposed			(161,686)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
Less: deferred delinquent property taxes and other deferred June 30, 2021	\$	(3,802,624)	
Add: deferred delinquent property taxes and other deferred June 30, 2022		5,284,362	1,481,738
(4) The issuance of long-term debt (e.g., notes, bonds, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items.			
Less: other loan proceeds	\$	(690,579)	
Less: bond proceeds		(4,000,000)	
Add: change in unamortized premium on debt issuances		1,178,742	
Add: principal payments on bonds		9,165,000	
Add: principal payments on notes		160,056	
Add: principal payments on other loans		2,409,660	
Add: change in nonexchange financial guarantee		90,675	
Less: change in deferred charge on refunding debt		(72,313)	8,241,241
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.			
Change in accrued interest payable	\$	74,868	
Change in compensated absences payable		2,028	
Change in OPEB liability		5,397,858	
Change in net pension asset - agent plan		22,800,187	
Change in deferred outflows related to pensions		5,956,470	
Change in deferred inflows related to pensions		(24,046,138)	
Change in deferred outflows related to OPEB		(1,547,747)	
Change in deferred inflows related to OPEB		(4,640,823)	3,996,703

SULLIVAN COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Sullivan County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Sullivan County:

A. Reporting Entity

Sullivan County is a public municipal corporation governed by an elected 24-member board. As required by GAAP, these financial statements present Sullivan County (the primary government) and its component units. The financial statements of the Sullivan County Emergency Communications District, a component unit requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of its omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Sullivan County School Department operates the public school system in the county, and the voters of Sullivan County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Sullivan County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Sullivan County, and the Sullivan County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Sullivan County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Sullivan County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Sullivan County Emergency Communications District can be obtained from its administrative office at the following address:

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Sullivan County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Sullivan County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Sullivan County issues all debt for the discretely presented Sullivan County School Department. There were no debt issues contributed by the county to the school department during the year ended June 30, 2022. Other significant transactions between the primary government and the school department during the year include: \$611,332 paid from the General Purpose School Fund to the county's General Debt Service Fund as discussed in Note IV.G; \$525,182

paid from the General Purpose School Fund to the county General Fund for School Resource Officers, and \$300,000 billed by the school department to the county's General Fund for non-education use of school facilities.

Separate financial statements are provided for governmental funds, proprietary funds (internal service), and fiduciary funds. Internal service funds are reported with the governmental activities in the government-wide financial statements, and fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Sullivan County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Sullivan County reports two proprietary funds, both internal service funds. It has no enterprise funds to report.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The internal service funds and the fiduciary funds in total are reported in single columns by fund type.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are

available. Sullivan County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt, including lease obligations, are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes custodial funds for the primary government and a private purpose trust fund of the discretely presented school department. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement.

Sullivan County reports the following major governmental funds:

General Fund – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Other General Government Fund – This special revenue fund accounts for and reports financial resources and expenditures relating to the American Rescue Plan Act.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Other Capital Projects Fund – The Other Capital Projects Fund is used to account for financial resources from the issuance of bonds and capital outlay notes to be used for the acquisition or construction/renovation of major capital facilities.

Additionally, Sullivan County reports the following fund types:

Internal Service Funds – The Self-Insurance Fund accounts for the self-insured general liability, property, casualty, and workers' compensation programs managed by the county for the primary government and the discretely presented school department. The Employee Insurance – General Fund accounts for the self-insured retirees' supplemental health and employee dental programs.

Custodial Funds – These funds account for amounts collected in a custodial capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Sullivan County, Bristol, Kingsport, and Johnson City school systems' share of educational revenues, state grants and other restricted revenues held for the benefit of the Judicial District Drug Task Force, and restricted revenues held for the benefit of the Office of District Attorney General.

The discretely presented Sullivan County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

School Federal Projects Fund – This special revenue fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Additionally, the Sullivan County School Department reports the following fund types:

Capital Projects Fund – The Education Capital Projects Fund is used to account for building construction and renovations for the school department.

Private-Purpose Trust Fund – The Endowment Fund is used to account for resources legally held in trust to fund student scholarships at a local high school. Interest earned by the fund for a calendar year or five percent of the value of the fund on December 31, whichever is greater, may be expended for scholarships awarded to students.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. The current year (FY 22) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 21) are presented in this report. We do not believe using the prior year balances will affect the

independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found at <https://www.comptroller.tn.gov/office-functions/la/reports/find-other-audits.html>

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The county has two proprietary funds. Operating revenues and expenses generally result from providing services in connection with the funds' principal ongoing operations. The principal operating revenues of the county's internal service funds are self-insurance premiums. Operating expenses for the internal service funds include various self-insured insurance program expenses and fiscal agent charges.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

For purposes of the Statement of Cash Flows of the internal service funds, cash includes cash on hand, demand deposits, cash with paying agent, cash equivalents, and cash on deposit with the county trustee. Cash equivalents are short-term, highly liquid investments with original maturities of three months or less.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Sullivan County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Fund. Sullivan County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or

less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Sullivan County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value. Other than investments in the pension stabilization trust discussed in Note IV.A, no investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

All property taxes receivable are shown with an allowance for uncollectibles. The allowance for uncollectible property taxes is equal to 1.32 percent of total taxes levied. Ambulance receivables are shown as gross of an allowance for uncollectibles for amounts exceeding 150 days.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Lease receivables are recognized in the governmental funds and government-wide financial statements. At the commencement of a lease, a lease receivable is initially measured at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. Interest received from the lessee is recognized as revenue when received. Any accumulated interest on June 30 will result in accrued interest receivable in the governmental funds and government-wide financial statements.

Most payables are disaggregated on the face of the financial statements. The balance in the Due to Other Governments account on the Statement of Net Position for the primary government totaling \$29,288,185 represents American Rescue Plan Act funds received in advance. The balance in the Other Current Liabilities account totaling \$499,743 on the Statement of Net Position for the primary government consists of a liability of \$12,519 for amounts held in escrow for the Tri-

Cities Regional Airport, a joint venture discussed in Note V.D., and a liability of \$487,224 for undrafted deposits for health insurance premiums. The balance in the Other Current Liabilities account totaling \$51,328 on the Statement of Net Position for the discretely presented Sullivan County School Department consists of liability amounts held for student meal deposits. Claims and judgments payable are discussed in Note V.A. Risk Management.

Retainage payable in the primary government's Other Capital Projects Fund and the discretely presented school department's General Purpose School and School Federal Projects funds represents amounts withheld from payments made on construction contracts pending completion of the projects. These amounts are held by the county trustee as Equity in Pooled Cash and Investments in the applicable funds.

3. Inventories and Prepaid Items

Inventories of Sullivan County and the discretely presented Sullivan County School Department are recorded at cost or estimated cost, determined on the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Inventories are offset in the nonspendable fund balance account in governmental funds.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as an expenditure when consumed rather than when purchased. Prepaids are offset in the nonspendable fund balance account in governmental funds.

4. Restricted Assets

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Sullivan County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Sullivan County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Sullivan County School Department has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

5. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), and intangible right-to-use assets (e.g. lease assets) are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the primary government as assets with an initial, individual cost of \$5,000 or more and an estimated useful life of more than two years. Capital assets are defined by the discretely presented school department as assets with an initial, individual cost of \$15,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives. Right-to-use assets are amortized over the shorter of the lease term or useful life.

<u>Assets</u>	<u>Years</u>
Building and Improvements	50
Other Capital Assets	5 - 20
Infrastructure	40
Right-to-Use Assets	16

6. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for pension changes in experience, assumptions, and proportion; pension and OPEB contributions after the measurement

date; OPEB changes in experience, assumptions, and proportion; and the deferred charge on refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds balance sheet. These items are from the following sources: current and delinquent property taxes; deferred lease receivable from component unit; pension changes in experience, investment earnings, and proportion; OPEB changes in experience, assumptions, and proportion; and various receivables for revenues, which do not meet the availability criteria for governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

7. Compensated Absences

It is the county's and the school department's policy to permit employees to accumulate earned but unused vacation benefits, which will be paid to employees upon separation from service. All vacation pay is accrued when incurred in the government-wide financial statements for the county and the school department. A liability for vacation pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements. The granting of sick leave for the primary government has no guaranteed payment attached and therefore is not required to be accrued or recorded.

The school department allows employees to accumulate earned but unused sick leave, which will be paid to employees upon separation from service at the rate of \$28 per day for one to 100 unused sick days; \$30 per day for 101 to 200 unused sick days; \$32 per day for 201 to 300 unused sick days; and \$34 per day for 301 and above unused sick days. This practice was negotiated by the Board of Education and the local education association. All sick leave is accrued when incurred in the government-wide statements for the school department.

8. Long-term Debt, Lease Obligations and Long-term Obligations

In the government-wide financial statements, long-term debt, lease obligations, and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Lease obligations are recognized in the government-wide financial statements. At the commencement of a lease, a lease liability is initially measured at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable and lease obligations, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

9. Net Position and Fund Balance

In the government-wide financial statements and the proprietary funds in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

The government-wide Statement of Net Position reports \$40,653,906 of restricted net position for the primary government, of which \$2,682,892 is restricted by enabling legislation.

As of June 30, 2022, Sullivan County had \$137,362,177 in outstanding debt for capital purposes of the discretely presented Sullivan County School Department. In accordance with state statutes, certain county school debt proceeds must be shared with other public school systems in the county (City of Bristol School System, City of Kingsport School System, and City of Johnson City School System) based on average daily attendance prorations. This debt is a liability of Sullivan County, but the capital assets acquired are reported in the financial statements of the school department, the City of Bristol School System, the City of Kingsport School System, and Johnson City School System. In addition, Sullivan County had outstanding debt totaling \$7,355,000 on June 30, 2022, for capital purposes of a joint venture, the Sullivan County Economic Development Partnership (NETWORKS). This debt is also a liability of Sullivan County, but the capital assets acquired are reported by the Sullivan County Economic Development Partnership. Sullivan County had a nonexchange financial guarantee liability totaling \$1,981,629 on June 30, 2022, for capital purposes of a joint venture, the Tri-Cities Regional Airport. This nonexchange financial guarantee is also reported as a liability of Sullivan County, but the capital assets acquired are reported by the Tri-Cities Regional Airport. Therefore, Sullivan County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission makes assignments for the general government and the Board of Education makes assignments for the school department. Assigned fund balance in the General Fund consists primarily of amounts assigned for encumbrances of \$1,172,449 and fund balance appropriated for use in the 2022-23 year budget totaling \$8,608,356. Assigned fund balance in the school department's General Purpose School Fund consists of amounts assigned for encumbrances of \$822,675 and fund balance appropriated for use in the 2022-23 year budget totaling \$6,143,150.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned, are reported as negative unassigned fund balance.

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Sullivan County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Sullivan County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

Discretely Presented Sullivan County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

F. Other Postemployment Benefit (OPEB) Plans

Primary Government

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by Sullivan County. For this purpose, Sullivan County recognizes benefit payments when due and payable in accordance with benefit terms. Sullivan County's OPEB plans are not administered through a trust.

Discretely Presented Sullivan County School Department

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented Sullivan County School Department. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school department's OPEB plans are not administered through a trust.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund and the school department's Internal School Fund (special revenue funds), which are not budgeted, and certain capital projects funds which adopt project length budgets. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, County Mayor/Executive, County Attorney, Election Commission, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

At June 30, 2022, Sullivan County and the discretely presented Sullivan County School Department reported the following significant encumbrances:

<u>Funds</u>	<u>Amount</u>
Primary Government:	
Major Funds:	
General	\$ 1,905,460
Other General Government	2,866,228
Nonmajor Governmental Funds	1,273,361
School Department:	
Major Funds:	
General Purpose School	822,675
School Federal Projects	2,269,239
Nonmajor Governmental Funds	53,346

Due to the recognition of encumbrances as budgetary basis expenditures, the Other General Government Fund of the primary government, and the School Federal Projects fund of the school department reported budgetary basis fund deficits of \$2,866,228 and \$1,188,238, respectively. Those deficits are expected to be liquidated as GAAP basis expenditures are incurred and federal grant revenues are recognized.

B. Expenditures Exceeded Appropriations

Expenditures exceeded appropriations approved by the county commission at the major category level (the legal level of control) in the following funds:

<u>Fund/Major Appropriation Category</u>	<u>Amount Overspent</u>
Primary Government:	
General:	
Career and Technical Education Program	\$ 10,339
Highway/Public Works:	
Asphalt Plant Operations	19,291
Discretely Presented School Department:	
General Purpose School:	
Regular Capital Outlay	259,940

Expenditures that exceed appropriations are a violation of state statutes. These expenditures in excess of appropriations were funded by available fund balance in the General, Highway/Public Works and General Purpose School Fund.

C. Pending Monitoring Report on Use of Federal Grant Funds

In December 2022, the State of Tennessee Department of Education presented the results of on-site fiscal monitoring of various federal education grants, including the Title I Grants to Local Educational Agencies, Special Educations Cluster, COVID 19- Education Stabilization Fund, Career and Technical Education - Basic Grants to States, and Improving Teacher Quality State Grants. The final report has not been released and the school department is in the process of providing the State Department of Education with management responses and corrective action plans.

When finalized, these monitoring reports may be obtained from the state Department of Education, 710 James Robertson Parkway, Nashville, TN 37243. Any findings resulting from these final reports will be reported in a future annual financial report.

D. Observation Knob Park is Currently being Investigated

Investigations are ongoing of Observation Knob Park by the Comptroller's Division of Investigations. Findings, if any, resulting from this investigation will be included in a subsequent report.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Sullivan County and the Sullivan County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number

(FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

Investment Balances. As of June 30, 2022, Sullivan County had the following investments carried at amortized cost using a Stable Net Asset Value. Separate disclosures concerning pooled investments cannot be made for Sullivan County and the discretely presented Sullivan County School Department since both pool their deposits and investments through the county trustee.

<u>Investment</u>	<u>Weighted Average Maturity (days)</u>	<u>Amortized Cost</u>
State Treasurer's Investment Pool	1 to 44	\$ 83,116,685

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments as previously disclosed. Sullivan County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. Sullivan County has no investment policy that would further limit its investment choices. As of June 30, 2022, Sullivan County's investment in the State Treasurer's Investment Pool was unrated.

Further information concerning the legal provisions, investment policies, investment types, and credit risks for the State Treasurer's Investment Pool can be obtained by reviewing the State of Tennessee Annual Comprehensive Financial Report at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>.

TCRS Stabilization Trust

Legal Provisions. The Sullivan County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Sullivan County School Department may not impose any

restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2022, the Sullivan County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

<u>Investment</u>	<u>Weighted Average Maturity (days)</u>	<u>Maturities</u>	<u>Fair Value</u>
Investments at Fair Value:			
U.S. Equity	N/A	N/A	\$ 202,872
Developed Market International Equity	N/A	N/A	91,620

For further information concerning the legal provisions, investment policies, investment types, and credit risks of the school department's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at <https://comptroller.tn.gov/content/dam/cot/sa/advanced-search/disclaimer/2022/ag21066.pdf>.

B. Lease Receivable

On December 3, 1996, Sullivan County entered into a lease agreement with the Sullivan County School Department for the use of a county owned building. As of July 1, 2021, the remaining term was 16 years, and the county will receive annual payments of \$25,000. An initial lease receivable was recorded in the amount of \$339,175 during the current fiscal year. Sullivan County recognized \$25,000 in lease revenue during the current fiscal year related to this lease. The lease receivable was discounted using an annual interest rate of 2.2984 percent. As of June 30, 2022, the lease receivable balance was \$314,175.

The future receipts of the lease receivable include:

Year Ending June 30	Lease Receivable from Component Unit		
	Principal	Interest	Total
2023	\$ 17,779	\$ 7,221	\$ 25,000

D. Construction Commitments**Primary Government**

At June 30, 2022, the General Fund had uncompleted construction contracts of approximately \$34,349 for architectural services related to EMS facility construction and renovation, new Archives facility, and county building renovations. Funding has been provided for these future expenditures.

The Other Capital Projects Fund had uncompleted contracts of approximately \$87,737,698 for jail and EMS facility construction and renovation. Funding for these future expenditures is primarily being provided from bond proceeds and federal grants.

Discretely Presented Sullivan County School Department

At June 30, 2022, the General Purpose School Fund had uncompleted construction contracts of \$752,217 for various projects. The School Federal Projects Fund had uncompleted construction contracts of \$272,554 for HVAC at one school, roof replacement at one school, classroom addition at one school, and various renovation projects. The School Improvement Fund had uncompleted contracts of approximately \$38,803 for school repairs and renovations. The Education Capital Projects Fund had uncompleted construction contracts of approximately \$370,775 for construction and architectural services related to the new middle school and new high school. Funding for the future expenditures in the School Federal Projects Fund is expected to be received from federal grants. Funding for the other future expenditures is being provided from available fund balances.

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2022, was as follows:

Due to/from Other Funds:

Receivable Fund	Payable Fund	Amount
Primary Government:		
General	Nonmajor governmental	\$ 464,722
"	Other General Government	14,200
Internal Service	General	500,000

Nonmajor governmental funds	36,022	0
Total	<u>\$ 97,994</u>	<u>\$ 1,743,497</u>

These transfers included \$61,972 for indirect costs, \$36,022 contributed toward debt retirement, \$1,087,000 for revenue loss for the school nutrition program and \$656,497 for capital expenditures.

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

F. Lease Obligations

In FY 2022, the county implemented GASB Statement 87, *Leases*, which changed the accounting and reporting for items which were previously reported as capital leases and operating leases. See footnote V.B. – Accounting Changes for details of GASB Statement 87, *Leases*.

Discretely Presented Sullivan County School Department

On December 3, 1996, the school department entered into a lease agreement with Sullivan County for the use of a county owned building for office space. As of July 1, 2021, the remaining term was 16 years, and the school department will make annual payments of \$25,000. An initial lease liability was recorded in the amount of \$339,175 during the current fiscal year. The school department recognized \$25,000 in lease principal expenditures during the current fiscal year related to this lease. The present value of the lease was determined using a discount rate of 2.2984 percent, the same as the county's incremental borrowing rate. As of June 30, 2022, the lease liability balance was \$314,175. This lease asset and accumulated amortization of the right -to-use asset is outlined in Note IV.C.

The future lease payments on this asset lease include:

G. Long-term Debt**Primary Government**

In FY 2022, the county implemented GASB Statement 87, *Leases*, which changed the accounting and reporting for items which were previously reported as capital leases. See footnote V.B. – Accounting Changes for details of GASB Statement 87, *Leases*.

Sullivan County had entered into multiple financed-purchase agreements for computers and servers for the various court offices, and vehicles for the sheriff's department, with the General Fund making the principal and interest payments. Sullivan County had also entered into a financed purchase agreement for dump trucks for the highway department, with the Highway/Public Works Fund making the principal and interest payments. These agreements have been reclassified from capital leases to Other Loans for reporting purposes and are included in the long-term debt disclosures below.

General Obligation Bonds, Notes, Other Loans, and Nonexchange Financial Guarantee

General Obligation Bonds - Sullivan County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented school department. In

addition, general obligation bonds have been issued to refund other general obligation bonds. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds outstanding were issued for original terms of up to 30 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2022, will be retired from the General Debt Service Fund.

Direct Borrowing and Direct Placements - Sullivan County issues other loans and capital outlay notes to provide funds for the acquisition and construction of major capital facilities and other capital outlay purchases, such as equipment, for the primary government and the discretely presented school department. Capital outlay notes, and other loans are direct obligations and pledge the full faith, credit, and taxing authority of the government. Capital outlay notes, and other loans outstanding were issued for original terms of up to eight years for notes and up to 17 years for other loans. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All notes, and other loans included in long-term debt as of June 30, 2022, will be retired from the General Fund, Highway/Public Works Fund, and General Debt Service Fund.

Nonexchange Financial Guarantee – Sullivan County has recorded a liability for a proportionate share of outstanding Aerospace Park Bonds issued by the Tri-Cities Airport Authority. The authority is a joint venture discussed in Note V.D. It is considered more likely than not that net revenues will not be generated by the aerospace park project in the foreseeable future. Consequently, it is expected that members of the joint venture will be required to pay this debt of the airport authority based on guaranty agreements entered into by the members. The total amount of bonds issued was \$8,500,000 and Sullivan County's proportionate share of the guarantee is 26.95 percent, or \$2,290,750 of the original principal, plus interest. The bonds mature serially each May 1, ending in 2038. Interest rates vary from 3 percent to 4.5 percent with payments due semi-annually.

General obligation bonds, capital outlay notes, other loans, and nonexchange financial guarantee outstanding as of June 30, 2022, for governmental activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-22
General Obligation Bonds	1.85 to 5 %	5-1-47	\$ 219,675,000	\$ 206,080,000
General Obligation Bonds - Refunding	2 to 5	4-1-28	31,135,000	12,650,000
Direct Borrowing and Direct Placement:				
Capital Outlay Note	2.65	10-16-23	1,500,000	321,007
Other Loans	0 to 6.5 (1)	8-1-27	27,047,289	7,940,529
Nonexchange Financial Guarantee	3 to 4.5	5-1-38	2,290,750	1,981,629

(1) The effective interest rate for the Qualified School Construction Bonds Other Loan is zero after rebate.

In 2009-10, Sullivan County entered into a loan agreement totaling \$15,480,000 with the Tennessee State School Bond Authority. Qualified School Construction Bonds were issued through the authority, and the proceeds were loaned to Sullivan County and other local governments across Tennessee. The county pays interest of 1.515 percent on its share of the bonds and also pays a monthly administrative fee of \$1,290 to the authority. The county and the other borrowers of the bond proceeds are required to comply with federal regulations established for the Qualified School Construction Bond program. Failure to comply with those requirements may result in the loss of the tax credit status on the bonds. This would result in further charges to the borrowers including the requirement to pay the tax-credit rate (5.86 percent) in addition to the 1.515 percent for a total rate of 7.375 percent.

During 2010-11, Sullivan County entered into a loan agreement with the Tennessee State School Bond Authority. Under this loan agreement, the authority loaned Sullivan County \$5,073,000 for Emmett Elementary and Holston Complex renovations. This loan is interest free after a rebate. The county pays an annual administrative fee of \$4,058.

In previous years, the county issued refunding bonds totaling \$6,265,000 for the benefit of the Sullivan County Economic Development Partnership (NETWORKS), a joint venture. During the current year, the county issued general obligation Public Improvement bonds totaling \$4,000,000 for the further development and improvement of Partnership Park II. The bonds are general obligation debt of the county. The interlocal agreement, which established the partnership, requires NETWORKS to pay the county an amount equal to the annual principal and interest requirements on the debt issues. In the event revenues of NETWORKS are not sufficient to meet those requirements, the other participating governments in NETWORKS have agreed to pay 49 percent of any such deficiency. During the year, the county paid \$781,284 in principal and interest on this debt. The other participating

government reimbursed the county \$382,829. The county absorbed the remaining \$398,455 of the debt payments. The amount of the refunding and general obligation bonds outstanding at June 30, 2022, was \$3,455,000 and \$3,900,000, respectively.

The annual requirements to amortize all general obligation bonds, notes, and other loans outstanding as of June 30, 2022, including interest payments and other loan fees, are presented in the following tables:

The nonexchange financial guarantee will be retired from the General Debt Service Fund. The amount of the liability reported at June 30, 2022 is management's best estimate of the discounted present value of the future outflows expected to be incurred as a result of the guarantee. The following tables reflect the annual requirements on the outstanding bonds and reconciles those amounts with the liability reflected for nonexchange financial guarantees.

Principal and Interest Requirements on Outstanding Aerospace Park Bonds:

Year Ending June 30	Principal	Interest	Total

I. On-Behalf Payments – Discretely Presented Sullivan County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Sullivan County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both plans are administered by the State of Tennessee and are reported in the state's Annual Comprehensive Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2022, were \$547,699 and \$104,868, respectively. The school department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

J. Donor-Restricted Endowments – Discretely Presented Sullivan County School Department

The Sullivan County School Department accounts for an endowment in a private purpose trust fund. Interest earned by the fund for a calendar year or five percent of the value of the fund on December 31, whichever is greater, may be expended for scholarships awarded to students of the former Sullivan North High School zone. During the year ended June 30, 2022, expenditures totaled \$5,300. At June 30, 2022, net position of the endowment fund was \$99,695.

V. OTHER INFORMATION

A. Risk Management

Sullivan County participates in the Local Government Group Insurance Fund (LGGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local governments and quasi-governmental entities that was established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, *Tennessee Code Annotated (TCA)*, all local governments and quasi-governmental entities described above are eligible to participate. The LGGIF is included in the Annual Comprehensive Financial Report for the State of Tennessee, but the state does not retain any risk for losses by this fund. The state statute provides for the LGGIF to be self-sustaining through member premiums.

The discretely presented Sullivan County School Department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, *TCA*, all local education agencies are eligible to participate. The LEGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, *TCA*, provides for the LEGIF to be self-sustaining through member premiums.

Sullivan County established a self-insurance fund for risks associated with general liability, property, casualty losses, and workers' compensation. Both the primary government and the discretely presented Sullivan County School Department participate in this self-insurance fund for the risks listed above. The Self-Insurance Fund is accounted for as an internal service fund in which assets are set aside for claim settlements. Insurance claims are reimbursed from the Highway/Public Works and General Purpose School funds for claims associated with those departments. The county's General Fund absorbs the costs of claims associated with other departments. The county retains the risk of loss to limits of \$50,000 to \$100,000 per individual claim for general liability, property, and casualty losses. The county is self-insured to a limit of \$400,000 for a single accident for workers' compensation. Amounts exceeding these limits are covered by excess loss policies, subject to various policy limits. A fee is paid from this fund to a third-party agent who investigates claims and determines recommended action to be taken.

Sullivan County maintains the Employee Insurance – General Fund (an internal service fund) for self-insured risks associated with the employee dental plan for employees of the primary government.

Liabilities of the self-insurance funds are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. These funds establish claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been

incurred but not reported. Claims liabilities include specific, incremental claim adjustment expenditures/expenses, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability of unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years are as follows:

Self-Insurance Fund

	Beginning of Fiscal Year Liability	Current-year Claims and Estimates	Payments	Balance at Fiscal Year-end
2020-2021	\$ 255,015	\$ 1,248,313	\$ (1,312,656)	\$ 190,672
2021-2022	190,672	1,076,226	(778,635)	488,263

Current year claims and estimates are presented net of excess risk insurance recovery of \$226,545.

The discretely presented Sullivan County School Department settled a lawsuit between the school department and the parent of a student attending Sullivan County Schools on September 21, 2020. Under the settlement order, the school department is required to pay monetary relief totaling \$113,750 in three installments, attorneys' fees and expenses of \$61,250, and compensatory educational relief beginning with the 2020-2021 fiscal year until the 2022-2023 fiscal year totaling up to \$50,000. During the 2021-22 fiscal year, the school department paid the second installment for monetary relief (\$67,917) in accordance with settlement order. Claims and judgements payable totaling \$57,917 have been recognized in the General Purpose School Fund for the school department's remaining liability potential under this settlement order.

B. Accounting Changes

GASB Statement No. 87, *Leases*, became effective for fiscal year ending June 30, 2022. Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation. GASB Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. Under this statement, a

government entity that is a lessee must recognize (1) a lease liability, (2) an intangible asset representing the lessee's right to use the leased asset, (3) report the amortization expense for using the lease asset over the shorter of the term of the lease or the useful life of the underlying asset, (4) interest expense on the lease liability and (5) note disclosures about the lease. A lessor must recognize (1) a lease receivable (measured at the present value of lease payments expected to be received during the lease term), (2) deferred inflow of resources, (3) interest revenue on the lease receivable and (4) note disclosures of leasing arrangements and the total inflows of resources recognized from leases. This statement provides exceptions for leases of assets held as investments, certain regulated leases, short-term leases and leases that transfer ownership of the underlying asset. A lessor should not derecognize the asset underlying the lease. This statement also addresses accounting for lease terminations and modifications, sale-leaseback transactions, non-lease components embedded in lease contracts (such as service agreements) and leases with related parties.

GASB Statement No. 92, *Omnibus 2020*, became effective during the fiscal year. This statement enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics and includes specific provision about the following:

- The effective date of GASB Statement No. 87, *Leases*, and Implementation Guide No. 2019-3, *Leases*, for interim financial reports
- Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit (OPEB) plan
- The applicability of GASB Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and *Amendments to Certain Provisions of GASB Statements 67 and 68*, as amended, and GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, to reporting assets accumulated for postemployment benefits
- The applicability of certain requirements of GASB Statement No. 84 to postemployment benefit arrangements
- Measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition
- Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature
- Terminology used to refer to derivative instruments

GASB Statement 93, *Replacement of Interbank Offered Rates*, became effective during the year. This statement was necessary due to the eventual ceasing of the London Interbank Offered Rate (LIBOR) and the replacement with another interbank offered rate (IBOR). The objective of this Statement is to address the

accounting and financial reporting effects that result from the replacement of IBORs with other reference rates in order to preserve the reliability, relevance, consistency, and comparability of reported information.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans* (except for paragraphs 4 and 5 which became effective in the prior fiscal year) became effective during the year. This Statement (a) clarifies how the absence of a governing board should be considered in determining whether a primary government is financially accountable for purposes of evaluating potential component units and (b) modifies the applicability of certain component unit criteria as they relate to defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans (for example, certain Section 457 plans). This statement also establishes accounting and financial reporting requirements for Section 457 plans that meet the definition of a pension plan and for benefits provided through those plans and modifies the investment valuation requirements for all Section 457 plans.

GASB Statement No 98, *The Comprehensive Annual Financial Report*, became effective during the year. This statement replaces the terms comprehensive annual financial report and comprehensive annual financial reports in NCGA and GASB pronouncements with annual comprehensive financial report and annual comprehensive financial reports, respectively. The associated acronyms in NCGA and GASB pronouncements are replaced with ACFR and ACFRs.

C. Contingent Liabilities

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. As discussed in Note III.C., the state department of education has conducted monitoring reviews of certain school department grants and the results of that monitoring disclosed instances of noncompliance with policies and procedures applicable to those federal programs. The report has not been released and the school department has until March 2023 to provide management responses and corrective action plans related to the review.

On February 20, 2014, Sullivan County issued \$2,975,000 of Airport Revenue and Tax Refunding Bonds for the Tri-Cities Airport (a joint venture described in Note V.D.). Sullivan County was contingently liable for 20 percent of the principal and interest on these bonds in the event revenues of the Airport Commission were not sufficient to cover the payments. The other governments participating in the joint venture were contingently liable for the remaining 80 percent of the principal and interest requirements. Final maturity for the bonds was scheduled for May 1, 2023. However, Sullivan County retired the remaining outstanding bonds on May 27, 2022, with funds the county held in escrow for the

Tri-Cities Airport in the General Debt Service Fund (\$383,010). After payment of the final bond principal and interest requirements minus fees (\$370,491), a balance of \$12,519 remains in the Other Current Liabilities (escrow) account of the General Debt Service Fund.

On March 29, 2018, Tri-Cities Regional Airport issued bonds in the amount of \$8,500,000. Sullivan County is contingently liable for 26.95 percent of the principal and interest on these bonds in the event pledged revenues of the Airport Authority are not sufficient to cover the payments. Sullivan County has recorded a liability for its share of these Aerospace Park bonds as discussed in Note IV.G.

There are several pending lawsuits in which the county is involved. Management has provided for potential claims and judgments in the financial statements of the self-insurance funds in this report. Based on letters from attorneys, management believes that potential claims not already recorded in the self-insurance funds would not materially affect the financial statements of the county.

D. Joint Ventures

Primary Government

The Tri-Cities Regional Airport is a joint venture in which Sullivan County participates, along with Washington County and the cities of Kingsport; Johnson City; Bristol, Tennessee; and Bristol, Virginia. The airport is governed by a 12-member board (the Tri-Cities Regional Airport Authority) comprising two members appointed by Sullivan County and ten members appointed by the other participating governments. Funding for the airport authority is provided primarily by revenues generated from airport services and by capital grants from the federal and state governments. Complete financial statements for the Tri-Cities Regional Airport can be requested at the following address:

Tri-Cities Regional Airport
2525 Highway 75, Suite 301
Blountville, TN 37617

The Sullivan County Economic Development Partnership (NETWORKS) is a joint venture in which Sullivan County participates, along with the cities of Kingsport, Bristol, and Bluff City. The partnership is governed by a 13-member voting board of directors comprising the four mayors, four members appointed by the Sullivan County mayor, three members appointed by the Kingsport mayor, and two members appointed by the Bristol mayor. Eleven other non-voting ex-officio members also serve on the board. Funding for the NETWORKS is provided primarily by contributions from Sullivan County and the member cities, revenues generated from capital projects and other business activities of the partnership. Complete financial statements for the NETWORKS can be requested at the following address:

Blountville, TN 37617

The Second Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Second Judicial District, Sullivan County, and various cities within Sullivan County. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriff, and police chiefs of participating law enforcement agencies within each judicial district. Sullivan County made no contributions to the DTF for the year ended June 30, 2022, and does not have any equity interest in this joint venture. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

District Attorney General

The Upper East Tennessee Juvenile Detention Center was formed through a cooperative agreement between Sullivan County and the counties of Carter, Greene, Hawkins, Johnson, Unicoi, and Washington for the operation of a program to divert youth from commitment to the Department of Correction facilities. This program is governed by a board of directors designated by the counties. The board of directors has contracted with ElyJenn Health Services, LLC, to undertake the management of this program. Operation costs to the counties are allocated according to percentages based on population. Sullivan County's participation cost percentage is 31.0 percent. The counties also pay a daily fee for individuals from their counties using the facility. Complete financial statements for the Juvenile Detention Center can be obtained from its administrative office at the following address:

Johnson City, TN 37601

Discretely Presented School Department

The discretely presented school department participates in the Northeast Tennessee Cooperative (NETCO). The cooperative was established through a contractual agreement between the Boards of Education of Sullivan County and various other counties and cities in the upper East Tennessee area. The cooperative was authorized through Chapter 49 of *Tennessee Code Annotated*,

and was established to obtain lower prices for food supplies, materials, equipment, and services by combining the purchasing requirements of each member's school food service systems. The cooperative has contracted with a coordinating district (Johnson City School System) and a service provider to provide this service. NETCO is governed by a representative committee, including one representative from each of the member districts and an executive council, consisting of the chair, vice chair, secretary, treasurer, and a member-at-large from the representative committee. Complete financial statements for NETCO can be obtained from its administrative office at the following address:

E. Jointly Governed Organizations

Primary Government

The East Tennessee Regional Agribusiness Marketing Authority was established through Title 64 of *Tennessee Code Annotated, (TCA)*, and includes the counties of Claiborne, Cocke, Grainger, Greene, Hamblen, Hancock, Hawkins, Jefferson, Johnson, Sullivan, Unicoi, and Washington. The purpose of the authority is to establish and operate a market for agricultural products of the region through a food distribution center, and to further the economy and growth of the region served by the authority by developing, marketing, and promoting facilities for warehousing, distribution, light manufacturing, and agribusiness purposes. The authority is governed by a Board of Directors consisting of the county mayors of each county or the county mayor's designee and one nonvoting member representing the Tennessee Department of Agriculture and the University of Tennessee's Agriculture Extension Service. An executive committee, consisting of the chairman, vice-chairman, secretary, and treasurer of the Board of Directors, along with the center manager as an ex-officio member, is in charge of the daily operation of the center.

Sullivan County is a participant in the joint governance of the Northeast Tennessee/Virginia Home Consortium, which administers funds received under the HOME Investment Partnership Act. An interlocal agreement established the consortium between the cities of Bluff City, Bristol, Johnson City and Kingsport, Tennessee; Bristol, Virginia; as well as the counties of Sullivan and Washington, Tennessee. The mayors all represent their respective district. The Bristol, Tennessee mayor serves as Chair of the Governing Board.

Sullivan County is a participant in the joint governance of the Alliance for Business and Training (AB&T) which administers funds received under the Workforce Innovation and Opportunity Act for the Northeast Tennessee Local Workforce Development Area. An interlocal consortium agreement between

Carter, Greene, Hancock, Hawkins, Johnson, Sullivan, Unicoi, and Washington counties established the Northeast Tennessee Workforce Development Board and the governing structure of AB&T. The county mayors represent each county in the consortium. The Sullivan County Mayor serves as the chief local elected county official of the consortium by the majority approval of the local elected county officials in the consortium agreement and approves appointments of board members of the workforce development board following a nomination process specified in the agreement. The board has no financial activity but provides oversight for workforce development programs of the Development Area. Those programs are funded by grants passed through the state Department of Labor to AB&T.

Mayors of the participating counties, along with four members jointly appointed by the mayors serve as the governing board of AB&T. The consortium agreement calls for any liability for disallowed costs of the grant programs to be shared by member counties of the consortium based on each county's percent of the population of the local workforce development area. However, that contingent liability is to be mitigated by \$3 million of insurance coverage provided by AB&T to indemnify the counties pursuant to the consortium agreement.

F. Retirement Commitments

1. Tennessee Consolidated Retirement System (TCRS)

Primary Government

General Information About the Pension Plan

Plan Description. Employees of Sullivan County and non-certified employees of the discretely presented Sullivan County School Department are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 79.95 percent, the non-certified employees of the discretely presented school department comprise 20.05 percent of the plan based on contribution data. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the

plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service-related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently	
Receiving Benefits	1,212
Inactive Employees Entitled to But Not Yet Receiving	
Benefits	1,155
Active Employees	1,073
Total	<u><u>3,440</u></u>

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary. Sullivan County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For

the year ended June 30, 2022, the employer contribution for Sullivan County was \$2,715,052 based on a rate of 6.07 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Sullivan County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Sullivan County's net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

Changes of Assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market

projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity Developed Market	4.88	31
International Equity Emerging Market	5.37	14
International Equity Private Equity and Strategic Lending	6.09	4
U.S. Fixed Income	6.57	20
Real Estate	1.20	20
Short-term Securities	4.38	10
	0.00	1
Total		100

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Sullivan County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the Sullivan County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service-related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three

percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2022, to the Teacher Retirement Plan were \$205,724, which is 2.01 percent of covered payroll. In addition, employer contributions of \$193,389 were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions and the stabilization reserve trust funds, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). At June 30, 2022, the school department reported a liability (asset) of (\$637,191) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, the school department's proportion was .588242 percent. The proportion as of June 30, 2020, was .520129 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2022, the school department recognized pension expense (negative pension expense) of \$78,152.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2022, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 11,085	\$ 116,593
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	0	366,784
Changes in Assumptions	229,829	0
Changes in Proportion of Net Pension Liability (Asset)	37,609	39,637
LEA's Contributions Subsequent to the Measurement Date of June 30, 2021	205,724	N/A
Total	\$ 484,247	\$ 523,014

The school department's employer contributions of \$205,724, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) of net pension liability (asset) in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2023	\$ (79,791)
2024	(77,784)
2025	(77,212)
2026	(86,441)
2027	11,389
Thereafter	65,347

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return		Percentage Target Allocations	
U.S. Equity Developed Market	4.88	%	31	%
International Equity Emerging Market	5.37		14	
International Equity Private Equity and Strategic Lending	6.09		4	
U.S. Fixed Income	6.57		20	
Real Estate	1.20		20	
Short-term Securities	4.38		10	
	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%

Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the Sullivan County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service-related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of

death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Sullivan County School Department for the year ended June 30, 2022, to the Teacher Legacy Pension Plan were \$3,232,994, which is 10.3 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). At June 30, 2022, the school department reported a liability (asset) of (\$41,880,388) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, the school department's proportion was .970973 percent. The proportion measured at June 30, 2020, was .955552 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2022, the school department recognized pension expense (negative pension expense) of (\$6,578,316).

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2022, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 140,741	\$ 3,492,960
Changes in Assumptions	11,189,740	0

Changes in Proportion of Net Pension Liability (Asset)	26,669	92,287
LEA's Contributions Subsequent to the Measurement Date of June 30, 2021	3,232,994	N/A
Total	\$ 14,590,144	\$ 36,983,921

The school department's employer contributions of \$3,232,994 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) in net pension liability (asset) in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2023	\$ (6,099,956)
2024	(5,768,641)
2025	(4,744,834)
2026	(9,013,340)
2027	0
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation

Mortality rates are based actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

2. Deferred Compensation

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute a minimum of two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$440,068 and teachers contributed \$550,189 to this deferred compensation pension plan.

G. Other Postemployment Benefits (OPEB)

Sullivan County and the discretely presented Sullivan County School Department provide OPEB benefits to their retirees under various plans. These include OPEB provided through a Medicare supplement plan administered by Blue Cross Blue Shield for the primary government and through state administered public entity risk pools for both the primary government and the discretely presented school department. For reporting purposes the plans are all considered single employer defined benefit OPEB plans based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). All of the plans are funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

OPEB Provided through Medicare Supplement Plan (Primary Government)

Plan Description. Sullivan County participates in a postemployment benefits plan administered by Blue Cross Blue Shield for its post-65 retirees. The plan provides Medicare supplemental insurance coverage.

Benefits Provided. For Medicare eligible retirees, the individual monthly premium was \$89. The county contributes all or a percentage of the monthly premium based on the retiree's date of retirement and years of service at retirement. For post-65 retirees who retired on or before January 1, 2013, the county pays 100% of the premium for retirees with 10 or more years of service. For post-65 retirees who retired after January 1, 2013, the county pays 25% to 100% of the premium based on years of service.

Employees Covered by Benefit Terms

At the measurement date of June 30, 2022, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently	
Receiving Benefits	217
Inactive Employees Entitled to But Not Yet Receiving	
Benefits	0
Active Employees Eligible for Benefits	764
Total	<u><u>981</u></u>

Total OPEB Liability

The plan's total OPEB liability of \$10,235,726 was measured as of June 30, 2022, and was determined by an actuarial valuation as of July 1, 2021.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age Normal
Inflation	2.5%
Salary Increases	3%
Discount Rate	4.09%
Healthcare Cost Trend Rates	4.50%
Retirees share of	Discussed under Benefits Provided
Benefit-related Cost	

The discount rate of 4.09 percent is based on the S&P Municipal Bond 20-year High Grade Index – SAPIHG.

Mortality rates were based on RP-2014 Blue Collar Mortality with Scale MP-2016 projected using generational techniques.

The actuarial assumptions used in the valuation were based on plan data and costs presented by the county with concurrence by the actuary.

Changes in Assumptions. The discount rate changed from 2.18 percent as of the valuation date to 4.09 percent as of the measurement date of June 30, 2022. These changes in assumptions decreased the total OPEB liability.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2022, the county recognized OPEB expense of \$642,467. At June 30, 2022, the county reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources

OPEB Provided through State Administered Public Entity Risk Pools

Pre-65 retirees of the Sullivan County primary government are provided healthcare benefits under the Local Government Plan (LGP). The school department provides healthcare benefits to its employees under the Local Education Plan (LEP) until they reach Medicare eligibility. Employees of the school department may then join the Tennessee Plan - Medicare (TNM) which provides supplemental medical insurance for retirees with Medicare.

The county and school department’s total OPEB liability for each plan was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2021, actuarial valuation of each plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age Normal
Inflation	2.25%
Salary Increases	Salary increases used in the July 1, 2021 TCRS actuarial valuation; 3.44% to 8.72%, including inflation
Discount Rate	2.16%
Healthcare Cost Trend Rates	LGP and LEP: Based on the Getzen Model, with trend starting 7.36% for pre-65 retirees in the 2022 calendar year, and decreasing annually over a 10 year period to an ultimate trend rate of 4.5% TNM: 7.32% for post-65 retirees in the 2022 calendar year and decreasing annually over a 10 year period to an ultimate rate of 4.5%
Retirees Share of Benefit Related Cost	Discussed under each plan

The discount rate was 2.16 percent, based on an average rating of AA/Aa as shown in the Bond Buyer 20-Year Municipal GO AA index closest to but not later than the measurement date.

Mortality rates were based on the results of a statewide experience study undertake on behalf of the Tennessee Consolidated Retirement System (TCRS). These mortality rates were used in the July 1, 2021, actuarial valuation of the TCRS.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2021, valuations were the same as those employed in the July 1, 2020, Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the PUB-2010

Headcount-Weighted Employee mortality table for General Employees for non-disabled pre-retirement mortality, with mortality improvement projected generationally with MP-2020 from 2010. Post-retirement tables for non-teachers are Headcount-Weighted Below Median Healthy Annuitant and adjusted with a 6% to load for males and a 14% load for females, projected generationally from 2010 with MP-2020. Post-retirement tables for teachers are Headcount-Weighted Below Median Healthy Annuitant and adjusted with a 19 to load for males and a 18% load for females, projected generationally from 2010 with MP-2020. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load, projected generationally from 2018 with MP-2020.

Changes in Assumptions. The discount rate changed from 2.21 percent as of the beginning of the measurement period to 2.16 percent as of the measurement date of June 30, 2021. This change in assumption increased the total OPEB liability. Other changes in assumptions include adjustments to initial per capita costs and health trend rates. The trend rate applicable to the 2022 plan year was revised from 9.02 percent to 7.36 percent. The assumed long term inflation rate was changed from 2.1 percent to 2.25 percent.

Local Government OPEB Plan (Primary Government)

Plan Description. Employees of Sullivan County are provided with pre-65 retiree health insurance benefits through the Local Government Plan (LGP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired employees and disability participants of local governments, who choose coverage, participate in the LGP.

Benefits Provided. Sullivan County offers the LGP to provide health insurance coverage to eligible pre-65 retirees and disabled participants of local governments. With the exception of a small group of grandfathered individuals, retirees are required to discontinue coverage under the LGP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with *Tennessee Code Annotated (TCA)* 8-27-701 establishes and amends the benefit terms of the LGP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LGP receive the same plan benefits as active employees, at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. Sullivan County provides a direct subsidy for retirees with at least 25 years of service and who are at least 55 years of age. The subsidy ranges from \$567 to \$1,220 per month based on coverage selected.

Employees Covered by Benefit Terms

At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefit Payments	54
Inactive Employees Entitled to But Not Yet Receiving Benefit Payments	0
Active Employees Eligible for Benefits	716
Total	<u>770</u>

An insurance committee, created in accordance with TCA 8-27-701, establishes the required payments to the LGP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. For the current reporting period, the county paid \$475,550 to the LGP for OPEB benefits as they came due.

Closed Local Education (LEP) OPEB Plan (Discretely Presented School Department)

Plan Description. Employees of the Sullivan County School Department who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Local Education Plan (LEP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired teachers, support staff, and disability participants of local education agencies, who choose coverage, participate in the LEP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided. The Sullivan County School Department offers the LEP to provide health insurance coverage to eligible pre-65 retirees, support staff, and disabled participants of local education agencies. Retirees are required to discontinue coverage under the LEP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-301 establishes and amends the benefit terms of the LEP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LEP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for retiree premiums. Sullivan County School Department provides a direct subsidy ranging from \$256 to \$599 per month toward the cost of insurance for retirees based on retirement date, years of service, and insurance coverage selected. The state, as a governmental non-employer contributing entity, provides a direct subsidy for eligible retirees premiums based on years of service. Retirees with 30 or more years of service will receive 45 percent; 20 but less than 30 years, 35 percent; and less than 20 years, 25 percent of the scheduled premium. No subsidy is provided for enrollees of the health savings CDHP.

Employees Covered by Benefit Terms

At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefit Payments	160
Inactive Employees Entitled to But Not Yet Receiving Benefit Payments	0
Active Employees Eligible For Benefits	763
Total	<u>923</u>

A state insurance committee, created in accordance with TCA 8-27-301, establishes the required payments to the LEP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$1,440,656 to the LEP for OPEB benefits as they came due.

Closed Tennessee Plan – Medicare (Discretely Presented School Department)

Plan Description. Employees of the Sullivan County School Department, who were hired prior to July 1, 2015, are provided with post-65 retiree health insurance benefits through the closed Tennessee Plan - Medicare (TNM) administered by the Tennessee Department of Finance and Administration. All eligible post-65 retirees and disability participants of local education agencies, who choose coverage, participate in the TNM. The TNM also includes eligible retirees of the state, certain component units of the state, and certain local governmental entities. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015. The school department's total OPEB liability for the TNM Plan was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date.

Benefits Provided. The state offers the TNM to help fill most of the coverage gaps created by Medicare for eligible post-65 retired teachers, noncertified employees, and disabled participants of local education agencies. Insurance coverage is the only postemployment benefit provided to retirees. The TNM does not include pharmacy. In accordance with TCA 8-27-209, benefits of the TNM are established and amended by cooperation of insurance committees created by TCA 8-27-201, 8-27-301 and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receives a benefit from the Tennessee Consolidated Retirement System may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree premiums. The Sullivan County School Department provides a direct subsidy to retirees who retired before July 1, 2012. The subsidy amounts to \$141 per month for noncertified retirees and \$91 per month for certified retirees. The school department does not provide a direct subsidy to retirees who retired after July 1, 2012. The state, as a governmental nonemployer contributing entity contributes to the premiums of certain eligible retirees (teachers) of local education agencies based on years of service. The State of Tennessee provided a direct subsidy of \$50 for eligible retirees (teachers) with 30 or more years of service, \$37.50 for eligible retirees with 20-29 years of service, and \$25 for eligible retirees with less than 20 years of service.

Employees Covered by Benefit Terms

At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefit Payments	621
Inactive Employees Entitled to But Not Yet Receiving Benefit Payments	177
Active Employees Eligible For Benefits	805
Total	<u>1,603</u>

In accordance with *TCA* 8-27-209, the state insurance committees established by *TCA* 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$557,173 to the TNM for OPEB benefits as they came due.

H. Termination Benefits

During the year, the discretely presented Sullivan County School Department paid 33 qualifying individuals a total of \$532,868 for a one-time retirement incentive program. The payments were approved by the board of education during December 2020, conditional upon approval of funding by the county commission in the 2021-2022 school department budget. Budget approval was obtained in July 2021. To qualify employees must have been full time, worked for the Sullivan County School Department for at least 15 years by the end of the 2020-2021 school year, be employed in position requiring teaching licensure, and eligible for service retirement, early service, or 25 year retirement benefit through the Tennessee Consolidated Retirement System.

I. Office of Central Accounting and Budgeting

On July 1, 2021, Sullivan County began implementation of provisions of Chapter 46, Private Acts of 2020. This act provides for a central system of accounting, budgeting, and purchasing for all county departments. The act also provides for the creation of a finance department operated under the direction of the finance director. This act is required to be fully implemented within two years from when implementation began.

J. Purchasing Laws

The Office of Purchasing Agent was established by Chapter 46, Private Acts of 2020, which is discussed in the preceding note. This statute provides for the purchasing agent to make all purchases and to enter into all contracts for Sullivan County. The county commission has adopted a resolution pursuant to Section 12-3-1212, *Tennessee Code Annotated*, requiring competitive bids on purchases exceeding \$25,000.

K. Subsequent Events

On August 18, 2022, Sullivan County increased its bid limit threshold to \$50,000 pursuant to Section 12-3-1212, *Tennessee Code Annotated*, as amended.

On August 31, 2022, Susan Ramsey left the Office of County Trustee and was succeeded by Angela Taylor, and Katherine Priester left the Office of Clerk and Master and was succeeded by Katherine Jennelle.

On October 20, 2022, Sullivan County approved the sale of Colonial Heights Middle School for \$2,300,000.

On January 24, 2023, Sullivan County issued \$1,550,000 in capital outlay notes for Sheriff Department Vehicles.

It was confirmed in 2020 that for support staff to be eligible, they must be age 55 with 25 years of service, with at least 15 of those years with Sullivan County. For teachers, 30 years is required, with at least 15 of those years with Sullivan County.

SULLIVAN COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2022

TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Valuation Date: Actuarially determined contribution rates for fiscal year 2022 were calculated based on the June 30, 2020, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar, Closed (Not to Exceed 20 Years)
Remaining Amortization Period	Varies by Year
Asset Valuation	10-Year Smoothed Within a 20% Corridor to Market Value
Inflation	2.5%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	7.25%, Net of Investment Expense, Including Inflation
Retirement Age	Pattern of Retirement Determined by Experience Study
Mortality	Customized Table Based on Actual Experience Including an Adjustment for Some Anticipated Improvement
Cost of Living Adjustment	2.25%

Changes of Assumptions: In 2017, the following assumptions were changed: (1) decreased the inflation rate from 3.0 to 2.5 percent; (2) decreased the investment rate from 7.5 to 7.25 percent; (3) decreased the cost-of-living adjustment from 2.5 to 2.25 percent; (4) decreased the salary growth rate graded ranges from an average of 4.25 to 4.0 percent; and (5) modified the mortality assumptions.

Custodial Funds

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, and other governments. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

City School ADA - Bristol Fund, City School ADA - Kingsport Fund, and City School ADA – Johnson City Fund – These three funds are used to account for the city school systems' shares of education revenues collected by the county that must be apportioned between the various school systems on an average daily attendance basis. These collections are remitted to the city school systems on a monthly basis.

Constitutional Officers - Custodial Fund – The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk; circuit, general sessions, and law courts clerk; clerk and master; register of deeds; and sheriff. Such collections include amounts due to the state, cities, litigants, heirs, and others.

Judicial District Drug Fund – The Judicial District Drug Fund is used to account for state grants and other restricted revenues held in trust for the benefit of the multi-jurisdictional drug task force, which was created by contract (mutual aid agreement) between the participating city and county governments.

District Attorney General Fund – The District Attorney General Fund is used to account for restricted revenue held for the benefit of the Office of District Attorney General.

Sullivan County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
Discretely Presented Sullivan County School Department
For the Year Ended June 30, 2022

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit K-4)		\$	4,935,898
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: capital assets purchased in the current period	\$	7,610,822	
Less: current-year depreciation expense		(3,819,367)	
Less: current-year amortization		(25,000)	3,766,455
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.			
Less: net book value of assets disposed			(2,004,662)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
Less: deferred delinquent property taxes/other deferred June 30, 2021	\$	(4,219,445)	
Add: deferred delinquent property taxes/other deferred June 30, 2022		2,322,073	(1,897,372)
(4) The issuance of long-term debt (e.g., bonds, notes, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items.			
Add: principal payments on leases			25,000
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.			
Change in compensated absences payable	\$	103,992	
Change in other postemployment benefits liability		10,248,868

SINGLE AUDIT SECTION

JASON E. MUMPOWER
Comptroller

**Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

Independent Auditor's Report

Sullivan County Mayor and
Board of County Commissioners
Sullivan County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Sullivan County, Tennessee, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Sullivan County's basic financial statements, as listed in the table of contents, and have issued our report thereon dated February 27, 2023. Our report includes a reference to other auditors who audited the financial statements of the Internal School Fund of the discretely presented Sullivan County School Department, as described in our report on Sullivan County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sullivan County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sullivan County's internal control. Accordingly, we do not express an opinion on the effectiveness of Sullivan County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs, that we consider to be significant deficiencies: 2022-002, 2022-003, and 2022-004(B,C).

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sullivan County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying Schedule of Findings and Questioned Costs as items: 2022-001, 2022-004(A,C), and 2022-005.

Sullivan County's Responses to the Findings

Government Auditing Standards requires the auditor to perform limited procedures on Sullivan County's responses to the findings identified in our audit, which are described in the accompanying Schedule of Findings and Questioned Costs. Sullivan County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sullivan County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

Sullivan County Mayor and
Board of County Commissioners
Sullivan County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Sullivan County's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Sullivan County's major federal programs for the year ended June 30, 2022. Sullivan County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Sullivan County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Sullivan County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to

provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Sullivan County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Sullivan County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Sullivan County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Sullivan County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Sullivan County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Sullivan County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Sullivan County, Tennessee, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Sullivan County's basic financial statements. We issued our report thereon dated February 27, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility

of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our audit, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. Written responses for all findings are paraphrased and presented following each finding and recommendation. Management's corrective action plans, whether related to the financial statements or federal awards, are presented separately in the Management's Corrective Action Plan in the Single Audit Section of this report. Findings relating specifically to the audit of federal awards, if any, are separately presented under Part III, Findings and Questioned Costs for Federal Awards.

OFFICES OF COUNTY MAYOR, DIRECTOR OF SCHOOLS, AND FINANCE DIRECTOR

FINDING 2022-001

ACCOUNTING RECORDS WERE NOT CLOSED AND AVAILABLE FOR AUDIT BY AUGUST 31, 2022

(Noncompliance Under *Government Auditing Standards*)

Accounting records, including subsidiary capital assets and compensated absences records, were not closed and available for audit by August 31, 2022, as required by Section 9-2-102, *Tennessee Code Annotated*. This statute provides that records should be available for audit no later than two months after the close of the June 30 fiscal year. The fund accounting records were closed on December 12, 2022. Subsidiary records, including compensated absences and capital assets for the county and school departments, were made available to auditors at various times from December 19, 2022, through January 25, 2023. The failure to properly maintain and close accounting and subsidiary records on a current basis diminishes the usefulness of the financial records as a management tool, results in the loss of budgetary and accounting controls, and increases the risk that errors will not be discovered and corrected in a timely manner. These deficiencies can be attributed to the implementation of the central accounting system in the current year and the ongoing integration of the school department's accounting records into the central accounting system. These deficiencies can also be attributed to management's failure to correct the finding noted in the prior-year audit report and management's failure to implement their corrective action plan.

RECOMMENDATION

Management should close its accounting records, including subsidiary capital assets and compensated absences records, for the fiscal year ended June 30 and have those records available for audit by the following August 31.

MANAGEMENT'S RESPONSE – FINANCE DIRECTOR

I concur in general with these findings. Full implementation of the private act is required by June 30, 2023. We expect that these deficiencies will be corrected by the end of the fiscal year.

Some of these findings persisted in part due to the centralized finance office having to develop policies and procedures for the school department with no knowledge of their previous operations or controls. Also, no trained personnel were transferred to the centralized

accounting department with the implementation of the private act. The centralized finance office had to hire staff to process accounts payable and perform payroll functions for the school department which includes processing the payroll for approximately 1,300 school department employees. The already limited staff of the former accounts and budget department had to be reassigned and devote a significant amount of time to training and assisting the new staff.

FINDING 2022-002

THE ACCOUNTING RECORDS FOR SOME FUNDS HAD NOT BEEN MAINTAINED PROPERLY

(Internal Control – Significant Deficiency Under *Government Auditing Standards*)

Our audit revealed deficiencies related to the administration and maintenance of the fund accounting records. These deficiencies can be attributed to the continued integration of the school department's accounting records into the central accounting system, management's failure to correct the finding noted in the prior-year audit report, and management failure to implement their corrective action plan.

- A. Accounting records were not maintained on a current basis for some funds. From our review of the audit logs and discussions with management, we noted that numerous journal entries were posted to the General Purpose School, School Federal Projects, and Central Cafeteria funds on December 12, 2022. The software application allows for three consecutive months to be open at any given time; however, from our review of the audit logs, we noted that the months of April, May, and June 2022 were all closed on December 12, 2022, as noted in Finding 2022-001. The software application used by the finance department generates logs that documents the closing and reopening dates of the accounting periods within the general ledger application. These audit logs were not reviewed by management to ensure periods were closed timely and not improperly re-opened. Although management was aware of the importance of these logs, they chose not to review the logs.
- B. Employee health insurance deductions for all school department funds are paid through the General Purpose School Fund with transfers for reimbursements from other special revenue funds made after year-end. This delay in remitting deduction amounts until after year-end decreases the operating cash in the General Purpose School Fund and could result in a fund deficit in the special revenue funds when paid.
- C. The payroll clearing bank account and the health dental/Medicare supplement bank account had not been reconciled accurately with the general ledger. While monthly reconciliations appear to have been performed, \$19,071 remained unidentified at June 30, 2022. The bank account for the Central Cafeteria Fund for collections of meal charges relating to the school nutrition program appears to have been reconciled monthly; however, collections were not remitted to the county trustee monthly. Instead, the collections for the entire fiscal year totaling \$228,292 were remitted to the county trustee in July 2022.

- D. Account balances in the Central Cafeteria Fund were not properly reflected at June 30, 2022. The balance in the Other Current Liabilities account for student meal deposits had not been reconciled with the actual balance. At June 30, 2022, the per record balance in this account was understated by \$51,328.
- E. Subsidiary listings of accounts receivables and accounts payables were obtained for the General Purpose School Fund; however, the amounts on the listings differed from the accounting records by significant amounts. These differences were the result of personnel not including all relevant receivable and payable amounts on the subsidiary listings. We verified the receivable and payable amounts per record and adjusted or reclassified as appropriate in the financial statements of this report.

Sound business practices dictate that financial records and accounts should be reviewed for accuracy and completeness, and all general ledger accounts should be reconciled timely. The failure to properly maintain accounting records on a current basis diminishes the usefulness of the financial records as a management tool and results in a loss of budgetary and accounting control and increases the risk that errors will not be discovered and corrected in a timely manner. We provided management with audit adjustments, which they approved and agreed to post to correct the errors we detected and to properly present the financial statements in this report.

RECOMMENDATION

Management should post accounting entries and review audit logs on a current basis, and any unusual activity should be investigated. Transfers for employee health insurance deductions should be made to the General Purpose School Fund in a timely manner. All general ledger accounts should be reconciled accurately each month with subsidiary records, monthly billings, receipts, and payments. Any errors identified should be corrected promptly. Collections for the Central Cafeteria Fund's bank account should be remitted to the trustee monthly. Accurate subsidiary listings of accounts receivable and accounts payable should be maintained.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

Since this finding was noted in multiple parts, we will respond accordingly.

- A. The closing of accounting periods and the review of audit logs is a function of the centralized accounting system. Management of the school department did not engage in those activities as that was understood to be the responsibility of the finance director and his staff.
- B. The Insurance Tracking module that is used through Skyward to reconcile the school department's insurances can only submit an invoice in total and cannot be broken down by funds. Therefore, the invoices that are submitted for payment are taken from the General Purpose School Fund. It was the understanding of the human resources department that the centralized accounting office would be handling the transfers from each fund to compensate for the expenditure from the General Purpose School Fund as that would simply be transferring the amounts held or expensed with each payroll.

- C. Upon implementation of the centralized accounting system, the bank reconciliation for the payroll clearing account became the responsibility of the finance director and his staff. However, it should be noted that the unidentified amount that is indicated in the finding is the same as the amount reported in the previous two years for the payroll clearing account. The human resources department has reconciled the Health, Dental, & Medicare Supplement account monthly with no unidentified balances. The Central Cafeteria Fund transfer was not made monthly because of the low level of deposits. Obviously, the total for the school year of \$228,292 was minimal compared to previous years. The transfer is being made monthly for the 22-23 school year.
- D. Historically, the adjustment to Other Current Liabilities has been made at the end of the fiscal year. This process was handled by the business manager. It was assumed this was taken over through the centralized accounting system.
- E. Listings of receivables and payables were assumed to be the responsibility of the finance director and his staff. Therefore, school department management did not participate in this activity.

MANAGEMENT'S RESPONSE – FINANCE DIRECTOR

See response to finding 2022-001.

FINDING 2022-003

DEFICIENCIES RELATED TO THE ADMINISTRATION OF PAYROLL RESULTED IN IMPROPER PAYMENTS TO SOME FORMER SCHOOL DEPARTMENT EMPLOYEES

(Internal Control – Significant Deficiency Under *Government Auditing Standards*)

Our examination revealed that five former school department employees were paid for time they had not worked. Those payments occurred because the employees had not been timely removed from the active payroll records upon termination of their employment with the department. The failure to remove these employees from the payroll by the human resources department resulted in improper payments totaling at least \$18,926. We were unable to determine whether the employees had reimbursed the department for these payments. This deficiency can be attributed to school department personnel not ensuring that staff leaving employment are removed from the payroll records prior to the processing of the payroll by the finance department, management's failure to correct the finding noted in the prior-year audit report, and management's failure to implement their corrective action plan.

RECOMMENDATION

The payroll processes should be improved to ensure all former employees are removed from the payroll system immediately upon termination of employment. Management should also review payments to ensure no other employees were paid for time not worked. Management should attempt to recover these overpayments promptly.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

We hereby concur with this finding but believe some additional information should be shared. The human resources (HR) department communicated well in advance the resignation of several employees who were referenced as being overpaid in this finding. The HR department does not have access to payroll prior to it being processed. Therefore, employees cannot be removed by the HR department from the payroll. Resignation notices will continue to be shared with the payroll department as they are received in HR. A large majority of the overpaid funds have already been recovered. A plan is in place to recover the remaining funds.

MANAGEMENT'S RESPONSE – FINANCE DIRECTOR

The human resources department for school department employees is maintained at the school department under the direction of the director of schools. To the degree possible, the centralized accounting department will continue to work with the school's human resources department to ensure timely and accurate payments are made to school department employees. The finance department strongly believes that fully implementing the Skyward software system, which was used by the school department prior to the implementation of the private act, would limit such overpayments as well as numerous other payroll and benefits challenges. This software has been paid for and is already available in most, if not all, school facilities.

FINDING 2022-004

DEFICIENCIES WERE NOTED IN PURCHASING PROCEDURES RELATED TO THE SCHOOL DEPARTMENT

(A. - Noncompliance Under *Government Auditing Standards*; B. – Internal Control – Significant Deficiency Under *Government Auditing Standards*; C. - Noncompliance and Internal Control – Significant Deficiency Under *Government Auditing Standards*)

As part of our audit procedures for determining whether the purchasing process was operating as designed, we selected a sample of disbursements, including those related to purchases approved through the issuance of purchase orders and those approved through the submission of check requests. Sullivan County utilizes check requests in the payment process for intangible services where a purchase order is otherwise not required. Our examination revealed the following deficiencies in purchasing procedures, which are the result of a lack of oversight and the failure of school department personnel to follow established purchasing policies and procedures.

- A. We noted five instances where purchases were made by personnel of individual schools rather than by the purchasing agent. Check requests were used to reimburse those expenditures from the General Purpose School and School Federal Projects funds for amounts totaling \$578 and \$58,212, respectively. Section 49-2-110, *Tennessee Code Annotated (TCA)*, establishes the authority for individual schools to maintain activity funds. That statute, however, does not provide authority for the individual schools to account for any expenditures beyond those used for student activities. Additionally, Chapter 46, Private Acts

of 2020, provides that the purchasing agent make all purchases and enter into all contracts for Sullivan County.

- B. The purchasing department issued check request guidelines to all county departments specifying that check requests are to be utilized for intangible services. In the five instances noted above, we observed expenditures totaling \$38,787 for various items, goods, and contracts that should have been approved through the issuance of purchase orders instead of check requests.
- C. We noted two instances where change orders were approved by the board of education, but the information was not submitted to the purchasing department timely. On February 3, 2022, the Sullivan County Board of Education approved two change orders totaling \$272,256 for the construction of West Ridge High School. However, requests for purchase orders related to these change orders were not submitted to the purchasing department by school department personnel until August 8, 2022. A liability and expenditure related to these change orders were posted to the financial statements of the General Purpose School Fund as of June 30, 2022. Purchase orders are necessary to control who has purchasing authority for the department and to document purchasing commitments. Issuing the purchase order after the purchase defeats the purpose of the purchase order and makes it an approval of payment rather than an approval of the purchase. The failure to properly issue purchase orders increases the risks of unauthorized purchases. Additionally, the recognition of these liabilities resulted in expenditures exceeding appropriations at the major category level (the legal level of control) by \$259,940 in the Capital Outlay - Regular Capital Outlay major appropriations category of the General Purpose School Fund. Section 5-9-401, *TCA*, states that “All funds from whatever source derived including, but not limited to, taxes, county aid funds, federal funds, and fines, that are to be used in the operation and respective programs for the various departments, commissions, institutions, boards, offices, and agencies of county governments shall be appropriated to such use by the county legislative bodies.”

RECOMMENDATION

All purchases made by individual schools should be limited to school activities in accordance with Section 49-2-110, *TCA*. All school department fund purchases should be made by the county purchasing department in accordance with Chapter 46, Private Acts of 2020. All check requests should be made in accordance with purchasing department guidelines. To strengthen internal controls over purchasing procedures and to document purchasing commitments, the office should issue purchase orders for all applicable purchases before purchases are made. Expenditures should be held within appropriations approved by the county commission.

MANAGEMENT’S RESPONSE – DIRECTOR OF SCHOOLS

Since this finding was noted in multiple parts, we will respond accordingly.

- A. Sullivan County School Department has traditionally reimbursed the internal school funds of each school for allocations through the stated reimbursement

process. Proper internal school funds procedures were followed in that process and then the reimbursement went through the approval process at the central office. This was never addressed as an issue previously through the audit process.

- B. While the purchasing department might have issued check request guidelines to all county departments, the school department was not included in that distribution as that module was not utilized through the Skyward system at that time. Once informed of the requirement, school department staff have been granted access and trained on the process.
- C. We concur with this finding. Obviously, the capital project process is always a major undertaking. With the initiation of two of the largest projects in Sullivan County's recent history, there were several change orders that were approved. Unfortunately, these did not gain approval in a timely fashion. However, the proper approval process was completed, and payment was made to the contractor.

MANAGEMENT'S RESPONSE – PURCHASING AGENT

We have corrected both parts A and B. We held a training session on proper procurement procedures in July 2022 with school personnel which included the school bookkeepers and the principals and implemented updated guidelines pertaining to requisitions and check requests. We have taken measures to correct part C, by taking over administering the payment applications and change orders for the projects.

APPENDIX D

Form of Continuing Disclosure Agreement

SULLIVAN COUNTY, TENNESSEE

\$15,675,000 GENERAL OBLIGATION BONDS, SERIES 2024

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (this “Disclosure Agreement”) is executed and delivered this 10th day of January, 2024 by Sullivan County, Tennessee (the “Issuer”) in connection with the issuance of its \$15,675,000 General Obligation Bonds, Series 2024 (the “Bonds”). The Issuer hereby covenants and agrees as follows:

SECTION 1. Purpose of and Authority for the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Issuer for the benefit of the Registered Owners and the Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Rule 15c2-12(b)(5) (the “Rule”) of the Securities and Exchange Commission (the “SEC”). This Disclosure Agreement is being executed and delivered by the Issuer under the authority of the Resolution.

SECTION 2. Definitions. In addition to the terms otherwise defined herein, the following capitalized terms shall have the following meanings:

“Beneficial Owner” shall mean any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries) or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Fiscal Year” shall mean any period of twelve consecutive months adopted by the Issuer as its fiscal year for financial reporting purposes, and shall initially mean the period beginning on July 1 of each calendar year and ending June 30 of the following calendar year.

“MSRB” shall mean the Municipal Securities Rulemaking Board.

“Official Statement” shall mean the Official Statement of the Issuer, dated December 12, 2023, relating to the Bonds.

“Participating Underwriters” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Registered Owner” means any person who is identified as a holder of Bonds on the registration records maintained by or on behalf of the Issuer with respect to the Bonds.

“Resolution” shall mean the bond Resolution adopted by the Board of Commissioners of the Issuer on October 23, 2023.

“State” shall mean the State of Tennessee.

“State Repository” shall mean any public or private repository or entity designated by the State as a state repository for the purpose of the Rule.

SECTION 3. Continuing Disclosure. The Issuer hereby agrees to provide or cause to be provided the information set forth below:

(a) *Annual Financial Information*. For Fiscal Years ending on or after June 30, 2023, the Issuer shall provide annual financial information and operating data within 12 months after the end of the Fiscal Year. The annual financial information and operating data shall include:

(i) The Issuer's audited financial statements, prepared in accordance with generally accepted accounting principles, or, if the Issuer's audited financial statements are not available, then the Issuer's unaudited financial statements; and

(ii) To the extent not included in the audited financial statements, operating data of the type included under the following headings of the Official Statement, which data may be presented in a manner other than as set in the Official Statement:

1. "Summary of Outstanding Debt ";
2. "Debt Statement ";
3. "Debt Record";
4. "Per Capita Debt Ratios";
5. "Debt Ratios";
6. "Debt Trend";
7. "General Debt Service Requirements";
8. "Tri-Cities Regional Airport Debt Service Requirements";
9. "Property Valuation and Property Tax";
10. "Top County-Wide Taxpayers";
11. "Fund Balances"; and
12. "Local Sales Tax Collections".

(b) *Audited Financial Statements*. For Fiscal Years ending on or after June 30, 2023, the Issuer shall provide audited financial statements, prepared in accordance with generally accepted accounting principles, if and when available, if such audited financial statements are not included with the annual financial information described in subsection (a) above.

(c) *Event Notices*. The Issuer will provide notice of the following events relating to the Bonds in a timely manner, not in excess of ten business days after the occurrence of the event:

- (i) Principal and interest payment delinquencies;
- (ii) Non-payment related defaults, if material;
- (iii) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) Substitution of credit or liquidity providers, or their failure to perform;
- (vi) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;

- (vii) Modifications to rights of Bondholders, if material;
- (viii) Bond calls, if material, and tender offers;
- (ix) Defeasances (including disclosure as to whether the Bonds have been defeased to their maturity or to a preceding call date);
- (x) Release, substitution, or sale of property securing repayment of the securities, if material;
- (xi) Rating changes;
- (xii) Bankruptcy, insolvency, receivership or similar event of the obligated person;
- (xiii) The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) Appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (xv) Incurrence of a financial obligation* of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, if material; and
- (xvi) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Issuer, any of which reflect financial difficulties.

* As used in subsections (xv) and (xvi), the term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “financial obligation” does not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

(d) *Notice of Failure to File Annual Financial Information.* The Issuer will provide timely notice of its failure to provide the annual financial information described in subsection (a) above within the time frame prescribed by subsection (a).

(e) *Notice of Amendment of Disclosure Agreement.* The Issuer will provide timely notice of an amendment to this Disclosure Agreement pursuant to the terms of Section 5(a) below.

SECTION 4. Methods of Providing Information.

(a) All disclosures required by Section 3 shall be transmitted to the MSRB using the MSRB's Electronic Municipal Market Access System ("EMMA") or by such other method as may be subsequently determined by the MSRB.

(b) Information shall be provided to the MSRB in an electronic format as prescribed by the MSRB, either directly, or indirectly through an indenture trustee or a designated dissemination agent.

(c) All transmissions to the MSRB shall be accompanied by identifying information as prescribed by the MSRB.

(d) Any required disclosure may be incorporated by reference to other documents filed with the MSRB in the manner required by subsection (a) above. The Issuer shall clearly identify each such other document so incorporated by reference.

(e) All disclosures transmitted to the MSRB hereunder shall be simultaneously transmitted to any State Repository.

SECTION 5. Amendment.

This Disclosure Agreement may be amended or modified so long as: (i) any such amendments are not violative of any rule or regulation of the SEC or MSRB, or other federal or state regulatory body; (ii) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted; (iii) this Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (iv) the amendment does not materially impair the interests of Beneficial Owners or Registered Owners, as determined either by parties unaffiliated with the Issuer (such as bond counsel), or by approving vote of the Beneficial Owners and Registered Owners pursuant to the terms of the Resolution at the time of the amendment.

(b) In the event of any amendment or modification to the financial information or operating data required to be filed pursuant to Section 3(a) above, the Issuer shall describe such amendment in the next filing pursuant to Section 3(a), and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, the next filing pursuant to Section 3(a) or 3(b), as applicable, shall present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 6. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

SECTION 7. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any disclosure required hereunder, in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future disclosure.

SECTION 8. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Registered Owners and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 9. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, any Registered Owner or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed a default under the Resolution, and the sole remedy under this Disclosure Agreement in the event of any failure of any party to comply with this Disclosure Agreement shall be an action to compel performance.

SECTION 10. Governing Law. This Disclosure Agreement shall be governed by and construed in accordance with the laws of the State.

SECTION 11. Severability. In case any one or more of the provisions of this Disclosure Agreement shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Disclosure Agreement, but this Disclosure Agreement shall be construed and enforced as if such illegal or invalid provision had not been contained herein.
