

OFFICIAL STATEMENT

NEW ISSUE
(Book Entry Only)

RATING: Moody's: "Aa2" (Stable Outlook)†

*In the opinion of bond counsel, under existing law, assuming compliance with certain covenants described herein, (i) interest on the Bonds is excludable from gross income for federal income tax purposes, and (ii) interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax; provided, however, that with respect to certain corporations, interest on the Bonds will be taken into account in determining annual adjusted financial statement income for the purpose of computing the federal alternative minimum tax. In bond counsel's further opinion, under existing law, interest on the Bonds is exempt from all present State, county and municipal taxation in the State of Arkansas (See **TAX MATTERS** herein.).*

\$10,260,000
BOARD OF TRUSTEES OF THE
UNIVERSITY OF ARKANSAS
ATHLETIC FACILITIES REVENUE BONDS
(FAYETTEVILLE CAMPUS),
REFUNDING SERIES 2023

Dated: Date of Delivery

Due: September 15, as shown on the inside front cover

The Bonds are general obligations only of the Board of Trustees of the University of Arkansas (the "Board"). The Bonds will be secured by a specific pledge of, and payable first from, Pledged Revenues (as defined herein). Neither the faith and credit nor the taxing power of the State of Arkansas (the "State") are pledged to the payment of the principal of or the interest on the Bonds, and the Bonds are not secured by a mortgage or lien on any lands or buildings of the State or the Board. The Board has no taxing power. The pledge of the Pledged Revenues in favor of the Bonds is on a parity with the pledge of Pledged Revenues in favor of certain outstanding obligations (as described herein). See **SECURITY FOR THE BONDS** and **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein. The Bonds are being issued for the purpose of current refunding certain outstanding bonds and paying costs of issuance of the Bonds (see **PURPOSES FOR THE BONDS** herein).

The Bonds are issuable as fully registered bonds and, when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York, to which principal and interest payments on the Bonds will be made so long as Cede & Co. is the registered owner of the Bonds. Individual purchases of the Bonds will be made only in book-entry form, in denominations of \$5,000 or any integral multiple thereof. Individual purchasers of the Bonds ("Beneficial Owners") will not receive physical delivery of bond certificates. See **BOOK-ENTRY ONLY SYSTEM** herein.

Interest on the Bonds is payable semiannually on March 15 and September 15, commencing March 15, 2024. All such interest payments shall be payable to the person in whose name such Bonds are registered on the bond registration books maintained by Regions Bank, with offices in Little Rock, Arkansas, as Trustee (the "Trustee"). Disbursement of such payments to DTC participants is the responsibility of DTC, and disbursement of such payments to Beneficial Owners is the responsibility of DTC participants or indirect participants, as more fully described herein.

The Bonds mature, bear interest and are priced to yield as shown on the inside front cover of this Official Statement. The Bonds are not subject to redemption prior to maturity.

The Bonds are offered when, as and if issued, subject to the approval of Friday, Eldredge & Clark, LLP, Little Rock, Arkansas, bond counsel. Certain legal matters will be passed upon for the Underwriters by Kutak Rock LLP, Little Rock, Arkansas, counsel to the Underwriters. It is expected that the Bonds will be available for delivery at the facilities of DTC in New York, New York on or about August 3, 2023.

SUMMARY STATEMENT

The following summary statement is subject in all respects to the more complete information contained in this Official Statement. The offering of the Bonds to potential investors is made only by means of the entire Official Statement, including the cover page hereof, inside cover page hereof, and the appendices hereto, whether such appendices are attached hereto or incorporated by reference.

The Bonds

The Board of Trustees of the University of Arkansas Athletic Facilities Revenue Bonds (Fayetteville Campus), Refunding Series 2023, in the aggregate principal amount of \$10,260,000 (the “Bonds”), to be dated as of the date of their delivery, will be issued under the authority of the Constitution and laws of the State of Arkansas (the “State”), including particularly Arkansas Code of 1987 Annotated Title 6, Chapter 62, Subchapter 3, as amended (the “Act”), and pursuant to a resolution duly adopted by the Board on May 25, 2023. The Bonds will be issued under and secured by a Trust Indenture, dated as of the dated date of the Bonds (the “Indenture”), between the Board and Regions Bank, with offices in Little Rock, Arkansas, as trustee (the “Trustee”). See **SUMMARY OF THE INDENTURE** herein.

Redemption

The Bonds are not subject to redemption prior to maturity. See **REDEMPTION** herein.

Use of Proceeds

The proceeds from the sale of the Bonds will be used to current refund the Board’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2013A (except for the September 15, 2023 maturity thereof), and to pay costs of issuance. See **PURPOSES FOR THE BONDS** herein.

Security

The Bonds will be general obligations only of the Board and will not constitute an indebtedness for which the faith and credit of the State or any of its revenues are pledged, and are not secured by a mortgage or lien on any lands or buildings belonging to the State or to the Board. The Bonds will be secured by a pledge of, and payable first from, the Pledged Revenues (as hereinafter defined) and the funds and accounts held pursuant to the Indenture. To the extent the Pledged Revenues are insufficient to pay obligations under the Indenture, the Board shall pay such obligations from any other moneys available to it in accordance with the Constitution and laws of the State. The Bonds are equally and ratably secured, and the pledge of Pledged Revenues in favor of the Bonds is on a parity with the pledge in favor of (i) the unrefunded September 15, 2023 maturity of the Board’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2013A (the “Unrefunded Series 2013 Bonds”), (ii) the Board’s Athletic Facilities Revenue Refunding Bonds (Fayetteville Campus), Tax Exempt Series 2016A and Taxable Series 2016B (collectively, the “Series 2016 Bonds”), and (iii) the Board’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2019A (the “Series 2019 Bonds”).

The term “Pledged Revenues” is defined as (i) Athletic Gate Receipts (defined in the Indenture as those revenues of the Fayetteville campus of the University of Arkansas (“UA, Fayetteville”) derived from men’s intercollegiate athletic events, including settlements, guarantees, the sale of tickets, television and radio revenues, concession revenues, and all amounts transferred from the Razorback Foundation, Inc., or the successor thereto, representing priority seating requirement proceeds, which are received by the Men’s Athletic Department of UA, Fayetteville, less amounts paid to state and local taxing authorities and amounts paid by UA, Fayetteville, for settlements and guarantees for scheduled men’s intercollegiate athletic events), together with (ii) revenues of UA, Fayetteville, derived from any Student Athletic Fee (defined in the Indenture as any fee charged to students attending UA, Fayetteville to support intercollegiate athletics, whether such fee is imposed pursuant to Arkansas Code Annotated Sections 6-62-801 et seq., as amended, or pursuant to Section 711 of the Indenture). No Student Athletic Fee is currently being charged. The Pledged Revenues do not include (A) tuition or fee revenues collected by UA, Fayetteville, sales and services revenues, or auxiliary enterprises revenues, or (B) any fees authorized or imposed by UA, Fayetteville and dedicated to a specific purpose unrelated to obligations issued pursuant to the Act or to facilities funded with such obligations.

See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** and **LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS, Factors Affecting the Board’s Funding and Factors Related to UAMS** herein.

The Board has also reserved the right to pledge Pledged Revenues to additional bonds or obligations issued under the Act, subject to certain limitations and conditions set forth in the Indenture. The pledge may be on a parity with or subordinate to the pledge in favor of these Bonds. (See **SUMMARY OF THE INDENTURE, Additional Bonds**, herein).

The Board has covenanted that it shall use due diligence to ensure collection of the Pledged Revenues until all Bonds have been retired in full. The Board has further covenanted that it will maintain Pledged Revenues at a level equal to or exceeding 115% of current annual debt service on the Bonds, the Unrefunded Series 2013 Bonds, the Series 2016 Bonds, the Series 2019 Bonds, and any Additional Parity Bonds (as defined under **SUMMARY OF THE INDENTURE, Additional Bonds** herein), and trustee's and paying agent's fees on such bonds. The Board has further covenanted that it will, to the extent necessary to maintain Pledged Revenues at the 115% coverage level described in the preceding sentence, impose a Student Athletic Fee on students attending UA, Fayetteville sufficient to maintain such coverage.

There is no debt service reserve securing the Bonds.

OFFICIAL STATEMENT

\$10,260,000
BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS
ATHLETIC FACILITIES REVENUE BONDS
(FAYETTEVILLE CAMPUS)
REFUNDING SERIES 2023

INTRODUCTION

This Official Statement of the Board of Trustees of the University of Arkansas (the “Board”), including the cover page, inside cover page, Summary Statement, and Appendices, is furnished with respect to the sale by the Board of its Athletics Facilities Revenue Bonds (Fayetteville Campus), Refunding Series 2023, in the aggregate principal amount of \$10,260,000 (the “Bonds”), to be dated as of their date of delivery.

There follows in this Official Statement a description of the Bonds, the revenues providing the security for the Bonds, and certain other information concerning this financing and other matters of interest related to the Board and the Fayetteville campus of the University of Arkansas (“UA, Fayetteville”). The financial data with regard to the Board and UA, Fayetteville has been provided from the records of the Board and UA, Fayetteville.

The Bonds are being issued pursuant to and in full compliance with the Constitution and laws of the State of Arkansas (the “State”), particularly Arkansas Code of 1987 Annotated Title 6, Chapter 62, Subchapter 3, as amended (the “Act”), and a Resolution adopted by the Board on May 25, 2023.

The Bonds are general obligations only of the Board. The Bonds are equally and ratably secured by a Trust Indenture to be dated as of the date of delivery of the Bonds (the “Indenture”), between the Board and Regions Bank, with offices in Little Rock, Arkansas (the “Trustee”). The Indenture establishes the terms and conditions upon which the Bonds are issued. The Bonds will be payable from Pledged Revenues (defined below), and, to the extent Pledged Revenues are insufficient, from such other moneys as are available to the Board under the Constitution and laws of the State. The pledge of Pledged Revenues in favor of the Bonds is on a parity with the pledge of Pledged Revenues in favor of (i) the unrefunded September 15, 2023 maturity of the Board’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2013A (the “Unrefunded Series 2013 Bonds”), (ii) the Board’s Athletic Facilities Revenue Refunding Bonds (Fayetteville Campus), Tax Exempt Series 2016A and Taxable Series 2016B (collectively, the “Series 2016 Bonds”), and (iii) the Board’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2019A (the “Series 2019 Bonds”). The Board has reserved the right to issue additional bonds and obligations payable from Pledged Revenues. Specific covenants concerning revenues are described under **SECURITY FOR THE BONDS** herein.

The term “Pledged Revenues” is defined as (i) Athletic Gate Receipts (defined in the Indenture as those revenues of UA, Fayetteville derived from men’s intercollegiate athletic events, including settlements, guarantees, the sale of tickets, television and radio revenues, concession revenues, and all amounts transferred from the Razorback Foundation, Inc. or the successor thereto, representing priority seating requirement proceeds, which are received by the Men’s Athletic Department of UA, Fayetteville, less amounts paid to state and local taxing authorities and amounts paid by UA, Fayetteville, for settlements and guarantees for scheduled men’s intercollegiate athletic events), together with (ii) revenues of UA, Fayetteville, derived from any Student Athletic Fee (defined in the Indenture as any fee charged to students attending UA, Fayetteville to support intercollegiate athletics, whether such fee is imposed pursuant to Arkansas Code Annotated Sections 6-62-801 *et seq.*, as amended, or pursuant to Section 711 of the Indenture). No Student Athletic Fee is currently being charged. The Pledged Revenues do not include (A) tuition or fee revenues collected by UA, Fayetteville, sales and services revenues, or auxiliary enterprises revenues, or (B) any fees authorized or imposed by UA, Fayetteville and dedicated to a specific purpose unrelated to obligations issued pursuant to the Act or to facilities funded with such obligations.

See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** and **LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS, Factors Affecting the Board’s Funding and Factors Related to UAMS** herein.

Descriptions of the Board, the Bonds, the System (as hereinafter defined), UA, Fayetteville, the Indenture, and other documents are included in this Official Statement. Such descriptions do not purport to be comprehensive or definitive; all references herein to the Indenture, or other documents are qualified in their entirety by reference to such documents, copies of which are available from the Board and any of the underwriters listed on the cover; and all references to the Bonds are qualified in their entirety by reference to the definitive forms thereof and the information with respect thereto included in the Indenture. Terms not defined herein shall be given the meaning set forth in the specific instruments or documents.

[Remainder of page intentionally left blank.]

SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19

General

In January 2020, the Secretary of the United States Department of Health and Human Services declared a public health emergency related to COVID-19, a respiratory disease caused by a new strain of coronavirus. The World Health Organization (the “WHO”) declared a pandemic on March 11, 2020 following the global outbreak of COVID-19. On March 13, 2020, then President Donald Trump declared a national emergency to unlock federal funds and assistance to help states and local governments fight the pandemic. Arkansas’s then Governor Asa Hutchinson (the “Governor”) declared a state of emergency on March 11, 2020 due to the outbreak of COVID-19, which had spread to the State and to all of its counties, and, in connection therewith, ordered that certain actions be taken such as the suspension or closing of primary and secondary schools, limitations on mass gatherings, and mandating quarantine and isolation of persons who had contracted COVID-19 and associated close contacts. The Governor’s emergency declaration has expired. On April 10, 2023, President Joe Biden signed a congressional resolution that terminated the national emergency related to COVID-19. On May 5, 2023, the WHO announced that it was ending its COVID-19 emergency declaration. On May 11, 2023, the Department of Health and Human Services’ (“HHS”) public health emergency declaration expired. There are currently no government-mandated suspensions or closings of primary and secondary schools, limitations on mass gatherings or quarantine and isolation mandates for people who have contracted COVID-19 or their associated close contacts.

COVID-19 and associated governmental measures, which altered the behavior of businesses and people, have had and may continue to have negative impacts on regional, state and local economies. Financial markets in the United States and around the world saw significant volatility attributed to concerns about the duration of the pandemic and its continued economic impact, and declines and volatility may continue into the future. The federal government approved multiple relief, aid and stimulus packages, including the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”), the Paycheck Protection Program and the Health Care Enhancement Act, which were intended to address the financial impact of the pandemic on the United States economy and financial markets.

On March 11, 2021, legislation providing an additional \$1.9 trillion of economic relief (known as the American Rescue Plan) was signed into law by President Joe Biden. Such legislation included, among other things, funding for vaccine production and distribution, another round of stimulus payments for certain households, an extension of unemployment benefits, child tax credits, housing assistance, subsidies for health insurance, aid to state and local governments, and additional small business assistance.

On September 9, 2021, President Biden announced a COVID-19 Action Plan (the “Action Plan”) that, among other things, required vaccinations for federal workers and contractors, as well as healthcare workers in hospitals, nursing facilities and other institutions that receive Medicare and Medicaid reimbursement. Failure to comply with these vaccination mandates would have resulted in the loss of federal contracts and an exclusion from the Medicare and/or Medicaid programs. The System and the various campuses of the System enter into contracts with the federal government from time to time, and the System is subject to the Action Plan’s requirements as a federal contractor and a Medicare and Medicaid provider. The University of Arkansas for Medical Sciences achieved compliance under the Action Plan. On May 1, 2023, President Biden announced the end of the COVID-19 vaccine requirements for federal employees, federal contractors, and international air travelers. On May 31, 2023, the Centers for Medicare and Medicaid Services (“CMS”) issued a final rule formally withdrawing the vaccine requirement for health care staff. The final rule was published in the *Federal Register* on June 5, 2023, and will take effect on August 4, 2023; however, CMS explicitly stated that it will not be enforcing the staff vaccination provisions of the interim rule between June 5, 2023 and August 4, 2023, the date the final rule becomes effective.

As a result of the COVID-19 outbreak and anticipated declines in the State’s revenues, budget cuts were announced for fiscal years 2020 and 2021 with respect to funding for State colleges and universities. In both fiscal years, however, tax revenue collections were greater than expected, and the original budgeted funding to colleges and universities was fully restored.

State fiscal year 2022 revenues were up 9.2% over fiscal year 2021, resulting in a revenue surplus of approximately \$1.628 billion. In addition to cuts in the State’s individual income tax rates approved in 2021, in August 2022 the State legislature passed additional tax relief designed to accelerate corporate and individual income tax cuts, to change State depreciation requirements to match federal requirements, and to provide a tax credit for lower income individuals. In April 2023, the State legislature passed further reductions in individual income tax rates and corporate income tax rates.

Summary of UA, Fayetteville's Response to COVID-19 and Effect on Operations

On March 2, 2020, UA, Fayetteville convened a COVID-19 Response Team to assist its Communicable Diseases Outbreak Committee in coordinating activities designed to support community health and well-being and to develop contingency plans to limit the impact to UA, Fayetteville operations. On March 11, 2020, all university-sponsored out of state travel was suspended which reduced some revenue from programs such as Study Abroad while also saving funds originally budgeted for business travel and the travel portion of expenses related to professional development. On March 12, 2020, in-person classes were suspended and moved to remote course delivery commencing March 16. On March 18, 2020, all UA, Fayetteville operations and activities – other than essential operations – were shifted to online or other remote means to the maximum extent possible, and all on-site events were canceled. Certain limited operations that were required to occur on-campus, including public safety, health, dining and transit, continued. The majority of students living in university housing were asked to move out by April 3, 2020, although some students (mostly international students) continued to live in university housing. Credits were provided to students for room and board costs lost after April 3, 2020, the deadline for moving out of university-managed housing. UA, Fayetteville issued those credits totaling \$3,245,337 to impacted students that returned to campus for the Fall 2020 term.

Starting September 1, 2020, most employees in the UA, Fayetteville athletic department experienced salary reductions in a budget-tightening move which continued through the end of the fiscal year. Such salary reductions saved approximately \$3 million.

Tuition and fee schedules remained flat for the fall 2020 semester to provide some financial relief to students and families. Flexible class options were offered, including in-person, remote and hybrid. UA, Fayetteville collaborated with the Arkansas Department of Health to hold 3-day drive-thru testing clinics near the beginning the semester. Exemptions were available for incoming students who did not want to live on campus. Housing revenues were lost as occupancy was approximately five hundred students below capacity. Quarantine and isolation space was provided for students, including meals and laundry service. Attendance at athletic events was limited. Eligible employees received a one-time 2% merit payment as a part of the December payroll.

In fall 2021, UA, Fayetteville returned to a traditional face-to-face format with safety precautions in place. Individual students were able request in writing not to attend a face-to-face lecture, but were able to change their minds and attend classes face-to-face at any time. Housing reached full capacity. Attendance limits were removed for athletic events.

Beginning in fall 2022, UA, Fayetteville's operations have been substantially similar to pre-pandemic operations. There are currently no limits on housing capacity or attendance at athletic events. See also **THE FAYETTEVILLE CAMPUS OF THE SYSTEM**.

Over the course of the COVID-19 pandemic, the federal government enacted multiple legislation that served to provide relief to institutions of higher education for additional costs incurred and for revenue lost due to the pandemic. In the fiscal years ending June 30, 2021, 2022, and 2023 UA, Fayetteville received a total of \$44,978,255 from the federal government to cover additional costs and to supplement losses in revenue. Such amounts have been characterized as non-operating revenues, and none of such amounts have been included in Pledged Revenues.

[Remainder of page intentionally left blank.]

The following table details such funding received in FY2021, in FY2022, and in FY2023:

	Sum of Amounts Received
FY2021	\$21,470,723
Additional Classroom Tech	38,224
Lost Revenue Park and Transit	5,358,578
Lost Revenue Rome Center	1,892,529
Lost Revenue Tuition and Fees	8,911,537
PPE	2,976
Quarantine Expenses	43,361
Remote Expenses	717,731
Remote Teaching for Social Distance	140,597
Res Hall Cleaning	891,430
Student Housing Credits Fall 20	3,245,337
Student Laptops	161,997
Student Travel back from Rome	57,416
Tuition/RB Reimbursements	9,010
FY2022	\$23,434,425
Lost Revenue Dining	3,201,027
Lost Revenue Housing	10,083,677
Lost Revenue Pat Walker	2,204,385
Lost Revenue Tuition and Fees	7,446,970
Remote Expenses	184,646
Financial Aid Outreach	8,020
COVID-19 Monitoring and Suppression	305,700
FY2023	\$73,107
COVID-19 Monitoring and Suppression	73,107
Grand Total	\$44,978,255

In addition to the funds made available by the federal government, the State of Arkansas also made funds available to UA, Fayetteville to help cover costs of various PPE needs at the outset of the pandemic. UA, Fayetteville was able to purchase roughly \$2.4 million in PPE either directly or through the State.

The health and safety of the UA, Fayetteville campus community will continue to guide COVID-19 decisions and direction. UA, Fayetteville will continue to follow guidance from the Centers for Disease Control and Prevention (CDC), the State and the Arkansas Department of Health (ADH) and will update policies and procedures as needed. Campus functions will operate in a manner that prioritizes caution and safety. Given the experience since March 2020, UA Fayetteville is better equipped to adapt to potential impacts from COVID-19 in many ways including:

- Technology upgrades (video/audio and software enhancements) made across campus allow courses to be conducted in many ways including in-person, virtual or a hybrid – so courses can continue regardless of the COVID-19 situation.
- Instructors now have experience teaching courses in a variety of modes.
- Students now have experience learning in a variety of instruction modes.
- Facility upgrades, including added enhanced air filtration, increased air flow, the addition of sanitation stations and no-touch water refilling stations across campus support best practices for mitigating the spread of COVID-19.

- Employee guidance and policies have been updated to allow added flexibility when in the best interests of the university.
- The entire campus community now has experience following different levels of social distancing and safety protocols, including mask wearing, testing and vaccination, and quarantine and isolation procedures.

Developments with respect to COVID-19 and the State's responses to COVID-19 (including governmental mandates) may continue to occur. The full and future impact of COVID-19 and the scope of any adverse impact to the System's and UA, Fayetteville's finances and operations cannot be fully determined at this time. Other adverse consequences of COVID-19 that are not discussed above that may affect the System and its campuses, including UA, Fayetteville, may include, but are not limited to, decline in enrollment with resulting losses of student tuition and fee revenues, decline in demand for housing, lost revenues from athletics, lost revenues from dining services, lost revenues from bookstores, and a decline in programs that involve travel or that have international connections. The potential lasting financial impact of COVID-19 on the System and UA, Fayetteville cannot be predicted at this time, and the System and UA, Fayetteville make no representations regarding the economic impact of COVID-19 on the System and UA, Fayetteville or their financial positions, but reactions to governmental mandates or health care directives by the System or UA, Fayetteville may have an impact on Pledged Revenues and UA, Fayetteville's ability to pay debt service on the Bonds and UA, Fayetteville's other bond issues. In addition, the Board's bonded indebtedness are general obligations of the Board, and the Board is obligated to pay its bonded indebtedness from such other moneys as are available to the Board under the Constitution and laws of the State, and in the event revenues pledged are insufficient to pay bonds secured by such revenues, the Board will be obligated to use other sources to pay such indebtedness. See **SECURITY FOR THE BONDS** and **LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS, Factors Affecting the Board's Funding** and **Factors Related to UAMS** herein.

The University of Arkansas for Medical Sciences (which is a component of the System), as the State's only academic health center, has been uniquely impacted by COVID-19. These impacts have included increases in expenses and decreases in revenues. See **LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS, Factors Related to UAMS** herein.

See also **FORWARD-LOOKING STATEMENTS** herein.

[Remainder of page intentionally left blank.]

PURPOSES FOR THE BONDS

The proceeds of the Bonds will be used to current refund the Board's Athletics Facilities Revenue Bonds (Fayetteville Campus), Series 2013A (except for the September 15, 2023 maturity thereof) (the "Refunded Series 2013 Bonds"), and to pay costs of issuance.

A portion of the proceeds from the sale of the Bonds will be deposited in an escrow fund with the trustee for the Refunded Series 2013 Bonds and invested in United States Treasury Obligations and applied on September 15, 2023 to pay the interest on the Refunded Series 2013 Bonds then due and to redeem the Refunded Series 2013 Bonds at a price of par plus accrued interest.

The Refunded Series 2013 Bonds were issued to finance a portion of the costs of (a) acquiring, constructing, equipping, and furnishing the Jones Student-Athlete Success Center, (b) acquiring, constructing, equipping, and furnishing the Marsha and Marty Martin Family Basketball Performance Center, and (c) acquiring, constructing, equipping, and furnishing the Fowler Family Baseball and Track Training Center.

USE OF PROCEEDS

The proceeds of the Bonds are expected by the Board to be used as follows:

Proceeds:

Par Amount of Bonds	\$10,260,000.00
Original Issue Premium	<u>535,039.05</u>
Total Proceeds:	<u>\$10,795,039.05</u>

Uses:

Escrow Deposit	\$10,649,437.76
Costs of Issuance and Underwriters'	
Discount	<u>145,601.29</u>
Total Uses:	<u>\$10,795,039.05</u>

The payment of Underwriters' discount and the costs of issuing the Bonds relating to the payment of professional fees will be contingent on the Bonds being issued. See **UNDERWRITING** for a description of the Underwriters' discount.

DESCRIPTION OF THE BONDS

The Bonds will be dated the date of delivery thereof, and will bear interest from that date, payable semiannually on March 15 and September 15 of each year commencing March 15, 2024, at the rates set forth on the inside cover page of this Official Statement, and will mature on September 15 in the years and amounts set forth on the inside cover page of this Official Statement. The Bonds are issuable as fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. Principal of the Bonds is payable at the principal office of the Trustee. Interest will be payable to the person in whose name such Bonds are registered on the registration books maintained by the Trustee (the "Registered Owner") at the close of business on the first day of the month in which any interest payment date on the Bonds occurs or, if such day is not a Business Day, the immediately preceding Business Day (the "Record Date"). Interest will be payable by check drawn upon the Trustee or by wire transfer if requested by a Registered Owner of Bonds in the principal amount of \$1,000,000 or more.

REDEMPTION

The Bonds are not subject to redemption prior to maturity.

SECURITY FOR THE BONDS

The Bonds will be general obligations only of the Board and will not constitute an indebtedness for which the faith and credit of the State or any of its revenues are pledged, and the Bonds are not secured by a mortgage or lien on any lands or buildings belonging to the State or to the Board. The Bonds will be secured by a pledge of, and payable first from, the Pledged Revenues and the funds and accounts held pursuant to the Indenture. To the extent the Pledged Revenues are insufficient to pay obligations under the Indenture, the Board shall pay such obligations from any other moneys available to it in accordance with the Constitution and laws of the State. See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** and **LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS, Factors Affecting the Board's Funding and Factors Related to UAMS** herein.

The Bonds will be secured by Pledged Revenues on a parity with the pledge in favor of the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Bonds. The term "Pledged Revenues" is defined as (i) Athletic Gate Receipts (defined in the Indenture as those revenues of UA, Fayetteville derived from men's intercollegiate athletic events, including settlements, guarantees, the sale of tickets, television and radio revenues, concession revenues, and all amounts transferred from the Razorback Foundation, Inc., or the successor thereto, representing priority seating requirement proceeds, which are received by the Men's Athletic Department of UA, Fayetteville, less amounts paid to state and local taxing authorities and amounts paid by UA, Fayetteville, for settlements and guarantees for scheduled men's intercollegiate athletic events, together with (ii) revenues of UA, Fayetteville, derived from any Student Athletic Fee (defined in the Indenture as any fee charged to students attending UA, Fayetteville to support intercollegiate athletics, whether such fee is imposed pursuant to Arkansas Code Annotated Sections 6-62-801 et seq., as amended, or pursuant to Section 711 of the Indenture). No Student Athletic Fee is currently being charged. The Pledged Revenues do not include (A) tuition or fee revenues collected by UA, Fayetteville, sales and services revenues, or auxiliary enterprises revenues, or (B) any fees authorized or imposed by UA, Fayetteville and dedicated to a specific purpose unrelated to obligations issued pursuant to the Act or to facilities funded with such obligations.

Pledged Revenues for certain prior fiscal years are set out below under **THE FAYETTEVILLE CAMPUS OF THE SYSTEM, Pledged Revenues**. The amounts of the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Bonds payable from Pledged Revenues are shown under **THE FAYETTEVILLE CAMPUS OF THE SYSTEM, Existing Obligations**.

The Board has reserved the right to pledge Pledged Revenues to additional bonds and obligations to be issued under the Act, subject to the limitations and conditions set forth in the Indenture (see **SUMMARY OF THE INDENTURE, Additional Bonds**). The issuance of additional bonds is subject to compliance with the requirements of the Indenture, and the pledge in favor of the additional bonds may either be on a parity with, or subordinate to the pledge in favor of the Bonds.

The Board has covenanted (i) to promptly pay the principal of and interest on the Bonds, (ii) that it shall use due diligence to ensure collection of the Pledged Revenues until all Bonds have been retired in full, (iii) that it will maintain Pledged Revenues at a level equal to or exceeding 115% of current annual debt service on the Bonds, the Unrefunded Series 2013 Bonds, the Series 2016 Bonds, the Series 2019 Bonds, and any Additional Parity Bonds and trustee's and paying agent's fees on such bonds, (iv) that it will, to the extent necessary to maintain Pledged Revenues at the 115% coverage level described in the preceding sentence, impose a Student Athletic Fee on students attending UA, Fayetteville, (v) not to pledge the Pledged Revenues as security for any other indebtedness or borrowing and not to create any charges upon, liens against, or encumbrances of any kind (except those created by the Indenture) on the Pledged Revenues, except as permitted to secure additional bonds as permitted pursuant to the Act (see **SUMMARY OF THE INDENTURE, Additional Bonds**), and (vi) to promptly discharge all claims and judgments which will become liens against the Pledged Revenues.

The Board has never defaulted on debt service payments on any bonded indebtedness.

No debt service reserve will secure the Bonds.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, New York, or its successor, will act as securities depository for the Bonds. The Bonds will each be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate for each maturity will be issued in the principal amount of the maturity and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (referred to herein as “Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent only to Cede & Co. If fewer than all of the Bonds are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and premium, if any, payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Board or Trustee, on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Trustee, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal,

interest and premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Board or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered. The Board may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bonds will be printed and delivered.

The information concerning DTC and DTC's book-entry system set forth above has been obtained from DTC. Neither the Underwriters nor the Board make any representation or warranty regarding the accuracy or completeness thereof.

So long as the Bonds are in book-entry only form, Cede & Co., as nominee for DTC, will be treated as the sole owner of the Bonds for all purposes under the Indenture, including receipt of all principal of and interest on the Bonds, receipt of notices, voting and requesting or directing the Trustee to take or not to take, or consenting to, certain actions under the Indenture. The Board and the Trustee have no responsibility or obligation to the Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any Participant; (b) the payment by any Participant of any amount due to any Beneficial Owner in respect of the principal of and interest on the Bonds; (c) the delivery or timeliness of delivery by any Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Indenture to be given to owners of Bonds; or (d) other action taken by DTC or Cede & Co. as owner of the Bonds.

[Remainder of page intentionally left blank.]

CONCERNING THE TRUSTEE

Regions Bank ("Trustee") will be the Trustee under the Indenture. The Trustee has experience serving as trustee, paying agent, and registrar for municipalities, school districts, universities, state and county agencies, hospitals, retirement centers, and various non-profit entities, as well as to issuers of corporate debt.

The Trustee may resign at any time. The Trustee may be removed at any time (i) by the Board; provided, however, that the Board may not remove the Trustee so long as an Event of Default (as defined under **SUMMARY OF THE INDENTURE**, herein) shall have occurred which has not been cured, or any event shall have occurred which with the passage of time would lead to an Event of Default, or (ii) by an instrument or concurrent instruments in writing, signed by the registered owners of not less than a majority in principal amount of each series of bonds issued under the Indenture and then outstanding. No such resignation or removal will be effective until a successor Trustee is appointed and has accepted the appointment.

Each successor Trustee must be a trust company or bank organized and doing business under the laws of the United States or of a state, duly authorized to exercise trust powers and which has a reported capital surplus of at least \$75,000,000. The preceding criteria may be met by a parent corporation if the parent corporation has guaranteed the obligations of the successor Trustee.

The Trustee is also the bond registrar and paying agent for the Bonds.

Except during the continuance of an Event of Default of which the Trustee is deemed to have notice, the Trustee shall perform only the duties specifically set forth in the Indenture. The Trustee is deemed to have notice only of Events of Default described under paragraphs (a) or (b) under **SUMMARY OF THE INDENTURE, Events of Default**, and of other Events of Default of which it has received written notice from the owners of not less than 20% in outstanding principal amount of the Bonds. During the continuance of an Event of Default of which the Trustee is deemed to have notice, the Trustee is required to use the degree of care and skill in the exercise of its duties as would be exercised by a prudent man in the conduct of his own affairs.

The Trustee shall not be required to take any action in discharging its trust until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees, and other reasonable disbursements, and against all liability.

The Trustee is entitled to reasonable compensation from the Board. The Trustee's compensation will be paid from Pledged Revenues. If an Event of Default has occurred and is continuing, the Trustee's right to compensation from Pledged Revenues shall be entitled to a preference therefore over the claim of owners for payment of principal of and interest on Bonds from such Pledged Revenues.

[Remainder of page intentionally left blank.]

SUMMARY OF THE INDENTURE

The following is a summary of certain provisions of the Indenture.

Application of Bond Proceeds

Proceeds of the Bonds will be applied as follows:

Refunding. Proceeds of the Bonds necessary to accomplish the refunding of the Refunded Series 2013 Bonds shall be deposited into a special fund in the name of the Board designated “Escrow Fund” held by the trustee for the Refunded Series 2013 Bonds and applied to the payment of interest on the Refunded Series 2013 Bonds due September 15, 2023 and to the redemption of the Refunded Series 2013 Bonds on September 15, 2023, at a price of par plus accrued interest.

Cost of Issuance. The balance of the proceeds of the Bonds shall be deposited to the credit of the “Series 2023 Cost of Issuance Fund” created pursuant to the Indenture and held by the Trustee under the Indenture and used to pay costs of issuing the Bonds and costs of refunding the Refunded Series 2013 Bonds.

Use of Pledged Revenues and Flow of Funds

Disposition of Pledged Revenues. The Bonds are secured by a pledge of, and are payable from, the Pledged Revenues, and by moneys in the various funds and accounts created pursuant to the Indenture. The pledge of Pledged Revenues to the Bonds is on a parity with the pledge of Pledged Revenues in favor of the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Bonds, to the extent outstanding. The Board has pledged the Pledged Revenues to the payment of the principal of, premium if any, and interest on the Bonds. To the extent the Pledged Revenues and the Trust Estate established pursuant to the Indenture are insufficient to pay the obligations of the Board pursuant to the Indenture, the Board has covenanted to pay such obligations from such other moneys as are available to the Board under the Constitution and laws of the State.

Bond Fund. The Board has established with the Trustee a special fund in the name of the Board designated “Series 2023 Bond Fund” (the “Bond Fund”). Amounts credited to the Bond Fund shall be expended solely (i) to pay the principal of, premium, if any, and interest on the Bonds; (ii) to pay the fees and expenses of the Trustee; and (iii) to make required payments with respect to arbitrage rebate pursuant to the Indenture. The Vice Chancellor (as hereinafter defined) of UA, Fayetteville shall, no later than three Business Days prior to March 15 and September 15 of each year, or, if such day is not a Business Day, then on the immediately preceding Business Day, deposit or cause to be deposited with the Trustee for the credit of the Bond Fund an amount of Pledged Revenues, or such other moneys as are available to the Board under the Constitution and laws of the State, equal to (i) the amount necessary to pay the principal of and interest on the Bonds due on the next succeeding Interest Payment Date; (ii) the fees and expenses of the Trustee and Paying Agent due on the next succeeding Interest Payment Date; and (iii) any amount required to make required payments with respect to arbitrage rebate pursuant to the Indenture. The deposits described in the preceding sentence shall be reduced by any amounts already held in the Bond Fund at the time the deposit is made which are available for meeting the purpose for which a deposit is to be made, including amounts of accrued interest.

The obligation to make payments into the Bond Fund pursuant to the Indenture, the obligation to make payments into the bond funds for the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Funds (collectively, the “Parity Bond Funds”) pursuant to the respective trust indentures securing the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Bonds (collectively, the “Parity Indentures”), and the obligation to make payments into the bond fund for any Additional Parity Bonds (as defined below under the subcaption **Additional Bonds**), shall be ranked on a parity basis. If Pledged Revenues and such other moneys as are lawfully available are insufficient to make the payments into the Bond Fund, the Parity Bond Funds, and the bond fund for any Additional Parity Bonds, the available moneys shall be distributed among the Bond Fund, the Parity Bond Funds, and the bond fund for any Additional Parity Bonds in proportion to the required payments.

Cost of Issuance Fund. The Board has established with the Trustee a special fund in the name of the Board designated “Series 2023 Cost of Issuance Fund” (the “Series 2023 Cost of Issuance Fund”). Moneys in the Series 2023 Cost of Issuance Fund shall be used for the payment of costs of issuance of the Bonds and costs of accomplishing the refunding of the Refunded Series 2013 Bonds. Moneys remaining in the Series 2023 Cost of Issuance Fund on October 1, 2023 will be transferred to the Bond Fund and used to pay interest on the Bonds.

Investments. Amounts in the Bond Fund and Series 2023 Cost of Issuance Fund shall, pursuant to the direction of the Vice Chancellor for Finance and Administration for UA, Fayetteville (the “Vice Chancellor”) be invested and reinvested by the Trustee in Permitted Investments (defined below), which mature or provide for

withdrawal, at the option of the owner thereof, on or prior to the date on which the funds invested will be needed for authorized expenditures.

“Permitted Investments” shall mean any of the following:

(1) Direct obligations of the United States of America (including obligations issued or held in book entry form on the books of the Department of the Treasury) or obligations the principal of and interest on which are unconditionally guaranteed by the United States of America (“Government Obligations”);

(2) Direct obligations of an agency, instrumentality or government-sponsored enterprise created by an act of the United States Congress and authorized to issue securities or evidences of indebtedness, regardless of whether the securities or evidences of indebtedness are guaranteed for repayment by the United States Government;

(3) (i) Federal funds, or banker’s acceptances, maturing in not more than 360 days, issued or accepted by commercial banks which have a rating on their short-term certificates of deposit on the date of purchase of not lower than A-1 by S&P or P-1 by Moody’s, (ii) U.S. dollar denominated certificates of deposit issued by commercial banks or savings and loans and fully insured by the Federal Deposit Insurance Corporation, or (iii) U.S. dollar denominated certificates of deposit issued by commercial banks or savings and loans, provided the payment of principal of and interest on the certificate is fully secured by a pledge of Government Obligations or other securities authorized by State law to secure public funds or the issuer of the certificate of deposit has a rating described in (i), above;

(4) Investments in a money market fund, including funds of the Trustee or its affiliates, (i) rated (at the time of purchase) in the highest rating category for this type of investment by S&P or Moody’s or (ii) comprised exclusively of Government Obligations, the obligations described in clause (2) above, and/or other securities authorized by State law to secure public deposits;

(5) U.S. dollar denominated corporate notes, bonds or other debt obligations issued or guaranteed by a financial institution, non-profit or other entity which have a rating of at least “A-” by S&P or “A3” by Moody’s on the date of purchase;

(6) U.S. dollar denominated commercial paper issued or guaranteed by a corporation, company, financial institution, trust or other entity which have a rating of at least “A-1” by S&P or “P-1” by Moody’s on the date of purchase;

(7) (i) Obligations the interest on which is excluded from gross income of the owner thereof for federal income tax purposes under Section 103(a) of the Code (as hereinafter defined), that are rated in the two highest long-term or short-term rating categories by S&P or Moody’s, and are not private activity bonds under the Code; and (ii) United States Treasury Obligations - State and Local Government Series. If a bond rating agency other than S&P or Moody’s is maintaining a rating on the Bonds, ratings comparable to those described above shall be required for such obligations; and

(8) Any other investment that is legal for the Board and permitted by Board policy.

Obligations so purchased as an investment of moneys in any fund or account shall be deemed at all times to be a part of such fund, and the interest accruing thereon and any profit realized from such investment shall be credited to such fund, and any loss shall be charged to such fund.

Additional Bonds

No additional bonds may be issued with a prior pledge of the Pledged Revenues. The Board reserves the right to issue additional bonds or obligations ranking on a parity of pledge of the Pledged Revenues (“Additional Parity Bonds”) for the purposes of accomplishing any duly authorized project of the UA, Fayetteville Athletic Department or refunding outstanding bonds or notes issued for such purposes, provided the Vice Chancellor certifies that the Pledged Revenues in the immediately preceding Fiscal Year equaled or exceeded 115% of the combined maximum annual debt service on the outstanding Bonds, the outstanding Unrefunded Series 2013 Bonds, the outstanding Series 2016 Bonds, the outstanding Series 2019 Bonds, any other outstanding Additional Parity Bonds, and the Additional Parity Bonds then proposed to be issued.

Additional bonds or other obligations of indebtedness may also be issued with a pledge of Pledged Revenues subordinate to the pledge in favor of the Bonds (the “Subordinate Bonds”); provided, however, that before any such Subordinate Bonds are issued, the Board will deliver to the Trustee a certificate signed by the Vice Chancellor to the effect that the amount of Pledged Revenues received during the immediately preceding Fiscal Year was in an amount at least equal to 100% of the aggregate amount of (I) the amount of principal and interest due on the outstanding Bonds, the outstanding Unrefunded Series 2013 Bonds, the outstanding Series 2016 Bonds, the outstanding Series

2019 Bonds, and any Additional Parity Bonds then outstanding on the next two ensuing Interest Payment Dates; and (2) maximum annual debt service on all other Subordinate Bonds during the term of the Bonds, computed with regard to all outstanding Bonds, Unrefunded Series 2013 Bonds, Series 2016 Bonds, Series 2019 Bonds, other outstanding Additional Parity Bonds, and other Subordinate Bonds as of the time immediately following the issuance of the Subordinate Bonds proposed to be issued.

Pledged Revenues; Permitted Encumbrances

The Board has represented and warranted that as of the date the Bonds are issued, there will be no charges upon or pledges against Pledged Revenues except the Refunded Series 2013 Bonds (which are being refunded), the Unrefunded Series 2013 Bonds, the Series 2016 Bonds, and the Series 2019 Bonds, to the extent outstanding. The Board has covenanted that it shall use due diligence to ensure collection of the Pledged Revenues until all Bonds secured by the Indenture have been retired in full. The Board has covenanted not to pledge the Pledged Revenues as security for any other indebtedness or borrowing and not to create or permit the creation of any charges upon, liens against, or encumbrances of any kind (other than those created under the Indenture) on the Pledged Revenues, except as permitted to secure Additional Parity Bonds and Subordinate Bonds. The Board has covenanted to promptly discharge all claims and judgments which will become liens against the Pledged Revenues

Events of Default

The Indenture defines “Events of Default” as:

- (a) Payment of the principal and premium, if any, on any of the Bonds shall not be made when the same shall become due and payable; or
- (b) Payment of any installment of interest on any of the Bonds shall not be made when the same shall become due and payable; or
- (c) The Board shall for any reason be rendered incapable of fulfilling its obligations under the Indenture; or
- (d) Any proceeding shall be instituted, with the consent or acquiescence of the Board, for the purpose of adjusting the claims of creditors pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable out of Pledged Revenues; or
- (e) The Board shall default in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or the Indenture, and such default shall continue for thirty (30) days after written notice specifying such default and requiring the same to be remedied shall have been given to the Board by the Trustee, which may give such notice in its discretion and shall give such notice upon the written request of the registered owners of not less than twenty percent (20%) in principal amount of the Bonds then outstanding; provided, however, that if the default is such that it cannot be corrected within the applicable period, it shall not constitute an Event of Default if corrective action is instituted by or on behalf of the Board within the applicable period and diligently pursued until the default is corrected; or
- (f) An event of default shall occur under the Parity Indentures or any subsequent trust indenture securing any Additional Parity Bonds.

Upon the happening and continuance of any Event of Default, then and in such case the Trustee may, and upon written request of the registered owners of not less than twenty percent (20%) in principal amount of the Bonds then outstanding shall, by a notice in writing to the Board, declare the principal of all of the Bonds then outstanding (if not then due and payable) to be due and immediately payable, and upon such declaration the same shall become and be immediately due and payable.

Upon the happening and continuance of any Event of Default, the Trustee may proceed, and upon the written request of the owners of not less than twenty percent (20%) in principal amount of the Bonds then outstanding shall proceed, subject to the provisions of the Indenture giving the Trustee the right to indemnity (see **CONCERNING THE TRUSTEE**, herein), to protect and enforce its rights and the rights of the owners of the Bonds under the applicable laws of the State or under the Indenture by such suits, actions or special proceedings in equity or at law, either for the specific performance of any covenant or agreement contained in the Indenture or in aid or execution of any power therein granted or for the enforcement of any proper legal or equitable remedy, including mandamus, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

If at any time the moneys in the Bond Fund shall not be sufficient to pay the principal of or the interest on the Bonds as the same become due and payable (either by their terms or by acceleration of maturities as provided

above), such moneys then available or thereafter becoming available for such purposes after payment of the fees and expenses of the Trustee, whether through the exercise of the remedies provided above or otherwise, shall be applied as follows:

(a) Unless the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied:

FIRST: To the payment to the persons entitled thereto of all installments of interest then due, in the order of maturity of the installments of such interest, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege;

SECOND: To the payment to the persons entitled thereto of the unpaid principal of any Bonds which shall have become due, in the order of their due dates, with interest on such Bonds from the respective dates upon which they became due, and, if the amount available shall not be sufficient to pay in full the Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto, without any discrimination or privilege; and

THIRD: To the payment of the interest on and the principal of the Bonds, all in accordance with the provisions of the Indenture.

(b) If the principal of all Bonds shall have become due or shall have been declared due and payable, all such moneys shall be applied to the payment of the principal and interest then due and unpaid upon the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(c) If the principal of all Bonds shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled, then, subject to the provisions of paragraph (b), in the event that the principal shall later become due or be declared due and payable, the moneys then remaining in and thereafter accruing to the Bond Fund shall be applied in accordance with the provisions of paragraph (a) above.

Whenever moneys are to be applied by the Trustee as aforesaid, such moneys shall be applied by it at such times, and from time to time, as it shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future.

No bondholder shall have any right to institute any suit, action, mandamus or other proceeding, in equity or at law, unless the owners of not less than 20% in principal amount of the Bonds then outstanding shall have made written request of the Trustee and afforded the Trustee a reasonable opportunity to proceed and shall also have offered to the Trustee reasonable indemnity against costs, expenses and liabilities to be incurred, and the Trustee shall have refused or neglected to comply with such request within a reasonable time.

Supplemental Indentures Not Requiring Consent of Owners of Bonds

The Board and the Trustee may, from time to time and at any time, enter into such indentures supplemental to the Indenture as shall not be inconsistent with the terms and provisions of the Indenture (which supplemental indentures shall thereafter form a part hereof),

(a) to cure any ambiguity or formal defect or omission in the Indenture or in any supplemental indenture, or

(b) to grant to or confer upon the Trustee for the benefit of the owners any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the owners or the Trustee, or

(c) to issue additional bonds in accordance with the Indenture; or

(d) to insert such provision clarifying matters or questions arising under the Indenture as are necessary or desirable and are not contrary to or inconsistent with the Indenture; or

(e) to make any other change, which, in the judgment of the Trustee, in reliance on opinions of counsel and certifications from the Board, does not materially adversely affect the owners of the Bonds.

Supplemental Indentures Requiring Consent of Owners of Bonds

Subject to the terms and provisions contained in the Indenture, the owners of not less than sixty-six and two-thirds percent (66-2/3%) in aggregate principal amount of the Bonds then outstanding shall have the right, from time to time, to consent to and approve the execution by the Board and the Trustee to such indenture or indentures supplemental to the Indenture as shall be deemed necessary or desirable by the Board for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that, subject to the following paragraph, nothing shall permit, or be construed as permitting, (a) an extension of the maturity of the principal of or the interest on any Bond issued under the Indenture, or (b) a reduction in the rate of interest thereon, or (c) a preference or priority of any Bond or Bonds over any other Bond or Bonds, or (d) a reduction in the aggregate principal amount of the Bonds required for consent to making such supplemental indentures.

At any time one hundred percent (100%) of the owners may consent to and approve the execution by the Board and the Trustee of an indenture or indentures supplemental to the Indenture permitting the modifications described in clauses (a), (b), (c) or (d) of this paragraph.

Defeasance

If the Board shall pay or cause to be paid to the holders of the Bonds the principal, premium and interest to become due thereon at the times and in the manner stipulated therein, and if the Board shall keep, perform and observe all and singular the covenants and promises in the Bonds and in the Indenture expressed as to be kept, performed and observed by it on its part, then the presents and the estate and rights granted by the Indenture shall cease, determine and be void, and thereupon the Trustee shall cancel and discharge the lien of the Indenture, and execute and deliver to the Board such instruments in writing as shall be requisite to satisfy the lien thereof, and shall reconvey to the Board the estate thereby conveyed, and assign and deliver to the Board any property at the time subject to the lien of the Indenture which may then be in its possession, except cash or Government Obligations held by it for the payment of the principal of and interest on the Bonds.

Bonds for the payment of which cash or non-callable Government Obligations maturing on or prior to the maturity date of the Bonds shall have been deposited with the Trustee (whether upon or prior to the maturity date of such Bonds) shall be deemed to be paid within the meaning of the Indenture and shall not be regarded as outstanding thereunder. In determining the sufficiency of the deposit there shall be considered the principal amount of such Government Obligations and interest to be earned thereon until the maturity of such Government Obligations.

The Board may at any time surrender to the Trustee for cancellation by it any Bonds previously authenticated and delivered under the Indenture which the Board may have acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired.

Termination of Rights

Any funds on deposit in the Bond Fund for a period of two and one-half years after the date of maturity of all outstanding Bonds shall become the unencumbered property of the Board and shall be remitted to the Board, and the rights of the holder of any Bond with respect to such funds shall be terminated.

[Remainder of page intentionally left blank.]

THE UNIVERSITY OF ARKANSAS SYSTEM

Generally

The University of Arkansas was established in Fayetteville as a land grant institution, originally named “Arkansas Industrial University,” by legislative act of the General Assembly in 1871. Classes at the University of Arkansas commenced January 22, 1872 and, in 1899, the institution’s name was changed to the University of Arkansas (the “University”). Since then, either through mergers or other authority of the Board, the University has established multiple campuses, divisions, or units, which collectively are referred to as the University of Arkansas System (the “System”). The System’s campuses, divisions, and units (other than UA, Fayetteville, which is described under **THE FAYETTEVILLE CAMPUS OF THE SYSTEM**) are briefly described below:

University of Arkansas for Medical Sciences (“UAMS”). Founded in 1879 as the University of Arkansas Department of Medicine, the University of Arkansas Medical Center was established by the Board as a campus of the University in 1975. In 1981, the name was changed to the University of Arkansas for Medical Sciences. UAMS is comprised of the College of Medicine, the College of Pharmacy, the College of Nursing, the College of Health Professions, the College of Public Health, the Graduate School, the regional Area Health Education Centers, the Outpatient Center (formerly known as the Ambulatory Care Center) and Level 1 Trauma Center, the Winthrop P. Rockefeller Cancer Institute, the Harvey and Bernice Jones Eye Institute, the Jackson T. Stephens Spine and Neurosciences Institute, the Psychiatric Research Institute, the Translational Research Institute, the Orthopaedic and Spine Hospital, and the Donald W. Reynolds Institute on Aging. Students attend classes in Little Rock and at the Northwest Regional Campus in Fayetteville.

University of Arkansas at Little Rock (“UA Little Rock”). UA Little Rock was founded in 1927 as Little Rock Junior College and, in 1957, became a four-year institution called Little Rock University. In 1969, Little Rock University merged into the System and the school adopted the name University of Arkansas at Little Rock. The UA Little Rock William H. Bowen School of Law offers the professional degree of Juris Doctor, and UA Little Rock now offers over 60 other graduate and professional programs and approximately nine doctoral programs. Little Rock, in Pulaski County, is the capital of Arkansas.

University of Arkansas at Monticello (“UAM”). UAM was established in 1909 by Legislative Act of the General Assembly. Originally called the Fourth District Agricultural School, UAM by merger joined the System on July 1, 1971. Monticello, the county seat of Drew County, is located approximately 100 miles southeast of Little Rock. UAM offers Master’s Degree programs in Fine Arts in Creative Writing, Music (Jazz Studies), Education (various specialties), and Science in Forest Resources, as well as Bachelor and Associate Degrees in various fields including Agriculture, Business Administration, Communication Arts, Education, Fine Arts, Forest Resources and Nursing. UAM has satellite campuses in Crossett and McGehee.

University of Arkansas at Pine Bluff (“UAPB”). UAPB was founded in 1873 as Branch Normal College and became a land-grant institution in 1891. It joined the System and changed its name in 1972 to the University of Arkansas at Pine Bluff. Pine Bluff is located approximately 42 miles southeast of Little Rock. UAPB offers approximately thirty Bachelor’s Degree programs, two Associate Degree programs, eight Master’s Degree programs, and one doctoral program among the following academic schools: Agriculture, Fisheries, and Human Sciences, Business and Management, Education, Arts and Sciences, and University College.

University of Arkansas at Fort Smith (“UAFS”). UAFS was first established as Fort Smith Junior College in 1928 as an extension of the local public school system. Until 1950, it operated within the public school system and offered primarily college-parallel courses. In 1950, it was separated from the public school system and incorporated as a private, nonprofit educational institution. UAFS has experienced several name changes since its founding. In 1966, the College was renamed Westark Junior College, in 1972 it became Westark Community College, and in 1998 it became Westark College. On January 1, 2002, pursuant to the Merger Agreement and Plan of Transition dated December 15, 2000, Westark College became the University of Arkansas at Fort Smith. UAFS offers approximately two Master’s Degree programs and approximately 41 Bachelor’s Degree programs. In addition, UAFS offers associates degrees in applied science, general studies, art, and science in 21 academic fields), as well as approximately 49 programs under which students can earn a technical certificate or a certificate of proficiency.

Phillips Community College of the University of Arkansas (“PCCUA”). This campus was established in 1965 as Phillips County Community College under applicable State law and county ordinance. The principal campus is located in Helena – West Helena, Arkansas, and satellite campuses are located in Stuttgart and DeWitt. The College provides comprehensive community college higher education offerings in its area and offers associate degrees and certificate programs. Pursuant to a merger agreement effective July 1, 1996, Phillips County Community College

became a part of the System and was designated “The Phillips County Community College of the University of Arkansas.” PCCUA is now known as “Phillips Community College of the University of Arkansas.”

University of Arkansas Community College at Hope - Texarkana (“UAHT”). On July 1, 1965, Hope, Arkansas, was named as a site for Red River Vocational Technical School pursuant to applicable law, and classes began in August, 1966 at a sixty-acre campus donated by the City of Hope. In 1991, under applicable law, the school was changed to technical college status and was named “Red River Technical College.” Effective July 1, 1996, Red River Technical College was merged into the System and was designated “University of Arkansas Community College at Hope.” In 2012, a satellite campus of 22 acres was established in Texarkana, Arkansas. In January 2019, the Board approved modifying the official name of the campus to “University of Arkansas Community College at Hope-Texarkana.”

University of Arkansas Community College at Batesville (“UACCB”). UACCB, formerly Gateway Technical College, became part of the System on October 13, 1997 pursuant to a merger agreement. Originally established as “Gateway Vocational-Technical College” in 1975, the institution became Gateway Technical College under Act 1244 of 1991. After passage of a local sales tax referendum by the citizens of Independence County, Gateway Technical College was renamed the “University of Arkansas Community College at Batesville” by the Board on March 31, 1998.

The University of Arkansas Community College at Morrilton (“UACCM”). The 1961 Arkansas General Assembly established Petit Jean as the State’s second adult vocational-technical school, and classes began in September 1963. In 1991, the General Assembly converted Petit Jean to a degree-granting two-year college. The conversion permitted expansion of the curriculum to include technical, academic and workforce education, community education, and adult education. Initially named “Petit Jean Technical College,” the name was changed to “Petit Jean College” on July 1, 1997. Pursuant to a merger agreement effective July 1, 2001, the institution became a part of the System and was designated “The University of Arkansas Community College at Morrilton.”

Cossatot Community College of the University of Arkansas (“CCCUA”). Cossatot Vocational Technical School was created by the Arkansas General Assembly in 1975 and was constructed on 40 acres of land donated by the DeQueen Chamber of Commerce. In 1991, the General Assembly converted the school into a two-year degree granting institution. With the main campus in DeQueen, the college has teaching centers in Nashville and Ashdown. Pursuant to a merger agreement effective July 1, 2001, the institution became a part of the System and was designated “Cossatot Community College of the University of Arkansas.”

University of Arkansas Community College at Rich Mountain (“UACCRM”). UACCRM was first established in 1983 as Rich Mountain Community College, as a public two-year college with a mission to provide post-secondary educational opportunities to the citizens of Polk County, Arkansas and surrounding areas. Effective February 1, 2017, the institution merged with and became part of the System and was designated “University of Arkansas Community College at Rich Mountain.” UACCRM’s main campus is located in Mena, Arkansas. In addition, UACCRM maintains satellite campuses in Waldron, Arkansas and Mount Ida, Arkansas.

University of Arkansas – Pulaski Technical College (“UA – Pulaski Tech”). The Little Rock Vocational Technical School was established in October 1945 under the supervision of the Little Rock public school system. In October 1969, administration of the institution was transferred to the Arkansas State Board of Vocational Education, and the school was renamed Pulaski Vocational Technical School. The institution moved to its current location in North Little Rock, Arkansas in January 1976. In 1991, Pulaski Vocational Technical School was renamed Pulaski Technical College. Effective February 1, 2017, the institution merged with and became part of the System and was designated “University of Arkansas – Pulaski Technical College.” UA – Pulaski Tech is a two-year college that serves the education needs of central Arkansas through more than 90 occupational/technical degree and certificate programs, a university-transfer curriculum, and specialized programs for business and industry.

Other Programs, Locations and Entities

Other System-affiliated programs, locations and entities are as follows:

Cammack Campus. In 1957 the late Kate Cammack donated to the Board a 40-acre tract of land on North University Avenue in Little Rock to be used for educational and cultural programs of the System. Presently located on the Cammack Campus are the President’s residence and the System Administration offices with a conference room for the Board and other System functions. The Cammack Campus also includes Mrs. Cammack’s home, “Pine Border,” which has been restored.

University of Arkansas Clinton School of Public Service (“CSPS”). CSPS was established by the Board in 2004. CSPS is located in downtown Little Rock on the grounds of the William J. Clinton Presidential Center and Park. CSPS is the first graduate school in the nation to offer a Master of Public Service degree, helping students further their careers in the areas of government, non-profit, volunteer, and private sector service.

University of Arkansas System eVersity (“eVersity”). In 2014, the Board established eVersity, the System’s first 100% online institution. In May, 2022, the Board approved the elimination of the degree programs offered by eVersity and the closure of its operations in order to facilitate the integration of eVersity and UA-Grantham (as defined below under University of Arkansas – Grantham), the newest System campus, into a single entity. This integration has been completed, and the surviving entity will continue to operate as University of Arkansas - Grantham. As part of the integration, all eVersity assets and liabilities have been transitioned to UA-Grantham, and eVersity students have been allowed to transfer to UA-Grantham without any restriction or detriment.

University of Arkansas System Division of Agriculture. The University of Arkansas Division of Agriculture is the statewide research and extension agency serving Arkansas agriculture, communities, families and youth. The mission of the division is to discover new knowledge, incorporate it into practical applications and assist Arkansans in its application. With a presence in all 75 Arkansas counties, the division is comprised of two principal units: the Agricultural Experiment Station and the Cooperative Extension Service. Division faculty and facilities are located on five System campuses, at five regional research and extension centers, eight branch stations and other locations. An extension office is located in each county in cooperation with county governments.

Arkansas Archeological Survey. The mission of the Arkansas Archeological Survey is to study and protect the 13,000-year archeological heritage of Arkansas, to preserve and manage information and collections from archeological sites and to communicate what is learned to the people of the State. The survey has 10 research stations across the State, each with a full-time PhD archeologist associated with regional higher education institutions and state parks. The archeologists conduct research, assist other state and federal agencies and are available to local officials, amateur archeologists, landowners, educators and students in need of information about archeology or archeological sites.

Criminal Justice Institute (“CJI”). CJI is a unit of the System that serves a unique population of non-traditional students - certified law enforcement professionals who are actively employed within the State’s police departments and sheriff’s offices. The institute is committed to making communities safer by supporting law enforcement professionals through training, education, resources and collaborative partnerships. Utilizing both classroom-based instruction and practical, hands-on application, CJI provides an educational experience designed to enhance the performance and professionalism of law enforcement in progressive areas of criminal justice, including law enforcement leadership and management, forensic sciences, computer applications, traffic safety, illicit drug investigations and school safety.

Arkansas School for Mathematics, Sciences and the Arts (“ASMSA”). ASMSA is the State’s premier high school focusing on excellence in math, science and the arts. Located in Hot Springs, ASMSA is one of 15 residential high schools in the country specializing in the education of gifted and talented students who have an interest and aptitude for mathematics and science. All classes are taught at the college level, and the school offers nearly 60 concurrent courses. Through ASMSA’s Concurrent Core program, all students graduate high school with an average of at least 50 hours of college credit.

University of Arkansas – Grantham (“UA-Grantham”). On August 30, 2021, the Board entered into an Asset Purchase Agreement to acquire the assets and assume certain liabilities (consisting primarily of service and vendor contracts, any liabilities to students, and office lease obligations) of Grantham University (“Grantham”), a for-profit online institution of higher education with approximately 4,000 active students and more than 60 degree programs. The acquisition was closed on November 1, 2021, and Grantham became known as the “University of Arkansas – Grantham.” In order to fund the cost of the acquisition and associated expenses, the Board entered into an unsecured \$8,000,000 variable rate revolving line of credit with Regions Commercial Equipment Finance, LLC. Grantham was founded in 1951 to serve World War II veteran educational needs. It began offering exclusively online programs in the late 1990s. Grantham has maintained a focus on military students, and current or past service members currently make up approximately 67% of its student body. UA-Grantham is accredited through the Distance Education Accrediting Commission. UA-Grantham is also accredited by the Accrediting Board of Engineering and Technology, the Commission of Collegiate Nursing Education, and the International Accreditation Council for Business Education. In May 2022, the Board approved the integration of eVersity with UA-Grantham, and such integration has been completed. UA-Grantham is the surviving institution and has assumed all of the assets and liabilities of eVersity. eVersity students have been allowed to transfer to UA-Grantham without restriction or detriment.

Acquisitions, Affiliations, Mergers, and Divestitures. The Board and its campuses may from time to time enter into transactions such as acquisitions, affiliations, mergers, and divestitures. Such transactions could include, among others, acquisitions of or mergers with respect to other educational institutions or other forms of affiliations or divestitures of

existing affiliates. Given the pace of change in higher education, it is likely that the Board will from time to time be presented with opportunities to enter into transactions of considerable magnitude or significance. At this time, the Board is unable to anticipate whether any such transactions, if entered into in the future, would have a material adverse impact on the Board, its campuses, or the Board's credit rating.

Board of Trustees

The System is governed by a Board of Trustees which was created as a corporate body by statute. There are ten members of the Board of Trustees, appointed for ten-year staggered terms. By statute, eight members of the Board must represent the areas of Congressional Districts of the State, and the balance of the members are selected at large. Members of the Board are appointed by the Governor and confirmed by the State Senate, except that interim appointments are made by the Governor and confirmed by the remaining members of the Board. The current members of the Board of Trustees of the University of Arkansas are:

<u>Name and Office</u>	<u>Business or Profession</u>	<u>Term Expires</u>
Morril Harriman, Chairman	Attorney	2024
Sheffield Nelson, Vice Chairman	Attorney	2025
Kelly Eichler*, Secretary	Attorney	2026
Ted Dickey, Assistant Secretary	Business Executive	2030
Tommy Boyer	Retired Business Executive	2027
Steve Cox	Business Executive	2028
Ed Fryar, PhD	Business Executive	2029
Jeremy Wilson	Business Executive	2031
Nathaniel Todd	State Government	2032
Kevin Crass**	Attorney	2033

* Ms. Eichler is the spouse of an officer of Stephens Inc., one of the Underwriters.

** Mr. Crass is a partner at Friday, Eldredge & Clark, LLP, bond counsel.

System Administration

The current officers of the System are:

<u>Name</u>	<u>Office</u>
Donald R. Bobbitt, PhD	President
Tara Smith	Vice President for Finance and CFO
Michael Moore, PhD	Vice President for Academic Affairs
Deacue Fields, PhD	Vice President for Agriculture
Melissa K. Rust	Vice President for University Relations
Steven Fulkerson	Vice President for Administration and CIO
Chris Thomason	Vice President for Planning and Development
Patrick Hollingsworth*	Interim General Counsel

The central administrative offices of the System are located on the Cammack Campus at 2404 North University Avenue, Little Rock, Arkansas 72207; telephone: (501) 686-2500.

* Mr. Hollingsworth has served as Interim General Counsel since January 2023. David Curran has been selected by the Board to serve as General Counsel.

[Remainder of page intentionally left blank.]

Student Enrollment-All Campuses

Preliminary enrollment for the fall semesters of the school years indicated below for each campus of the System (expressed as full-time equivalents and including concurrent enrollment) was as follows:

	<u>Fall 2018-19</u>	<u>Fall 2019-20</u>	<u>Fall 2020-21</u>	<u>Fall 2021-22</u>	<u>Fall 2022-23</u>
University of Arkansas, Fayetteville	24,407	24,068	24,035	25,193	26,976
University of Arkansas at Little Rock ⁽¹⁾	7,003	6,483	6,014	5,567	5,430
University of Arkansas for Medical Sciences	2,466	2,490 ⁽²⁾	2,604 ⁽²⁾	2,727	2,785
University of Arkansas at Monticello	2,589 ⁽³⁾	2,275	2,109	2,072	2,040
University of Arkansas at Pine Bluff	2,456	2,357	2,468	2,503	2,080
Phillips Community College of the University of Arkansas	891	886	651	715	710
University of Arkansas Community College at Hope - Texarkana	936	871	761	726	669

Total, All Campuses	<u>53,191</u>	<u>52,426</u>	<u>50,929</u>	<u>50,714</u>	<u>54,894</u>

⁽¹⁾ Includes full-time equivalent numbers for the University of Arkansas Clinton School of Public Service.

⁽²⁾ For the fall 2021 semester, UAMS began using a new methodology for calculating full-time equivalent enrollment that is better suited to UAMS because UAMS semesters are not the same as those of the System's other campuses. Fall 2019 and 2020 enrollment for UAMS has been restated using this methodology.

⁽³⁾ Includes full-time equivalent numbers for the University of Arkansas System eVersity.

⁽⁴⁾ On November 1, 2021, the acquisition and integration of Grantham University into the System was finalized. In 2022, eVersity was integrated into UA-Grantham, and eVersity students were transferred to UA-Grantham. See **THE UNIVERSITY OF ARKANSAS SYSTEM, Other Programs, Locations and Entities**, University of Arkansas System eVersity and University of Arkansas System – Grantham herein. Prior to the System's acquisition, Grantham University reported a total full-time equivalent enrollment of 4,837 students, 4,402 students and 3,782 students in school years 2019-20, 2020-21 and 2021-22, respectively. UA-Grantham has a different enrollment cycle than other System campuses, with courses starting at the beginning of each month.

[Remainder of page intentionally left blank.]

THE FAYETTEVILLE CAMPUS OF THE SYSTEM

Administrative Officers

The current administrative officers of UA, Fayetteville are:

<u>Name</u>	<u>Office</u>
Charles F. Robinson, PhD	Chancellor
Ann Bordelon	Executive Vice Chancellor for Finance and Administration
Laura Jacobs	Associate Vice Chancellor and Chief of Staff
Terry Martin, PhD	Provost and Executive Vice Chancellor for Academic Affairs
Mike Malone	Vice Chancellor for Economic Development
Randy Massanelli	Vice Chancellor for Governmental and Community Relations
Angela Mosely-Monts	Interim Vice Chancellor for Diversity and Inclusion
Scott Varady	Vice Chancellor for Advancement
Jeremy Battjes, Ed.E	Vice Chancellor for Student Affairs
Margaret E. Sovia McCabe	Interim Vice Chancellor for Research and Innovation
Hunter Yurachek	Vice Chancellor for Intercollegiate Athletics and Director of Athletics

General Information

The Fayetteville campus was the original site of the University. Fayetteville is the county seat of Washington County and had a 2020 population of 93,949. The 2020 population of Washington County was 245,871.

UA, Fayetteville, a land-grant institution, provides technical and professional services to individuals and groups throughout the State of Arkansas. The campus is the State's major source of theoretical and applied research. UA, Fayetteville seeks to have all of its programs regionally competitive.

The Campus and Facilities

The campus encompasses approximately 742 acres with some 227 buildings. On the campus are the Dale Bumpers College of Agricultural, Food and Life Sciences, the Fay Jones School of Architecture, the J. William Fulbright College of Arts and Sciences, the Sam M. Walton College of Business, the College of Education and Health Professions, and the College of Engineering. Also located there are the Honors College, the School of Law, the Graduate School and International Education, the Departments of Army and Air Force ROTC, the Agricultural Experiment Station and the Global Campus.

In addition to academic departments, campus facilities house nationally recognized units such as the National Center for Reliable Electric Power Transmission; Terrorism Research Center; Institute for Advanced Data Analysis; Mack-Blackwell Rural Transportation Center; Center of Excellence for Poultry Science; Center for Advanced Spatial Technology; Arkansas Center for Space and Planetary Sciences; Center for Semiconductor Physics in Nanostructures; Diane Blair Center for the Study of Southern Politics and Society; Garvan Woodland Gardens; King Fahd Center for Middle East and Islamic Studies; Lake Wedington Research Center; Microelectronics and Photonics Program; High Density Electronic Component Center; Plant Breeding Program; Reducing Family Violence Through Workplace Intervention Program; Rural Water Quality Program; Social Work Research Center; David and Barbara Pryor Center for Arkansas Oral and Visual History; Arkansas Water Resources Center; Arkansas Membrane Research Center, Center for Excellence in Logistics and Distribution; Center for Grid-Connected Power Electronics; Center for Power Optimization of Electro-Thermal Systems; High Performance Computing Center; Brewer Family Entrepreneurship Hub; and University of Arkansas Community Design Center.

Online Learning and Infrastructure

When the pandemic arose in March 2020, UA, Fayetteville transitioned to remote learning and working environments. On-campus faculty were able to shift to an online format, many with the help of the Teaching Innovation and Pedagogical Support (TIPS) Center through the U of A Global Campus. Resources included one-on-one support, Blackboard course information, departmental workshops, articles, tutorials, and contingency planning guidance for delivering courses and content to students online or via other alternative methods. In addition, Remote Lab allowed remote access to many computer lab resources remotely from any device and any location. Laptops and other computer equipment were also available for check out via the Student Technology Center for students and faculty. Remote access to library resources and other online research resources were also available. Students were

able to use a 24/7 chat service through the library website to continue their studies uninterrupted. Support for Blackboard Learn was also available for students seven days a week through the IT Help Desk.

In June 2020, a Remote Teaching Task Force was convened to critically examine student and faculty experiences with remote instruction during the spring 2020 semester and to identify best practices, policies, and guidelines to facilitate both effectiveness and accountability in remote and hybrid instruction. The Task Force developed a one-stop online portal to disseminate its recommendations, standards, and resources to faculty in preparation for fall 2020.

In fall 2020, hybrid options were offered with limited in-person instruction. Such flexible learning environment provided a mix of in-person and enhanced remote learning that maintained UA, Fayetteville's high quality of instruction while promoting health and safety during the pandemic. Most of remote delivery classes at that time were not just online, but synchronous, allowing for live-streaming of classes in real time with live lectures and interaction online with the instructor and in-person class. In order to make this option available, cameras were installed in all classrooms and investments were made in streaming and virtual interactive capability. Additional instructor training was conducted during summer 2020 to allow for the highest-level of quality instruction regardless of the mode of delivery.

Throughout the 2020-21 academic year, as well as during the spring and summer 2020 semesters, the Center for Learning and Student Success (CLASS+) and the Student Success Center provided tutoring, writing support and academic coaching through online chat and by appointment. CLASS+ also provided supplemental instruction through Blackboard Collaborate.

Beginning in fall 2021, UA, Fayetteville returned to regular operations with full in-person classes. Currently, all in-person classes continue to have the ability to be recorded or streamed because of the significant investments made in response to the pandemic to better facilitate both in-person and remote learning modes of instruction.

Accreditations

UA, Fayetteville is accredited by the Higher Learning Commission. It was most recently reaffirmed for accreditation in June 2017.

Degree Programs

UA, Fayetteville offers 101 bachelor's degrees, 92 master's degrees, 27 graduate certificates, 4 post-master certificates, 6 undergraduate certificates, and 38 doctoral degrees and specialist programs. UA, Fayetteville offers pre professional programs in several health-related professions such as pharmacy and dentistry. The School of Law offers a Juris Doctor degree and an LL.M. program in Agricultural and Food Law, and the College of Education and Health Professions offers the professional degrees of Doctor of Nursing Practice and Doctor of Occupational Therapy.

Faculty Summary

The number of full-time faculty at UA, Fayetteville and the percentage of tenured faculty for the fall semester of the past five years was as follows:

	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
Number of Faculty	1,192	1,206	1,202	1,232	1,286
Percent Tenured	46.3%	46.7%	45.9%	46.5%	45.0%

Admissions - Fayetteville Campus

UA, Fayetteville, considers applications for new freshman students based on several factors, including high school GPA, official transcripts and, in some cases, test scores and additional academic materials. UA, Fayetteville offers test-optional admission for students reporting a 3.2 GPA or higher on a standard 4.0 scale and requires test scores for applicants reporting below a 3.2 GPA. Admitted students must supply ACT, SAT or Accuplacer scores for placement and enrollment purposes.

The following is a five-year history of undergraduate admissions:

<u>Year</u>	<u>Applied</u>	<u>New Freshmen</u>		<u>ACT</u>	<u>HSGPA</u>	<u>New Transfers</u>		<u>Enrolled</u>
		<u>Admitted</u>	<u>Enrolled</u>			<u>Applied</u>	<u>Admitted</u>	
2018-2019	18,732	14,512	5,005	26.4	3.72	3,577	2,360	1,351
2019-2020	17,913	13,809	4,601	26.3	3.72	4,181	2,356	1,245
2020-2021	19,780	15,361	4,726	26.1	3.75	4,253	2,265	1,353
2021-2022	21,462	17,743	6,063	24.5	3.74	4,584	2,760	1,616

⁽¹⁾ Beginning net position, as reported on the Statement of Revenues, Expenses and Changes to Net Position, was reduced by \$6,388,343 as a result of a restatement due to the implementation of GASB Statement 75.

⁽²⁾ In March 2020, UA, Fayetteville outsourced the operation of the Bookstore to a third-party for all activities other than sales of technology items. UA, Fayetteville retained operation of what is now known as the Tech Store. The sales for the Tech Store are included on this line along with revenue received from the third-party operator.

⁽³⁾ Effective for the fiscal year ended June 30, 2022, UA, Fayetteville adopted GASB Statement No. 87, Leases. This statement requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under the Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

Pledged Revenues

The term “Pledged Revenues” is defined as (i) Athletic Gate Receipts (defined in the Indenture as those revenues of UA, Fayetteville derived from men’s intercollegiate athletic events, including settlements, guarantees, the sale of tickets, television and radio revenues, concession revenues, and all amounts transferred from the Razorback Foundation, Inc., or the successor thereto, representing priority seating requirement proceeds, which are received by the Athletic Department of the University of Arkansas, Fayetteville, less amounts paid to state and local taxing authorities and amounts paid by the University of Arkansas, Fayetteville, for settlements and guarantees for scheduled men’s intercollegiate athletic events, together with (ii) revenues of the University of Arkansas, Fayetteville, derived from any Student Athletic Fee (defined in the Indenture as any fee charged to students attending the University of Arkansas, Fayetteville to support intercollegiate athletics, whether such fee is imposed pursuant to Arkansas Code Annotated Sections 6-62-801 *et seq.*, as amended, or pursuant to Section 711 of the Indenture). No Student Athletic Fee is currently being charged. Pledged Revenues does not include (A) tuition or fee revenues collected by UA, Fayetteville, sales and services revenues, or auxiliary enterprises revenues, or (B) any fees authorized or imposed by UA, Fayetteville and dedicated to a specific purpose unrelated to obligations issued pursuant to the Act or to facilities funded with such obligations. Gross Pledged Revenues for the fiscal years ended June 30, 2018 through 2022, have been as follows:

<u>Source</u> ⁽¹⁾	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u> ⁽²⁾
Football	\$29,445,682	\$31,033,239	\$27,789,329	\$9,602,931	\$35,661,127
Basketball	6,756,043	6,562,349	6,924,599	2,600,481	10,947,195
Spring Sports	2,358,157	2,963,785	3,014,355	3,578,153	3,511,351
(Less Game Guarantees)	(3,743,500)	(3,311,000)	(4,677,000)	(562,035)	(4,643,191)
SEC, NCAA Distributions	46,187,312	45,365,245	46,828,148	76,618,412	52,003,664
Concessions and Novelty Sales	1,176,489	865,282	918,166	1,787,639	2,126,824
Gifts, Donations & Other Income	3,206,187	5,643,231	4,075,123	1,551,278	620,290
Multimedia Rights Sponsorship	<u>6,958,409</u>	<u>13,057,039</u>	<u>9,217,196</u>	<u>12,049,401</u>	<u>15,598,796</u>
Totals	\$92,344,779	\$102,179,170	\$94,089,916	\$107,226,260	\$115,826,056

⁽¹⁾ Does not include restricted funds transferred from the Razorback Foundation, Inc. that are not available for payment of debt service or other general athletic department activities.

⁽²⁾ Gifts, Donations and Other Income of \$620,290 was inadvertently excluded from the reported Pledged Revenues total in the audited 2022 financial statements. Given the minimal dollar amount, the financial statements were not updated to reflect this amount.

The COVID-19 pandemic and related changes to UA, Fayetteville’s athletics programs, which included particularly, without limitation, certain cancelled games, fewer-than-normal season games, cancellation of the 2020 Men’s NCAA basketball tournament, and attendance limitations caused a reduction in certain Pledged Revenues, particularly ticket revenue net of game guarantees. However, distributions from the Southeastern Conference were up significantly over the previous year, more than offsetting the reduction of ticket sales and other miscellaneous Pledged Revenues. Any future cancellations, postponements, attendance limits or other limitations during the fall 2023 semester or any other subsequent semester may have a material adverse impact on Pledged Revenues. The Board’s bonded indebtedness are general obligations of the Board, and the Board is obligated to pay its bonded indebtedness from such other moneys as are available to the Board under the Constitution and laws of the State, and in the event revenues pledged are insufficient to pay bonds secured by such revenues, the Board will be obligated to use other sources to pay such indebtedness. See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein.

⁽¹⁾ Does not include debt service on the Athletic Refunding Master Loan Agreement Notes (as hereinafter defined and discussed under **THE FAYETTEVILLE CAMPUS OF THE SYSTEM, Other Debt of UA, Fayetteville, Athletic Refunding Master Loan Agreement Notes**).

⁽²⁾ Totals may not foot due to rounding.

[Remainder of page intentionally left blank.]

Coverage

Pledged Revenues for the fiscal year ended June 30, 2022, were \$115,826,056. Combined maximum annual debt service for the Existing Parity Bonds and the Bonds is \$14,542,762⁽¹⁾ (in the fiscal year ending June 30, 2028). Accordingly, the Pledged Revenues for the fiscal year ending June 30, 2022 equaled or exceeded 7.96⁽¹⁾ times the combined maximum annual debt service on the outstanding Existing Parity Bonds and the Bonds.

⁽¹⁾ Does not include debt service on the Athletic Refunding Master Loan Agreement Notes (see **THE FAYETTEVILLE CAMPUS OF THE SYSTEM, Other Debt of UA, Fayetteville**, Athletic Refunding Master Loan Agreement Notes herein).

Other Debt of UA, Fayetteville

A note payable by the UA Fayetteville to UAMS in the outstanding principal amount of \$531,088[±], while not secured by the Pledged Revenues, is paid from portions of the Pledged Revenues. This note evidences the obligation of UA, Fayetteville to reimburse UAMS for the principal of and interest on debt incurred by the Board for the benefit of UA, Fayetteville, but payable from revenues belonging to UAMS. Principal of and interest on this Note are paid by UA-Fayetteville from revenues generated from the operation of the Sigma Chi fraternity house. The Note matures in fiscal year 2035.

In addition, UA-Fayetteville has other outstanding debt obligations which are not secured by or paid from the Pledged Revenues. These obligations are either unsecured, secured by revenues other than Pledged Revenues or secured by the financed equipment. These obligations consist of the following:

Installment Contracts. UA, Fayetteville has entered into three installment purchase agreements for the acquisition and installation of energy equipment pursuant to energy savings contracts with Energy Systems Group, LLC. These agreements have been refinanced with JPMorgan Chase Bank, N.A., and as of June 30, 2023, there was \$1,259,729 in principal amount outstanding under these agreements. The leases are secured only by the purchased equipment. Interest rates on the contracts range from 1.95% to 1.99%. The latest of the contracts expire in fiscal year 2024.

Energy Conservation and Facilities Improvements Loan. On August 18, 2021, the Board closed on a \$10,840,896 principal amount loan transaction (the “Energy Loan”) with Regions Capital Advantage, Inc. The proceeds of the Energy Loan were fully advanced at closing and are being used to finance energy conservation and facility improvements for UA, Fayetteville. The interest rate on the Energy Loan is 1.23%, and principal and interest are payable quarterly in installments of \$288,428.19 each until maturity on August 15, 2031. The Energy Loan is unsecured. As of June 30, 2023, there was \$9,037,628 in principal amount outstanding under this agreement.

[±] As of June 30, 2023.

[Remainder of page intentionally left blank.]

Various Facility Bonds. UA, Fayetteville has issued bonds for various academic facilities, secured by and payable from tuition and fee revenues collected by UA, Fayetteville, sales and services revenues and auxiliary enterprises revenues (as such terms are used in the context of generally accepted accounting principles), other than the Pledged Revenues. Annual debt service on these bonds* is as follows:

<u>Fiscal Year</u>	<u>Debt Service</u>	<u>Fiscal Year</u>	<u>Debt Service</u>
2024	\$ 52,147,505	2040	\$ 35,126,257

2036	46,786,265	2052	8,849,322
2037	46,918,168	2053	8,844,874
2038	41,994,079	2054	4,148,474
2039	37,963,319	Total:	<u>\$1,056,666,225</u>

* Includes debt service on the Board's (i) Various Facility Revenue Bonds (Fayetteville Campus), Series 2014B, (ii) Various Facility Revenue Bonds (Fayetteville Campus), Series 2015B, (iii) Various Facility Revenue Bonds (Fayetteville Campus), Refunding and Improvement Series 2016A, (iv) Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2016B, (v) Various Facility Revenue Bonds (Fayetteville Campus), Series 2017, (vi) Various Facility Revenue Bonds (Fayetteville Campus), Tax-Exempt Series 2018A and Taxable Series 2018B, (vii) Various Facility Revenue Bonds (Fayetteville Campus), Refunding and Improvement Series 2019A, (viii) Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2019B, (ix) Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2021, (x) Various Facility Revenue Bonds (Fayetteville Campus), Series 2022A and Taxable Series 2022B, and (xi) Various Facility Revenue Bonds (Fayetteville Campus), Taxable Series 2023A (the "Series 2023A Bonds") (the Series 2023A Bonds have been authorized, but not yet issued; debt service on the Series 2023A Bonds is preliminary and subject to change, assuming an average coupon rate of 5.00% for the Series 2023A Bonds). The Board has also authorized, but not yet issued, its Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2023B (the "Various Facility Series 2023B Bonds"), which are anticipated to be issued to accomplish a refunding for debt service savings through a tender offer and purchase of certain various facility revenue bonds validly tendered by the owners thereof. The above chart does not include preliminary estimated debt service on the Various Facility Series 2023B Bonds, and it does not take into account any various facility revenue bonds that may be refunded with proceeds of the Various Facility Series 2023B Bonds.

The Board's bonded indebtedness are general obligations of the Board, and the Board is obligated to pay its bonded indebtedness from such other moneys as are available to the Board under the Constitution and laws of the State, and in the event revenues pledged are insufficient to pay bonds secured by such revenues, the Board will be obligated to use other sources to pay such indebtedness. See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein.

Athletic Refunding Master Loan Agreement Notes. On September 11, 2020, the Board, on behalf of UA, Fayetteville, entered into a Master Loan Agreement with Regions Capital Advantage, Inc. and Regions Commercial Equipment Finance, LLC (the "Athletic Refunding Master Loan Agreement") for the purpose of providing funds to refund the Board's Athletic Facilities Revenue Refunding Bonds (Fayetteville Campus), Series 2010 (the "Series 2010 Bonds"), the September 15, 2020 and 2021 maturities of the Series 2013 Bonds, the September 15, 2020 and 2021 maturities of the Board's Athletic Facilities Revenue Refunding Bonds (Fayetteville Campus), Series 2015A (the "Series 2015 Bonds"), the September 15, 2020 and 2021 maturities of the Series 2016 Bonds, and the September 15, 2021 maturity of the Series 2019 Bonds. The Board's obligations under the Athletic Refunding Master Loan Agreement are evidenced by three promissory notes with an aggregate principal amount of \$18,655,000 (collectively, the "Athletic Refunding Master Loan Agreement Notes"). On September 11, 2020, \$9,934,423.50 was drawn under the Athletic Refunding Master Loan Agreement Notes and used to refund the Series 2010 Bonds and the September 15, 2020 maturities of the Series 2013 Bonds, the Series 2015 Bonds, and the Series 2016 Bonds. The remaining \$8,729,576.50 was drawn on August 9, 2021 for the purpose of refunding the September 15, 2021 maturities of the Series 2013 Bonds, the Series 2015 Bonds, the Series 2016B Bonds, and the Series 2019 Bonds. The Athletic Refunding Master Loan Agreement Notes bear interest at rates from 1.38% to 1.81% per annum and are payable semi-annually on each March 15 and September 15, with interest only payments until September 15, 2024 and amortized semi-annual installments of principal and interest payable thereafter until the Athletic Refunding Master Loan Agreement Notes mature on September 15, 2028. The Athletic Refunding Master Loan Agreement Notes are general

obligation of the Board, but the Athletic Refunding Master Loan Agreement Notes are not secured by Pledged Revenues or other revenues of UA, Fayetteville.

For additional information concerning the outstanding debt of UA-Fayetteville, see Note 8 to the audited financial statements of UA, Fayetteville for the fiscal year ended June 30, 2022, attached hereto as **Appendix B**. For additional information concerning the outstanding debt of the Board, see Note 10 to the audited consolidated financial statements for the University of Arkansas System for the fiscal year ended June 30, 2022, attached hereto as **Appendix C**.

FINANCIAL STATEMENTS

UA, Fayetteville

Set forth in **Appendix B** to this Official Statement are the financial statements of UA, Fayetteville for the fiscal year ended June 30, 2022, which financial statements have been audited by the Arkansas Legislative Audit, as indicated in its report dated December 13, 2022, which report is also included in **Appendix B**. The notes set forth in **Appendix B** are an integral part of the financial statements, and the statements and notes should be read in their entirety.

The financial report of UA, Fayetteville includes three primary financial statements: the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows. The financial statements of two component units are presented discretely from the System. The notes to the financial statements provide additional information that is essential to understanding the primary financial statements. Other required supplementary information provides additional information related to other post-employment benefits.

The financial statements of UA, Fayetteville are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities. The statement establishes standards for financial reporting of public colleges and universities and requires that financial statements be presented on an entity-wide basis to focus on the System as a whole. Statements are prepared using the accrual basis of accounting, which is consistent with the accounting method used by private-sector entities. All of the current year's revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The System has identified two foundations as component units subject to inclusion in the financial report: the University of Arkansas Fayetteville Campus Foundation, Inc., and the Razorback Foundation, Inc. As component units, their financial information is included in the UA, Fayetteville financial report in accordance with GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units. This statement provides criteria for determining which related organizations should be reported as component units based on the nature and significance of their relationship to the primary government, which is the System. Additional information regarding this reporting requirement is provided at Notes to the Financial Statements (Note) No. 1 "Summary of Significant Accounting Policies", under the "Component Units" heading.

Reference is made to Management's Discussion and Analysis which is included in full in **Appendix B**.

These financial statements should be read in their entirety.

University of Arkansas System

Set forth in **Appendix C** to this Official Statement are the consolidated financial statements of the University of Arkansas System for the fiscal year ended June 30, 2022, which consolidated financial statements have been audited by the Arkansas Legislative Audit of the State of Arkansas, as indicated in its report dated December 13, 2022, which report is also included in **Appendix C**. The notes set forth in **Appendix C** are an integral part of the consolidated financial report, and the report's financial statements and notes should be read in their entirety. Audited financial statements of the University of Arkansas System for prior fiscal years may be obtained at the University of Arkansas System's website (currently <http://www.uasys.edu/system-administration/finance-and-administration/financial-statements/>) or at the Arkansas Legislative Audit's website (currently <http://www.arklegaudit.gov/> using the search term "University of Arkansas"). These financial statements should be read in their entirety.

TAX MATTERS

Federal Law

In the opinion of Friday, Eldredge & Clark, LLP, bond counsel, under existing law, interest on the Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; provided, however, with respect to certain corporations, such interest will be taken into account in determining annual adjusted financial statement income for the purpose of computing the federal alternative minimum tax. The opinion of bond counsel is subject to the condition that the Board comply with all requirements of the Internal Revenue Code of 1986, as amended (the “Code”), that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal tax purposes. These requirements generally relate to arbitrage, the use of proceeds of the Bonds, and restrictions on the ownership and use of the capital improvements being refinanced with proceeds of the Bonds. The Board has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal tax purposes to be retroactive to the date of issuance of the Bonds.

The proposed opinion of bond counsel is attached as Appendix A hereto. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the Bonds.

Purchasers of the Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States); property and casualty insurance companies; banks, thrifts or other financial institutions; certain recipients of Social Security or Railroad Retirement benefits; taxpayers otherwise entitled to claim the earned income tax credit; and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors concerning their tax consequences of purchasing and holding the Bonds.

Current and future legislative proposals, if enacted into law, clarification of the Code, or court decisions may cause interest on the Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent holders of the Bonds from realizing the full current benefit of the tax status of such interest. It cannot be predicted whether or in what form any such proposals or clarifications might be enacted or approved or whether, if enacted or approved, it would apply to bonds issued before enactment or approval. On August 16, 2022, President Biden signed the Inflation Reduction Act of 2022 (the “IRA”), which, among other things, makes certain changes to the federal tax laws affecting the taxation of certain corporations for tax years beginning after December 31, 2022. The introduction or enactment of any other such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any enacted, pending or proposed federal or state tax legislation (including particularly, without limitation, the IRA), regulations, clarifications or litigation, as to which Bond Counsel expresses no opinion.

It is not an event of default on the Bonds if legislation is enacted reducing or eliminating the exclusion of interest on state and local government bonds from gross income for federal or state income tax purposes.

As shown on the inside front cover page of this Official Statement, certain of the Bonds are being sold at a premium (collectively, the “Premium Bonds”). An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. An initial purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, by amortizing the premium to the call date, based on the purchaser’s yield to the call date and giving effect to the call premium). As premium is amortized, the amount of the amortization offsets a corresponding amount of interest for the period and the purchaser’s basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis may be reduced, no federal income tax deduction is allowed. Purchasers of the Premium Bonds should consult with their tax advisors with respect to the determination and treatment of amortizable premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

State Law

Further, in the opinion of Bond Counsel, under existing laws, the Bonds and interest thereon are exempt from all Arkansas state, county and municipal taxation.

CONTINUING DISCLOSURE

General

The Board has entered into a Continuing Disclosure Agreement with the Regions Bank (the “Disclosure Agreement”) pursuant to which the Board has agreed that the Board will provide, annually and as otherwise required, information specified in Rule 15c2-12(b) of the Securities Exchange Act of 1934, as amended. Such information may be posted on the Municipal Securities Rulemaking Board’s internet website, www.emma.msrb.org, and may be obtained on the EMMA website on the Board’s customized issuer page entitled “Board of Trustees of the University of Arkansas Financial Information.” Though the method to access the Board’s EMMA issuer page may change in the future due to changes in the website, the Board’s EMMA issuer page can currently be accessed through the “Browse Issuers” tab by selecting Arkansas as the state and scrolling down or using the “Search within list” function to locate the “Board of Trustees of the University of Arkansas Financial Information” page. If an interested party is unable to access the Board’s EMMA issuer page, assistance can be obtained by contacting the Vice President for Finance and Chief Financial Officer of the System.

The form of the Disclosure Agreement is attached hereto as Appendix D.

Past Compliance

The Board is a party to multiple continuing disclosure agreements for its various bond issues that benefit its campuses. While the Board has not made any determinations as to materiality, the following paragraphs, while not exhaustive, summarize the results of the Board’s review of compliance with prior continuing disclosure obligations over the past five years.

The trustee for the Board’s Student Fee Refunding Revenue Bonds (Phillips Community College), Series 2015 merged with another banking institution and changed its name effective October 1, 2022. Though no determination of materiality was made, a notice of the change in the trustee’s name was not filed on EMMA until March 17, 2023.

In addition, with respect to some of the Board’s continuing disclosure filings, there were a few instances in which, due to an inputting error by the trustee for a bond issue, the required disclosure information was not associated with all of the CUSIPs for a bond issue at the time the financial information and operating data were initially filed.

Also, the Board is an obligated person under a continuing disclosure undertaking executed in connection with the Arkansas Development Finance Authority Tobacco Settlement Revenue Bonds, Series 2006 (Arkansas Cancer Research Center Project) (the “Tobacco Bonds”) (see Note 22 of the audited financial statements of the University of Arkansas System contained in Appendix C hereto). Pursuant to the Tobacco Bonds continuing disclosure undertaking, the Board is required to make annual filings of audited financial statements of UAMS and the Board, along with certain financial information and operating data with respect to UAMS in the same format and content as that contained in the official statement for the Tobacco Bonds. In certain fiscal years, including the fiscal year ended June 30, 2018, the Board prepared reports containing certain financial information and operating data for UAMS and the Board and provided such reports to the Arkansas Development Finance Authority (“ADFA”), as dissemination agent. ADFA timely filed such reports, but such filings did not contain all statistical information referenced by the Tobacco Bonds continuing disclosure undertaking, or in some cases, such information was not in the same format as that contained in the official statement for the Tobacco Bonds. On July 8, 2019, a supplemental filing containing all missing information and reflecting all information in the correct format was uploaded to the EMMA system. ADFA, in its role as dissemination agent, did not file any notices of non-compliance with the Tobacco Bonds continuing disclosure undertaking.

Further, in the past the Board did not file certain notices of late filings or notices of certain listed events as required. These instances include the failure to file notice of non-compliance with its continuing disclosure undertakings.

The Board has undertaken steps to ensure continued future compliance with its continuing disclosure undertakings.

ENFORCEABILITY OF REMEDIES

Under the United States and Arkansas Constitutions, the Board has sovereign immunity from certain lawsuits, but agents and employees of the Board may, by mandamus, be compelled to perform the duties of the Board under the Indenture, including the application of the Pledged Revenues to the payment of the Bonds in accordance with the terms of the Indenture. Rights of the registered owners of the Bonds and the enforceability of the remedies available

under the Indenture may depend on judicial action and may be subject to the valid exercise of the constitutional powers of the United States of America and of the sovereign police powers of the State or other governmental units having jurisdiction, and to the application of federal bankruptcy laws or other debtor relief or moratorium laws in general. Therefore, enforcement of those remedies may be delayed or limited, or the remedies may be modified or unavailable, subject to the exercise of judicial discretion in accordance with general principles of equity. Bond counsel expresses no opinion as to any effect upon any right, title, interest or relationship created by or arising under the Indenture resulting from the application of state or federal bankruptcy, insolvency, reorganization, moratorium or similar debtor relief laws affecting creditors' rights which are presently or may from time to time be in effect.

FINANCIAL ADVISOR

PFM Financial Advisors LLC ("PFM") is employed by the System and by UA, Fayetteville to perform professional services in the capacity of financial advisor. In its role as financial advisor to the System and UA, Fayetteville, PFM has provided advice on the plan of financing and structure of the Bonds, and reviewed certain legal and disclosure documents, including this Official Statement, for financial matters. PFM has not independently verified the factual information contained in this Official Statement, but relied on the information supplied by UA, Fayetteville, the System, and other sources and the Board's certification as to the Official Statement.

LEGAL AND LEGISLATIVE MATTERS AND OTHER CONSIDERATIONS

Legal Opinions

Legal matters incident to the authorization and issuance of the Bonds are subject to the approving opinion of Friday, Eldredge & Clark, LLP, Little Rock, Arkansas, Bond Counsel. The proposed opinion of Bond Counsel is attached as Appendix A hereto. Copies of such opinion will be available at the time of the delivery of the Bonds. Certain legal matters will be passed upon for the Underwriters by Kutak Rock LLP, Little Rock, Arkansas, counsel to the Underwriters.

Litigation

There is no controversy or litigation of any nature now pending or threatened restraining or enjoining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity of the Bonds, any proceedings of the Board taken with respect to the issuance or sale thereof, the pledge or application of the Pledged Revenues or other moneys that may be provided for the payment of the Bonds, the existence or powers of the Board or the title of any officers of the Board to their respective positions, or the ability of the Board to make payment on the Bonds.

Factors Affecting the Board's Funding

The State portion of the Board's budget is subject to appropriation by the General Assembly of the State every year, and the Board has no control over the amounts so appropriated. There can be no assurance that the levels of future appropriations to the Board will not impair its ability to make payments on the Bonds. The Arkansas Supreme Court has ruled that the State's public school (primary and secondary) funding system is a priority for appropriation of State funds.

In the 2018-2019 fiscal year, the State implemented a productivity-based funding model (the "Productivity-Based Funding Model") for State-supported institutions of higher education, including campuses of the System. The productivity-based funding formula and related policies contain measures for effectiveness, affordability, and efficiency that acknowledge the following priorities: (i) differences in institutional missions; (ii) completion of students' educational goals; (iii) progression toward students' completion of programs of study; (iv) affordability through (A) on-time completion of programs of study, (B) limiting the number of excess credits earned by students, and (C) efficient allocation of resources; (v) institutional collaboration that encourages the successful transfer of students; (vi) success in serving underrepresented students; and (vii) production of students graduating with credentials in science, technology, engineering, mathematics, and high-demand fields. The Productivity-Based Funding Model replaced the prior Arkansas higher education funding formula, which was based largely on student enrollment.

Funding for the fiscal year ended June 30, 2020 and budgeted funding for the fiscal year ending June 30, 2021 was initially impacted by the COVID-19 outbreak, but due to higher than expected State revenues, funding was restored to previous levels. There can be no assurance that COVID-19 related budget or funding decreases related to COVID-19 or related to some other emergency will not be necessary in the future. See **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein.

State fiscal year 2022 revenues were up 9.2% over fiscal year 2021, resulting in a revenue surplus of approximately \$1.628 billion. Individual income tax collections were 5.1% above collections in fiscal year 2021. In a special session of the Arkansas General Assembly held in late 2021, legislation was adopted reducing the top income tax rates for individuals from 5.9% to 4.9% incrementally over the next four years. For the tax year beginning January 1, 2022, the top rate was reduced to 5.5%. In light of the fiscal year 2022 budget surplus, in August 2022 the State legislature passed additional tax relief designed to accelerate corporate and individual income tax cuts, to change State depreciation requirements to match federal requirements, and to provide a tax credit for lower income individuals. In April 2023, the State legislature passed further reductions in individual income tax rates and corporate income tax rates. Despite these developments, there can be no assurance that budget or funding decreases related to COVID-19 or related to some other emergency will not be necessary in the future.

Factors Related to UAMS

General.

The Board has previously issued bonds secured by revenues attributable to in-patient services and other ancillary, therapeutic and diagnostic services (the “UAMS Hospital Revenue Bonds”) provided at hospital facilities of the University of Arkansas for Medical Sciences (“UAMS”). As of June 30, 2023, approximately \$567,625,000 in aggregate principal amount of UAMS Hospital Revenue Bonds was outstanding (the outstanding bonds amount does not include the \$71,378,932 outstanding principal amount of Arkansas Development Finance Authority Tobacco Settlement Revenue Bonds, Series 2006 (Arkansas Cancer Research Center Project), which are secured in part by UAMS revenues (see Note 22 to Appendix C hereto)). The Board has also issued its \$32,390,000 Parking System Revenue Bonds (UAMS Campus), Refunding and Improvement Series 2022A and Taxable Improvement Series 2022B, which are secured by parking revenues of UAMS. The UAMS Hospital Revenue Bonds and other bonds issued for the benefit of UAMS, like the Bonds, are general obligations of the Board, and to the extent the revenues pledged to such obligations are insufficient to pay debt service thereon, the Board is obligated to pay debt service from any other moneys available in accordance with the Constitution and laws of the State.

It should be noted that approximately 37% of the Board’s fiscal year 2021 and approximately 36% of the Board’s fiscal year 2022 operating and non-operating revenues were derived from patient care services provided through UAMS and the UAMS Medical Center (the “Medical Center”). While this exposes the Board to the healthcare sector’s challenges, the Board believes that the Medical Center’s substantial scale, specialty services not provided elsewhere in the State, and strong inpatient and outpatient utilization levels mitigate the overall healthcare risk to the Board’s revenues. As further set forth below, however, legislative mandates, public policy considerations, and the COVID-19 pandemic have had and may continue to have a significant financial impact on UAMS.

The Health Reform Law and the Arkansas Private Option Program.

In recent years, health care reform at both the federal and state levels has been identified as a priority by political leaders and candidates, business leaders and public advocates. In 2010, H.R. 3590, the Patient Protection and Affordable Care Act, amended by H.R. 4872, the Health Care and Education Reconciliation Act of 2010 (collectively, the “Affordable Care Act”) was enacted. Various aspects of the Affordable Care Act are described below.

A significant component of the Affordable Care Act is reformation of the sources and methods by which consumers pay for health care for themselves and their families, and by which employers procure health insurance for their employees and dependents of their employees and, as a consequence, expansion in the overall number of consumers of health care services. The Affordable Care Act was designed, in substantial part, to make available, or subsidize the premium costs of, health care insurance for some of the millions of uninsured (or underinsured) consumers, in particular those who fall below certain income levels. The Affordable Care Act proposed to accomplish that objective through various provisions, including the following: (i) the creation of active markets (referred to as exchanges) in which individuals and small employers can purchase health care insurance for themselves and their families or their employees and dependents; (ii) the provision of means tested subsidies for premium costs to certain individuals and families based upon their income relative to federal poverty levels; (iii) the requirement that individual consumers obtain, and certain employers provide, a minimum level of health care insurance, and the provision of a penalty in the form of taxes on consumers and employers that do not comply with these mandates; (iv) the expansion of private commercial insurance coverage generally through reforms such as prohibition on denials of coverage for pre-existing conditions and elimination of lifetime or annual cost caps; and (v) the expansion of existing public programs for individuals and families, including the Medicaid program. The Affordable Care Act has produced some of the results expected from its passage – an increase in utilization of health care services by those who were avoiding or rationing their health care. Although bad debt expenses and/or charity care may have been reduced as a result of

some provisions of the Affordable Care Act, increased utilization has also resulted in increased variable and fixed costs of providing such health care services, which costs may or may not be offset by increased revenues.

The Affordable Care Act contains a number of coverage expansion measures, including prohibitions against insurers denying coverage or imposing coverage exclusions on children with preexisting conditions, provisions permitting young adults to obtain coverage under their parents' plans, and restrictions on insurance policy coverage limits. An array of coverage expansion, health insurance regulation and tax increase measures are also in effect, including broad insurance coverage mandates for individuals and certain employer mandates.

In June 2012, in response to litigation brought by a group of state attorneys general, the U.S. Supreme Court (*National Federation of Independent Business v. Sebelius*) upheld most provisions of the Affordable Care Act while also substantially limiting the law's expansion of Medicaid, allowing states to choose between participating in the expansion while receiving additional federal payments or foregoing the expansion and retaining existing payments. Instead of fully expanding the Arkansas Medicaid program as envisioned by the Affordable Care Act, the State of Arkansas sought and obtained a waiver from the federal government to instead institute a hybrid approach commonly referred to as the "private option." Under the current version of the private option, individuals in Arkansas earning less than 138% of the federal poverty level income amount are eligible to receive a government subsidy to purchase private insurance through an insurance exchange. The adoption of the State's private option program by the Arkansas General Assembly, effective June 1, 2014, has resulted in insurance coverage to an estimated 285,000 previously uninsured persons and a corresponding decrease in the costs of uncompensated care to Arkansas hospitals. Subsequent to implementation of the Work Requirement (as hereinafter defined and discussed below), it was estimated that insurance coverage was extended to approximately 227,284 previously uninsured persons. Any repeal or revision of the Affordable Care Act could potentially invalidate the Arkansas private option program, which, in turn, could have a material negative impact on patient revenues of UAMS and its ability to satisfy its payment obligations with respect to its indebtedness, including the Bonds.

Under State law, the private option program requires annual reauthorization and appropriation by a vote of at least 75% of the senators and representatives in each chamber of the Arkansas General Assembly. Approval in 2018 was accomplished with 27 votes (27 required) in the Senate and 79 votes (75 required) in the House. Reauthorization was obtained in 2016, 2017 and 2018 only after a number of amendments to the program such as (i) requiring the payment of small premiums by persons earning between 100% and 138% of the federal poverty level income amount, (ii) the requirement for able-bodied recipients to work, be engaged in work or education training, or volunteer with a charitable organization (the "Work Requirement"), (iii) reducing the retroactive eligibility standard for Medicare coverage from 90 days before enrollment to 30 days prior to enrollment, and (iv) rebranding of the program as "Arkansas Works." The amendments were approved through a waiver process with the Centers for Medicare and Medicaid Services ("CMS").

The Work Requirement, the first of its kind in the nation, became effective in June of 2018, and required non-exempt beneficiaries to report 80 hours each month of work, work training, education, or community service. The reporting process, which required the submission of hours through an online portal, proved to be controversial. In August 2018, Arkansas Works had 265,223 total enrollees. By December 2018, 18,000 beneficiaries had been removed from the program. In March of 2019, the Work Requirement was struck down by a federal judge in the United States District Court for the District of Columbia (*Gresham v. Azar*). In February of 2020, a federal appeals court panel for the United States Court of Appeals for the District of Columbia Circuit unanimously upheld the lower court's ruling striking down the Work Requirement. The Trump Administration petitioned the United States Supreme Court to hear an appeal of the decision and that petition was granted in December 2020. Oral arguments originally set for late March were cancelled at the request of the acting U.S. Solicitor General. The Biden administration reversed the position of the Trump administration regarding waiver approvals for work requirements in conjunction with the Medicaid program. On March 17, 2021, CMS revoked the waiver previously issued to Arkansas. The Supreme Court dismissed the pending appeal as moot on April 18, 2022.

Because the earlier decision did not grant a stay, the Work Requirement was not in effect after March of 2019 and individuals who lost eligibility for Arkansas Works coverage are currently eligible to reapply. Reauthorization and appropriation of the program for 2019 was impacted as a result of the initial decision by the federal judge; although the bill to fund the Division of Medical Services, which implements the state Medicaid program, passed the Senate, it failed in the House of Representatives, achieving only 58 votes (75 required). Brought before the chamber again, the bill received the 75 votes needed to fund the program for 2019. Since the Medicaid Expansion in 2013, it has proven difficult to achieve the 75 necessary votes necessary for the Division of Medical Services' appropriation. Reauthorization was extended for another year without controversy in April 2020. In 2021, the reauthorization and

appropriation bill passed on its fifth try in the House, eventually receiving 78 votes to pass, though it passed on the first vote in the Senate. Reauthorization was extended without controversy in 2022 and 2023.

Given the annual appropriation requirement for the Arkansas private option (which is also subject to a lengthy review and approval process by CMS with respect to any changes to the program), the State budget challenges stemming from the COVID-19 pandemic, and the current political environment, the long-term status of Arkansas' private option program cannot be assured. In order for the program to continue into the State's next fiscal year, it will be necessary for the Arkansas House of Representatives and Senate to approve reauthorization by the 75% supermajorities of senators and representatives described above. As noted above, CMS has rescinded the waivers that permitted the work requirements discussed above in connection with Medicaid expansion in several states, including Arkansas. Although a rescission of such waivers is subject to legal challenge by the states that enacted work requirements in reliance thereon, the results of any such challenge are impossible to predict.

Given these developments, legislation known as the Arkansas Health and Opportunity for Me Act ("ARHOME") has been enacted by the Arkansas General Assembly and signed by the Governor. ARHOME retains the private insurance model for purchasing health insurance plans for participants that exists in the current Arkansas Works program, but makes the private option available only to those applicants who meet certain work requirements similar to those previously included in the Arkansas Works program. Otherwise qualifying applicants who do not satisfy such work requirement incentives will nevertheless be covered under ARHOME on a fee-for-service basis, under which providers are generally reimbursed for services at a lesser rate than by private insurers. CMS approved some provisions of ARHOME on December 21, 2021. CMS did not approve the State's request to continue to require individuals with income above 100 percent of the federal poverty level to pay a share of the premiums for their coverage. CMS is still considering other provisions of ARHOME, including Life360 HOMES, which would provide additional aid for people with mental illnesses and young people at risk for long-term poverty. CMS has approved a provision relating to Life360 HOMES for additional support for pregnant women. There can be no assurance that any future continuation of the Medicaid expansion program in Arkansas will be enacted, and, if enacted, the impact on Medicaid revenues received by UAMS. The provisions of ARHOME approved by CMS became effective January 1, 2022.

Governor Sarah Huckabee Sanders announced on February 15, 2023 that she had directed the Arkansas Department of Human Services to implement a work requirement for able-bodied adults who receive enhanced Medicaid coverage through ARHOME. Implementation of the work requirement will require an amendment to the ARHOME Section 1115 Medicaid Demonstration Waiver to be approved by CMS. If approved, the proposed effective date for the amendment is January 1, 2024.

Any repeal or revision of the Arkansas private option program that would reduce the number of Arkansans with insurance coverage could have a material negative impact on patient revenues of UAMS and its ability to satisfy its payment obligations with respect to its indebtedness.

Any repeal or amendment of the Affordable Care Act (or change in the implementation thereof) or of Arkansas' private option expansion could have a material negative impact on revenues of UAMS and its ability to satisfy its payment obligations for its indebtedness.

In 2014, the federal and state health insurance exchanges intended to facilitate the purchase of health insurance became operational. The federal exchange and some state exchanges initially experienced widespread technical difficulties and lower than expected enrollment figures. Issues with respect to the exchanges have been largely resolved. Health insurance providers participating in the health insurance exchanges are subject to regulation of benefit packages and review of premiums. Purchasers of insurance on these exchanges meeting certain income limitations are eligible for tax credits. The U.S. Supreme Court has upheld United States Treasury Regulations permitting health insurance exchange purchasers to receive tax credit subsidies, regardless of whether the purchase is made through a federal or a state-operated health exchange.

In 2015, the employer mandate, after being delayed twice, went into effect for certain employers, and in 2016, the employer mandate for smaller employers became effective. In November 2015, the Bipartisan Budget Act of 2015 repealed a provision of the Affordable Care Act which required employers offering one or more health benefit plans and having more than 200 full-time employees to automatically enroll new full-time employees in a health plan.

The Affordable Care Act contains provisions aimed at reducing Medicare and Medicaid reimbursements to providers and reducing projected growth of the Medicare program, including reducing Medicare Advantage payments, reducing reimbursement under the disproportionate share hospital ("DSH") program, and tying provider payments more closely to efficiency and quality outcomes. Another major component of the Affordable Care Act is its enhanced health care program integrity provisions. The Affordable Care Act contains more than thirty-two sections relating to

health care fraud and abuse and federal health care program integrity, as well as significant amendments to existing criminal, civil and administrative anti-fraud statutes. Specifically, the Affordable Care Act amended the False Claims Act regarding the timing of the obligation to reimburse overpayments. Further, the Affordable Care Act authorizes the Secretary of Health and Human Services (“HHS”) to exclude a provider’s participation in the Medicare, Medicaid and the Children’s Health Insurance Program programs, as well as to suspend payments to a provider, pending an investigation of a credible allegation of fraud against the provider. The potential for increased legal exposure due to the Affordable Care Act’s enhanced compliance and regulatory requirements, disclosure and transparency obligations, quality of care expectations and extraordinary enforcement provisions could increase the UAMS’s operating expenses.

With expanded health insurance coverage under the Affordable Care Act, UAMS has benefitted from reduced charity care write-offs and bad debt expenses. A portion of those gains, however, have been offset by the increase in high deductible insurance plans under which insured patients are more likely to fail to make payment. UAMS has also benefitted from the expansion of the Medicaid program and increased Medicaid reimbursement for services provided by employed physicians. Conversely, the Affordable Care Act has resulted in lower Medicare reimbursements and reduced Medicare and Medicaid DSH funding. The new reimbursement methodologies have resulted in increased pressures for greater operational efficiency. Also, since commercial and managed care insurers have experienced increased regulation and fees, UAMS’s negotiations with those insurers have become more difficult.

Many states have also enacted or are considering health care reform measures. Both as a part of recent reform efforts and throughout the preceding decades, numerous legislative proposals have been introduced or proposed in the Arkansas General Assembly aimed at effecting major changes in health care policy and systems. The purpose of much of the statutory and regulatory activity has been to control health care costs, particularly costs paid under the Medicaid program. A significant portion of UAMS’s revenue is derived from the Medicaid program. It is not known what additional proposals may be proposed or adopted or, if adopted, what effect such proposals would have on UAMS’s operations or revenue.

The content and implementation of the Affordable Care Act has been, and remains, highly controversial. Accordingly, the Affordable Care Act has continually faced multi-front challenges, including repeated repeal efforts, since its enactment. Management of UAMS cannot predict the impact any major modification or repeal of the Affordable Care Act, or any replacement health care reform legislation, might have on UAMS’s business or financial condition, although such effects could be material. In particular, any legal, legislative or executive action that reduces federal health care program spending, increases the number of individuals without health insurance, reduces the number of people seeking health care, or otherwise significantly alters the health care delivery system or insurance markets could have a material adverse effect on UAMS’s business or financial condition.

Several attempts to repeal and/or replace the Affordable Care Act have been made since its passage. While past attempts have not been successful in gaining the approval of both chambers of Congress, certain portions of the Affordable Care Act have been repealed or their implementation delayed. As a result of the passage of the Tax Cuts and Jobs Act of 2017, beginning in 2019, the Affordable Care Act’s requirement that individuals obtain health insurance or pay a penalty has been eliminated.

In addition to the potential legislative changes discussed above, Affordable Care Act implementation and the Affordable Care Act insurance exchange markets can be significantly impacted by executive branch actions.

As a result of a ruling in a lawsuit (*House of Representatives v. Azar (nee Price, nee Burwell)*) challenging the legality of cost-sharing subsidies paid by the federal government to insurance companies that offer coverage under the Affordable Care Act insurance exchanges, President Trump announced in October 2017 that the payment of such subsidies would terminate immediately. Such action impacted the insurance exchange market by reducing the number of plans available on the Affordable Care Act health insurance exchanges and significantly increasing insurance premiums. In response to such termination, health insurers offering qualified plans enacted rate increases for 2018 and 2019. In Arkansas, the four insurers offering qualified plans enacted 2018 rate increases ranging from 14.2% to 24.78%. Rate increases for 2019 showed more stability, with increases averaging from 1% to 4.4%. Approved rate increases for 2020 ranged from 0.51% to 2.89%. A Kaiser Family Foundation study concluded that 2018 premium increases were a reaction to the termination of cost-sharing subsidy payments, and the 2019 and 2020 rate increases suggest the market is much more stable and sustainable. Approved rate changes for 2021 range from a decrease of -1.77% to an increase of 5.87%. Approved rate changes for 2022 ranged from no increase to an increase of 8.2%. Approved rate changes for 2023 range from an increase of 7.1% to 13.7%. Management cannot predict the likelihood or effect of any such executive actions on UAMS’s business or financial condition, though such effects could be material.

More recent executive action presents further questions, the effects of which are impossible to predict. The Office of Management and Budget issued a proposal on May 6, 2019 to change how inflation is used to calculate the official definition of poverty used by the Census Bureau. A final notice of rulemaking has not been published. A lower estimate of inflation would likely mean the poverty level would rise at a slower rate, potentially resulting in the loss of healthcare coverage. The effect of this executive action, as well as any other executive action issued in the future impacting the Affordable Care Act, on the business and financial condition of UAMS cannot be predicted.

Though legislative attempts to overturn the Affordable Care Act in its entirety have not been successful, the Department of Justice has declined to defend the Affordable Care Act in a judicial challenge led by several Republican states (*California v. Texas*, known as *Texas v. United States* before reaching the United States Supreme Court). These states claim that as a result of Congress's repeal of the Affordable Care Act requirement that individuals obtain health insurance or pay a penalty, Congress's authority can no longer be found in its taxing power and thus the Affordable Care Act in its entirety must be abandoned. A U.S. District Court judge agreed, and the case was appealed to the United States Court of Appeals for the Fifth Circuit which affirmed in part, finding the so-called individual mandate unconstitutional, and remanded the case for a further determination of severability. The Trump administration filed a brief in support of overturning the Affordable Care Act in its entirety. The Court of Appeals affirmed the lower-court ruling in December 2019, determining that the Affordable Care Act's individual mandate, which was reduced to \$0 as a result of the Tax Cuts and Jobs Act of 2017, is no longer considered a tax and therefore Congress no longer has constitutional authority to enforce the mandate. The Court of Appeals, however, was unwilling to rule on whether the individual mandate is severable from the rest of the Affordable Care Act, and remanded the case back to the lower court to decide that issue. The parties asked the Supreme Court to hear an appeal on the matter, and on March 2, 2020, the Supreme Court announced its intent to hear an appeal of the decision of the Fifth Circuit. On November 10, 2020, the Supreme Court heard oral arguments on the case. The Supreme Court issued its opinion upholding the Affordable Care Act on June 17, 2021. In a 7-2 opinion, the Court ruled that neither the states nor the individuals in the case had standing to sue regarding the individual mandate since they were not harmed by that provision. The Court did not reach the question of the Affordable Care Act's constitutionality.

It is not known which additional actions may be proposed or adopted or, if adopted, what effect such actions would have on UAMS's operations or revenue. However, the increased focus and interest on federal and state health care reform may increase the likelihood of further significant changes affecting the health care industry in the near future. There can be no assurance that recently enacted, currently proposed or future health care legislation, regulation or other changes in the administration or interpretation of governmental health care programs will not have an adverse effect on UAMS. Reductions in funding levels of the Medicare or Medicaid programs, changes in payment methods under the Medicare and Medicaid programs, reductions in State funding, or other legislative or regulatory changes could materially reduce UAMS's patient service revenue.

If the Affordable Care Act is repealed or replaced, if repeal or revision of the Affordable Care Act invalidates the Arkansas private option program, if the Arkansas private option program is invalidated by CMS, if the private option program is revised resulting in an increase of uninsured individuals, or if the Arkansas General Assembly fails to reauthorize, continue or approve funding for the private option program, UAMS estimates that approximately \$60-\$70 million in annual revenue could be lost from patients no longer covered by insurance who would return to self-pay status. UAMS management anticipates that the net effect on UAMS's finances would be less than that amount as there would be an opportunity to recover a portion of self-pay costs through the disproportionate share program. Additionally, UAMS could take action to reduce its care of indigent patients for elective medical treatments, as permitted by Board policy, to help offset the potential loss of funds. Although there are mitigation measures available to UAMS, the invalidation of or change to the Arkansas private option program or the failure by the Arkansas General Assembly to reauthorize, continue or approve funding for the Arkansas private option program could have an adverse impact on the results of UAMS's operations.

Effect of COVID-19 on UAMS.

As with most healthcare institutions, the COVID-19 pandemic (see **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein) has had a significant impact on UAMS. UAMS had its first COVID-19 patient on March 13, 2020. As the situation continues to be far-reaching and rapidly changing, the impacts of the COVID-19 pandemic, financial or otherwise, cannot be fully predicted, although significant actions have been taken to sustain operations and to prioritize the well-being of patients, employees and associates.

Response to COVID-19 and Effect on Operations. On March 7, 2020, UAMS established a COVID-19 task force with multiple working groups to prepare for and respond to the COVID-19 pandemic and its effects on UAMS's operations, its patients, and its staff and employees. The task force consisted of UAMS administrators, physician staff, nursing staff, and support staff.

On or about March 18, 2020, the Centers for Medicare and Medicaid Services (“CMS”) issued guidance that all elective surgeries and procedures, including medical and dental, should be postponed nationwide in order to mitigate the expected burden on health systems due to increasing COVID-19 incidence and to make necessary facilities, equipment, supplies (including PPE) and personnel available to treat patients presenting COVID-19 symptoms. Subsequently, the Governor of the State and the Arkansas Department of Health issued orders and directives delaying or cancelling such non-emergent and elective procedures at State health care facilities, including UAMS. Such delays, cancellations, and restrictions significantly impacted UAMS’s utilization and patient service statistics, and materially and adversely impacted its financial condition, reducing volumes materially below budgeted levels.

On May 11, 2020, UAMS began reopening for non-emergent procedures and resumed limited elective surgeries with overnight stays (in a geographically separate non-COVID area). There can be no assurance that a new surge of COVID-19 cases or additional Arkansas Department of Health directives will not require UAMS to begin delaying and/or cancelling elective procedures again. As the UAMS Medical Center’s inpatient volume of COVID-19 patients climbed due to the delta variant surge of summer 2021, UAMS again delayed certain non-emergent surgical cases because of a lack of hospital facility capacity and staff resource support. UAMS’s full elective surgical schedule was reinstated as of October 11, 2021. Additionally, UAMS accommodated the Arkansas Department of Health’s requested activation of ICU surge beds from January 11, 2021 to October 9, 2021 due to the delta variant surge. Many areas of the United States, including the State, experienced a COVID-19 case surge attributed to the omicron variant, and UAMS saw an increase in cases beginning in January 2022. In addition to additional patient volume, the omicron variant impacted staffing levels more significantly than earlier variants. UAMS’s operations and financial condition may be further materially adversely impacted depending on a number of variables, including the longevity and severity of COVID-19 as an endemic virus, how quickly effective treatments are developed and made available, the effectiveness of current and future vaccinations and the percentage of the general population who will opt to participate in vaccination programs, the impact of shortages of materials caused by world-wide demand and supply chain issues, how long staffing is affected by virus outbreaks, how quickly normal operations can be restored after staffing shortages, materials shortages, or supply chain issues, how much federal grant or loan forgiveness assistance will be provided to offset losses, and whether the rate of infection might spike again. The likelihood or severity of the ultimate impact on UAMS’s operations or financial condition cannot be predicted, though such impact could be material and adverse. Management of UAMS is monitoring developments with respect to COVID-19 and intends to follow recommendations of the Centers for Disease Control and Prevention and other applicable federal, state and local regulatory agencies.

UAMS has made significant efforts to expand the availability of telemedicine throughout the State. UAMS’s digital platform and operations have been offered State-wide to all 236 skilled nursing facilities and long-term care facilities. In addition, UAMS created a platform to offer ED-to-ED digital health consultative services to emergency departments throughout Arkansas and supported fixed and mobile testing and vaccination services across Arkansas. All UAMS locations State-wide are now on a unified electronic medical record system with common telemedicine infrastructure promoting interoperability.

The COVID-19 pandemic has resulted in decreased revenues and increased expenses for UAMS. For the fiscal year ended June 30, 2020, UAMS’s change in net position was a loss of \$15.7 million, with a total reduction in net position of approximately \$60 million attributed to COVID-19 before relief funding. For the fiscal year ended June 30, 2021, UAMS’s change in net position was an increase of approximately \$61.5 million, with a total reduction in net position of approximately \$50 million attributed to COVID-19 before relief funding. For the fiscal year ended June 30, 2022, UAMS’s change in net position was a decrease of approximately \$31.8 million, with a total reduction in net position of approximately \$20 million attributed to COVID-19 before relief funding. Relief funding recognized during the fiscal years ended June 30, 2020, June 30, 2021 and June 30, 2022 was approximately \$34.1 million, \$46.4 million and \$36.8 million, respectively. No additional relief funding was received during the fiscal year ended June 30, 2023.

Assistance and Relief Programs and Remediation Efforts. The CARES Act (see **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** herein) included a number of provisions important to health care providers, including provision for certain emergency funds, making available \$100 billion under the Public Health and Social Services Emergency Fund (“Provider Relief Fund”) to reimburse eligible health care providers for health care-related expenses or lost revenue not otherwise reimbursed that are directly attributable to COVID-19. Eligible providers include Medicare or Medicaid enrolled suppliers and providers, for-profit and not-for-profit entities in the United States that provide diagnoses, testing or care for individuals with possible or actual cases of COVID-19. On April 24, 2020, the Paycheck Protection Program and Health Care Enhancement Act was signed into law, which amended the CARES Act to increase the amounts authorized for the Paycheck Protection Program and authorized an additional \$75 billion in funding for the Provider Relief Fund. For the fiscal year ended June 30, 2020, UAMS received a total of \$16,179,326 from the Provider Relief Fund, the majority of which was recognized as non-operating revenues in UAMS’s financial results for the fiscal year ended June 30, 2020. Approximately \$138,000

of funding specifically allocated to UAMS's Rural Health Clinic was deferred until fiscal year 2021. The aforementioned amounts exclude \$11,827,927 in State CARES Act fund payments made to health care workers. For the fiscal year ended June 30, 2021, UAMS received a total of \$32,022,824 from the Provider Relief Fund, all of which was recognized as non-operating revenues in UAMS's financial results for the fiscal year ended June 30, 2021. An additional \$9,743,187 in American Rescue Plan (ARP) Rural Funding was received in December 2021. Also, an additional \$5,625,000 of State ARP funds were received in the fiscal year ended June 30, 2022. In January 2022, UAMS received an additional Phase 4 distribution from the Provider Relief Fund totaling \$18,150,891. In addition, as permitted by the CARES Act, UAMS elected to defer payroll tax payments for the months of April 2020 until December 2020. The total amount deferred was \$31,770,699. Of this amount, 50% had to be remitted by December 31, 2021, and the balance had to be remitted by December 31, 2022. For the fiscal year ended June 30, 2021, UAMS also received a total of \$13,833,988 from State CARES Act fund payments. No additional State CARES Act funds were received in the fiscal years ended June 30, 2022 and June 30, 2023.

Additionally, in April 2020, UAMS received an allocation of \$972,976 pursuant to the CARES Act to provide emergency federal aid grants to students who were adversely impacted by the pandemic and for institutional expenses related to the disruption of campus operations due to the COVID-19 crisis. In May 2020, UAMS distributed emergency aid totaling \$486,488 to 847 students. The remaining balance has been used to cover expenses related to the change in delivery of instruction due to the virus. In December 2020, UAMS received an allocation totaling \$1,458,213 of federal grant funding through the Higher Education Emergency Relief Fund II (HEERF II), authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), that was signed into law Dec. 27, 2020. In April 2021, UAMS distributed emergency aid totaling \$489,150 to 1,287 students. The remaining balance has been used to further aid students and cover expenses related to the change in delivery of instruction related to the virus. In March 2021, UAMS received an allocation of \$2,432,580 through the American Rescue Plan (ARP) Act. In March 2022, UAMS distributed emergency aid totaling \$1,220,945 to enrolled students and settled outstanding student account balances resulting from the pandemic totaling approximately \$562,583. The remaining funds have been allocated to fund a student wellness/mindfulness program, to recover lost revenue from the residence hall, and to cover expenses related to the change in delivery of instruction due to the pandemic.

On March 11, 2021, legislation providing an additional \$1.9 trillion of economic relief (known as the American Rescue Plan or ARP) was signed into law by President Biden. Such legislation includes, among other things, funding for vaccine production and distribution, another round of stimulus payments for certain households, an extension of unemployment benefits, child tax credits, housing assistance, subsidies for health insurance, aid to state and local governments, and additional small business assistance. In September 2021, UAMS received \$5.625 million in funding from the American Rescue Plan through an allocation from the State to help hospitals retain and recruit staff. UAMS used the entire amount to make critical staffing incentive payments to direct and indirect health care workers. In November 2021, Health Resources and Service Administration (HRSA) began releasing ARP rural payments to providers and suppliers who have served rural Medicaid, Children's Health Insurance Program (CHIP), and Medicare beneficiaries from January 1, 2019 through September 30, 2020. As a qualified provider, UAMS received a distribution of \$9,743,187 in November 2021.

CMS Advance. Additionally, CMS allowed hospitals and other Medicare providers and suppliers to request an immediate advance of their future Medicare payments under its Accelerated and Advance Payment Program. For hospitals, such advanced payments are subject to recoupment commencing one year after the payment is received, with 25% of claims being withheld as recoupment for the first 11 months of repayment and 50% of claims being withheld as recoupment for the next 6 months of repayment. Thereafter, CMS may require the entire outstanding balance to be paid in full, or CMS can determine the percentage of claims to be withheld until payment in full (plus a 4% interest rate). This program provides for additional liquidity, but was not a grant or an additional source of revenue. For the fiscal year ended June 30, 2021, UAMS received \$100,974,358 in advanced/accelerated Medicare reimbursements under this program. None of this amount was recorded as income. The entire amount advanced in fiscal year 2020 was reflected as a liability on UAMS's balance sheet for the fiscal year ended June 30, 2020. In April 2021, recoupment of the advance began, and all amounts were fully repaid by October 2022.

BCBS Advance. UAMS also elected to receive an advance from Arkansas Blue Cross Blue Shield ("BCBS") pursuant to BCBS's pandemic relief advance program. This program provided for additional liquidity, but is not a grant or an additional source of revenue. As of June 30, 2020, UAMS had received \$8,811,000 in advanced/accelerated payments from BCBS. Such advanced payment was subject to repayment monthly beginning October 15, 2020 through March 15, 2021. None of this amount was recorded as income. The entire amount was reflected as a liability on UAMS's balance sheet for the fiscal year ended June 30, 2020. Such amount was fully repaid on March 15, 2021.

FEMA Grant. The Federal Emergency Management Agency (“FEMA”) may provide funding to eligible applicants for costs related to emergency protective measures conducted as a result of the COVID-19 pandemic. Emergency protective measures are activities conducted to address immediate threats to life, public health and safety. FEMA funding can reimburse up to 100% of eligible costs for supplies, equipment, contracts, labor, mutual aid, donated resources and management costs. Through June 30, 2023, UAMS has been reimbursed \$440,887 for equipment related to COVID variant testing, \$1,283,932 for expenses related to COVID-19 entrance screenings, and \$3,192,959 for the purchase of PPE.

Other Grant Programs. UAMS has applied for and received various other grants related to the COVID-19 pandemic from the federal government, from State and local governments, and from the private sector. During the fiscal year ended June 30, 2020, the total amount awarded under these grants totaled \$15,621,287. During the fiscal years ended June 30, 2021, 2022 and 2023, the total amounts awarded under these grants totaled \$27,928,502, \$19,418,311 and \$1,609,293, respectively. Many, if not all, of these grants have designated purposes for which the funds can be spent.

UAMS intends to evaluate and, as appropriate, avail itself of the benefits of the CARES Act programs, loans and grants and other funding sources or potential payment acceleration programs to which it may be entitled, but cannot currently estimate what, if any, such benefits may be or the related timing or receipt of any such benefits beyond what has already been received. The CARES Act also provided for other provisions designed to boost Medicare and Medicaid reimbursement for COVID-19 related services, including, among other items, claims based reimbursement at Medicare rates for uninsured individuals tested or diagnosed with COVID-19, added payments for Medicare inpatient hospital discharges relating to COVID-19, accelerated payment to providers, and the suspension of certain policies that reduced payments to providers, including a temporary elimination of the Medicare sequester. Additionally, the CARES Act expanded the use of telehealth by providers by changing certain restrictions on reimbursement for those services. UAMS has expanded its telehealth options based on these regulatory changes.

Certain Medicaid eligibility verification processes were suspended in connection with the US Department of Health and Human Services public health emergency declaration. With the expiration of the public health emergency declaration, the Arkansas Department of Human Services (“DHS”) began a process of reassessing Medicaid eligibility. As of May 8, 2023, DHS reported that the cases of 72,802 Medicaid beneficiaries were closed in April because they either did not return the requested information to determine their eligibility or they are no longer eligible for Medicaid. DHS also reported that 61,236 Medicaid beneficiaries had their coverage renewed after their eligibility was confirmed. DHS has identified an additional 304,631 Medicaid beneficiaries whose coverage had been extended because of special rules put in place during the public health emergency; however, DHS is unable to estimate how many more people will no longer qualify for Medicaid as the department continues to redetermine Medicaid eligibility. The loss of Medicaid eligibility may lead to an increase in UAMS’s uncompensated care, which may have a material adverse financial impact.

UAMS is working with federal, state and local health authorities to respond to COVID-19 cases in the communities it serves and is taking or supporting measures to try to limit the spread of the virus and to mitigate the burden on the health care system. UAMS is also closely tracking its costs and monitoring federal and state legislation so that it will be able to apply for any applicable relief related to business interruption costs as well as repayment for costs related to the pandemic. There is no assurance what amount of such relief may be available to UAMS. While management of UAMS intends to take advantage of such relevant programs and policies, the timing, adequacy and other ultimate effects of such relief on UAMS cannot be predicted at this time. Further, it is not possible to predict the scope of effect of any future legislative or regulatory action enacted in response to the COVID-19 pandemic on the operations and financial condition of UAMS.

In addition, the System, on behalf of UAMS and certain other campuses, filed claims under existing business interruption insurance policies for losses it had sustained as a result of orders and directives issued by the Governor of the State and the Arkansas Department of Health in an effort to slow the spread of the COVID-19 virus. Such claims were disputed by the System’s insurance company, and, on September 1, 2020, a lawsuit on behalf of the System was filed to recover under its business interruption insurance policies. Subsequently, the complaint was amended to allege additional facts and to eliminate the claims on behalf of the other campuses. The System and the insurance company settled this matter for a confidential amount on December 9, 2022, and the trial court dismissed the matter with prejudice.

See also **SPECIAL CONSIDERATIONS AND RISKS RELATED TO COVID-19** and **FORWARD-LOOKING STATEMENTS** herein.

UNDERWRITING

Under a Bond Purchase Agreement (the “Agreement”) entered into by and between the Board and the underwriters listed on the cover page (collectively, the “Underwriters”), the Bonds are being purchased at a purchase price of \$10,776,966.68 (being the principal amount thereof plus original issue premium of \$535,039.05, and less Underwriters’ discount of \$18,072.37). The Agreement provides that the Underwriters will purchase all of the Bonds if any are purchased. The obligation of the Underwriters to accept delivery of the Bonds is subject to various conditions contained in the Agreement, including the absence of pending or threatened litigation questioning the validity of the Bonds or any proceedings in connection with the issuance thereof and the absence of material adverse changes in the financial or operating condition of the Board.

The Underwriters intend to offer the Bonds to the public initially at the offering prices set forth on the inside cover page of this Official Statement, which prices may subsequently change without any requirement of prior notice. The Underwriters reserve the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriters may offer and sell Bonds to certain dealers (including dealers depositing Bonds into investment trusts) at prices lower than the public offering price.

Certain of the Underwriters and their affiliates together comprise full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Such activities may involve or relate to assets, securities and/or instruments of the Board, the System and certain of its campuses, and/or UA, Fayetteville (whether directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with (or that are otherwise involved with transactions by) the Board, the System and certain of its campuses, and/or UA, Fayetteville. The Underwriters and their affiliates may have, from time to time, engaged, and may in the future engage, in transactions with, and performed and may in the future perform, various investment banking services for the Board, the System and certain of its campuses, and/or UA, Fayetteville for which they received or will receive customary fees and expenses. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the Board, the System and certain of its campuses, and/or UA, Fayetteville and any affiliates thereof in connection with such transactions and/or services. In addition, the Underwriters and their affiliates may currently have and may in the future have investment and commercial banking, trust and other relationships with parties that may relate to assets of, or be involved in the issuance of securities and/or instruments by, the Board, the System and certain of its campuses, and/or UA, Fayetteville and any affiliates thereof. The Underwriters and their affiliates also may communicate independent investment recommendations, market advice or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and at any time may hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

J.P. Morgan Securities LLC (“JPMS”), one of the Underwriters of the Bonds, has entered into negotiated dealer agreements (each, a “Dealer Agreement”) with each of Charles Schwab & Co., Inc. (“CS&Co.”) and LPL Financial LLC (“LPL”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, if applicable to this transaction, each of CS&Co. and LPL will purchase Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Bonds that such firm sells.

Kelly Eichler, Secretary of the University of Arkansas Board of Trustees, is the spouse of an officer of Stephens Inc., one of the Underwriters.

DESCRIPTION OF RATING

Moody’s Investors Service Inc. has assigned the rating of “Aa2” (Stable Outlook) to the Bonds. The rating reflects only the view of the rating agency. Any explanation as to the significance of the above rating may be obtained only from the rating agency furnishing the same.

The Board has furnished to the above rating agency certain information and materials, some of which have not been included in this Official Statement. Generally, rating agencies base their ratings on such information and materials and investigations, studies and assumptions furnished to and obtained and made by the rating agencies. There is no assurance that a rating will remain for any given period of time or that it may not be lowered or withdrawn entirely by the rating agency if, in its judgment, circumstances so warrant. Neither the Board nor the Underwriters have undertaken any responsibility to bring to the attention of the holders of the Bonds any proposed revision or

withdrawal of a rating or to oppose any such revision or withdrawal. Any downward change in or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

FORWARD-LOOKING STATEMENTS

Any forward-looking statements and/or projections contained in this Official Statement reflect various estimates and assumptions by the Board and/or UA, Fayetteville concerning anticipated results. No representations or warranties are made by the Board or UA, Fayetteville as to the accuracy of any such statements, assumptions or projections. Whether or not any such forward looking statements or projections are in fact achieved will depend upon future events, some of which are not within the control of the Board or UA, Fayetteville. Accordingly, actual results may vary from the projected results, and such variations may be material. When used in this Official Statement, the words “anticipate,” “believe,” “estimate,” “project,” “predict,” “expect,” “intend,” and words or phrases of similar import are intended to identify forward-looking statements.

Although the Board and UA, Fayetteville believe that the expectations reflected in such forward-looking statements are reasonable, neither the Board nor UA, Fayetteville can give any assurance that such expectations will prove to have been correct. Actual results could differ materially from expectations for other reasons as well. Actual results may vary materially from those described herein as anticipated, believed, estimated, projected, predicted, expected or intended. Forward-looking statements speak only as of the date they are made, and the Board and UA, Fayetteville undertake no obligations to update such statements in light of new information, future events or otherwise.

MISCELLANEOUS

Any statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. This Official Statement is not to be construed as a contract or agreement between the Board and the purchasers or owners of any of the Bonds.

The information contained in this Official Statement has been taken from sources considered to be reliable, but it is not guaranteed. To the best of the knowledge of the undersigned, the Official Statement does not include any untrue statement of a material fact, nor does it omit the statement of any material fact required to be stated therein, or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

[Remainder of page intentionally left blank.]

The execution of this Official Statement has been authorized by the Board.

DATED: As shown on the Cover Page hereof.

**BOARD OF TRUSTEES OF THE
UNIVERSITY OF ARKANSAS**

President of the University of Arkansas System

APPENDIX A

Form of Opinion of Bond Counsel

Friday Eldredge & Clark, LLP, Bond Counsel, expects to render an opinion with respect to the Bonds, dated the date of delivery of the Bonds, in substantially the following form:

Board of Trustees of the University of Arkansas
Little Rock, Arkansas

Regions Bank, as Trustee
Little Rock, Arkansas

Re: \$10,260,000 Board of Trustees of the University of Arkansas Athletic Facilities Revenue Bonds
(Fayetteville Campus), Refunding Series 2023

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by the Board of Trustees of the University of Arkansas (the “Issuer”) of its \$10,260,000 Athletic Facilities Revenue Bonds (Fayetteville Campus), Refunding Series 2023 (the “Bonds”), dated August 3, 2023, pursuant to Arkansas Code of 1987 Annotated, Title 6, Chapter 62, Subchapter 3 (the “Act”) and a Trust Indenture dated as of August 3, 2023 (the “Indenture”) between the Issuer and Regions Bank, as trustee thereunder (the “Trustee”).

The Bonds are secured by a pledge of, and payable first from, Pledged Revenues as described in the Indenture. The pledge of Pledged Revenues in favor of the Bonds is on a parity with the pledge of Pledged Revenues in favor of (i) the unrefunded September 15, 2023 maturity of the Issuer’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2013A (the “Unrefunded Series 2013 Bonds”), (ii) the Issuer’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Tax-Exempt Series 2016A and Taxable Series 2016B (collectively, the “Series 2016 Bonds”), and (iii) the Issuer’s Athletic Facilities Revenue Bonds (Fayetteville Campus), Series 2019A (the “Series 2019 Bonds”), in each case to the extent outstanding. The Bonds are general obligations only of the Issuer and do not constitute an indebtedness for which the full faith and credit of the State of Arkansas (the “State”) or any of its revenues are pledged and the Bonds are not secured by a mortgage or lien on any land or building belonging to the State or the Issuer.

We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the representations of the Issuer contained in the Indenture and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on the foregoing, we are of the opinion, as of the date hereof and under existing law, as follows:

(1) The Issuer is duly created and validly existing as a body politic and corporate and is a state-supported educational institution under and by virtue of the laws of the State with the corporate power to enter into the Indenture and perform the agreements on its part contained therein and to issue the Bonds.

(2) The Indenture has been duly authorized, executed and delivered by the Issuer and, assuming the authorization, execution, and delivery thereof by the Trustee, constitutes a valid and binding obligation of the Issuer enforceable upon the Issuer.

(3) Pursuant to the Act, the Indenture creates a valid lien on the funds pledged by the Indenture for the security of the Bonds on a parity with the lien in favor of the Unrefunded Series 2013 Bonds, the Series 2016 Bonds and the Series 2019 Bonds, in each case to the extent outstanding.

(4) The Bonds have been duly authorized, executed and delivered by the Issuer, and are valid and binding obligations of the Issuer, payable from the sources provided therefor in the Indenture.

(5) The interest on the Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; provided, however, with respect to

certain corporations, such interest will be taken into account in determining annual adjusted financial statement income for the purpose of computing the federal alternative minimum tax. The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements could cause the interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

(6) The Bonds and interest thereon are exempt from all present Arkansas state, county, and municipal taxes.

(7) The Bonds are exempt from registration under the Securities Act of 1933, as amended, and the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended.

It is to be understood that the rights of the registered owners of the Bonds and the enforceability of the Bonds and the Indenture may be subject to bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,

FRIDAY, ELDREDGE & CLARK, LLP

A MESSAGE FROM THE CHANCELLOR AND EXECUTIVE VICE CHANCELLOR FOR FINANCE AND ADMINISTRATION

Charles F. Robinson
Chancellor

Ann Bordelon
Executive Vice Chancellor for
Finance and Administration

The University of Arkansas first welcomed students onto campus in January 1872 – 150 years ago. As Arkansas’ land-grant, flagship university, we have taken pride in our fiscally responsible stewardship of our resources to best serve students and the state of Arkansas throughout our history. And we are proud of the way we continued to uphold that tradition during our sesquicentennial year.

We are pleased to present the University of Arkansas’ Annual Financial Report, reflecting our commitment to sound fiscal management, and outlining the university’s financial activities for the fiscal year ending June 30, 2022. In FY22, the University of Arkansas’ operating revenues rebounded to exceed pre-pandemic levels with a 12.6% increase over FY21 to \$652 million. FY22 also saw a continued return of students to campus, as well as sustained enrollment growth and improved retention. In fact, enrollment exceeded 30,000 students for the first time in the university’s history in the fall 2022 semester.

The University of Arkansas continues to maintain a strong financial position, ending FY22 with an overall net position of

\$1.5 billion. The university gains support through a variety of means – including state appropriations, tuition revenue, private gifts, research grants and more – and we strive to leverage that support to further our mission of teaching, research and service to Arkansas. As the state’s only institution to receive the highest classification of research activity from the Carnegie Foundation for Advancement of Teaching, we are also dedicated to serving and supporting Arkansas through life-changing discoveries, inventions, commercialization and entrepreneurship.

Advancing Student Success

The generosity of our benefactors and community allows the university to continue making important investments in classrooms, faculty, studio spaces and student support services. In FY22, using federal, state, institutional and private funding, the university provided more than \$145.8 million in academic and need-based scholarships to students.

As part of that \$145.8 million, the university continued to grow the amount of institutional scholarship dollars devoted solely to Arkansans with \$1 million in additional funding committed

in FY22. Since 2019, institutional scholarship funding for Arkansans has increased by \$6 million. Additionally, in-state tuition remained flat and fees only increased by less than 1% for the fall 2022 semester.

Our new Student Success Center was also completed in FY22, which was a \$45 million project funded by bonds, gifts and university reserves. The Student Success Center embodies the university's commitment to each and every student, offering outreach programs and resources that help students overcome barriers on their path to success, improving on-time graduation rates and making academic success attainable for everyone.

Augmenting the Research Enterprise

The University of Arkansas is actively committed to its role as a leading, flagship research university with research excellence a key part of our strategic plan. In FY22, the university began construction of a new campus research facility to serve as a home to the Institute for Integrative and Innovation Research (I³R). The 135,000-square foot facility will house leading-edge technology, laboratory space and research equipment. Every floor will feature expansive collaborative spaces designed to bring the people of I³R together to workshop ideas and move them toward innovation.

Additionally, a world-class research institution is built on the work of faculty, post-doctoral researchers and graduate students. We are committed to developing a plan that supports the growth of our tenure and tenure-track faculty, which will have a direct and measurable impact on our ability to conduct ground-breaking research and discovery in all disciplines. Our growth plan will include marshaling resources where possible, seeking endowments and other key partnerships.

Making the University an Employer of Choice

In FY22, we shared our intent for the University of Arkansas to become an employer of choice. When a person chooses to work for the University of Arkansas, they are making a big commitment to us and the state. They should know what we value in them, and what they will gain from working with us.

Looking ahead, we will develop an employee value proposition – in conjunction with our staff classification and compensation study – to advance our ambition to be an employer of choice. We are defining the characteristics and qualities we want to foster in our employees so we can better retain them and attract additional talent with transparency and a shared vision. We're developing a philosophy and defining the essence of what it means to work for the U of A.

As our celebration of the university's 150th anniversary concluded during FY22, our hope is that this report makes clear the many ways that we are investing in our institution, our students and the state of Arkansas to build a better future. It's been 150 years, and we've only just begun.

Thank you for your continued support.

LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

INDEPENDENT AUDITOR'S REPORT

University of Arkansas, Fayetteville
Legislative Joint Auditing Committee

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Arkansas, Fayetteville (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We did not audit the financial statements of The University of Arkansas Fayetteville Campus Foundation, Inc. and The Razorback Foundation, Inc., which represent 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for The University of Arkansas Fayetteville Campus Foundation, Inc. and The Razorback Foundation, Inc., is based solely on the report of the other auditors. The financial statements of The University of Arkansas Fayetteville Campus Foundation, Inc. and The Razorback Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1V to the financial statements, in 2022 the University adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the message from the Chancellor and Executive Vice Chancellor for Finance and Administration and the Board of Trustees, University Officials sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Introduction

The University of Arkansas (the University) is pleased to present its financial statements for the fiscal year 2022. While audited financial statements for fiscal year 2021 are not presented with this report because of the implementation of new GASB pronouncements discussed below, condensed operations and financial position data will be presented in this discussion and analysis to illustrate certain increases and decreases. However, the emphasis of discussions about these statements will be on

the current year data. The University's financial statements, notes to the financial statements and discussion and analysis are the responsibility of and have been prepared by management. This discussion and analysis should be read in conjunction with financial statements and notes. All references to "2022" and "2021" or another year refer to the fiscal year ended June 30, unless otherwise noted.

Overview of the Financial Report and Financial Analysis

The University's financial report includes three basic financial statements: the Statement of Net Position, which presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position of the University as of the fiscal year end; the Statement of Revenues, Expenses, and Changes in Net Position, which reflects revenues and expenses recognized during the fiscal year; and the Statement of Cash Flows, which provides information on the major sources and uses of cash during the fiscal year. These financial statements and related note disclosures are prepared in accordance with standards issued by the Governmental Accounting Standards Board (GASB). Financial statements are prepared under the accrual basis of accounting, whereby revenues and assets are recognized when services are provided, and expenses and liabilities are recognized when others provide the services, regardless of when cash is exchanged. The report also includes other required

supplementary information for other post-employment benefits and pension liabilities.

Effective for the year ended June 30, 2022, the University adopted GASB Statement No. 87, *Leases*. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

As a result, the University recognized the following in the Statement of Net Position as of June 30, 2022:

Effects of GASB 87 on Statement of Net Position

	June 30, 2022
ASSETS	
Current Assets	
Accounts receivable - net	\$ 947,045
Noncurrent Assets	
Other assets	\$ 6,981,643
Capital assets, net	6,690,140
LIABILITIES	
Current Liabilities	
Bonds, notes, leases and installment contracts payable - Current portion	\$ 1,526,476
Noncurrent Liabilities	
Bonds, notes, leases and installment contracts payable	\$ 4,588,891
DEFERRED OUTFLOWS OF RESOURCES	
Deferred inflows - other	\$ 7,781,921

Sufficient information was not available to restate the 2021 statements, and accordingly no comparative amounts for 2021 are presented. The beginning net position balance for 2022 was restated by \$549,745 on the Statement of Revenues, Expenses, and Changes in Net Position to recognize the effects of implementation of the GASB statement. For the purposes of the following discussion, the comparisons are between the June 30, 2022 audited financial statements and the June 30, 2021 financial statements as originally reported prior to the adoption of GASB 87.

The University has two legally separate foundations that are discretely presented in its financial statements: The University of Arkansas Fayetteville Campus Foundation, Inc. and the Razorback Foundation, Inc. that meet the criteria set forth for component units under GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. Both foundations provide financial support for the objectives,

purposes and programs of the University. Although the University does not control the timing, purpose or amount received by the foundations, the resources (and income thereon) they hold and invest are dedicated to benefit the University. Because these resources held by the foundations can only be used by, or for the benefit of, the University, they are considered component units and are discretely presented in the financial report. Additional information about component units is provided at Notes to the Financial Statements (Note 1 “Summary of Significant Accounting Policies”, under the “Discretely Presented Component Units” heading.)

Note 15 “Other Entities” refers to the University of Arkansas Foundation, Inc. (UA Foundation). The University is the beneficiary of 55.9% of the net assets of the UA Foundation; therefore, it does not meet the requirements of a component unit.

Statement of Net Position

The Statement of Net Position provides a fiscal snapshot of the University as of the end of the fiscal year. All assets (property that we own and what we are owed by others), deferred outflows of resources (consumption of net position by the University that is applicable to a future reporting period), liabilities (what we owe to others and have collected from others before we have provided the service), deferred inflows of resources (acquisition of net position by the University that is applicable to a future reporting period) and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) are reported in this statement. Assets and liabilities are presented in the order of their relative liquidity and are identified as current or noncurrent. Current assets are those assets that can be realized in the coming year and current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year. Assets, deferred outflows of resources, liabilities and deferred inflows of resources are generally measured using current values with the exception of capital assets, which are stated at historical cost less accumulated depreciation.

Net Position is presented in four categories:

Net invested in capital assets – capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Restricted nonexpendable – net position subject to externally imposed stipulations that it be maintained permanently by the University.

Restricted expendable – net position whose use by the University is subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time.

Unrestricted – net position that is not subject to externally imposed stipulations but can be used at the discretion of the governing board to meet current expenses for any purpose if not limited by contractual agreements with outside parties.

The following summarizes the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position as of June 30, 2022, and 2021:

Condensed Summary of Net Position			
	2022	2021*	Change
ASSETS			
Current Assets	\$ 682,511,240	\$ 645,298,702	\$ 37,212,538
Capital Assets, Net of Depreciation	1,545,982,343	1,525,888,590	20,093,753
Other Noncurrent Assets	215,857,707	201,325,434	14,532,273
Total Assets	\$ 2,444,351,290	\$ 2,372,512,726	\$ 71,838,564
Total Deferred Outflows of Resources	\$ 13,034,246	\$ 19,677,096	\$ (6,642,850)
LIABILITIES			
Current Liabilities	\$ 153,626,075	\$ 144,893,902	\$ 8,732,173
Noncurrent Liabilities	829,613,328	867,166,455	(37,553,127)
Total Liabilities	\$ 983,239,403	\$ 1,012,060,357	\$ (28,820,954)
Total Deferred Inflows of Resources	\$ 16,775,106	\$ 5,487,221	\$ 11,287,885
NET POSITION			
Net Invested in Capital Assets	\$ 721,837,717	\$ 687,450,722	\$ 34,386,995
Restricted – Nonexpendable	46,393,697	34,754,044	11,639,653
Restricted – Expendable	189,853,611	197,542,164	(7,688,553)
Unrestricted	499,286,002	454,895,314	44,390,688
Total Net Position	\$ 1,457,371,027	\$ 1,374,642,244	\$ 82,728,783

*As originally reported in 2021 financial report see Note 1V for breakdown of restatement

Overall, the University's financial position strengthened again in fiscal year 2022 with Net Position increasing by \$82.7 million. A review of the Statement of Net Position reveals the most significant changes were as follows:

The increase in Capital assets, net of depreciation, of \$20 million is primarily a reflection of the University acquiring capital assets

at a rate greater than these assets are disposed of or depreciated. The section "Significant Changes in Capital Assets and Long-Term Debt Activity" below and Note 4 "Capital Assets" provide additional information about capital assets.

The following summarizes the changes in capital assets as of June 30, 2022, and 2021:

Condensed Changes in Capital Assets		
	FY2022	FY2021*
Restatement GASB 87	\$ 7,226,880	\$
Additions	17,595,465	48,253,914
Reductions	(4,728,592)	(2,630,164)
Total Changes	\$ 20,093,753	\$ 45,623,750

*As originally reported in 2021 financial report see Note 1V for breakdown of restatement

Current cash, cash equivalents, and short-term investments increased in aggregate by \$33.8 million due in large part to a return to normal operations after the COVID-19 pandemic. The return of typical levels of the on-campus residential population resulted in greatly increased auxiliary enterprise cash collections of \$45.5 million compared to 2021. Increases were seen in student housing, dining, student health and parking revenues. In addition, attendance at athletic events returned to pre-pandemic levels. Educational and general related cash also showed a significant increase. Cash collected from grants and contracts increased by \$50.7 million due to increased numbers of awards and more efficient billing and collection efforts on existing awards. Sales and services collections increased by \$12.4 million and other operating receipts increased by \$4.7 million. Outside of operating receipts, state appropriations and nonoperating federal grants increased \$12.5 million and \$16.0 million, respectively. The increase in nonoperating grants can be largely attributable to funds received from federal HEERF programs. Gift collections were up \$7.6 million with campus returning to higher levels of activity coming out of the pandemic. Reimbursement draws from the foundations grew to cover increased programmatic expenses.

Increased cash inflow was offset by an increase in overall operating expenses of \$113.1 million, with the largest increases coming in payments to suppliers of \$80.3 million. Salary and benefits payments increased \$24.2 million and cash payments for scholarships and fellowships increased \$8.6 million.

The increase in other noncurrent assets of \$14.5 million is attributable to net outstanding new pledges of \$23.6 million primarily designated for capital assets and an increase in other assets of \$6.6 million due almost exclusively to the adoption of

GASB 87 and the related recording of lease receivables. This was offset by a decrease of \$14.6 million in long-term investments.

Deferred outflows of resources decreased \$6.6 million due to the amortization of deferred amount on refunding of bonds of \$4.3 million and actuarial determined decrease in deferred outflows related to pensions of \$1.6 million and other post-employment benefits of \$0.7 million.

Current liabilities increased \$8.7 million. Advance receipts increased \$9.9 million due to increased cash collections of revenues to be recognized in fiscal 2023 caused by the timing of summer terms, as well as a significant increase in athletic ticket sales for the Fall 2022 season of over \$5.0 million. Current bonds, notes, leases, and installment contracts payable decreased \$5.3 million.

Noncurrent liabilities decreased \$37.6 million. Noncurrent bonds, notes, leases and installment contracts payable decreased \$27.3 million as a result of normal amortization of principal on outstanding long-term debt throughout 2022. Pension liability decreased \$9.1 million as a result of actuarially compiled statistics on the statewide pension plans in which University employees and retirees participate.

Deferred inflows and resources increased \$11.3 million. Deferred inflows related to OPEB decreased \$1.4 million and deferred inflows related to pensions increased \$4.9 million. Additional information about these computations can be found in Note 11 "Employee Benefits" and Note 12 "Other Postemployment Benefits (OPEB)." Deferred inflows other increased \$7.8 million as a result of the adoption of GASB 87 as referenced above.

The following summarizes the composition of unrestricted net position owned by the units of the University of Arkansas Fund as of June 30, 2022 and 2021:

Unrestricted Net Position				
Unit	2022	2021*	Change	
Fayetteville Campus	\$ 427,337,462	\$ 375,903,014	\$	51,434,448
Division of Agriculture	57,298,620	65,710,053		(8,411,433)
Arkansas Archeological Survey	1,878,217	1,713,677		164,540
Criminal Justice Institute	5,176,640	4,727,959		448,681
Clinton School of Public Service	2,243,599	1,801,887		441,712
AREON	5,351,464	5,038,724		312,740
Total Unrestricted Net Position	\$ 499,286,002	\$ 454,895,314	\$	44,390,688
*As originally reported in 2021 financial report see Note 1V for breakdown of restatement				

Unrestricted net position for the Fayetteville Campus as of June 30, 2022 and 2021 is allocated as follows:

Unrestricted Net Position – Fayetteville Campus				
Allocation		2022	2021*	Change
Educational and General Department Uses	\$	217,790,645	\$ 202,147,308	\$ 15,643,337
Service Operations		6,419,150	6,514,837	(95,687)
Auxiliaries		49,486,265	43,547,386	5,938,879
Plant Funds		136,525,123	104,759,723	31,765,400
Quasi-Endowment Funds		17,116,279	18,933,760	(1,817,481)
Total Fayetteville Campus Unrestricted Net Position	\$	427,337,462	\$ 375,903,014	\$ 51,434,448

*As originally reported in 2021 financial report see Note 1V for breakdown of restatement

Although unrestricted net position is not subject to externally imposed restrictions, the University's unrestricted net position is largely subject to internal designations to meet various specific commitments. These commitments include reserves established

for capital projects, scholarships, and other academic or research priorities, working capital for self-supporting auxiliary enterprises, reserves for the continued recognition of OPEB and pension obligations, and unrestricted quasi-endowments.

Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position present the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Generally, operating revenues are received for providing goods and services to the various customers and constituencies of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for operating revenues, and to carry out the mission of the University. Nonoperating revenues are revenues received for which goods and services are not provided. In accordance with GASB standards, significant recurring sources of University revenue such as state appropriations, gifts, investment income and certain grants and contracts are reported as nonoperating revenues. As a result, the operating

loss of \$329.9 million highlights the University's dependency on nonoperating revenues to meet the costs of operations and provide funds for the acquisition of capital assets. The utilization of capital assets is reflected in the statement as depreciation, which amortizes the cost of an asset over its expected useful life. Changes in total net position, as presented on the Statement of Net Position, is based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Position. The statement presents the revenues earned by the University, both operating and nonoperating, and the expenses incurred by the University, both operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the University.

The following summarizes the University's revenues, expenses, and changes in net position for the years ended June 30, 2022 and 2021:

Condensed Summary of Net Revenues, Expenses, and Changes in Net Position				
		2022	2021*	Change
Operating Revenues	\$	652,292,200	\$ 579,319,158	\$ 72,973,042
Operating Expenses		982,219,139	876,655,485	105,563,654
Operating Loss		(329,926,939)	(297,336,327)	(32,590,612)
Net Nonoperating Revenues		370,061,688	387,771,999	(17,710,311)
Gain Before Other Revenues and Changes in Net Position		40,134,749	90,435,672	(50,300,923)
Other Revenues and Changes in Net Position		50,997,419	8,913,121	42,084,298
Increase in Net Position	\$	91,132,168	\$ 99,348,793	\$ (8,216,625)

*As originally reported in 2021 financial report see Note 1V for breakdown of restatement

Operating revenue increased \$73.0 million in 2022. The biggest contributors of such increase were auxiliary enterprises. Specifically, residence life increased approximately \$29.0 million, Athletics increased approximately \$18.5 million, and Transit and Parking increased approximately \$4.7 million. These increases are due to the return to more normal operations after the measures taken during the pandemic were relaxed.

Other operating revenues seeing substantial increases included Federal grants and contracts increasing approximately \$13.1 million, Sales and services of educational departments increasing approximately \$6.9 million, and Student tuition and fees increasing approximately \$3.7 million.

The increase in Federal grants and contracts is a function of several factors. As already stated, campus activities have returned to more typical levels post COVID-19. Large equipment purchases increased \$3.5 million due in part to supply chain constrictions in the previous year and the award of newer grants with equipment components. Salaries charged to grants increased \$5.4 million in 2022, grant related travel expenses increased \$2.0 million due to restrictions in the previous year, and facility and administrative costs increased \$2.7 million. Due to the cost reimbursable nature of most grants, revenues increased along with the increases in these types of expense. The University has also seen record numbers of proposals and awards over the past couple of years that have resulted in increased federally sponsored research activity. Increases in Sales and services of educational departments are attributable to the resumption of several educational programs that were either restricted or curtailed completely due to COVID-19. In particular, the resumption of study abroad programs resulted in an increase of approximately \$3.1 million. Student tuition and fees increase is attributed to an overall enrollment increase of approximately 1,500 students combined with small increases in various mandatory and non-mandatory student fees for 2022.

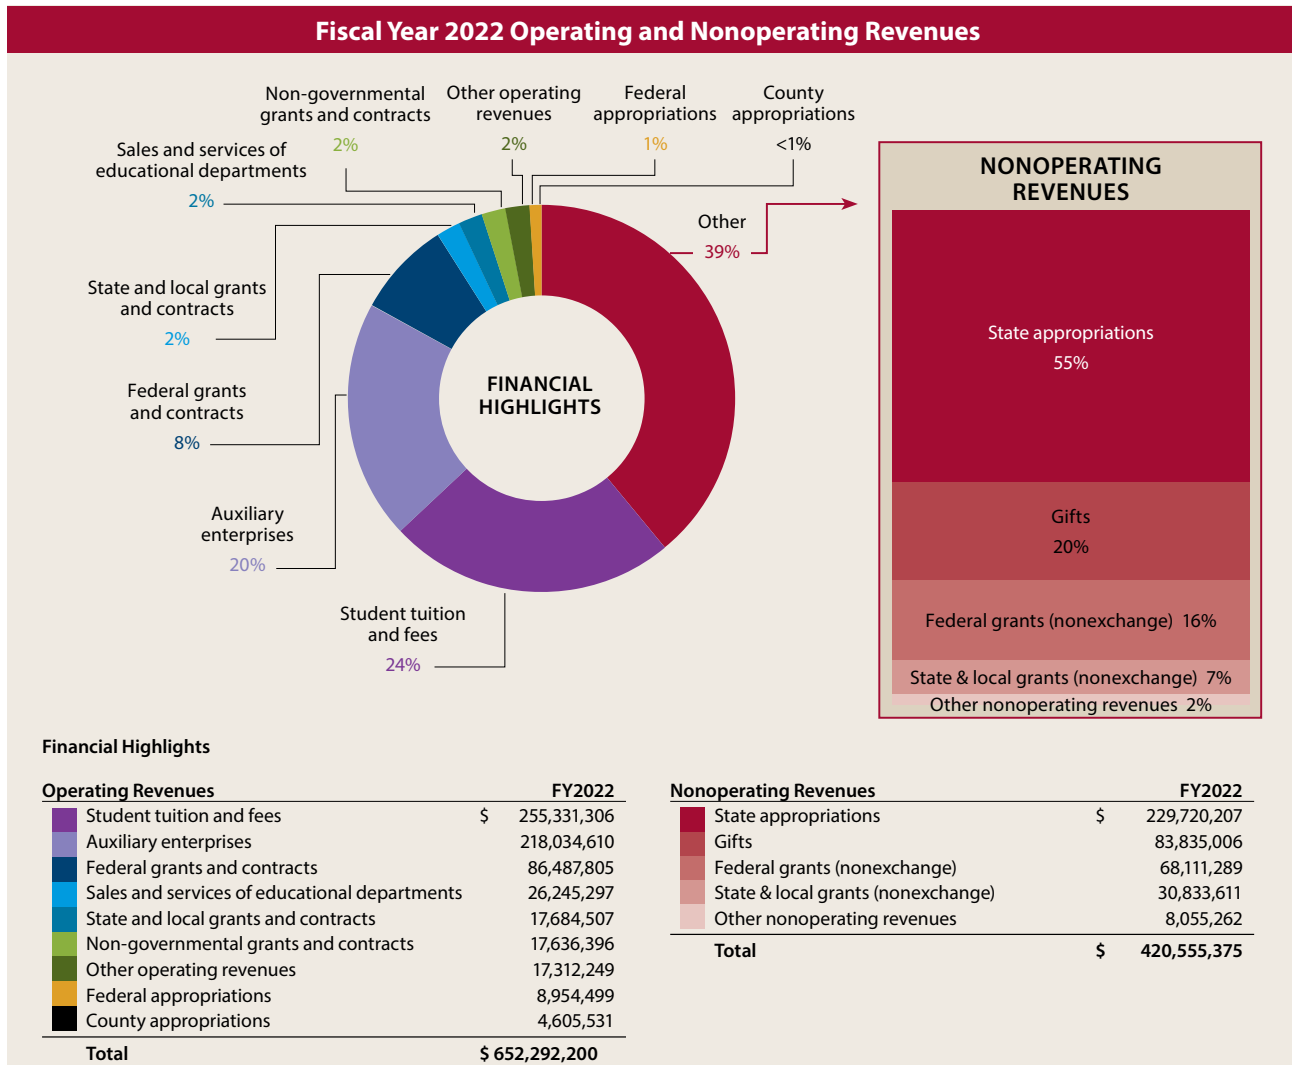

Operating expenses increased \$105.6 million with the single largest increase coming in Supplies and other services of approximately \$76.4 million. This significant increase indicates a return to more normal levels of operations as compared to

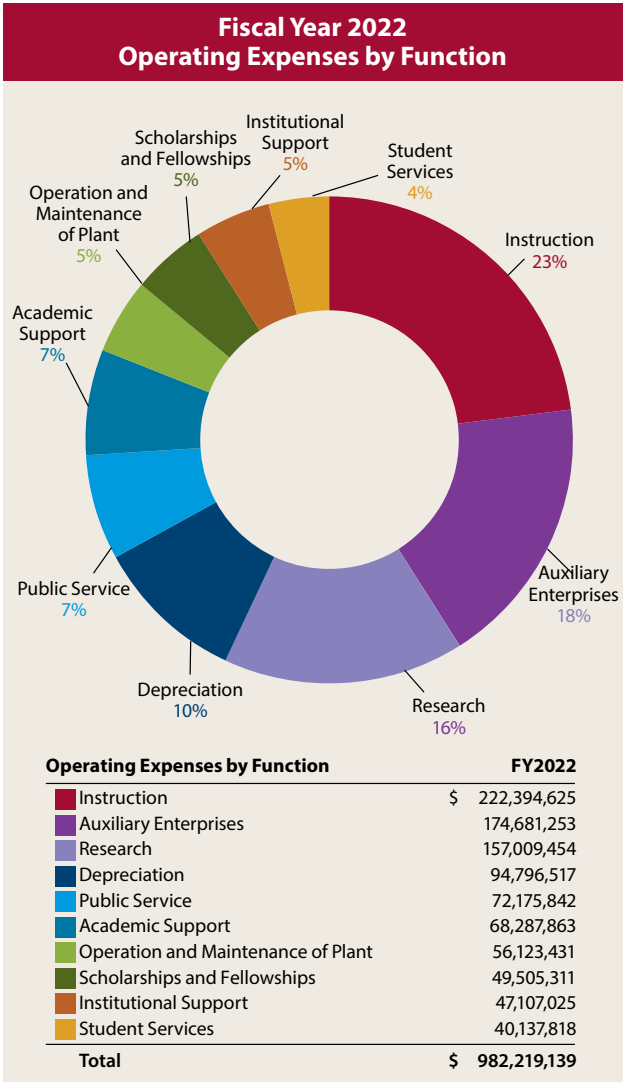

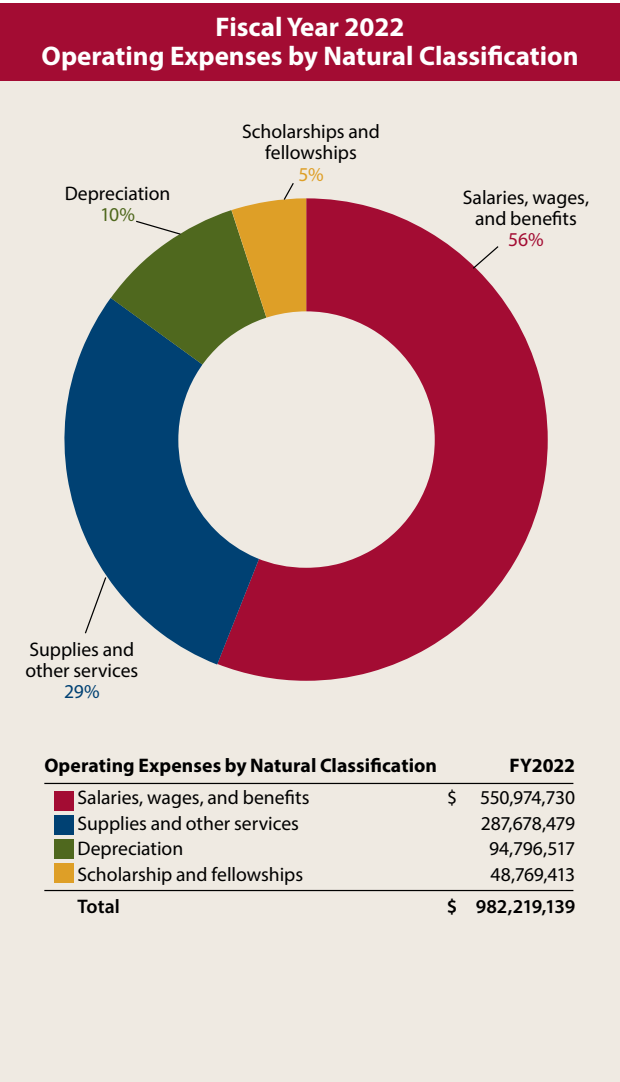

2021. A better comparison can be made with 2020 which reflects an increase of \$33.5 million. Specific changes in that timeframe that contribute to the increase include an increase of insurance premiums of \$7.0 million and increase in allowance for doubtful accounts of approximately \$5.6 million. Remaining increases are broadly distributed and reflect increased expense related to growing enrollment, growing research activities and general inflationary pressures.

Salaries, wages and benefits increased approximately \$13.5 million which was an overall change of 2.5%. Scholarships and fellowships increased approximately \$8.9 million, reflecting a major University effort to increase scholarship awards to in-state students, and overall general growth in student enrollment.

Net other nonoperating revenues declined by approximately \$17.7 million. Investment income saw a decline from the previous year of approximately \$60.8 million. This comes after record investment income in 2021 due to extraordinary performance in the University's investment portfolio, with investment income reported at \$35.8 million in that year. In 2022, the University was not immune to the challenging investment environment seen across the market and incurred overall investment losses of \$24.9 million. Offsetting this decline were increases in state appropriations, gifts, and non-operating federal grants of \$12.5 million, \$9.0 million, and \$16.6 million, respectively. State appropriations can vary year to year and are based on State revenues which were reported as strong in 2022. The increase in gifts coincide in large part with the increase in operating expenses since expense reimbursements from the University's affiliated foundations are reflected in this line. The increase in non-operating federal grants is due almost exclusively to the increase in funding from the federal government in the various COVID-19 relief funds of approximately \$22.8 million.

The increase in Other revenues and changes in net position of \$42.1 million is due primarily to an increase in capital gifts and grants of \$41.4 million. This increase reflects the recording of a \$30.0 million pledge for the construction of the Windgate Studio and Design Center and the receipt of \$9.4 million in funding for the construction of the I³R facility.

Statement of Cash Flows

The Statement of Cash Flows provides information about the cash activity of the University during the year. The statement is divided into five parts. The first part deals with operating cash flows and shows the net cash used by the operating activities of the institution. The second section reflects cash flows from noncapital financing activities. This section reflects the cash received and spent for non-operating, non-investing, and non-capital financing purposes. The third section deals with cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction

of capital and related items. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from investing activities. The fifth section reconciles the net cash used to the operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position.

The statement aids in the assessment of the University's ability to meet obligations as they become due, the need for external financing and the ability to generate future cash flow.

The following summarizes the University's cash flows for the years ended June 30, 2022 and 2021:

Condensed Summary of Cash Flows			
	2022	2021*	Change
Net Cash Used by Operating Activities	\$ (218,218,271)	\$ (220,888,406)	\$ 2,670,135
Net Cash Provided by Noncapital Financing Activities	408,066,004	374,539,708	33,526,296
Net Cash Provided by Operating and Noncapital Financing Activities	189,847,733	153,651,302	36,196,431
Net Cash Used by Capital and Related Financing Activities	(139,342,472)	(123,674,328)	(15,668,144)
Net Cash Used by Investing Activities	(84,321,245)	(6,347,113)	(77,974,132)
Net (Decrease) Increase in Cash	\$ (33,815,984)	\$ 23,629,861	\$ (57,445,845)

*As originally reported in 2021 financial report see Note 1V for breakdown of restatement

The University used \$218.2 million of cash for operating activities in 2022 offset by cash provided by noncapital financing activities of \$408.1 million. Similar to the operating loss on the Statement of Revenues, Expenses, and Changes in Net Position, net cash used by operating activities does not include state support and other significant nonoperating cash items and is therefore best viewed in combination with noncapital financing activities. Net cash provided by operating and noncapital financing activities

is a more meaningful number for the University and the positive amount of \$189.8 million for 2022 indicates that these activities contributed to cash and liquidity for the year.

Cash used by capital and related financing activities reflects the University's continued use of bonded debt to finance the acquisition of capital assets. Net cash used by investing activities illustrates the continuation of the operating investments policy.

Significant Changes in Capital Assets and Long-Term Debt Activity

The University follows its long-range Facilities Renewal and Stewardship Plan to renew, upgrade and add facilities to expand capacity and modernize the campus. A dedicated facilities fee established in 2009 and the creation of several targeted, operating budget lines provides a revenue stream that is used to leverage bonded debt and other resources to fund a portion of this aggressive plan. University gifts, central reserves, various grants, Athletics support, targeted facilities operating budget lines, energy saving performance contracts and other miscellaneous sources of funds all contribute to this overall program. The condition of the University's capital assets

is a critical measure of the University's overall financial health. Creating and maintaining facilities that provide an exceptional academic environment in which to learn, live and work is vital to attracting new students, as well as recruiting excellent faculty and staff. The University maintains a Facility Condition Index to assist in assessment of the overall stewardship of capital assets. The index trend is positive, demonstrating the positive effect of renewal, stewardship, renovations and the continued reduction of deferred maintenance to campus infrastructure and educational and general buildings.

A summary of the change in Net invested in capital assets is as follows:

Changes in Net Invested in Capital Assets						
	FY21 6/30/2021	Net Change for GASB 87	FY22 7/1/2021	Additions	Reductions	FY22 6/30/2022
Capital assets, net of depreciation (Note 4)	\$ 1,525,888,590	\$ 7,226,880	\$ 1,533,115,470	\$ 17,595,465	\$ 4,728,592	\$ 1,545,982,343
Bonds, leases, notes and installment contracts (Note 8)	(843,027,435)	(6,677,135)	(849,704,570)	(196,095,119)	(224,755,199)	(821,044,490)
Deferred amount on refunding	10,626,042		10,626,042	981,617	5,301,711	6,305,948
Unspent bond proceeds	3,961,913		3,961,913		3,707,174	254,739
Accounts payable and contract retainage	(9,998,388)		(9,998,388)	9,998,388	9,660,823	(9,660,823)
Net invested in capital assets (Statement of Net Position)	\$ 687,450,722	\$ 549,745	\$ 688,000,467	\$(167,519,649)	\$(201,356,899)	\$ 721,837,717

Note 4, "Capital Assets" provides additional information related to the University's depreciable and non-depreciable capital assets.

Capital projects continued at an impressive pace in 2022, with several construction projects that began in previous years completed or substantially completed, continued progress on multi-year projects and new projects initiated.

The list of projects begun in previous years completed in 2022 includes:

- Civil Engineering Research & Education Center – Project constructed a research and education facility for the civil engineering department. The facility is approximately 25,000 square feet of high bay lab and an adjacent 2-story space. Lab features structural testing floor, associated materials preparation and testing areas, lab personnel office and research space. Total project cost was \$13.8 million funded from bonds, gifts, grants and state funds. The project was completed in July 2021.
- Baseball Development Center – Is a facility at the Baum Walker Stadium. Located at the southwest corner of Baum Walker Stadium, the 47,700 square foot facility provided improved and expanded locker room spaces, team room, weight room, equipment room, training room, meeting rooms, nutrition space, player development spaces in-venue batting cages and pitching development space, and coaches' offices. The project cost of \$27 million was funded by \$20 million in bonds, \$6 million in gifts and \$1 million from Athletic reserves. Project was completed in July 2021.

- Track and Field High Performance Center – Is a track operation facility. This facility will house the Men's and Women's Track and Field teams and combines many of the day to day operations to create an efficient space to serve both programs. The building is 21,000 square feet and located at the south end of the John McDonnell Field. The facility will provide an improved and expanded training room, weight room, team room and equipment storage space. The project cost of \$15 million was funded by \$10 million in bonds with the remaining amount funded from gifts and Athletic reserves. Project was complete in July 2021.

- Brough Commons Retail Shops Renovation – Renovation of the ground floor retail space to accommodate student demand based on increased customer counts, student feedback and food service trends. Change will improve variety of offerings, speed of service and increase seating. The estimated project cost is \$5.6 million funded by dining contract revenue and University reserves. Was completed August 2022.

- Student Success Center – Is a 71,000 square foot facility. The student success center created a home for a new program for which its mission is to maximize the success of students, especially first-generation Arkansas students, starting with pre-enrollment and transition to the University, through semester to semester retention, on time graduation and ending with their transitions into careers. The Student Success Center is located in the core of campus, just north of Old Main and adjacent to Memorial Hall. The construction cost was \$45 million from bond proceeds, gifts, and University funds. The project was completed in December 2021.

- University Recreation Intramural Fields – Is the Indian Trails Tennis Complex/Mountain Biking Trails. The Indian Trails project provided 12 tennis courts, biking trails and parking. The project was funded from bond funds and was completed March 2022.

Ongoing construction and new projects beginning in 2022 include:

- Studio and Design Center – Construction of a new 142,600 square foot facility for the School of Art at the southeast corner of Martin Luther King Boulevard and Hill Avenue to consolidate several disciplines across campus and support the expected growth of students and faculty in the School of Art. The estimated project cost is \$55 million funded by \$40 million in gifts, bond proceeds and University sources. Estimated completion is Fall 2022.
- Ventilation Improvements – Project will prioritize replacement of air handling units and high efficiency filtration systems across campus to increase ventilation in classroom spaces to mitigate spread of the SARS-COV-2 virus. Estimated project cost is \$7.6 million from HEERF funds. Estimated completion date is Summer 2023.
- I³R Research Facility – Construction a new campus research facility to serve as a home to the Institute for Integrative & Innovation Research (I³R). The current facility is approximately 135,000 gross square feet located on main campus. The current construction budget is \$120 million, which will be funded from gifts and University reserves. Estimated completion is August 2024.
- North Chilled Water Plant Modernization – Replaced the existing 1994 chiller at the North Chiller Water Plant with a new nominal 2,500-ton capacity unit (100% capacity increase). The project also replaced supporting process systems, including the plant electrical switchgear and, cooling tower fan drive systems. Total cost was \$4.3 million. Funding consisted of bond proceeds and University funds. Project was completed Summer 2024.
- Fine Arts Restoration – Renovation of the interior and exterior of 55,000 square feet of the Fine Art building constructed in 1951. The exterior landscape and public spaces will be restored to their historic condition. Classrooms, concert hall and library will be upgraded to meet current capacity and building requirements. The total estimated cost is \$38 million funded by bonds, gifts, and University reserves. Estimated completion is Summer 2024.
- Mullins Library Renovation first and second floors – Renovation consists of installing fire sprinklers, abating asbestos and renovating 116,000 square feet on the first and second floors to upgrade study and collaboration spaces as well as special collections. Estimated project cost is \$35.5 million to be funded from gifts, bond proceeds and University reserves. Estimated completion is Summer 2024.
- Windgate Galleries – Project will construct a new 47,000 square foot facility containing professional quality galleries, a fabrication lab, art foundation studios and an auditorium. It will allow for flow of faculty and students between the other two art buildings located in the Windgate Arts & Design District. The estimated cost is \$34 million from gifts and University sources. Estimated completion Summer 2024.
- Anthony Timberlands Center for Design & Material Innovation – Construction of a 41,000 square foot facility located at the northeast corner of the Windgate Art & Design District. This facility will provide space for a timber and wood design graduate program and an applied research center for wood innovation. This will include classroom, studio, conference, office and fabrication space. The estimated project cost is \$33.5 million funded by gifts, University reserves, state funds and bond proceeds. Estimated completion is Fall 2024.
- Nano Clean Room Fit-Out – Project will fit-out a 3,600 square feet clean room with an additional 3,600 square feet for mechanical equipment. The clean room will support research into fabrication and characterization of nanomaterials or semiconductor devices. Estimated project cost is \$10 million funded through gifts. Estimated completion is Fall 2024.
- MUSiC National Research Fabrication Facility – Project will construct a new facility 18,645 square feet with 7,400 square feet of cleanroom and clean support space. Estimated project cost is \$28.1 million from gifts, grants and University sources. Estimated completion is Fall 2024..

A summary of long-term debt (including the current portion) activity is as follows:

Summary of Changes in Long-Term Debt							
	FY21 6/30/2021	Net Change for GASB 87	FY22 7/1/2021	Additions	Retirement of Principal	Amortization of Net Bond Premium	FY22 6/30/2022
Bonds	\$ 819,974,895		\$ 819,974,895	\$ 175,645,000	\$(193,185,000)	\$(23,873,861)	\$ 778,561,034
Leases	1,072,822	\$ 5,828,267	6,901,089	879,647	(1,665,369)		6,115,367
Notes	13,394,676		13,394,676	8,729,576	(1,286,913)		20,837,339
Installment Contract	8,585,042	848,868	9,433,910	10,840,896	(4,744,056)		15,530,750
	\$ 843,027,435	\$ 6,677,135	\$ 849,704,570	\$ 196,095,119	\$(200,881,338)	\$(23,873,861)	\$ 821,044,490

Note 8, "Long-Term Debt" provides additional information related to the University's long-term debt.

During the fiscal year ended June 30, 2022, the University issued \$175,645,000 in taxable bonds with coupon rates ranging from 0.371% to 2.685% to refund outstanding balances of Various Facility Revenue Bonds (Fayetteville Campus), Series 2012A, Series 2013A, Series 2014A and Series 2015A. The University completed the refunding to realize an economic gain of \$17,915,240 over the next 23 years.

Additionally, the University executed an installment contract loan agreement in the amount of \$10,840,896 to finance

associated project costs to install certain energy conservation and facility improvements across the University of Arkansas, Fayetteville campus, as well as the costs of issuance of the loan. The loan began amortizing immediately for a term of ten years at a rate of 1.23% maturing August 15, 2031.

The final advance for \$8,729,576 of a taxable promissory note initiated during the fiscal year ended June 30, 2021 was drawn down in 2022 to pay the principal and interest on refinanced Athletics bond issues.

Conditions and other factors having a significant effect

As the effects of the COVID-19 pandemic eased, the University returned to a primarily traditional face-to-face format with safety precautions in place. Individual students were able to request in writing not to attend a face-to-face lecture but were able to return to classes face-to-face at any time. Capacity limits were removed for housing and attendance at athletic events.

As a result, Auxiliary revenues experienced a rebound to more normal performance results and, in many cases, exceeded pre-pandemic levels.

University operations for Fall 2021 are substantially similar to pre-pandemic operations.

During fiscal year 2022, the University received approximately \$23.3 million in funds from the multiple congressional acts of the federal government. This amount was recovered primarily as due to lost revenue resulting from the effects of the pandemic.

Financial and political support from state government remains a critical element to the continued financial health of the University. In 2022, the total general revenue distribution from the State increased to \$218.8 million from the \$212.9 million

reported in 2021. The forecast for 2023 indicates general revenue and Educational Excellence Trust Fund distributions from the State may increase 2.9%. If State revenue continues to be as strong as the State has reported in early 2022, management will continue to institute both internal and external efforts to maximize the state resources available while seeking ways to minimize the risk of state funding levels not keeping pace with growth.

In 2017, The Arkansas Legislature enacted Act 148 which adopted a productivity-based funding model for most state-supported higher education institutions. As provided in the Act, the Arkansas Division of Higher Education developed a productivity-based funding model with measures for effectiveness, affordability, and efficiency. That model was first used to determine funding recommendations for the 2018-19 academic year and resulted in a small increase in University funding based on those measures. The University does not anticipate material changes in its funding level over the short term based on this funding policy.

The University continues to seek ways to manage the cost of attendance so that it remains affordable while achieving revenue

support necessary to offer a high-quality university experience. Diverse revenue resources, including state appropriations, tuition, and fees (net of scholarship allowance), private support and sponsored grants and contracts all contribute to support the mission of teaching, research and service. For the 2022-23 academic year, enrollment and state appropriations are anticipated to exceed budget. Student Fees and Non-Resident tuition increased slightly in 2023 to maintain the facilities, faculty and other support needed to fulfill our mission.

The University's last capital campaign, Campaign Arkansas, completed on June 30, 2020. Since the completion of that campaign, the University has continued to see positive momentum with philanthropic support. Fiscal year 2022 saw the largest fundraising year at the University outside a capital campaign with a total of \$138.6 million raised. The University's endowment reached an all-time high of \$1.68 billion on June 30, 2021, however, due to challenging market conditions in fiscal year 2022, the endowment balance as of June 30, 2022 is approximately \$1.47 billion.

The University enrolled 30,936 students for the Fall 2022 semester while setting new records for retention and graduation rates. As the charts below indicate, University enrollment has increased 22.1%, or 5,595 students, over the past ten years. Enrollment has now exceeded 30,000 for the first time ever and the Fall 2022 term has seen the largest incoming freshman class in the history of the University. Leading indicators suggest another strong incoming freshman class for the Fall 2023 semester as well. Considering the uncertainty brought on by the COVID-19 pandemic, the growth experienced in fiscal year 2022 and expected in fiscal year 2023 on top of two years of very stable enrollment numbers is very exciting and illustrates the continuing strength of the University.

Due to our strong net position as discussed above, high level of liquidity, indications of stable State support, continuing high levels of philanthropic support, a positive enrollment outlook and our conservative budgeting approach to the 2022-23 fiscal year, we have a high level of confidence that the University will maintain its strong position.

Enrollment Trend Over the Last 10 Years

Fall Semester Enrollment

	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1A Nature of the Organization

The University of Arkansas, Fayetteville (the University) is a state-supported institution of higher education and the flagship of the University of Arkansas System. The University was established at Fayetteville in 1871 under the provisions of the Morrill Act as both a state university and the land-grant college of Arkansas and is one of thirteen campuses of the University of Arkansas System.

The University is granted an annual appropriation for operating purposes as authorized by the Arkansas General Assembly. The Appropriation Act authorizes expenditures from funds appropriated from the General Fund of the State and authorizes expenditures of total operating funds. An appropriation is construed to be available for the one-year period following the legislative session in which it was approved. All appropriations lapse at the end of the year unless otherwise provided. The laws of the State and the policies and procedures specified by the State for state agencies and institutions are applicable to the activities of the University.

The University is tax exempt under Internal Revenue Service code except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2022. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

The University is governed by a ten-member Board of Trustees which has been accorded constitutional status for the exercise of its powers and authority by Amendment 33 to the Arkansas Constitution. The Board of Trustees has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the Criminal Justice Institute, the Director of the Archeological Survey and the Executive Director of the Arkansas Research and Education Optical Network who have responsibility for the programs and activities of the respective campus or state-wide operating division.

1B Financial Reporting Entity

Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statements No. 39, *Determining Whether Certain Organizations are Component Units - an amendment of GASB Statement No. 14* and No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No.*

14 and 34, defines the financial reporting entity as the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Under the provisions of these Statements, the University is a component unit of the State of Arkansas (primary government). Although the guidance is written from the perspective of the primary government, its requirements apply to the separately issued financial statements of a component unit, and therefore, the component unit should apply the provisions as if it was a primary government.

For purposes of financial reporting, the primary government of the University includes the academic units in Fayetteville, the University of Arkansas Division of Agriculture (UADA), the Arkansas Archeological Survey (AAS), the Criminal Justice Institute (CJI), the Clinton School of Public Service (CSPS), and the Arkansas Research Education Optical Network (AREON). The academic units in Fayetteville include ten colleges, schools and divisions: the Dale Bumpers College of Agricultural, Food, and Life Sciences, the Fay Jones School of Architecture and Design, the J. William Fulbright College of Arts and Sciences, the Sam M. Walton College of Business, the College of Education and Health Professions, the College of Engineering, the School of Law, the Honors College, the Graduate School and International Education, and the Global Campus.

1C Discretely Presented Component Units

Under the provisions of the GASB Statements discussed above, the University has identified two organizations that should be reported as component units based on the nature and significance of their relationship with the primary government. The qualifying organizations are the University of Arkansas Fayetteville Campus Foundation, Inc., and the Razorback Foundation, Inc. Although the University does not control the timing or amount of receipts from any of these foundations, most resources or income thereon, which the foundations hold and invest, is restricted to the activities of the University by donors. Because these restricted resources held by the foundations can be used only by, or for the benefit of, the University, and their individual net assets are considered as having met the financial accountability criteria of GASB Statement No. 39 by management, these foundations are considered component units of the University and are discretely presented in the University's financial statements.

The University of Arkansas Fayetteville Campus Foundation, Inc. (Campus Foundation) is a charitable organization

described in Section 501 (c) (3) of the Internal Revenue Code of 1986, as amended, and was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville campus. The Campus Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School and International Education and the University's library. The Board of Trustees of the Foundation is made up of seven members, including three members who are also employees of the University.

The Campus Foundation distributed \$22,439,774 to the University during the fiscal year ended June 30, 2022, for both restricted and unrestricted purposes. Complete financial statements for the Campus Foundation can be obtained from the administrative office at 535 Research Center Blvd Suite 120, Fayetteville, AR 72701.

The Razorback Foundation, Inc. (the Razorback Foundation) was incorporated on October 17, 1980 as a not-for-profit organization whose sole purpose is to support intercollegiate athletics at the University.

The Razorback Foundation distributed \$13,321,739 to the University, and provided equipment, facilities, improvements and supplies in the amount of \$1,178,849 during the fiscal year ended June 30, 2022. Complete financial statements for the Razorback Foundation can be obtained from the administrative office at 1295 S. Razorback Road, Fayetteville, AR 72701.

1D Basis of Presentation

The financial statements for the University have been prepared in accordance with generally accepted accounting principles accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board.

1E Basis of Accounting

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. Accordingly, the financial statements of the University have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred, if measurable, including depreciation.

1F Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows, deferred outflows, revenues and expenses at the date of the financial

statements. Significant estimates include separation of accrued compensated absences between current and noncurrent and depreciation expense. Actual results could differ from those estimates.

1G Cash and Cash Equivalents

Cash and cash equivalents on the Statement of Net Position includes all readily available sources of cash such as petty cash, demand deposits, and cash on deposit with the State Treasurer.

1H Investments

Investments are stated at fair value. Changes in unrealized gain (loss) on the carrying value are reported as a component of investment income on the Statement of Revenues, Expenses, and Changes in Net Position.

1I Accounts Receivable

Accounts receivable are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts.

1J Inventories

Inventories are valued at cost with costs generally using retail, and first in first out valuation methods, depending on the best practices of the University department to which the inventory belongs. An allowance of \$86,897 was computed based on estimated obsolete inventory values as of June 30, 2022.

1K Capital Assets

Capital assets consisting of land, buildings, furniture, fixtures, equipment, improvements, infrastructure, construction in progress, and intangible assets are stated at cost or acquisitive value for donated asset.

Buildings, improvements, and infrastructure additions are capitalized when the cost is \$50,000 or more. Renovations to buildings, infrastructure and land improvements are also capitalized when they significantly increase the value or extend the useful life of the structure and the cost exceeds \$50,000.

In accordance with the University's capitalization policy, equipment includes all furniture, fixtures and equipment with a unit cost of \$5,000 or more and an estimated useful life of one year or more.

Intangible assets are capitalized when the cost is \$500,000 or more for purchased software, \$1,000,000 or more for internally developed software, or \$250,000 or more for easements, land use rights, trademarks and copyrights, and patents.

Library holdings are generally defined as collections of books and reference materials and are valued using average prices for library acquisitions. A library book is a literary composition bound into a separate volume and identifiable as a separate copyrighted unit. Library reference materials are information sources other than books which include journals, periodicals, microforms, audio/visual media, computer-based information, manuscripts, maps, documents, and similar items.

Livestock is under the control of the Department of Animal Sciences and is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the Department. The inventory value placed on the animals is determined by department heads utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 30 years for buildings, 15 to 20 years for infrastructure and land improvements, three to 10 years for equipment and 10 years for library holdings. Amortization of intangible assets, except for those determined to have indefinite useful lives, is computed using the straight-line method over the estimated useful lives of the assets, generally five years for purchased software; 10 years for internally developed software; 15 years for easements, land use rights, trademarks, and copyrights; and 20 years for patents.

1L Deferred Outflows of Resources

Deferred outflows of resources represent a decrease of net position that applies to future periods. Thus, these items will not be recognized as an outflow of resources (an expense or expenditure) until a future period.

1M Advance Receipts

Advance receipts consist primarily of athletic ticket sales and related fees and unearned student revenues for a summer session and the fall semester. These monies were collected in advance and were not earned as of the end of each fiscal year.

1N Noncurrent Liabilities

Noncurrent liabilities include principal amounts of revenue bonds payable, notes payable, lease obligations and installment contracts payable with contractual maturities greater than one year, as well as estimated amounts for accrued compensated absences, net pension obligations, refundable advances on student loans, net other postemployment benefits obligation, and other liabilities that will not be paid within the next fiscal year.

1O Deferred Inflows of Resources

Deferred inflows of resources represent an increase of net position that applies to future periods. These items will not be recognized as an inflow of resources (revenue) until a future period.

1P Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System and the Arkansas Teacher Retirement System (the respective Systems) and additions to/deductions from the respective System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1Q Net Position

The University's net position is classified as follows:

- Net invested in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:

Nonexpendable: Portion subject to externally imposed stipulations that they be maintained permanently by the University. Such assets include the University's permanent endowment funds.

Expendable: Portion whose use by the University is subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net position to be used either before or after unrestricted net position that may be used for the same purpose. Responsible officials determine at the time funds are expended whether to use any unrestricted net position that may be available.

- Unrestricted: Portion that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for academic and research programs and initiatives as well as capital programs.

1R Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

- Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most federal, state and local grants and contracts.
- Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, such as state appropriations and investment income.

1S Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants and nongovernmental programs are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

1T Encumbrances

Encumbrances representing commitments and outstanding purchase orders for goods and services not received as of the last day of the fiscal year are not reported as expenses or included in liabilities in the accompanying financial statements.

1U New Accounting Pronouncements

The GASB issued the following statements, which became effective for the fiscal years identified below. In fiscal year 2020, the GASB issued Statement 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which became effective immediately and delayed the implementation dates as indicated on the applicable statements below.

For the year ended June 30, 2022:

- Statement No. 87, *Leases* (original date of FY ended 6/30/21)

- Statement No. 92, *Omnibus 2020* (original date of FY ended 6/30/21)
- Statement No. 93, *Replacement of Interbank Offered Rates* (original date of FY ended 6/30/21)
- Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*
- Statement No. 98, *The Annual Comprehensive Financial Report*
- Statement No. 99, *Omnibus 2022, the requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 6*

Management has determined that the Statements No. 92, 93, 97, 98 and 99 did not materially impact the University. Statement No. 87 established standards of accounting and financial reporting for leases. As a result, beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was increased by \$549,745. Details of the effect of implementing this statement are discussed in detail in Note IV.

For the year ending June 30, 2023:

- Statement No. 91, *Conduit Debt Obligations* (original date of FY ended 6/30/21)
- Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* (original date of FY ended 6/30/22)
- Statement No. 96, *Subscription-Based Information Technology Arrangements*
- Statement No. 99, *Omnibus 2022, the requirements related to leases, PPPs, and SBITAs*

For the year ending June 30, 2024:

- Statement No. 99, *Omnibus 2022, the requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53*
- Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*

Management has not yet determined the effects of these statements on the University's financial statements.

1V Restatement of Prior Year

Net position has been restated due to the implementation of GASB Statement No. 87, *Leases*, as of July 1, 2021 as detailed below:

Effects of GASB 87 on June 30, 2021 reported balances				
	As Reported		Adjustment	Restated
ASSETS				
Accounts receivable, net	\$	99,812,894	910,202	\$100,723,096
Other assets, noncurrent		554,611	7,896,807	8,451,418
Capital assets, net		1,525,888,590	7,226,880	1,533,115,470
LIABILITIES				
Bonds, notes, leases and installment contracts payable - current portion	\$	44,740,229	\$ 1,320,893	\$ 46,061,122
Bonds, notes leases and installment contracts payable		798,287,206	5,356,242	803,643,448
DEFERRED OUTFLOWS OF RESOURCES				
Deferred inflows - other	\$	-	\$ 8,807,009	\$ 8,807,009

The net effect of these adjustments is reflected in the amount reported as of June 30, 2021 as Net invested in capital assets.

In addition, the University of Arkansas, Fayetteville and the Criminal Justice Institute adjusted prior year grant revenue and receivables due to overstatement in the amount of \$1,553,927

and \$2,342,395, respectively. The University of Arkansas Division of Agriculture adjusted prior year grant revenue and receivables due to overstatement in the amount of \$5,056,808. The total adjustment is reflected in the amount reported as of June 30, 2021 as Expendable, Research and Expendable, Public Service.

The cumulative effects of these adjustments to net position as of June 30, 2021 are detailed below:

NET POSITION 2021				
	As Reported		Adjustment	Restated
Net invested in capital assets	\$	687,450,722	\$ 549,745	\$ 688,000,467
Restricted for				
Expendable				
Research	\$	59,315,679	\$ (6,965,620)	\$ 52,350,059
Public service		27,527,910	(1,987,510)	25,540,400

2. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Arkansas Code Annotated (ACA) §19-4-805 authorizes institutions of higher learning to determine the depositories and nature of investments of any of the cash funds which are not currently needed for operating purposes.

2A Cash and Cash Equivalents

The University uses commercial banks for its cash deposits. Cash deposits are carried at cost. The University of Arkansas System

Administration (System Administration) does not maintain separate bank accounts. System Administration deposits are commingled in University of Arkansas, Fayetteville bank accounts. The carrying value of the System Administration funds was \$0 at June 30, 2022.

The following schedule reconciles the amount of deposits to the Statement of Net Position at June 30, 2022:

Cash and Cash Equivalents	
Cash and Cash Equivalents	June 30, 2022
Cash on deposit, carrying value	\$ 137,113,454
Cash held at State Treasury	704,742
Imprest Funds, non-Bank	22,438
Items in Transit	30,457
Less: System Administration Cash	0
Total	\$ 137,871,091

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the University's deposits may not be returned to it. Deposits are exposed to custodial risk if they are not insured by Federal Deposit Insurance Corporation (FDIC) and are uncollateralized, collateralized with securities held by the pledging institution or collateralized with securities

held by the pledging institution's agent but not in the University's name. Board of Trustees policy requires that all cash deposits be either insured by the FDIC or collateralized by securities held at a third-party financial institution (preferably the Federal Reserve Bank) in the University's name. At June 30, 2022, none of the University's bank balances were exposed to custodial credit risk.

2B Investments

The following is a summary of the University's investments held at June 30, 2022:

Investments	
Investment Type	Fair Value at June 30, 2022
Mutual Treasury Money Market Funds	\$ 2,028,151
U.S. Treasury	257,247,056
Federal Agency/Government Sponsored Enterprise	37,225,255
Commercial Paper	18,355,849
Mutual Bond Funds	48,028
Corporate Notes/Bonds	89,755,929
Negotiable Certificates of Deposit	42,791
External Investment Pool	180,231,820
Other Investments	7,429,302
Total	\$ 592,364,181

At June 30, 2022, total investments of \$592,364,181 includes \$355,127 reported as deposits with bond trustees on the Statement of Net Position. The above schedule does not include nonnegotiable certificates of deposit of \$407,053 at June 30,

2022 which are considered deposits for GASB Statement No. 40, *Deposit and Investment Risk Disclosures—an amendment of GASB Statement No. 3*.

Investment Risk

The University is required under GASB Statement No. 40 to provide investment risk disclosures for all invested funds. Disclosures related to the External Investment Pool are shown separately. No disclosures are made for Other Investments.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University does not have a formal investment policy addressing interest rate risk for non-operating investments. In accordance with its Operating Funds Investment Policy, the University limits its exposure to fair value losses arising from rising interest rates by limiting investment maturities as follows:

Investment Maturities	
Investment Type (Sector)	Maximum Maturity
U.S. Treasury	10 Years
Federal Agency/Government Sponsored Enterprise	10 Years
Municipals	10 Years
Corporate Notes	10 Years
Negotiable Certificates of Deposit	5 Years
Commercial Paper	270 Days

The University of Arkansas' investments subject to GASB Statement No. 40 interest rate risk disclosure are summarized below:

Interest Rate Risk				
June 30, 2022				
Investment Type	Value	Investment Maturities (in years)		
		Less than 1	1 to 5	6 to 10
U.S. Treasury	\$ 257,247,056	\$ 58,804,787	\$ 174,593,799	\$ 23,848,470
Federal Agency/Government Sponsored Enterprise	37,225,255	15,297,715	21,322,082	605,458
Corporate Notes/Bonds	89,755,929	4,130,897	78,451,587	7,173,445
Commercial Paper	18,355,849	18,355,849		
Negotiable Certificates of Deposit	42,791	20,089	22,702	
Totals	\$402,626,880	\$ 96,609,337	\$274,390,170	\$ 31,627,373

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University does not have a formal investment policy addressing credit risk for non-operating investments. In accordance with its Operating Funds Investment Policy, the University applies the “prudent investor” standard which states that, “In making investments, the fiduciaries shall exercise the judgement and care, under the

circumstances then prevailing, which an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of large investments entrusted to it, not in regard to speculation, considering probable safety of capital as well as probable income.” The University manages its exposure to fair value losses arising from credit risks as follows:

Investment Ratings	
Investment Type (Sector)	Minimum Ratings Requirement
U.S. Treasury	N/A
Federal Agency/Government Sponsored Enterprise	Highest short-term or one of the two highest long-term rating categories (A-1/P-1, AA-/Aa3 or equivalent)
Corporate Notes	Highest short-term or one of the three highest long-term rating categories (A-1/P-1, A-/A3 or equivalent)
Commercial Paper	Highest short-term rating category (A-1/P-1, or equivalent)
Negotiable Certificates of Deposit	Highest short-term or one of the three highest long-term rating categories (A-1/P-1, A-/A3 or equivalent)
Money Market Funds	AAA
Fixed-Income Mutual Funds & ETFs	N/A

The University of Arkansas’ investments subject to GASB Statement No. 40 credit risk disclosure are summarized below:

Credit Risk				
June 30, 2022				
Investment Type	Value	Aaa-Aa3	A1-A3	Not Rated
Mutual Treasury Money Market Funds	\$ 2,028,151	\$ 355,127		\$ 1,673,024
U.S. Treasury	257,247,056	248,892,618		8,354,438
Federal Agency/Government Sponsored Enterprise	37,225,255	37,225,255		
Corporate Notes/Bonds	89,755,930	20,000,533	\$ 68,748,675	1,006,722
Commercial Paper	18,355,849	18,355,849		
Mutual Bond Funds	48,028			48,028
Negotiable Certificates of Deposit	42,791			42,791
Totals	\$ 404,703,060	\$ 324,829,382	\$ 68,748,675	\$ 11,125,003

The ratings are assigned by the Moody’s investment ratings service.

2C External Investment Pool-University of Arkansas System

In 1997, the University of Arkansas and the University of Arkansas Foundation (UA Foundation) established an external investment pool. This arrangement pools the moneys of more than one legally separate entity and invests, on the participants’ behalf, in an investment portfolio. Subsequent to its establishment, other entities have joined including the Walton Arts Foundation in 1998, the Fayetteville Campus Foundation in 2003, the University of Arkansas Community College at Hope Foundation in 2007, the Razorback Foundation in 2012,

and the University of Arkansas Technology Development Foundation in 2016.

The external investment pool is exempt from registration with the Securities and Exchange Commission. The University of Arkansas Board of Trustees and the University of Arkansas Foundation Board of Trustees were the sponsors of this investment pool and were responsible for operation and oversight for the Pool. All participation in this investment pool is voluntary.

In January 2010, the University of Arkansas Investment Committee approved an agreement which delegated authority to the UA Foundation to manage University funds held in the Pool. The agreement included delegation of all responsibility for all investment guidelines and performance objectives for accounts within the Pool. The agreement also delegated to the UA Foundation authority for further delegation of portfolio implementation decisions to one or more investment managers. In January 2010, the UA Foundation entered into such an agreement with Cambridge Associates, LLC.

The implementation of GASB Statement No.72, *Fair Value Measurement and Application*, during the fiscal year ended June 30, 2016, caused management to reassess the University of Arkansas Board of Trustees' sponsorship role. Based on the UA Foundation's fiduciary responsibilities outlined in the January 2010 agreement, management concluded that the UA Foundation acts as sole sponsor of this investment pool.

The University's ownership of the Total Return Pool was as follows:

External Investment Pool

Short-Term Investment Fund Pool

This pool was created during fiscal year 2019 for campuses to invest funds on a short-term basis so that the funds would be

accessible within a short period to them as needed. At June 30, 2022, UADA owned 46.44% of this pool. The following tables contain information on the risk disclosures of the Short-Term Investment Fund.

University of Arkansas System Short-Term Investment Fund Pool

2D Donor-restricted Endowments

ACA §28-69-804 states "Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is

established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution."

The computation of net appreciation on investments of donor-restricted endowments that are available for authorization for expenditure is as follows:

Endowment Available for Expenditure

	June 30, 2022
Endowment Investments	\$ 101,397,286
Operating Investment Sweep	824,447
Amounts Receivable	16
Funds treated as Endowment	(17,116,279)
Non-expendable portion of Endowment	(27,311,543)
Total	\$ 57,793,927

Note: The amounts shown as available for expenditure and the funds treated as endowments are reported as expendable net position on the Statement of Net Position. The table above does not include any amounts reported as endowments on the Statement of Net Position by UADA.

The University uses a total return policy for investing endowed funds. The University's spending policy is to expend 4.4% of the balance of the endowment averaged over the previous twelve quarters. For 2022, the total takedown percentage of 5.227% includes 0.83% for administrative costs plus other external fees.

3. RECEIVABLES

3A Accounts Receivable

Accounts receivable represent charges due the University from various student fees, room and board, student fines, and other charges. Accounts receivable also include unreimbursed

expenses relating to research contracts with federal, state, and private agencies. A summary of accounts receivable balances at June 30, 2022, are as follows:

Accounts Receivable			
June 30, 2022			
Type	Gross	Allowance	Balance
Student Accounts Receivable	\$ 20,229,617	(6,681,351)	13,548,266
Non-student Accounts Receivable	35,027,257	(724,067)	34,303,190
Unreimbursed Research Contract Expenses	49,344,195	(4,464,258)	44,879,937
Totals	\$ 104,601,069	\$ (11,869,676)	\$ 92,731,393

3B Notes Receivable

Notes receivable consist of resources made available for financial loans to students of the University, and financing agreements between the University and certain organizations for the purpose of facilities construction, and an interfund loan between the University and the University of Arkansas System eVersity to help fund its initial startup.

The resources for loans to students include federal funds, funds from other external sources, and University funds. New student loans totaling \$29,500 were issued under the Student Loan Programs for the year ended June 30, 2022.

Most total campus-based loans are from Perkins funds provided by the federal government. The federal government halted the issuance of Perkins loans after June 30, 2018 due to the sunset of the program. The University will continue collecting on the outstanding loans until management decides to liquidate the program. The federal student loan default rate based on the U.S. Department of Education Cohort default rate was 10.61% for the year ended June 30, 2022. Notes receivable totaling \$131,227 were written off during the fiscal year ended June 30, 2022.

A summary of notes receivable balances at June 30, 2022, are as follows:

Notes Receivable				
June 30, 2022				
Type	Gross Balance	Allowance	Balance	Current Portion
Student loans	\$ 6,849,680	\$ (531,406)	\$ 6,318,274	\$ 2,442,285
Interfund loan	2,334,262		2,334,262	52,420
Totals	\$ 9,183,942	\$ (531,406)	\$ 8,652,536	\$ 2,494,705

3C Pledges Receivable

Pledges receivable consists of gifts pledged for capital projects, endowments and other purposes.

A summary of pledges receivable balances at June 30, 2022, are as follows:

Pledges Receivable

June 30, 2022

Category	Total Gift Pledge	Received	Pledges Outstanding	Current Portion
Capital Projects	\$ 39,445,000	\$ 2,528,381	\$ 36,916,619	\$ 12,335,291
Other	7,944,891	2,020,540	5,924,351	1,965,455
Totals	\$ 47,389,891	\$ 4,548,921	\$ 42,840,970	\$ 14,300,746

4. CAPITAL ASSETS

The following presents a summary of changes in capital assets for the year ended June 30, 2022:

Capital Assets					
June 30, 2022					
	Beginning Balance*	Additions	Retirements	Adjustments	Ending Balance
Nondepreciable Capital Assets					
Land	\$ 70,420,348	\$ 212,045	\$ (212,045)	\$ 666,800	\$ 71,087,148

Library holdings	(90,991,267)	(2,522,187)	2,486,139		(91,027,315)
Total Accumulated Depreciation	\$ (1,392,458,225)	\$ (94,796,517)	\$ 9,002,981	\$ -	\$ (1,478,251,761)
Total Depreciable Capital Assets	\$ 1,299,876,769	\$ (68,849,248)	\$ (4,516,547)	\$ 172,863,670	\$ 1,399,374,644
Total Capital Assets, Net of Accumulated Depreciation	\$ 1,533,115,470	\$ 17,595,465	\$ (4,728,592)	\$ -	\$ 1,545,982,343

* Beginning balance includes adjustments for GASB 87. See Note 8.

Note: Land of \$415,652 and building of \$4,824,755 related to the joint endeavor between the University of Arkansas and the City of Fayetteville are included in the above amounts. See Note 14.

Museum Collection

The financial statements do not include the University's museum collection which consists of numerous historical relics, artifacts,

displays, and memorabilia. Major collections are in archeology, physical anthropology, ethnography, geology, zoology, and history. The value of these collections has not been established by professionals in their respective fields.

5. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable balances are summarized as follows:

Accounts Payable	
Type	June 30, 2022
Payable to Outside Vendors	\$ 27,657,601
Retainage on Construction Contracts	5,404,285
Totals	\$ 33,061,886

Accrued payroll liabilities are summarized as follows:

Accrued Payroll Liabilities	
Type	June 30, 2022
Net Salaries and Wages Payable	\$ 1,090,522
Employee Withholdings Payable	13,378,652
Totals	\$ 14,469,174

6. SHORT-TERM BORROWING

GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, states that governments should provide details about short-term debt activity during the year, even if no short-

term debt is outstanding at year-end. The University had no short-term debt activity during the fiscal year, nor is there any outstanding balance of short-term debt as of June 30, 2022.

7. COMPENSATED ABSENCES

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. Full time, non-classified, University employees accrue annual leave at the rate of fifteen hours per month, classified employees

at a variable rate (from 8 to 15 hours per month) dependent upon number of years of employment in state government. Under the University's policy, an employee may carry accrued leave forward from one calendar year to another, up to a maximum

of 240 hours (30 working days). Employees who terminate their employment are entitled to payment for all accumulated annual leave, up to the maximum allowed.

Classified employees who meet the conditions to be considered retirees at the time of termination of employment are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of ACA §21-4-501.

The University recognizes a liability for compensated absences. The liability is based on the value of unused employee vacation and compensatory time as of year-end, including the associated benefits: contributions to Social Security, Medicare, Workers' Compensation and Unemployment Insurance. The liability also includes amounts paid to eligible classified employees for unused sick leave. A classified employee who has accumulated at least 50 days but less than 60 days of sick leave upon retirement shall receive an amount equal to 50% of the number of accrued sick leave days (rounded to the nearest day) times 50% of the employee's daily salary. A classified employee who has accumulated at least 60 days but less than 70 days of sick leave

upon retirement shall receive an amount equal to 60% of the number of accrued sick leave days (rounded to the nearest day) times 60% of the employee's daily salary. A classified employee who has accumulated at least 70 days but less than 80 days of sick leave upon retirement shall receive an amount equal to 70% of the number of accrued sick leave days (rounded to the nearest day) times 70% of the employee's daily salary. A classified employee that has accumulated at least 80 or more days of sick leave upon retirement shall receive an amount equal to 80% of the number of accrued sick leave days (rounded to the nearest day) times 80% of the employee's daily salary. In no event shall an employee receive a sick leave incentive amount that exceeds \$7,500.

The University recognizes the estimated amount of the liability that will be incurred within the next year as a current liability and the balance as noncurrent.

Changes in compensated absences for the year ended June 30, 2022 are as follows:

Compensated Absences					
June 30, 2022					
	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Compensated Absences	\$ 23,361,311	\$ 22,989,128	\$ 22,915,365	\$ 23,435,074	\$ 2,248,489

8 LONG-TERM DEBT

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Separate accounting is not required for these facilities under the provisions of the debt instruments; accordingly, segment reporting is not required for financial reporting purposes.

The University adopted GASB Statement No. 87, *Leases*, as of July 1, 2021. This statement eliminated the capital lease and operating lease classifications and required all contracts meeting the GASB's definition of a lease to be accounted for the same way. As the lessee, the University recognizes an intangible right-

to-use leased asset and a lease liability for the present value of all future lease payments at the commencement of the lease. The adoption date for GASB Statement No. 87, July 1, 2021, was used as the commencement date for all leases entered into prior the adoption date. The intangible right-to-use lease asset is recorded in the schedule of assets. See Note 4. The outstanding liability of future lease payments is recorded in the schedule of liabilities. Subsequent payments are made like debt service payments by recording an expenditure for principal and interest equaling the lease payment and reducing the liability by the principal payment amount in the schedule of liabilities.

8A Schedule of Long-Term Debt

A summary of long-term debt at June 30, 2022, is as follows:

Long-Term Debt

June 30, 2022

Date of Issue	Date of Maturity	Rate of Interest	Amount Authorized & Issued	Debt Outstanding	Maturities & Refinanced Amounts
6/29/11	11/1/40	2.00% to 5.00%	\$ 101,225,000		\$ 101,225,000

* Beginning balance includes adjustments for GASB 87
Note: Amounts shown in "Ending Balance" include both current and long-term portions.

8C Future Principal and Interest Payments

Scheduled maturities of bonds and leases are as follows:

Future Long-Term Payments						
Year(s)	Bonds			Leases		
	Principal	Interest	Total	Principal	Interest	Total
2023	\$ 39,440,000	\$ 24,776,039	\$ 64,216,039	\$ 1,526,475	\$ 153,877	\$ 1,680,352
2024	35,145,000	23,896,028	59,041,028	1,500,382	106,727	1,607,109
2025	36,175,000	22,977,722	59,152,722	943,398	70,974	1,014,372
2026	36,305,000	21,975,965	58,280,965	696,794	47,975	744,769
2027	35,950,000	20,904,671	56,854,671	409,701	33,410	443,111
2028 - 2032	182,870,000	87,298,460	270,168,460	572,420	80,348	652,768
2033 - 2037	190,915,000	55,213,790	246,128,790	173,982	50,887	224,869
2038 - 2042	104,740,000	25,157,395	129,897,395	208,396	25,050	233,446
2043 - 2047	53,970,000	9,280,172	63,250,172	83,819	2,192	86,011
2048 - 2052	12,900,000	613,750	13,513,750			
Total Future Payments	\$ 728,410,000	\$ 292,093,992	\$ 1,020,503,992	\$ 6,115,367	\$ 571,440	\$ 6,686,807

Scheduled maturities of notes payable and installment contracts are as follows:

Future Long-Term Payments						
Year(s)	Notes from Direct Borrowings			Installment Contracts		
	Principal	Interest	Total	Principal	Interest	Total
2023	\$ 1,192,568	\$ 399,775	\$ 1,592,343	\$ 4,963,049	211,119	\$ 5,174,168
2024	294,027	360,588	654,615	2,570,660	126,378	2,697,038
2025	3,822,380	315,568	4,137,948	1,066,453	93,983	1,160,436
2026	3,833,719	243,665	4,077,384	1,073,929	80,308	1,154,237
2027	3,739,782	176,430	3,916,212	1,086,636	67,038	1,153,674
2028 - 2032	7,793,973	187,151	7,981,124	4,770,023	133,091	4,903,114
2033 - 2037	160,890	9,828	170,718			
Total Future Payments	\$ 20,837,339	\$ 1,693,005	\$ 22,530,344	\$ 15,530,750	\$ 711,917	\$ 16,242,667

8D Pledged Revenues

For purposes of extinguishing the University's long-term debt issues, certain revenues have been pledged as security.

The following is a summary of the gross revenues collected during the fiscal year ended June 30, 2022 that are pledged:

Pledged Revenues		
Bond Series	Revenue Source	2022
Series 2011 A&B Various Facilities	Student Tuition and Fees	\$ 343,295,236
Series 2012A Various Facilities	Sales and Services	14,241,354
Series 2012B Various Facilities	Residential Life	82,489,244
Series 2013 Various Facilities	Bookstore	2,211,647
Series 2014A&B Various Facilities	Student Health Services	3,245,433
Series 2015A Various Facilities	Transit and Parking	10,364,596
Series 2015B Various Facilities	Other Auxiliaries ¹	6,246,555
Series 2015C Various Facilities		
Series 2016A Various Facilities		
Series 2016B Various Facilities		
Series 2017 Various Facilities		
Series 2018A Various Facilities		
Series 2018B Various Facilities		
Series 2019A Various Facilities		
Series 2019B Various Facilities		
Series 2021A Various Facilities		
Total Various Facilities Pledge		\$ 462,094,065
Series 2010 Athletic Refunding	Men's Athletic Revenue	\$ 119,848,957
Series 2013 Athletic Facilities	(less game guarantees)	(4,643,191)
Series 2015 Athletic Facilities		
Series 2016A Athletic Facilities		
Series 2016B Athletic Facilities		
Series 2019A Athletic Facilities		
Total Athletics Pledge		\$ 115,205,766

¹For the purposes of calculating pledged revenues, Computer Store revenues shown include internally generated revenues from sales to the University campus of \$4,194,901 for the year ending June 30, 2022.

The Various Facility revenue pledge is used to repay 16 various facilities revenue bond issues as detailed in the schedule above. Proceeds from the bonds provided financing for the construction and renovation of various campus buildings; utility and other infrastructure; land purchases; and refunding of existing debt issues. The maturity date on the issues range from November 2021 through November 2049. Annual principal and interest payments on the bonds are expected to require approximately 10.48% of gross revenues. The total principal and interest remaining to be paid on the bonds is \$832,641,752. Principal and interest paid for the current year and gross revenues were \$48,431,467 and \$462,094,065, respectively.

The Athletics revenue pledge is used to repay six athletic facilities revenue bond issues as detailed in the schedule above. Proceeds from the bonds provided financing for the construction and renovation of various athletic facilities as well as the refunding of existing debt issues. The maturity date on the issues range from September 2022 to September 2036. Annual principal and interest payments on the bonds are expected to require approximately 4.76% of net revenues pledged. The total principal and interest remaining to be paid on the bonds is \$187,862,240. Principal and interest paid for the current year and net revenues were \$5,479,861 and \$115,205,766, respectively.

8E Fiscal Year 2022 Long-Term Debt Transactions

On August 9, 2021, the remaining proceeds of \$8,729,576 from the taxable note executed in September 2020 with Regions Bank were distributed to the appropriate bond trustee accounts to pay principal and interest on the 2021 refunded bond maturities. In September 2020, \$5,207,424 of the total taxable loan was delivered at the time of closing to pay principal and interest on the 2020 refunded taxable bond maturities and associated costs of issuance. The total taxable loan in the amount of \$13,937,000 is for seven years with an interest rate of 1.81%. The refunding of the second advance resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$378,467. This difference, reported in the accompanying financial statements as a reduction to Deferred outflows of resources, will be amortized through the fiscal year 2029.

On August 18, 2021, the University executed an installment contract loan agreement with Regions Bank in the amount of \$10,840,896. The financing is intended to pay costs associated with a project intended to install certain energy conservation and facility improvements across the University of Arkansas, Fayetteville campus, as well as costs of issuance of the loan. The loan began amortizing immediately for a term of ten years at a rate of 1.23% with a final maturity for the loan is August 15, 2031. Debt service on the loan is supported by guaranteed energy savings resulting from the implementation of the energy

conservation measures. Proceeds net of issuance costs totaling \$10,815,896 were received by the University on August 20, 2021.

On December 1, 2021, the University issued \$175,645,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2021. The bonds, with an interest rate of 0.371% to 2.685%, were issued to accomplish the taxable advance refunding of Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2012A, Various Facility Revenue Bonds (Fayetteville Campus), Series 2013A, Various Facility Revenue Bonds (Fayetteville Campus), Series 2014A, and Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2015A, as well as pay the cost of issuing the bonds. Net bond proceeds and premiums of \$174,873,086 were deposited in an escrow account to retire \$42,630,000 of outstanding Refunding Series 2012A, \$43,545,000 of outstanding Series 2013A, \$21,050,000 of outstanding Series 2014A and \$51,375,000 of outstanding Refunding Series 2015A. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,360,084. This difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through the fiscal year 2044. The University completed the refunding to reduce its total debt service payments over the next 23 years by \$21,264,818 and to obtain an economic gain of \$17,915,240. As of June 30, 2022, the escrow account balance was \$164,341,637.

9. FAIR VALUE MEASUREMENTS

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. The Statement established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An individual investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the University. The University considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of that investment and does not necessarily correspond to the University's perceived risk of that investment.

The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the University can access at the measurement date. Publicly traded equity securities and mutual funds are the primary investments included in Level 1 and are valued at the individual security's closing market price
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed based on market data obtained from independent sources. These types of sources would include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, models or other valuation methodologies. Level 2 investments include U.S. and international government debt securities valued at market corroborated prices and certain equity and fixed income investments in commingled investment vehicles reported at net asset value derived from the market prices of security holdings.
- Level 3: Inputs that are unobservable. Unobserved inputs are those that reflect the University's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available. These types of sources would include investment manager pricing for private equities, hedge funds and certain limited

partnerships. Limited partner interests in private equity and other partnerships and hedge fund investments are included in Level 3 and are valued using the individual investment manager's reported estimates of fair value developed in accordance with reasonable valuation policies.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the valuation hierarchy, University invested funds, including amounts reported as deposits with bond trustees on the Statement of Net Position at June 30, 2022:

Investment Instruments Measured at Fair Value				
Investments by Fair Value Level	June 30, 2022	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
US Equity Securities	\$ 360,032	\$ 360,032		
Fixed Income Securities:				
US Government Debt	296,133,770		\$ 296,133,770	
Other Debt Securities	114,258,908	42,791	114,216,117	
Commingled Funds:				
US Equity	172,190	94,184	78,006	
International Equity	26,306	26,306		
US Government Bonds	396,679	396,679		
Non-US Government Bonds	35,138	35,138		
Corporate Bonds	73,714	64,697	9,017	
Non-marketable alternatives				
Marketable alternatives	650,001		1	\$ 650,000
Money markets and short-term investments	25,622		25,622	
Total Investments by Fair Value Level	\$ 412,132,360	\$ 1,019,827	\$ 410,462,533	\$ 650,000
Investments Measured at the Net Asset Value (NAV)				
External Investment Pools:				
Total Return Pool	\$ 113,868,815			
UA System Short-Intermediate Pool	66,363,006			
Total Investments Measured at the NAV	\$ 180,231,821			
Total Investments Measured at Fair Value	\$ 592,364,181			

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a funds accounting technique or are provided by the security custodian. Securities

classified in Level 3 are valued using par value on the face of the investments or provided by the security custodian. Life-interest in real estate classified in Level 3 is valued using an independent appraisal dated June 15, 2022.

Investments Measured at NAV				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
External Investment Pools:				
Total Return Pool ¹	\$ 113,868,815	-	Daily	0 – 30 days
UA System Short-Intermediate Pool ²	66,363,006	-	Daily	0 – 3 days
Total Investments Measured at the NAV	\$ 180,231,821			
<p>1 This type includes investments in a broadly diversified external investment pool. Pooled investments include allocations to global equities, both public and private, hedge funds, and bonds. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A one-week notice is required for redemptions over \$1 million. There is also a requirement for 30-days written notice if total withdrawals will exceed \$25 million in any 30-day period.</p> <p>2 This type includes investments in an external investment pool comprised of fixed income investments. The pooled investments are allocated primarily to intermediate and short-term government bonds and investment-grade corporate bonds. The pool also includes allocations to commercial paper and money market funds. The assets in the pool are accounted for at fair value determined according to the principles of the Governmental Accounting Standards Board. A three-day notice is required for redemptions.</p>				

10. NATURAL AND FUNCTIONAL CLASSIFICATIONS OF OPERATING EXPENSES

The following is a reconciliation of the natural classifications as presented in the Statement of Revenues, Expenses, and Changes

in Net Position to the functional classifications for the year ended June 30, 2022:

Operating Expenses					
June 30, 2022					
Functional Classifications	Natural Classifications				Total
	Salaries, Wages and Benefits	Scholarships and Fellowships	Supplies and Other Services	Depreciation	
Instruction	\$ 189,329,853		\$ 33,064,772		\$ 222,394,625

Totals	\$ 550,974,730	\$ 48,769,413	\$ 287,678,479	\$ 94,796,517	\$ 982,219,139

11. EMPLOYEE BENEFITS

11A Retirement Plans

New employees of the University who are employed half-time or greater and are on at least a nine month appointment period and similar employees who transfer to or from another campus within the University of Arkansas System with more than a 30 calendar-days break will be required to participate in the University of Arkansas Retirement Plan. Employees who transfer to or from another campus within the University of Arkansas System with fewer than 30-days break and who were participating in either APERS or ATRS can elect at their new campus to participate in APERS or the University of Arkansas

University of Arkansas Retirement Plan

Plan Description

The University of Arkansas Retirement Plan is a defined contribution plan, offering both a 403(b) program and a 457(b) program, as defined by the Internal Revenue Service (IRS) Code. The authority under which the Plan's benefit provisions are established or amended is the President of the University or his designee. Contributions to Fidelity Investments shall be applied

Retirement Plan. Employees who are participants prior to July 1, 2020 who terminate employment and have a break in service of more than 30 days and who are rehired on or after July 1, 2020 are considered new participants. Employees who previously were not benefits-eligible, and who become benefits-eligible on or after July 1, 2020, and employees who retire with APERS and ATRS and who become participants in this plan on or after July 1, 2020 are considered new participants. All employees are eligible to make voluntary elective employee contributions under the plan even if they are not eligible for employer contributions.

Contributions

Effective July 1, 2020, all benefits-eligible employees of the University of Arkansas are required to contribute 5% of their regular salary to the TIAA and/or Fidelity Investments. The University automatically contributes 5% of an employee's regular salary to a TIAA and/or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice. For any contributions an employee makes in excess of 5% of their regular salary, the University makes an equal contribution, up to the IRS limit. IRS regulations for 2022 limit employer contributions to \$305,000 of salary. Employee contributions in excess of 10% are allowed by the plans in accordance with IRS regulations but the University does not match these additional contributions. All benefits

attributable to plan contributions made by the participant are vested immediately. All benefits attributable to contributions made by the University for faculty and staff hired on or after July 1, 2016 will be vested at the end of 24 consecutive months of employment, upon death, attainment of age 65 while actively employed, or should they become disabled while actively employed as determined by the Social Security Administration or the University's long-term disability insurance provider. The University's and participants' TIAA contributions for the year ending June 30, 2022 were \$16,619,161 and \$20,645,515, respectively. The University's and participants' Fidelity Investment contributions for the year ending June 30, 2022 were \$13,664,029 and \$17,565,182, respectively.

Arkansas Public Employees Retirement System (APERS)

Plan Description

The Arkansas Public Employees Retirement System (APERS) is a cost-sharing, multiple-employer, defined benefit plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is

vested in the thirteen members of the Board of Trustees of the Arkansas Public Employees' Retirement System. Membership includes the Auditor of State, Treasurer of State, the Secretary of the Department of Finance and Administration, three members who are state employees and three members who are nonstate employees appointed by the Governor, two members who retired from the System appointed by the President Pro Tempore

of the Senate, and two members who are retired from the System appointed by the Speaker of the House of Representatives.

Benefits Provided

Benefit provisions are set forth in ACA §24-4 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability, and death benefits. Retirement benefits are determined as a percentage of the member's compensation times the member's years of service. The 93rd State of Arkansas General Assembly, in Act 370, amended the law concerning the number of years used in the computation of the final average compensation (FAC) to five years for members first hired on or after July 1, 2022. Members hired prior to July 1, 2022 have their FAC computed using their highest 3-year average compensation. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory, prior to 7/1/2001	2.11%
Contributory, prior to 7/1/2005	2.07%
Contributory, 7/1/2005 – 6/30/2007	2.03%
Contributory, on or after 7/1/2007	2.00%
Non-Contributory, prior to 7/1/2007	1.75%
Non-Contributory, on or after 7/1/2007	1.72%

The Contributory member's multiplier will be increased by 0.5% for service accrued after July 1, 2009 that exceeds 28 years.

Members are eligible to retire with a full benefit under the following conditions:

Contributions

Contribution requirements are set forth in ACA §24-4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. Members who began service prior to July 1, 2005 and elected to remain in the non-contributory plan, are not required to make contributions to APERS. Members who began service on or after July 1, 2005 are required to participate in the contributory plan and contribute

APERS issues a publicly available financial report that can be obtained at <http://www.apers.org/publications>.

- at age 65 with 5 years of service,
- at any age with 28 years actual service.

Members may retire with a reduced benefit at age 55 with at least five years of actual service at age 55 or at any age with 25 years of service.

Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Death benefits are paid to a surviving spouse as if the member had 5 years of service and the monthly benefit is computed as if the member had retired and elected the Joint & 75% Survivor option. A cost-of-living adjustment of 3% of the current benefit is added each year. For members first hired on or after July 1, 2022, the redetermined amount is the monthly benefit payable as of the preceding July 1 increased by the lesser of 3% or the percentage change in the Consumer Price Index for Urban Wage Earnings and Clerical Workers over the one-year period ending in the December preceding the redetermination date.

Effective July 1, 2016, new employees of the University are no longer eligible to participate in APERS. Existing APERS participants can continue APERS participation.

5% of their salaries. Beginning July 1, 2022, and continuing each following fiscal year, the rate increases in increments of twenty-five hundredths of one percent until it reaches a maximum of 7%. Employers are required to contribute at a rate established by the APERS Board of Trustees based on an actuary's determination of a rate required to fund the plan. The University contributed 15.32% of applicable compensation for the fiscal year ended June 30, 2022. The University's and members' contributions for the year ending June 30, 2022 were \$1,047,077 and \$293,928, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the University reported a liability of \$2,811,405 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the University's share of contributions to the pension plan relative to the total contributions of all participating employers.

At June 30, 2022, the University's proportion was 0.2599% for Fayetteville and 0.1058% for UADA, for a total proportion of 0.3657%; which was a decrease of 0.0237 from its total proportion measured as of June 30, 2021.

There were no significant assumption changes or changes in other inputs for the fiscal year ended June 30, 2021.

There were no significant changes in benefit terms for the fiscal year ended June 30, 2021.

For the year ended June 30, 2022, the University recognized pension expense of \$1,034,415. At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Net Pension Deferred Inflows and Outflows		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 64,343	\$ 180,307
Changes of assumptions or other inputs		19,693
Net difference between projected and actual earnings on pension plan investments		4,934,971
Changes in the proportion and differences between the employer contributions and share of contributions	219,219	1,464,394
University contributions subsequent to the measurement date	1,047,077	
Totals	\$ 1,330,639	\$ 6,599,365

Deferred outflows of resources of \$1,047,077 are related to University contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as

deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

Amortization of Other Deferred Inflows and Outflows	
Year ended June 30,	Amount
2023	\$ (2,008,198)
2024	(1,476,089)
2025	(1,333,902)
2026	(1,497,614)

Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and applied to all periods included in the measurement:

Actuarial Assumptions	
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level of Percent of Payroll, Closed
Remaining Amortization Period	26 years
Asset Valuation Method	4-year smoothed market; 25% corridor
Investment Rate of Return	7.15%
Salary Increases	3.25% – 9.85% including inflation
Wage Inflation	3.25%
Post-Retirement Cost-of-Living Increases	3.00% Annual Compounded Increase; For members first hired on or after July 1, 2022, the redetermined amount is the monthly benefit payable as of the preceding July 1 increased by the lesser of 3% or the percentage change in the Consumer Price Index for Urban Wage Earnings and Clerical Workers over the one-year period ending in the December preceding the redetermination date.
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality Table	Based on RP-2006 Healthy Annuitant benefit weighted generational mortality tables for males and females. Mortality rates are multiplied by 135% for males and 125% for females and are adjusted for fully generational mortality improvements using Scale MP-2017.
Average Remaining Service Life of All Members	3.9676

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected

price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2020 to 2029 were based upon capital market assumptions provided by plan's investment consultant(s). For each major asset class that is included in the pension plan's current asset allocation as of June 30, 2021, these best estimates are summarized in the following table:

Expected Rate of Return		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Broad Domestic Equity	37 %	6.22 %
International Equity	24	6.69
Real Assets	16	4.81
Absolute Return	5	3.05
Domestic Fixed	18	0.57
Total	100%	
Total Real Rate of Return		4.93 %
Plus: Price Inflation - Actuary's Assumption		2.50
Less: Investment Expenses (Passive)		
Net Expected Rate of Return		7.43%

Discount Rate

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially

determined contribution rates and the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University’s proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated

using a discount rate that is 1-percentage-point lower (6.15%) or 1-percentage-point higher (8.15%) than the current rate:

Sensitivity of Discount Rate		
1% Decrease (6.15%)	Discount Rate (7.15%)	1% Increase (8.15%)
\$ 8,410,021	\$ 2,811,405	\$ (1,812,245)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s net position is available in the separately issued APERS financial report.

Payables to the Pension Plan

The University reported payables to APERS of \$29,192 at June 30, 2022.

Arkansas Teacher Retirement System (ATRS)

Plan Description

The Arkansas Teacher Retirement System (ATRS) is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System. Membership includes

eleven members who are elected and consist of seven active members of ATRS with at least five years of actual service, three retired members receiving an annuity from ATRS, and one active or retired member from a minority racial ethnic group. There are also four ex officio members, including the State Bank Commissioner, the Treasurer of the State, the Auditor of the State and the Commissioner of Education. ATRS issues a publicly available financial report that can be obtained at <https://www.artrs.gov/publications>.

Benefits Provided

Benefit provisions are set forth in ACA §24-7 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest three-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory:

10 years or more of service	2.15%
Less than 10 years of service through 6/30/2018	2.15%
Less than 10 years of service after 7/1/2018	1.75%

Non-Contributory

10 years or more of service through 6/30/2019	1.39%
10 years or more of service beginning 7/1/2019	1.25%
Less than 10 years of service through 6/30/2018	1.39%
Less than 10 years of service after 7/1/2018	1.00%

Members are eligible to retire with a full benefit under the following conditions:

- at age 60 with five years of actual or reciprocal service,
- at any age with 28 years of actual service.

Members with 25 years of actual or reciprocal service who have not attained age 60 may retire with a reduced benefit.

Members are eligible for disability benefits with five years of credited service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Survivor benefits are payable to qualified survivors upon the death of an active member with five years of credited service. The monthly benefit paid to eligible spouse survivors is computed as if the member had retired and elected the Joint & 100% Survivor option. Minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2011, new employees of the University are no longer eligible to participate in the ATRS. Existing ATRS participants are allowed to continue ATRS participation.

Contributions

Contribution requirements are set forth in ACA §24-7. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. ATRS has contributory and noncontributory plans. The contributory plan has been in effect since the beginning of ATRS. The noncontributory plan became available July 1, 1986. Act 81 and 907 of 1999, effective July 1, 1999, require all new members under

contract for 181 or more days to be contributory. Act 93 of 2007 allows any noncontributory member to make an irrevocable election to become contributory on July 1 of each fiscal year. Employers are required to contribute at a rate established by the ATRS Board of Trustees based on an actuary's determination of a rate required to fund the plan. The University contributed 14.75% of applicable compensation for the fiscal year ended June 30, 2022. The University's and members, contributions for the year ending June 30, 2022 were \$81,788 and \$30,674, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the University reported a liability of \$584,560 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the University's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2022, the University's proportion was 0.0134% for Fayetteville and 0.0077% for UADA, for a total proportion of

0.0211%, which was a decrease of 0.0021 from its total proportion measured as of June 30, 2021.

Changes in assumptions or other inputs that affected pension liability measurement since the prior measurement date included the following:

- The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2020.

There were no significant changes in benefit terms for the year ended June 30, 2021.

For the year ended June 30, 2022, the University recognized pension expense of \$34,158. At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Net Pension Deferred Inflows and Outflows		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 29,742	\$ 5,053
Changes of assumptions or other inputs	176,129	
Net difference between projected and actual earnings on pension plan investments		484,307
Changes in the proportion and differences between the employer contributions and share of contributions		121,460
University contributions subsequent to the measurement date	81,788	
Totals	\$ 287,659	\$ 610,820

Deferred outflows of resources of \$81,788 is related to University contributions made subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as

deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

Amortization of Other Deferred Inflows and Outflows	
Year ending June 30,	
2023	\$ (115,549)
2024	(86,857)
2025	(78,832)
2026	(132,305)
2027	8,594

Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions	
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level of Percent of Payroll, closed
Amortization Period	30 years
Asset Valuation Method	4-year smoothed market; 20% corridor
Salary Increases	2.75 – 7.75% including inflation
Wage Inflation	2.75%
Investment Rate of Return	7.25% compounded annually
Post-Retirement Cost-of-Living Increases	3.00% Simple
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2020.
Mortality Table	Pub-2010 Healthy Retired, General Disabled Retiree, and General Employee Mortality weighted tables were used for males and females. Mortality rates were adjusted for future mortality.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected

inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary.

For each major asset class included in the pension plan's target asset allocation as of June 30, 2021, these best estimates are summarized below:

Expected Rate of Return		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Total Equity	53.0 %	4.8 %
Fixed Income	15.0	0.4
Alternatives	5.0	3.8
Real Assets	15.0	4.7
Private Equity	12.0	6.5
Cash Equivalents	0.0	(0.2)
Total	100 %	

Discount Rate

A single discount rate of 7.25% was used to measure the total pension liability based on the expected rate of return on pension plan investments. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be 14.50% of payroll. Based

on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated

using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

Sensitivity of Discount Rate		
1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)
\$1,223,014	\$584,560	\$54,811

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued ATRS financial report.

Payables to the Pension Plan

The University reported payables to ATRS of \$1,919 at June 30, 2022.

Other Plans

Cooperative Extension Service employees who previously held appointments with the U.S. Department of Agriculture are covered by either the Civil Service Retirement System (CSRS) or the Federal Employees Retirement System (FERS), depending on date of appointment. Both plans are single employer defined benefit plans. The CSRS plan became effective in 1920, and established retirement benefits for certain Federal employees. Congress created the FERS plan in 1986, becoming effective on January 1, 1987. Since that time new Federal civilian employees who have retirement coverage are covered under the FERS plan. FERS provides benefits from three different sources: a Basic Benefit Plan, Social Security and the Thrift Savings Plan. As of June 30, 2022, one active employee was covered under the CSRS plan and nine active employees were covered under the FERS plan. Participants in the CSRS plan contribute 7%, 7.5%, or 8% of salaries and employers match the employee's CSRS contributions. Participants in the FERS plan are required to contribute 0.80% of salaries and employers are required to contribute 18.4% for the Basic Benefit and Social Security portions of the plan benefits. The University's and participants' CSR and FERS contributions were \$138,624 and \$19,850, respectively, for the fiscal year ended June 30, 2022.

The Thrift Savings Plan (TSP) is the third component of the FERS plan and is a supplement to the CSRS plan. It is a defined contribution plan designed to provide retirement income for Federal employees similar to a 401(k) plan. The TSP is administered by the Federal Retirement Thrift Investment Board. For FERS participants, employers are required to contribute an amount equal to 1% of salaries to a TSP account established for the participant. Employees may also contribute to their TSP. The first 3% is matched by the employer dollar-for-dollar; the next 2% will be matched at 50 cents on the dollar. There is no employer matching for CSRS participants. All contributions are exempt from taxation. The University's and participants' TSP contributions were \$33,977 and \$62,355, respectively, for the fiscal year ended June 30, 2022.

Additionally, employees covered by these plans may also participate in the University of Arkansas Retirement Plan which includes TIAA and Fidelity Investments but are not eligible for any additional University contribution.

The University's participation in the Federal retirement system plans is not considered material by University management.

11B Self-Insurance Plans

The Board of Trustees of the University of Arkansas System sponsors self-funded health (including prescription coverage) and dental plans for University of Arkansas System employees and their eligible dependents. All campuses in the University of Arkansas System participate in the health plan which is administered by the System Administration. The plans are also offered to employees of the University of Arkansas Winthrop Rockefeller Institute, the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the Walton Arts Center, and the University of Arkansas Technology Development Foundation. Operations of the plans are recorded in the separate University of Arkansas consolidated financial report.

As of January 1, 2014, post age 65, Medicare eligible retirees no longer participate in the University of Arkansas' self-funded health and dental benefit plan. Those individuals are now covered by the UnitedHealthcare Medicare Advantage PPO plan.

For the year ending June 30, 2022, a total of 3,693 active employees, former employees, and retirees were participants in the health plan. The University's contributions to health coverage are based on the employee's salary and percent of appointment. Five salary bands are used to determine the employer contribution with the average contribution for 75%-100% appointed employees being:

Salary Bands			
Salary Range	Employer Contribution		
	Classic Plan	Health Savings Plan	Premier Plan
Under \$39,000	76.18 %	86.18 %	51.78 %
From \$39,000 to \$54,999	74.15	83.87	50.40
From \$55,000 to \$99,999	71.91	81.30	48.88
From \$100,000 to \$149,999	70.20	79.32	47.72
\$150,000 and above	68.00	76.75	46.22

The University pays 75% of the health plan for federal employees.

11C Life Insurance Plan

The University of Arkansas System's life insurance carrier is the Standard Life Insurance Company. The University's life insurance is a fully-insured arrangement with the premiums being sent directly to the life insurance carrier.

Expenditures for all employee benefits are included as expenditures within the appropriate functional area.

The University has, from time to time, negotiated early retirement agreements with faculty and staff which may include the provision of healthcare or other benefits for future periods.

There was no liability for these type of agreements at June 30, 2022.

12. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

12A General Information about the OPEB Plan

Plan description. The University of Arkansas System Health Plan (Plan) is a non-ERISA, self-funded medical benefit plan that provides other postemployment benefits (OPEB) to eligible retirees. The Plan is a single-employer, defined benefit plan authorized by the Board of Trustees of the University of Arkansas and administered by the University President.

Within the scope of applicable federal and state regulation, the University President in conjunction with the University of Arkansas System Office establishes and amends the benefit terms and financing requirements.

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which became effective for the fiscal year ending

June 30, 2018. This Statement requires governmental entities to recognize total OPEB liability (asset), payables to OPEB plans, and deferred outflows and inflows of resources related to certain changes in the total OPEB liability (asset) not yet recognized in the OPEB expense on the Statement of Net Position and that most changes in the total OPEB liability be included in OPEB expense in the period of the change. For defined benefit OPEB, this Statement also requires that Actuarial Standards of Practice be applied in developing assumptions and establishes additional requirements for the measurement of the total OPEB liability and the disclosure of significant assumptions and other inputs used to calculate the OPEB liability. As a result of the implementation of this Statement, the University accrued \$25,279,000 in retiree healthcare liability as of June 30, 2022. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits provided. The University offers postemployment health (including prescription drugs) and dental benefits to eligible retirees. Employees who retired on or before December 31, 2020 are eligible for life insurance coverage of \$10,000. Employees retiring on or after January 1, 2021 are not eligible for this coverage. Health and dental benefits are provided in the University's self-funded plan sponsored by the Board of Trustees of the University of Arkansas System for current and pre-65

retired employees. Although benefits are also provided under the University's plan for the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the University of Arkansas Technology Development Foundation, the Walton Arts Center, and the University of Arkansas Winthrop Rockefeller Institute, no postemployment benefit is accrued by the University for these private entities. Financial activities of the plan are reported in the University of Arkansas consolidated financial report.

Retirees qualify for postretirement benefits as follows:

- **Participation:** Employees who retire with a combination of age and years of service of at least 70 and if, immediately prior to retirement they have completed 10 or more consecutive years of continuous coverage under the plan. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.
- **Benefit Provided:** Retirees participate in the plan at the same premium rate as an active employee.
- **Required Contribution Ratio:** Retirees pay 100% of premium. Employer costs are funded on a pay-as-you-go basis.

Employees covered by benefit terms. At June 30, 2022, the following employees were covered by the benefit terms:

Employees Covered by Benefit Terms		
June 30, 2022		
	Medical	Life
Inactive employees currently receiving benefit payments (Retirees, Spouses, and Survivors)	101	869
Inactive employees entitled to but not yet receiving benefit payments		
Active employees	4,820	
Totals	4,921	869

Covered employee data was provided as of February 2022. Since the data represents school employees who usually retire/terminate in June, all the new hires after July 1, 2021 were set to

have a hire date as of July 1, 2021. This adjustment was done to capture the true census of the systems during the academic year.

12B OPEB Liability

At June 30, 2022, the University reported a liability of \$25,279,000 for its proportionate share of the total OPEB liability. The total OPEB liability was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Assumptions and Other Inputs

Valuation Date	July 1, 2021
Actuarial Cost Method	Entry Age Normal
Amortization Method	30 years rolling, level % of payroll
Asset Valuation Method	N/A
Actuarial Assumptions:	
Rate of Medical Inflation	6.50% grading to 3.12% over 19 years
Rate of Pharmacy Inflation	7.50% grading to 3.12% over 19 years
Discount Rate	2.16% per annum
Rate of Salary Increase for Amortization	4.00%
Healthy Mortality Rate	Pub-2010 Teachers Headcount weighted Mortality Tables for employees, contingent annuitants, and healthy retirees projected generationally using projection scale MP-2021 from base year 2010.
Disabled Mortality Rate	Pub-2010 Teachers Headcount weighted Mortality Tables for disabled retirees projected generationally using projection scale MP-2021 from base year 2010.

The discount rate was based on the 20-year tax-exempt general obligation bond rates published in the Bond Buyer index as of the valuation date

Effective January 1, 2014, the plan for Medicare eligible retirees was changed to a fully insured Medicare Advantage program. Retirees pay 100% of the premium directly to the insurance carrier. As a result, no liabilities for Medicare eligible retiree medical benefits are included in this valuation.

The dental rates are set to match projected costs. Retirees pay 100% of the budget rate for coverage. Therefore, the cost for dental coverage was excluded from this valuation.

12C Changes in the Proportionate Share of the Total OPEB Liability

Changes in the Proportionate Share of the Total OPEB Liability

Balance at 6/30/2020 (Reporting Date 6/30/2021)	\$ 23,764,000
Changes for the year:	
Service cost	1,203,392
Interest	564,471
Changes of benefits	
Differences between expected and actual experience	378,450
Changes of assumptions	148,412
Contributions - employer	
Contributions - member	
Net investment income	
Benefit payments	(779,725)
Administrative expense	
Net changes	1,515,000
Balance at 6/30/2021 (Reporting Date 6/30/2022)	\$ 25,279,000

Changes of assumptions and other inputs reflect a change in the discount rate from 2.21% in 2020 to 2.16% in 2021.

There were no investment gains or losses during the measurement year.

Sensitivity of the University's proportionate share of the total OPEB liability to changes in the discount rate. The following represents the proportionate share of the total OPEB liability of the University, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16 %) or 1-percentage-point higher (3.16 %) than the current discount rate:

Sensitivity of Discount Rate		
1% Decrease (1.16%)	Discount Rate (2.16 %)	1% Increase (3.16%)
\$ 27,753,000	\$ 25,279,000	\$ 23,082,000

Sensitivity of the University's proportionate share of the total OPEB liability to changes in the healthcare cost trend rates. The following represents the proportionate share of the total OPEB liability of the University, as well as what the total OPEB

liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

Sensitivity of Healthcare Cost Trend Rates		
1% Decrease	Healthcare Cost Trend Rate	1% Increase
\$ 23,150,000	\$ 25,279,000	\$ 27,767,000

12D OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the University recognized OPEB expense of \$1,568,000. At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Total OPEB Deferred Inflows and Outflows		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,947,000	\$ 1,690,000
Changes of assumptions	2,339,000	93,000
Contributions subsequent to the measurement date	824,000	
Totals	\$ 5,110,000	\$ 1,783,000

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Amortization of Other Deferred Inflows and Outflows	
Year ending June 30:	
2023	\$ 524,000
2024	676,000
2025	680,000
2026	605,000
2027	18,000

13. RISK MANAGEMENT

The University of Arkansas Risk Management Program provides insurance coverage for all campuses within the University of Arkansas System. The role of the System Administration is to analyze and recommend insurance coverage, but it is ultimately up to each campus to inform the System Administration regarding their specific coverage requirements.

All campuses are currently covered under the property and auto coverage provided through the System Administration. The property coverage is insured through Travelers with a \$2.5 million deductible. It is the responsibility of each campus to confirm all building and content values to be covered. The Travelers policy also contains earthquake and flood insurance coverage. The System Administration has also secured domestic and foreign terrorism coverage.

Likewise, with the auto coverage, each campus is responsible for providing a list of vehicles to be covered under the auto coverage through Cypress Insurance. The auto coverage has a physical damage deductible of \$1,000 and provides coverage against liability losses up to \$1 million per occurrence.

The University of Arkansas has an insurance policy covering the Razorback Foundation, Inc. and Board of Trustees of the University of Arkansas for the owned aircraft, which provides coverage liability losses up to \$50 million per occurrence and medical coverage of \$50,000 per person.

The University of Arkansas, Fayetteville has a cyber insurance policy through Beazley Breach Solutions with aggregate liability coverage up to \$5 million and a \$250,000 per incident retention.

The University of Arkansas does not purchase general liability, errors or omissions, or tort immunity for claims arising from third-party losses on University property as the University of Arkansas has sovereign immunity against such claims. Claims against the University of Arkansas for such losses are heard before the State Claims Commission. In such cases where the University of Arkansas enters into a lease agreement to hold a function at a location not owned by the University of Arkansas, general liability coverage may be purchased for such functions.

The University of Arkansas maintains workers' compensation coverage through the State of Arkansas program. Premiums are paid through payroll and are based on a formula calculated by the Department of Finance and Administration which is provided to the campuses around April 1 of each year to be used for the upcoming fiscal year. The types of benefits and expenditures that are paid include the following: medical expenses, hospital expenses, death benefits, disability, and claimant's attorney fees.

Additionally, the University of Arkansas participates in the State of Arkansas Fidelity Bond Program for claims of employee dishonesty. This program has a limit of \$300,000 recovery per occurrence with a \$2,500 deductible. Premiums are paid annually via a fund transfer from state appropriations to the Department of Finance and Administration.

There was a reduction in property insurance coverage from the prior fiscal year with the annual paid claims limit reduced from \$1 billion to \$500 million. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

14. WALTON ARTS CENTER

In 1987, the University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. The University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., was established to administer this project and its funds. Activities of the foundation were managed by nine directors - three appointed by the University, three by the City of Fayetteville, and three recommended by the Foundation that were approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Walton Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Walton Arts Center facilities, including land, is held equally by the City and the University. The Walton Arts Center Council was required to submit an annual budget to both the City and the University for approval. The Board of Trustees of the Arts Center Council was comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom served as volunteers.

On August 14, 2014, the governing documents establishing and defining the joint endeavor between the City of Fayetteville and the University of Arkansas to operate the Walton Arts Center were revised to ensure clarity and flexibility to allow the Walton Arts Center to meet the arts and entertainment needs of all residents of Northwest Arkansas with a multi-venue system, while at the same time confirming support of the original partnership. Revisions were made to the respective Articles of Incorporation of the Walton Arts Center Foundation, Inc. and the Walton Arts Center Council, Inc. to clarify the purpose of each entity to encompass multiple venues in the Northwest Arkansas region; to allow the Walton Family Foundation to appoint nine additional directors to the Board of Directors of the Arts Center Council while ensuring that the City and University maintain their proportionate number of directors on the Board; to return the City of Fayetteville's initial payment of \$1.5 million to the Foundation back to the City for the City's use in the construction of a parking facility adjacent to the Walton Arts Center or as otherwise determined by the Fayetteville City Council; and with consent by the University to expend the institution's initial payment of \$1.5 million to the Foundation to help defray the construction costs of the proposed enlargement and enhancement of the Walton Arts Center located in Fayetteville, Arkansas. To date, the University's funds

placed in the endowment have not been spent. Accordingly, the relationship of the University and Walton Arts Center Foundation, Inc. remains unchanged. In the event the funds are expended, as provided in the revised agreement, the Walton Arts Center Foundation, Inc. would no longer be an agent for the University nor would the University have the right of appointment of Walton Arts Center Foundation, Inc. directors.

An Amended and Restated Interlocal Cooperation Agreement was also executed that permits the Walton Arts Center to conduct business as a separate, free-standing non-profit corporation; that budget and operational oversight rests exclusively with the Walton Arts Center Council and confirms the Walton Arts Center is no longer an agent of the University or the City, nor restricted to the terms of the original agreement; and affirms the Walton Arts Center must comply with the terms of a new lease agreement executed by the University, City of Fayetteville and the Walton Arts Center Council.

The lease agreement extends the term to 25 years and recognizes the changed scope of the Walton Arts Center. The lease also provides assurances regarding the on-going quality and type of performances at the Walton Arts Center in Fayetteville.

15. OTHER ENTITIES

University of Arkansas Foundation, Inc. - The Foundation operates as a nonprofit benevolent corporation for charitable educational purposes. The Board of Trustees of the Foundation includes one member who is also a member of the University's Board of Trustees. The audited financial statements of the Foundation, as of and for the year ended June 30, 2022 which has been audited by an independent certified public accountant, are

presented below in summary form. The University of Arkansas, Fayetteville is the beneficiary of 55.9% of the net assets of the Foundation for the year ended June 30, 2022. The remaining 44.1% benefit other University of Arkansas campuses for the year ended June 30, 2022. Complete financial statements for the Foundation can be obtained from the administrative office at 700 Research Center Boulevard, Fayetteville, AR 72701.

16. RELATED PARTIES

The Chancellor, formerly the Provost and Executive Vice Chancellor for Academic and Student Affairs, was a member of the Board of Directors of Arvest Bank, Fayetteville, one of the autonomous community-oriented banks which comprise

Arvest Bank Group, Inc., based in Bentonville, Arkansas, up until his appointment as Interim Chancellor in August 2021. There were no additional significant related party transactions other than those with component units discussed in Note 1.

17. COMMITMENTS AND CONTINGENCIES

Construction

The University has contracted for the construction and renovation of several facilities. At June 30, 2022, the estimated remaining cost to complete the construction and renovation of

these facilities is \$58,654,065 which is expected to be financed from bond proceeds, private gifts and other university funds.

Other Commitments

The University has agreed to supplement the base rent received from existing tenants of the Enterprise Center at the Arkansas Research and Technology Park to the degree necessary to ensure the related debt obligations are met. There was no obligation for the year ended June 30, 2022.

The University has entered into lease agreements with five different Greek organizations (Lessees) that may create future commitments to the University. The lease agreements allow the Greek organizations to either construct new residence facilities or renovate existing residence facilities on University owned property. The construction and/or renovation of these facilities is the responsibility of the organizations and shall be financed through a combination of gifts as well as financing from banks and/or national house corporations to be repaid through each chapter's generated revenue. The period in which the financing arrangements are being repaid is known as the Chapter House

Amortization Period. As of June 30, 2022, all five Greek facilities were completed. Four organizations had entered into financing agreements for the construction or renovation of their residence facilities as of June 30, 2018.

In the lease agreements, it is stipulated that if the University exercises its right to terminate the agreement for cause and extinguish the Lessee's leasehold estate for cause at any time during the Chapter House Amortization Period, the University shall pay the Lessee an amount equal to the sum of the value of the remaining unamortized value of the bank financing plus the value of the financing coming from the national organizations if any.

The University's total potential commitment resulting from these lease agreements totaled \$50,635,945 as of June 30, 2022.

Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that the

ultimate outcome of litigation will not have a material effect on the future operations or financial position of the University.

18. SUBSEQUENT EVENTS

Long-term Debt

On November 9, 2022, the University issued \$72,655,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2022A, with interest rates between 4.00% and 5.25%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a tax-exempt basis. Projects include (a) the acquisition, construction, furnishing, and equipping of the Anthony Timberlands Center for Design and Materials Innovation; (b) the renovation, restoration, acquisition, construction, improvement, furnishing, and equipping of the Fine Arts Center; (c) the renovation, acquisition, construction, improvement, furnishing, and equipping of the first and second floors of Mullins Library; (d) the acquisition, construction, furnishing, and equipping of the Windgate Studio and Design Center; and (e) the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and

infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

On November 9, 2022, the University issued \$4,025,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Series 2022B, with interest rates between 4.70% and 5.28%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a taxable basis. Projects include the acquisition, construction, installation, and equipping of a roof replacement for the Engineering Research Center and the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

BOARD OF TRUSTEES, UNIVERSITY OFFICIALS

C.C. "Cliff" Gibson III, Chairman

C.C. "Cliff" Gibson III of Monticello is founder of Gibson and Keith Law Firm and serves as county attorney for Drew County, Ark. The former president of the Monticello Economic Development Commission, Gibson attended the University of Arkansas at Monticello and earned his Juris Doctor at the UALR Bowen School of Law. His term expires in 2023.

Morril Harriman, Vice Chairman

Morril Harriman of Little Rock has served as Governor Mike Beebe's chief of staff since Beebe took office in 2007. Prior to that, Harriman served 16 years in the Arkansas Senate. He earned both his bachelor and law degrees from the University of Arkansas. His term expires in 2024.

Ted Dickey, Secretary

Ted Dickey is a general partner at CapRocq Core real estate fund and an adviser to Innovate Arkansas, a technology entrepreneurship initiative. Dickey previously spent six years in corporate finance at Stephens Inc. He earned his bachelor's degree and was elected Phi Beta Kappa the University of Arkansas before earning his Juris Doctor at the U of A School of Law. He served on the U of A Technology Park Board and was appointed to the Arkansas Ethics Commission. His term expires in 2030.

Kelly Eichler, Assistant Secretary

Kelly Eichler of Little Rock is the public policy director for Gov. Asa Hutchinson. She previously served as a deputy prosecutor for Pulaski County and on the Arkansas Board of Corrections. She earned a bachelor's degree from the University of Arkansas and a law degree from the University of Arkansas at Little Rock Bowen School of Law. Her term expires in 2026.

Tommy Boyer

Tommy Boyer, of Fayetteville, graduated from the University of Arkansas, Fayetteville in 1964, where he was also an All-American basketball player. He retired from the Eastman Kodak Company in 1989, and founded Micro Images in Amarillo, Texas. Within two years, Micro Images had become the largest Kodak document imaging systems broker and reseller in the United States. Boyer was inducted into the Arkansas Business Hall of Fame in 2013 and the Arkansas Sports Hall of Fame in 2000. His term expires in 2027.

Sheffield Nelson

Sheffield Nelson of Little Rock is a retired president and chief executive office of Arkla Gas. He has served on the board of the Arkansas Department of Higher Education and the Arkansas Game and Fish Commission. Nelson earned his undergraduate degree from Arkansas State Teachers College, now the University of Central Arkansas, and his law degree from the University of Arkansas. His term expires in 2025.

Steve Cox

Steve Cox of Jonesboro graduated from the University of Arkansas in 1982 after having earned All Southwest Conference and All America honors during his football career as a punter and kicker, later playing in the NFL for the Cleveland Browns and Washington Redskins. He rose through the ranks of banking before becoming a managing partner at Rainwater and Cox LLC, which oversees ownership and management of an array of commercial, hotel and agricultural properties. His term expires in 2028.

Ed Fryar

Edward Fryar Jr. of Rogers is a graduate and former professor of the University of Arkansas. He earned degrees in economics and agricultural economics and was a professor of agricultural economics for more than 13 years. He co-founded Ozark Mountain Poultry in Rogers in 2000, which grew from 15 employees to more than 1,800 before selling it in 2018. He was inducted into the Arkansas Agriculture Hall of Fame in 2019. His term expires in 2029.

Jeremy Wilson

Jeremy Wilson of Bentonville is a graduate of the University of Arkansas with more than 25 years of business experience in the state. In 2012, he cofounded NewRoad Capital Partners, a private equity firm. He is also founder and chair of NOWDiagnosics, a leader in innovative diagnostic health testing. His term expires in 2031.

Nathaniel "Nate" Todd

Retired Col. Nathaniel "Nate" Todd is director of the Arkansas Department of Veterans Affairs and previously served as the chief financial officer for the Central Arkansas Veterans Health Care System in North Little Rock. Prior to his retirement from military service after a 37-year career, he served as the director of health financial policy in the office of the U.S. Army Surgeon General. He is from Pine Bluff and is a fellow of the American College of Healthcare Executives. His term expires in 2032.

UNIVERSITY OF ARKANSAS SYSTEM

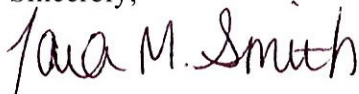

December 22, 2022

Board of Trustees and
President Donald R. Bobbitt:

It is my pleasure to transmit to you the Audited Financial Statements of the University of Arkansas System for the fiscal year ended June 30, 2022. The data presented, including the Management's Discussion and Analysis, Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows, are presented on a consolidated basis and include all components of the System: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, Arkansas Archeological Survey, Criminal Justice Institute, and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas), UACCB (University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), UAPTC (University of Arkansas Pulaski Technical College), UACCRM (University of Arkansas Community College at Rich Mountain), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including University of Arkansas System eVersity and University of Arkansas Grantham).

These statements were prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements used to prepare the consolidated report, except for the Medical Sciences campus and the discretely presented component units, were audited by Arkansas Legislative Audit. The financial statements from the Medical Sciences campus were audited by KPMG LLP. The consolidated financial statements received an unmodified audit opinion.

Sincerely,

Tara M. Smith

INDEPENDENT AUDITOR'S REPORT

University of Arkansas System
Legislative Joint Auditing Committee

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Arkansas System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We did not audit the financial statements of the University of Arkansas for Medical Sciences, a unit of the System, whose statements reflect total assets and revenues constituting 34% and 53%, respectively, of the related combined totals. Additionally, we did not audit the financial statements of the University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc., which represent 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of Arkansas for Medical Sciences, the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc., is based solely on the report of the other auditors. The financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Notes 1 and 23 to the financial statements, the University adopted Governmental Accounting Standards Board (GASB) Statement no. 87, *Leases*, during the year ended June 30, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions on pages 9-19, 98-99, and 100-101 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Statement of Net Position by Campus (Schedule 2), the Statement of Revenues, Expenses, and Changes in Net Position by Campus (Schedule 3), the Statement of Cash Flows – Direct Method – by Campus (Schedule 4) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

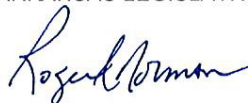

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Selected Information for the Last Five Years (Schedule 1) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2022 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

Introduction

The University of Arkansas System ("the University") is pleased to present its financial statements for the fiscal year ended June 30, 2022, with comparative statements for the fiscal years ended June 30, 2021 and 2020.

The University of Arkansas System ("the University"), which prior to 1969 consisted of the Fayetteville and the Medical Sciences campuses, was expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly Phillips County Community College) and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute and Great Rivers Technical Institute merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College joined the University becoming the University of Arkansas-Pulaski Technical College and the University of Arkansas Community College at Rich Mountain. In addition to these campuses, the University includes

the System Administration, whose financial statements include eVersity and University of Arkansas Grantham, which was acquired in November 2021, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and Criminal Justice Institute.

All programs and activities of the University of Arkansas are governed by its ten-member Board of Trustees who are appointed by the Governor for ten-year terms, which has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the Criminal Justice Institute, the Director of the Arkansas Archeological Survey, and the Director of the Arkansas School for Mathematics, Sciences and the Arts, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

Overview of the Financial Statements and Financial Analysis

The University's financial statements are prepared in accordance with standards issued by the Governmental Accounting Standards Board (GASB). The financial statement presentation provides a comprehensive, entity-wide perspective of the University's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, expenses, changes in net position, and cash flows. The financial statements included are the Statements of Net Position, the

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes following this section.

The University has identified two legally separate foundations, the University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc., that meet the criteria set forth for component units. These foundations provide financial support for the objectives, purposes, and programs of the University. Although the University does not control the timing, purpose or amount received by these Foundations, the resources (and income thereon), they hold and invest are dedicated to the benefit of the University. Because these resources held by the foundations can only be used by, or for the benefit of, the University, and are deemed material, they are considered component units and are discretely presented in the financial statement report. Additional information about component units is provided in Note 1.

Statements of Net Position

The Statement of Net Position provides a fiscal snapshot of the University as of the end of the fiscal year. All assets (property that we own and what we are owed by others), deferred outflows of resources (consumption of net position by the University that is applicable to a future reporting period), liabilities (what we owe to others and have collected from others before we have provided the service), deferred inflows of resources

(acquisition of net position by the University that is applicable to a future reporting period), and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) are reported in this statement. Assets and liabilities are presented in the order of their relative liquidity and are identified as current or noncurrent. Current assets are those assets that can be realized in the coming year, and current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year. Assets, deferred outflows of resources, liabilities and deferred inflows of resources are generally measured using current values. One exception is capital assets, which are stated at historical cost less accumulated depreciation.

Net position is divided into three major categories. The first category, invested in capital assets, net of related debt, reflects the equity in property, plant and equipment owned by the University. The next category is restricted net position, which is divided into two subcategories, expendable and nonexpendable. The expendable category is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The corpus of nonexpendable restricted resources is only available for investment purposes. The final category is unrestricted net position which is available for any lawful purpose of the University.

Net Investment in Capital Assets	\$ 1,514,117,223	\$ 1,484,710,808	\$ 1,497,976,702
Restricted			
Non-Expendable	114,449,418	108,310,863	86,833,488
Expendable	297,130,567	285,857,586	269,135,487
Unrestricted	1,093,787,501	1,049,129,999	851,135,952
Total Net Position	<u>\$ 3,019,484,709</u>	<u>\$ 2,928,009,256</u>	<u>\$ 2,705,081,629</u>

The University's total assets increased \$186.9 million, or 3.5%. Cash and cash equivalents decreased \$161.7 million, and investments increased by \$70.7 million. Cash and cash equivalents decreased \$120.3 million at UAMS, \$33.8 million at UAF, \$19.1 million at UAFS and by \$17 million at UALR net a \$28.5M increase across the remaining campuses. UAF increased investments \$59.1 million, UAFS increased investments \$19.7 million, and UALR increased \$22.7 million net of a decrease of \$22.4 million at UAMS. Deposits held in trust increased by \$15.6 million of which UAMS increased by \$24 million which is related to bond proceeds offset by UAF's decrease of \$7.9 million. Patient accounts receivable at UAMS increased \$44.1 million, while Accounts Receivable decreased \$26.7 million.

Student accounts receivable increased by \$6.9 million, while Grants and contracts decreased by \$17.0 million and non-student accounts decreased by \$17.0 million. The increase of \$205.4 million in Capital assets relates to GASB 87 (*Leases*) adjustments of \$7.3 million, additions of \$427.6 million net of depreciation expense of \$221.7 million offset by a decrease for assets disposed of \$7.7 million. Fayetteville had an increase in capital asset additions of \$112.4 million including construction in progress increases of \$77.5 million with \$152.5 million placed into service. At UAF, the Studio and Design Center, Anthony Timberlands Center for Design & Material Innovation, Brough Commons Retail Shops Renovation, I3R Research Facility, Fine Arts Restoration, MUSiC National Research Fabrication

**UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis
(UNAUDITED)**

Facility Mullins Library Renovation and Windgate Galleries Student Success Center, the Windgate Art & Design District Buildings, Mullins Library Renovations are in progress. UAMS had an increase in capital asset additions of \$264 million including construction in progress increases of \$119.2 million with \$102.4 million moved into service. Progress at UAMS continues on the expansion of radiology oncology and new proton therapy center, a new orthopaedic and spine hospital as well as the implementation costs of Workday, the new ERP software for the UA System.

Deferred outflows of resources consist of deferred amounts on refinancing of debt and deferred amounts related to pensions and other post-employment benefits (OPEB). Overall, deferred outflows decreased \$14 million, or (25.4%). Deferred outflows related to OPEBs decreased \$1.9 million while pension decreased \$6.5 million. The amortization of the debt refunding, net of additions, was \$5.6 million.

Total liabilities increased \$54.6 million, or 2.2%. Accounts payable and other accrued liabilities decreased \$24.8 million with UAMS decreasing \$24.5 million and UAF \$8.5 million. The liability for bonds, notes, leases and installment contracts increased \$175 million (see Note 10). Netted in that amount, UAMS issued \$134.2 million of new bonded debt with a premium of \$21.5 million, UAF executed a refunding of bonds resulting in additions of \$175.6 million offset by redemptions of previously issued bonds. UAMS issued notes payable totaling \$15.7 million. UAFS financed improvements for the Bakery District Leasehold totaling \$417 thousand. The additional debt is offset by a total of \$292 million in repayments and

refundings of bonds during fiscal 2022. The UAMS liability for estimated third party payor settlements decreased by \$61.1 million with repayments of the advances from CMS. Unearned revenues, deposits and other increased \$17.3 million with most of that being UAF athletic ticket sales and related fees and unearned student revenues for summer session and fall semester and UAMS student tuition and fees related predominantly to future fiscal years and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements. Compensated absences decreased \$1.9 million. The UA Health Plan experienced an overall plan loss ratio of 91% compared to a loss ratio of 94% in the previous fiscal year (Note 14).

Deferred inflows of resources increased by \$26.8 million in total with pension plans increasing \$21.8 million as a result of actuarially determined amounts. In addition, deferred inflows-other increased \$8.5 million primarily related to the lessor requirement of \$7.8 million at UAF with the adoption of GASB 87.

The increase in net position was \$91.5 million, or 3.1%. The increase is the result of 2022 revenues, expenses and changes in net position. Net investments in capital assets increased \$29.4 million. Restricted net position, expendable and non-expendable, increased \$17.4 million. Unrestricted net position increased \$44.7 million. In total, UAF contributed \$44.4 and UASYS added \$24 million. These increases were offset by increases and decreases at the remaining campuses. Although unrestricted net position is not subject to externally imposed restrictions, the majority of the University's unrestricted net position is subject to internal designations to meet various

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

specific commitments. These commitments include reserves established for future capital projects, other academic or research priorities; working capital for self-supporting auxiliary enterprises; and reserves for the continued recognition of OPEB and pension obligations.

Statements of Revenues, Expenses and Changes in Net Position

Changes in total net position, as presented on the Statements of Net Position, is based on the activity presented in the Statements of Revenues, Expenses and Changes in Net Position. The statements present the revenues earned by the University, both operating and non-operating, and the expenses incurred by

the University, both operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the University. Operating revenues are received for providing goods and services to the various customers and constituencies of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for operating revenues and to carry out the mission of the University. Non-operating revenues are revenues received for which goods and services are not provided. In accordance with GASB standards, significant recurring sources of University revenue such as state appropriations, gifts, investment income and certain grants and contracts are reported as non-operating revenues.

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

Condensed Statements of Revenues, Expenses, and Changes in Net Position

	Year Ended		
	June 30, 2022	June 30, 2021	June 30, 2020
Operating revenues

Capital grants and gifts	53,183,888	11,546,319	42,681,960
Other, net	7,070,463	1,682,787	8,991,976
Other revenues and expenses	60,254,351	13,229,106	51,673,936
Increase in Net Position	99,869,848	222,927,627	85,130,183
Net Position, beginning of year	2,928,009,256	2,705,081,629	2,619,951,446
GASB 87 Leases	558,735		
Other	(8,953,130)		-
Net Position, beginning of year, as restated	2,919,614,861	2,705,081,629	2,619,951,446
Net Position, end of year	\$ 3,019,484,709	\$ 2,928,009,256	\$ 2,705,081,629

The 2022 operating loss of \$812.5 million highlights the University's dependence on non-operating revenues, including state appropriations, to meet the costs of operations and provide funds for the acquisition of capital assets.

Operating revenues increased \$130.3 million, or 4.9%. Net student tuition and fees increased \$1.7 million, with UAF experiencing an increase of \$3.7 million. The rest of the campuses experienced small increases and decreases in net student tuition and fee revenue. While gross patient revenue increased for UAMS, net patient services decreased \$10.3 million or 0.8% due to an increase

in patient services contractual allowances. Grants and contracts increased \$72.8 million, of which UAF increased \$5.2 million and UAMS increased \$65.5 million. Auxiliary revenues increased \$57 million due to campuses with Athletics, housing and food services making a complete return of on-campus activity with the limitations on gatherings due to COVID-19 being lifted. Other operating revenue increased \$9.1 million.

Total operating expenses increased \$262.3 million, or 7.9%. Compensation and benefits increased \$42.4 million, or 2.3%, over the previous year. The cost of

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

supplies and services increased \$176.5 million, UAF and UAMS increased \$76.4 million and \$56.2 million, respectively. Increases are also attributed to the acquisition of UAG (\$20.4 million), return of operating at full capacity, increased cost due to operating in a pandemic environment and inflation. Scholarships and fellowships increased \$24.4 million due primarily to an increase at UAF of \$8.9 million. Depreciation increased \$20.4 million with UAMS accounting for \$11.1 million of the increase and UAF had a decrease of \$6.8 million. The remaining change was spread throughout the campuses. The insurance plan expenses decreased \$1.4 million due to lower claims in the current year.

Net non-operating revenues decreased by \$38.1 million, or 4.3%. State appropriations increased \$30.2 million with UAMS increase net of Medicaid match of \$12.3 million largely driven by funding for the Cancer Institute to aid in gaining NCI designation. UAF also had an increase of \$12.5 million. The remaining change was spread throughout the campuses. Federal grants increased \$33.3 million primarily due to a \$19.8 million increase in CARES Act funding related to student aid coupled with a \$13.5 million increase related to the acquisition of UAG. Campuses were not immune to the challenging investment environment seen across the country and is reporting overall investment losses. Investment income decreased \$117.7 million with UAMS accounting for \$44.1 million and UAF, \$60.8 million.

Other changes in net position increased \$47.0 million, or 355.5%. Capital grants and gifts increased \$41.6 million with \$41.4 million of the increase related to UAF.

Gifts reported reflect only a portion of the gifts available to the University. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, whose financial information is presented in Note 1.

Statements of Cash Flows

The Statement of Cash Flows provides information about the cash activity of the University during the year. The statement is divided into five parts. The first part shows the net cash used by the operating activities of the institution. The second section reflects cash flows from non-capital financing activities. The third section deals with cash flows from capital and related activities, such as the acquisition and construction of capital assets and proceeds from, and payment of, capital asset debt. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and investment income received from these activities. The fifth section, not shown in the condensed statement below, reconciles the net cash used by operating activities to the net operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. This statement aids in the assessment of the University's ability to meet obligations as they become due, the need for external financing, and the ability to generate future cash flow.

Similar to the operating loss on the Statement of Revenues, Expenses, and Changes in Net Position, net cash used in operating activities does not reflect all resources available to the University because generally accepted accounting principles require state appropriations, gifts and grants to be reported as

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

nonoperating financing activities. The net cash provided by the combination of operating and noncapital financing activities is a better depiction of the results achieved for the year. The net cash

for 2022 is \$257.8 million, a decrease of \$71.3 million from the prior year. The changes are explained in the discussion in relation to the Statements of Revenues, Expenses and Changes in Net Position.

Condensed Statements of Cash Flows

	Year Ended		
	June 30, 2022	June 30, 2021	June 30, 2020
Cash provided (used) by:			
Operating activities	\$ (700,539,344)	\$ (536,685,507)	\$ (455,052,811)
Noncapital financing activities	958,290,016	865,741,232	801,277,513
Net cash	257,750,672	329,055,725	346,224,702
Capital and related financing activities	(275,488,199)	(166,036,628)	(20,936,296)
Investing activities	(143,983,770)	(59,436,931)	(179,272,709)
Net change in cash	(161,721,297)	103,582,166	146,015,697
Cash, beginning of year	725,230,284	621,648,118	475,632,421
Cash, end of year	\$ 563,508,987	\$ 725,230,284	\$ 621,648,118

Purchases of capital assets and repayments of long-term debt and related interest and fees exceeded debt proceeds, capital grants and gifts, and insurance proceeds during 2022 which was consistent with the previous years. Purchases of investments exceeded the proceeds from sales and maturities of investments and investment earnings in the current year which was also consistent with prior years. The University shifted cash to investments during the year as has been done in previous years. The overall cash position declined by \$161.7 million for the year ended June 30, 2022.

Capital Assets and Long-Term Debt Activity

At June 30, 2022, the University had \$3.2 billion of capitalized assets, net of accumulated depreciation of \$3.3 billion. Capital additions in 2022 totaled \$427.6 million which was offset by depreciation of \$221.7 million, \$7.7 million of transfers and deletions and \$7.3 million related to GASB 87 adjustments, resulted

in a net increase in capital assets of \$205.4 million.

New debt issued for bonds, notes, leases and installment contracts with GASB 87 related adjustments offset by payments of principal was a net increase of \$175.0 million for 2022. The University issued a total of \$331.3 million in bonds for all campuses, with repayments, including refundings, of \$258.6 million. More detailed information about debt activity was discussed previously and is presented in Note 10.

Economic Outlook

The University's net position increased \$91.5 million for 2022. Moody's last reaffirmed the University's rating of Aa2 with a stable outlook on October 12, 2022. One of the University's greatest strengths is the diverse stream of revenue which funds its operations, including tuition, patient services revenue, state appropriations, investment income, grants and contracts, and support from individuals, foundations, and

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

corporations. The 2022 fiscal year remains impacted by the pandemic. It continues to be a struggle for our medical center, but through a number of protective measures, we have stabilized inpatient services revenue in fiscal 2022. As the effects of the COVID-19 pandemic eased, campuses have been able to return to a primarily traditional face-to-face format with safety precautions in place and as a result, operating revenues experienced a rebound to more normal performance. Because the Fayetteville campus and the Medical Sciences campus account for 73.8% of total consolidated net position and 89.9% of consolidated operating revenues, the discussion below is centered on these two campuses.

UAMS

UAMS closed fiscal year 2022 with a decrease in net position of \$31.8 million, compared to the balanced budget for the period. The balanced budget for FY22 assumed an increase in patient volumes to pre-pandemic levels along with the return of the ability to perform at a near-normal level of surgical cases, previously constrained in the pandemic. Ultimately, clinical volumes proved to be better than anticipated and FY22 grant revenue surpassed budget; however, these positive budget variances were more than offset by significant increases over prior year in contract labor and supply cost.

The FY 2023 budget for UAMS includes the impact of the startup and anticipated opening of The Orthopaedic & Spine Hospital (TOSH) in May 2023. The projected financial impact of TOSH on the FY 2023 budget is a deficit of \$7.88 million. Excluding the impact of the TOSH opening, the overall FY 2023 UAMS budget is balanced. Budgeted

operating revenues are expected to increase by \$85.6 million over the FY22 budget. Tuition revenue is projected to increase slightly over the FY22 budget. Increases are also expected in net patient service revenue. In addition to the opening of The Orthopaedic and Spine Hospital in May 2023, UAMS Health is projecting growth in key strategic areas including the development of advanced cardiology services, site expansions of cancer clinical care and new locations for urology and radiology imaging services. Increases are also budgeted in other operating revenue due to the retail and specialty pharmacy programs which have seen consistent growth. Finally grants and contracts revenue are projected to see an increase from the FY22 budget. FY23 operating expenses are budgeted to increase \$106.8 million over the FY22 budget. The increase in overall spending is mainly due to increases in compensation and benefits, medical supplies, and drugs and medicine. Non-operating revenue for FY23 includes an increase of \$14.5M in State Appropriations, largely driven by funding for the Cancer Institute to aid in gaining NCI designation. Investment income is also projected to be \$1.8M over the FY22 budget. Interest on capital is increased by \$2.3M related to the recent bond issues.

The financial results for the first two months of FY23 have been less than budget by \$2.0M. Through August, UAMS realized a decrease in net position of \$2.0 million, versus a balanced budgeted. Patient volumes have been less than projected but expenses have flexed with volume. Nonoperating revenue, including Appropriations and Gift Revenue, is less than projected for the first two months, but is expected to increase in the coming months. UAMS continues to focus on its efforts around

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

resource optimization, with projects underway to drive efficiencies in processes that increase revenue and reduce expense.

In summary, the economic outlook for UAMS is stable. However, it will require a continuing commitment to flex expenses with volume, to improve the performance and cost efficiency of operations, to manage within budget limits, and to carefully evaluate the financial opportunities and risks ahead.

UAF

As the effects of the COVID-19 pandemic eased, the University returned to a primarily traditional face-to-face format with safety precautions in place. Individual students were able to request in writing not to attend a face-to-face lecture but were able to return to classes face-to-face at any time. Capacity limits were removed for housing and attendance at athletic events.

As a result, Auxiliary revenues experienced a rebound to more normal performance results and, in many cases, exceeded pre-pandemic levels.

University operations for Fall 2022 are substantially similar to pre-pandemic operations.

During fiscal year 2022, the University received approximately \$23.3 million in funds from the multiple congressional acts of the federal government. This amount was recovered primarily as allowable lost revenue resulting from the effects of the pandemic.

Financial and political support from state government remains a critical element to the continued financial health of the University. In 2022, the total general

revenue distribution from the State increased to \$218.8 million from the \$212.9 million reported in 2021. The forecast for 2023 indicates general revenue and Educational Excellence Trust Fund distributions from the State may increase 2.9%. If State revenue continues to be as strong as the State has reported in early 2022, management will continue to institute both internal and external efforts to maximize the state resources available while seeking ways to minimize the risk of state funding levels not keeping pace with growth.

In 2017, The Arkansas Legislature enacted Act 148 which adopted a productivity-based funding model for most state-supported higher education institutions. As provided in the Act, the Arkansas Division of Higher Education developed a productivity-based funding model with measures for effectiveness, affordability, and efficiency. That model was first used to determine funding recommendations for the 2018-19 academic year and resulted in a small increase in University funding based on those measures. The University does not anticipate material changes in its funding level over the short term based on this funding policy.

The University continues to seek ways to manage the cost of attendance so that it remains affordable while achieving revenue support necessary to offer a high-quality university experience. Diverse revenue resources, including state appropriations, tuition, and fees (net of scholarship allowance), private support, and sponsored grants and contracts all contribute to support the mission of teaching, research, and service. For the 2022-2023 academic year, enrollment and state appropriations are anticipated to exceed budget. Tuition and mandatory

UNIVERSITY OF ARKANSAS SYSTEM: Management's Discussion and Analysis (UNAUDITED)

fee increases of approximately 7.5% for undergrad and graduate students were necessary in 2023 to maintain the facilities, faculty and other support needed to fulfill our mission.

The University's last capital campaign, Campaign Arkansas, completed on June 30, 2020. Since the completion of that campaign, the University has continued to see positive momentum with philanthropic support. Fiscal year 2022 saw the largest fundraising year at the University outside a capital campaign with a total of \$138.6 million raised. The University's endowment reached an all-time high of \$1.68 billion on June 30, 2021, however, due to challenging market conditions in fiscal year 2022, the endowment balance as of June 30, 2022 is approximately \$1.47 billion.

Preliminary figures indicate that the University enrolled 30,936 students for the Fall 2022 semester while setting new records for retention and graduation rates. University enrollment has increased 22.1%, or 5,595 students over the past ten years. Enrollment has now exceeded 30,000 for the first time ever and the Fall 2022 term has seen the largest incoming freshman class in the history of the University. Preliminary numbers are indicating another very strong incoming freshman class for the Fall 2023 semester as well. Considering the uncertainty brought on by the COVID-19 pandemic, the growth experienced in fiscal year 2022 and expected in fiscal year 2023 on top of two years of very stable enrollment

numbers is very exciting and illustrates the continuing strength of the University. Due to our strong net position, high level of liquidity, indications of stable State support, continuing high levels of philanthropic support, a positive enrollment outlook, and our conservative budgeting approach to the 2022-23 fiscal year, we have a high level of confidence that the University will maintain its strong position.

All Campuses

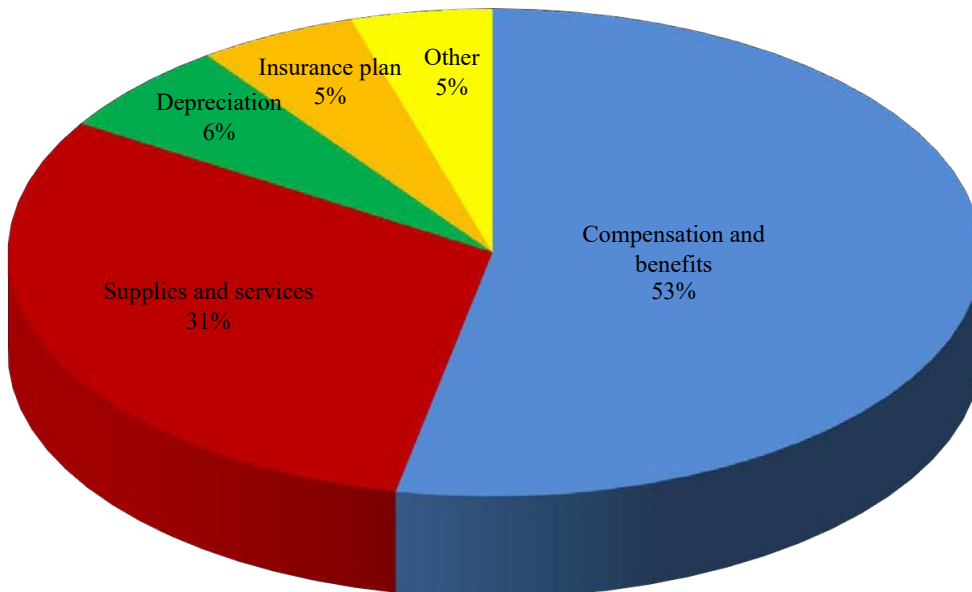

Financial support from state government for all campuses remains a critical element to the continued financial health of the University. Arkansas appears to have a healthy economy even as we encounter the uncertainties of our future due to the pandemic, as general revenue forecasts have been very positive, and the state budget remains balanced. As a result of these and other economic challenges, enrollment in higher education may remain flat or decrease at most campuses as has been the case this fall, so management will continue to budget conservatively and to emphasize cost containment.

Preliminary data shows that the number of enrolled students (headcount) has increased from the fall semester of 2021 to the fall semester of 2022, from 59,041 to 59,426. The number of full-time equivalent students has also increased from 48,808 to 49,098.

2022 Revenues \$3.732 Billion

2022 Expenses \$3.632 Billion

FIVE YEAR SUMMARY OF KEY STUDENT DATA

Enrollment					
Fall Semester	2022*	2021	2020	2019	2018

Note 1: Summary of Significant Accounting Policies

The financial statements for the University of Arkansas (“the University”) have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying notes to the financial statements are an integral part of the financial statements.

The following acronyms are used for the various campuses and divisions of the University as reported in the financial statements: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture (UADA), which includes the Agricultural Experiment Station and Cooperative Extension Service, Arkansas Archeological Survey (AAS), Criminal Justice Institute (CJI), and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas), UACCB (University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), University of Arkansas-Pulaski Technical College (UAPTC), University of Arkansas Community College at Rich Mountain (UACCRM), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including the University of Arkansas System eVersity and University of Arkansas Grantham [UAG]).

Basis of Presentation and Measurement Focus

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. Accordingly, the University’s financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred, if measurable, including depreciation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows, deferred outflows, revenues and expenses at the date of the financial statements. Significant estimates affecting the financial statements include the determination of allowances for uncollectible accounts, patient services-related contractual adjustments and third-party payor settlements, and various investment risks and fair market valuations. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments that are readily convertible to cash and have a maturity at acquisition of three months or less.

Investments

Investments and funds held in trust by others of marketable securities are reported at fair value as established by major securities markets. The fair value of venture capital and other investments is based on the most current information reported to the University by the respective investment managers. Changes in unrealized gain (loss) on the carrying value are reported as a component of investment income on the statement of revenues, expenses and changes in net position.

Accounts Receivable

Receivables that represent charges due the University from various student fees, room and board, student fines, patient care services, and other charges are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts and refunds or discounts. Receivables can also include unreimbursed expenses relating to research contracts with federal, state, and private agencies.

Patient Accounts Receivable

Patient accounts receivable are shown net of contractual allowances and an allowance for doubtful accounts. Credit balances representing refunds due are reported as accounts payable. The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal and state governmental care coverage and other collection indicators.

Inventories

Inventories are valued at the lower of cost or market, with cost generally being determined on a first-in, first-out (FIFO) or average-cost basis.

Capital Assets

Capital assets consisting of land, buildings, improvements, furniture, equipment, intangible assets, and construction in progress, are stated at cost or acquisition value at date of gift. Library holdings are generally valued using average prices for library acquisitions. If material, in previous years, interest on borrowings to finance facilities was capitalized during construction, net of any investment income earned through the temporary investment of project borrowings. Interest is no longer capitalized in accordance with Governmental Accounting Standards Board Statement No. 89. The University's capitalization policy includes all furniture, fixtures and equipment with a unit cost of \$5,000 or more and an estimated useful life of one year or more. Intangible assets are capitalized when the cost is \$500,000 or more for purchased software, \$1,000,000 or more for internally developed software, or \$250,000 or more for easements, land use rights, trademarks and copyrights, and patents.

Livestock is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the University. The inventory value placed on the animals is determined by utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets -- generally 15-30 years for buildings, 15-20 years for infrastructure and land improvements, 3-10 years for equipment, 10 years for library holdings, and the applicable term for leases.

UAMS bases its estimated useful lives on guidelines established by the American Hospital Association (AHA) which may differ slightly from those shown above for the other campuses.

Deferred Outflows of Resources

Deferred outflows of resources represent a decrease of net position that applies to future periods; therefore, these items will not be recognized as an expense or expenditure until that period.

Compensated Absences

Vested or accumulated vacation and sick leave of University employees are recorded as an expense and liability as the benefits are earned. Amounts recorded include salary expense as well as salary-related payments (e.g., FICA taxes, retirement, etc.). No liability is recorded for nonvested accumulated rights to receive sick leave benefits. The current portion of compensated absences is determined using the average balance paid annually in the prior two-year period.

Unearned Revenue

Unearned revenue consists primarily of student tuition and fees and athletic ticket sales related to future fiscal years, and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements.

Deferred Inflows of Resources

Deferred inflows of resources represent an increase of net position that applies to future periods; therefore, these items will not be recognized as revenue until that period.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System and the Arkansas Teacher Retirement System (the respective Systems) and additions to/deductions from the respective System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

The University's net position is classified as follows:

- *Net investment in capital assets* - Capital assets, net of accumulated depreciation and outstanding principal balances of debt obligations related to those capital assets. However, unexpended debt proceeds at year-end are reported as net position restricted for capital projects.
- *Restricted:*
 - Non-expendable – Portion subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University's permanent endowment funds.

Expendable – Portion whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net position to be used either before or after unrestricted net position is used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net position that may be available.

- *Unrestricted* – Portion that is not subject to externally imposed stipulations. This portion may be designated for specific purposes by management or the Board of Trustees or may be otherwise limited by contractual agreements with outside parties.

Classification of Revenues

The University has classified its revenues as either operating or non-operating according to the following criteria:

- *Operating Revenue* – includes activities that have the characteristics of exchange transactions, such as student tuition and fees (net of scholarship discounts and allowances), patient services (net of contractual agreements), most federal, state, and local grants and contracts, revenues associated with auxiliary enterprises (net of scholarship discounts and allowances), interest on institutional student loans, and the University’s self-funded insurance plans.
- *Non-Operating Revenue* – includes activities that have the characteristics of non-exchange transactions, such as gifts and contributions, state appropriations, interest on debt, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances. Scholarship discounts and allowances are the differences between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students’ behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or non-operating revenues in the University’s financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Net Patient Services Revenue

Patient care revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. Retroactive adjustments arising under reimbursement agreements with third-party payors are accrued on an estimated basis in the period in which the related services are rendered and adjusted as final settlements are determined.

Charity Care

UAMS provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because UAMS does not pursue collection of amounts determined to qualify as charity care, these amounts are accounted for as a reduction of patient services revenue at the time the services are rendered.

Grants and Contracts

The University has been awarded grants and contracts for operations for which the moneys have not been received or expended. These awards have not been reflected in the financial statements but represent commitments of sponsors to provide funds for specific research and training projects.

Federal research grants and contracts normally provide for the recovery of direct and indirect costs, subject to adjustment based upon review by the granting agencies. The University recognizes revenue associated with direct costs as the related costs are incurred. The recovery of indirect costs is recorded at predetermined rates negotiated with the federal government.

State Appropriations

State appropriations are reported as non-operating revenue, net of the Medicaid match payments required under various contracts between UAMS and the Arkansas Department of Human Services. The match payments were \$61,987,000 for the fiscal year ended June 30, 2022.

Component Units

In fiscal year 2022, there were two qualifying foundations determined to be component units for the University of Arkansas System: The University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc. Although the University does not control the timing, or amount, of receipts from either of these foundations, the majority of resources or income thereon, which the foundations hold and invest, is restricted to the activities of the University by the donors. Because these restricted resources held by the foundations can be used only by, or for the benefit of, the University, and their individual net assets are considered as having met the financial accountability criteria by management, these two foundations are considered component units and are discretely presented in the University's financial statements.

The University of Arkansas Foundation, Inc. is a separate not-for-profit organization, which operates for charitable educational purposes, including the administration and investment of gifts and other amounts received directly or indirectly for the benefit of the University of Arkansas. The Board of Directors has twenty-eight members, four of which are current or previous members of the Board of Trustees of the University of Arkansas. During the years ended June 30, 2022 and 2021, the Foundation distributed \$94,208,388 and \$70,275,302, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at *535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701*.

The University of Arkansas Fayetteville Campus Foundation, Inc. is a not-for-profit charitable organization which was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville campus. The Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School, and the University's library. The Board of Trustees of the Foundation is made up of seven members, including three members who are also employees of the University. During the years ended June 30, 2022 and 2021, the Foundation distributed \$22,418,322 and \$22,780,270, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at *535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701*.

Encumbrances

Encumbrances representing commitments and outstanding purchase orders for goods and services not received as of the last day of the fiscal year are not reported as expenses or included in liabilities in the accompanying financial statements.

New Accounting Pronouncements

The GASB issued the following statements, which became effective for the fiscal years identified below. In fiscal year 2020, the GASB issued Statement 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which became effective immediately and delayed the implementation dates as indicated on the applicable statements below.

For the year ended June 30, 2022:

- Statement No. 87, *Leases*
- Statement No. 92, *Omnibus 2020*
- Statement No. 93, *Replacement of Interbank Offered Rates*
- Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*
- Statement No. 98, *The Annual Comprehensive Financial Report*
- Statement No. 99, *Omnibus 2022, the requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63*

Management has determined that the Statements No. 92, 93, 97, 98 and 99 did not materially impact the System. Statement No. 87 established standards of accounting and financial reporting for leases. As a result, beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was increased by \$558,735. Details of the effect implementing this statement are discussed in detail in Footnote 23.

For the year ending June 30, 2023:

- Statement No. 91, *Conduit Debt Obligations*
- Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*
- Statement No. 96, *Subscription-Based Information Technology Arrangements*
- Statement No. 99, *Omnibus 2022, the requirements in paragraphs 11-25 related to leases, PPPs, and SBITA*

For the year ending June 30, 2024:

- Statement No. 99, *Omnibus 2022, the requirements in paragraphs 4-10 related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53*
- Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*

Management has not yet determined the effects of these statements on the University's financial statements.

Note 2: Reporting Entity

The University of Arkansas System, which prior to 1969 consisted of the Fayetteville and Medical Sciences campuses, was expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly Phillips County Community College), and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute in Crossett and Great Rivers Technical Institute in McGehee merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College became the sixth and seventh two-year colleges to join the UA System. In addition to these campuses, the University includes the System Administration, whose financial statements include *eVersity* and the University of Arkansas Grantham (acquired on November 1, 2021 and formerly Grantham University), and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and the Criminal Justice Institute.

On August 30, 2021, the University entered into an Asset Purchase Agreement to acquire the assets and assume certain liabilities (consisting primarily of service and vendor contracts, any liabilities to students, and office lease obligations) of Grantham University ("Grantham"), a for-profit online institution of higher education with approximately 4,000 active students and more than 60 degree programs. The acquisition was closed on November 1, 2021 with a net transfer to the sellers of \$890,797 due to amounts receivable from the Department of Defense. Grantham was founded in 1951 to serve World War II veteran educational needs. It began offering exclusively online programs in the late 1990s. Grantham has maintained a focus on military students, and current or past service members currently make up approximately 67% of Grantham's student body. Grantham is accredited through the Distance Education Accrediting Commission, the Accrediting Board of Engineering and Technology, the Commission of Collegiate Nursing Education, the Accrediting Commission for Education in Nursing, and the International Accreditation Council for Business Education. Grantham joined the System as the "University of Arkansas – Grantham."

All programs and activities of the University of Arkansas System are governed by its Board of Trustees, which has been accorded constitutional status for the exercise of its powers and authority by Amendment 33 to the Arkansas Constitution. The Board of Trustees has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the CJI, the Director of AAS, and the Director of ASMSA, who

have responsibility for the programs and activities of their respective campuses or state-wide operating division.

The financial reporting entity consists of (a) the primary government; (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the provisions of this statement, the University is an institution of higher education of the State of Arkansas (primary government).

Note 3: Net Patient Services Revenue and Charity Care

Patient care operations are included in the accompanying financial statements under accounting principles generally followed by governmental colleges and universities. Patient accounts receivable at June 30, 2022, are recorded net of an allowance for doubtful accounts of \$301,289,000.

Net patient services revenue for the year ended June 30, 2022, is as follows:

GROSS PATIENT REVENUE	2022
Gross patient revenue	3,709,906,000
Less: patient services contractual allowances	(2,320,457,000)
Less: provision for bad debt	(54,782,000)
TOTAL	\$ 1,334,667,000

UAMS provided approximately \$ 45,030,000 in charity care, based on established rates, during the year ended June 30, 2022. Because UAMS does not pursue collection of amounts determined to qualify as charity care, they are not included in gross patient revenue above. Net patient services revenue for the year ended June 30, 2022, includes approximately \$58,151,000 from the Medicaid program representing payments relating to Upper Payment Limit and Disproportionate Share reimbursements. These payments are available to state-operated teaching hospitals under Medicaid regulations. Net patient services revenue for the year ended June 30, 2022 includes approximately \$40,462,000 of net revenue from the Supplemental Medicaid program.

The Hospital, Faculty Group Practice (FGP), and Regional Campuses have agreements with governmental and other third-party payors that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with significant third-party payors is as follows:

Hospital:

Medicare – Inpatient acute care services rendered to program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Some transplantation services are paid based upon a cost reimbursement methodology. Outpatient services are paid based on a

prospective payment system where services are classified into groups called Ambulatory Payment Classifications (APC). Services in each APC are similar clinically and in terms of the resources they require. The Hospital is paid for cost-reimbursable items at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audit by the Medicare fiscal intermediary. As of June 30, 2022, the Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through June 30, 2017.

Medicaid – Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed based upon a cost-reimbursement methodology. The Hospital is paid at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audits by the Medicaid audit contractor. The Hospital is required to pay the federal match for the difference in reimbursement between the Tax Equity and Fiscal Responsibility Act inpatient rate and full cost. For outpatient services, the Hospital is required to pay the federal match for the difference reimbursed between the outpatient prospective rates and full cost. As of June 30, 2022, the Hospital's Medicaid cost reports have been audited by the Medicaid audit contractor through June 30, 2013.

FGP and Regional Campuses:

Services rendered to both Medicare and Medicaid program beneficiaries are reimbursed on prospectively determined rates per unit of service.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Management believes that UAMS is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs.

The Hospital, FGP, and Regional Campuses have agreements with certain commercial insurance carriers and preferred provider organizations, which include prospectively determined rates per discharge, discounts from established charges, and prospectively determined per diem rates.

Additionally, UAMS has agreements to provide healthcare professionals to independent healthcare providers at contractually determined rates. These providers are responsible for billing and collecting from patients and third-party payors, as applicable, for the services provided by UAMS staff supplied by these contracts.

Note 4: Cash, Cash Equivalents and Investments

A.C.A. §19-4-805 authorizes institutions of higher learning to determine the depositories and nature of investments of any of their cash funds which are not currently needed for operating purposes.

Cash and Cash Equivalents

Cash deposits are carried at cost. The following schedule reconciles the amount of deposits to the statement of net position at June 30, 2022:

Cash and Cash Equivalents	
Cash deposits at year end	\$ 560,079,362
cash held on deposit in state treasury	7,325,710
cash equivalents	229,479,186
cash on hand	276,218
Less: cash/cash equiv shown as deposits held in trust on SNP	(233,709,475)
adjustment for deposits in transit within the system	57,986
TOTAL	\$ 563,508,987

Deposits are exposed to custodial risk if they are not covered by depository insurance (FDIC) and are uncollateralized. At June 30, 2022, \$359,319 of the University's bank balances related to a Certificate of Deposit at a local bank were exposed to custodial credit risk.

Investments

Investments are reported at fair value, which, for reporting purposes, is market value. The following is a summary of the University's investments held at June 30, 2022:

Investment Type	Fair Value
Mutual & Money Market Funds	\$ 251,187,935
Corporate & Municipal Bonds	96,262,974
External Investment Pool	203,045,670
Short-term Investment Fund Pool	253,117,160
Certificate of Deposits	15,031,582
U.S. Treasury & Government Sponsored Agencies	363,158,352
Commercial Paper	18,360,467
Other	14,157,727
Sub-Total	1,214,321,867
-shown as cash/cash equiv on Stmt of Net Position	(226,858,560)
-shown as deposits held in trust on Stmt of Net Position	(8,497,793)
Investments as reported on Stmt of Net Position	\$ 978,965,514

The University is required to provide investment risk disclosures for all invested funds. Interest rate risk is the risk that changes if interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following tables show these risks for the University's funds outside the external investment pool and short-term investment fund pool.

Investment Type	Fair Value	Interest Rate Risk				
		Investment Maturities (in years)				
		Less than 1	1 to 5	over 5	More than 10	
Commercial Paper	\$ 18,360,467	\$ 18,360,467	\$ -	\$ -	\$ -	
Bonds	90,158,636	4,130,897	78,776,370	7,215,977		35,392
U.S. Treasury & Agency Securities	363,220,784	100,779,654	237,895,302	24,542,595		3,233
			-	-		-
Totals	\$ 471,739,887	\$ 123,271,018	\$ 316,671,672	\$ 31,758,572	\$	38,625

Investment Type	Fair Value	Credit Risk				
		AAA	AA	A	B & below	Not Rated
Mutual Funds	\$ 6,540,960	\$ 417,560	\$ -	\$ 759,295	\$ -	\$ 5,364,105

External Investment Pool

In 1997, the University of Arkansas and the University of Arkansas Foundation established an external investment pool. This arrangement commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio. Subsequent to its establishment, other entities have joined including the Walton Arts Foundation in 1998, the Fayetteville Campus Foundation in 2003, the University of Arkansas Community College at Hope Foundation in 2007, the Razorback Foundation in 2012, and the University of Arkansas Technology Development Foundation in 2016.

The external investment pool is exempt from registration with the Securities and Exchange Commission. The University of Arkansas Board of Trustees and the University of Arkansas Foundation Board of Trustees were the sponsors of this investment pool and were responsible for operation and oversight for the pool. All participation in this investment pool is voluntary.

In January 2010, the University of Arkansas Investment Committee approved an agreement which delegated authority to the UA Foundation to manage University funds held in the Pool. The agreement included delegation of all responsibility for all investment guidelines and performance objectives for accounts within the Pool. The agreement also delegated to the UA Foundation authority for further delegation of portfolio implementation decisions to one or more investment managers. In January 2010, the UA Foundation entered into such an agreement with Cambridge Associates, LLC.

In 2018, the UA Foundation revised their investment policies to only allow endowed monies to be maintained in the investment pool. In response to the change, the UA System Investment Committee approved an agreement with Wilmington Trust to create a short-term investment pool for non-endowed investments. PFM Asset Management LLC was selected through a request for proposals to act as an investment advisor for the UA System for this pool designated as the Short-Term Investment Fund, or STIF (see below for additional information).

At June 30, 2022, four campuses and one division (UAF, Division of Agriculture, UALR, UAMS, and UAM) and six foundations participated in the Pool, whose net assets totaled \$2,642,260,089.

The Pool was combined with 7.68% of the net assets owned by the University of Arkansas and external portions as follows: 65.72% by the University of Arkansas Foundation, 24.74% by the Fayetteville Campus Foundation, 0.67% by the Walton Arts Foundation, 0.13% by the University of Arkansas Community College at Hope Foundation, 0.03% by the University of Arkansas Technical Development Foundation, and 1.01% by the Razorback Foundation. The following tables contain information on the risk disclosures of the Pool.

Short-Term Investment Fund Pool

This pool was created for campuses to invest funds on a short-term basis so that the funds would be accessible within a short period to them as needed. There are six campuses or divisions currently invested in the STIF. The breakdown by campus or division at June 30, 2022 is as follows: System-17.89%, UALR-23.41%, UAMS-5.18%, UAM-2.37%, PCCUA-2.17%, UACCM-2.53%, and the Division of Agriculture-46.44%. The following tables contain information on the risk disclosures of the STIF.

Extended Fixed-Income Investment Fund and Intermediate Term Growth Fund

In September 2021, the UA System Investment Committee approved an agreement with Wilmington Trust to expand the external investment pool with the following additional tiers and funds for investing: Extended Fixed-Income Investment Fund (Tier 2) and Intermediate Term Growth Fund (Tier 3).

The Extended Fixed-Income Investment Fund (Tier 2) seeks to provide long-term capital appreciation through the investment of high-quality bonds. The Fund expects to maintain an average duration, under normal circumstances, of not more than three years. The Intermediate Term Growth Fund (Tier 3) seeks to provide long-term capital appreciation through the investment of diversified portfolio of stocks and bonds. The Fund's investment objectives are based on a long-term investment horizon of five years or longer. The following tables contain information on the risk disclosures for the Extended Fixed-Income Investment and Intermediate Term Growth Funds.

Endowment Funds

A.C.A. § 28-69-804 states, “Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution.

The University does not have a uniform policy addressing the authorization and spending of investment income. Such policies have been established at the applicable campuses and include spending rates averaged over a specified period and compliance with donor restrictions. The computation of net appreciation on investments of donor-restricted endowments that are available for expenditure at June 30, 2022, is as follows:

Total Endowment	\$ 191,799,444
Less: Funds treated as endowment	(57,973,655)
Less: Non-expendable portion of endowment	(70,681,119)
Available for Expenditure	<u>\$ 63,144,670</u>

Note 5: Fair Value Measurement

The University's fair value hierarchy that prioritizes the inputs to valuation techniques gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An individual investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the University. The University considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of that investment and does not necessarily correspond to the University's perceived risk of that investment.

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the University has the ability to access at the measurement date. Publicly traded equity securities and mutual funds are the primary investments included in Level 1 and are valued at the individual security's closing market price.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed based on market data obtained from independent sources. These types of sources would include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, models or other valuation methodologies. Level 2 investments include U.S. and international government debt securities valued at market corroborated prices and certain equity and fixed income investments in commingled investment vehicles reported at net asset value derived from the market prices of security holdings.

Level 3: Inputs that are unobservable. Unobserved inputs are those that reflect the University's own assumptions about what market participants would use in pricing the asset

developed based on the best information available. These types of sources would include investment manager pricing for private equities, hedge funds and certain limited partnerships. Limited partner interests in private equity and other partnerships and hedge fund investments are included in Level 3 and are valued using the individual investment manager's reported estimates of fair value developed in accordance with reasonable valuation policies.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the valuation hierarchy, University invested funds, including amounts reported as deposits with bond trustees on the Statement of Net Position, at June 30, 2022:

Summary of Investments by Fair Value Level				
Investment by fair value level	Level 1	Level 2	Level 3	Total

Extended Fixed Income Pool - UA System (4)	78,335,000	End of Month	2-30 days
Total Investments measured at the NAV	<u>\$ 449,452,830</u>		

- (1) This type includes investments in a broadly diversified external investment pool. Pooled investments include allocations to global equities, hedge funds, bonds, natural resources and real estate. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A one-week notice is required for redemptions over \$1 million. There is also a requirement for 30 days written notice if total withdrawals will exceed \$25 million in any 30-day period.
- (2) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of two years or less. The pooled investments are allocated primarily to treasuries, government agency bonds, corporate bonds, commercial paper, negotiable certificates of deposit, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A three-day notice is requested for redemptions of any amount.
- (3) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of three years or less. The pooled investments are allocated primarily international developed bonds, government agency bonds, corporate bonds, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A two-day notice prior to month-end is requested for redemptions of any amount.
- (4) This type includes a diversified portfolio of stocks and bonds investments with a duration of five years or longer. The pooled investments are allocated primarily to equities, bonds, natural resources, real estate, and money-market funds. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A two-day notice prior to month-end is requested for redemptions of any amount.

Note 6: Disaggregation of Accounts Receivable and Accounts Payable

Current accounts receivable balances, net of allowances, at June 30, 2022, as shown on the Statements of Net Position, consist of the following:

ACCOUNTS RECEIVABLE	June 30, 2022
Student accounts	\$ 25,071,358
Non-student accounts	95,331,817
Grants and contracts	90,552,609
Property and sales taxes	1,624,118
Other	4,596,577
Total	<u>\$217,176,479</u>

Current accounts payable balances at June 30, 2022, as shown on the Statements of Net Position, consist of the following:

ACCOUNTS PAYABLE	June 30, 2022
Trade related	\$ 61,355,948
Payroll related	53,104,042
Interest	6,684,509
Other	88,891,955
Total	<u>\$210,036,454</u>

Note 7: Capital Assets

The following table includes changes in capital assets for the year ended June 30, 2022:

UNIVERSITY OF ARKANSAS SYSTEM – Notes to Consolidated Financial Statements FY2022

The June 30, 2021 Balance was restated due to the adoption of GASB Statement No. 87.

Library holdings, including old and rare books, valued at \$ 1,244,000 at June 30, 2022, held by the Medical Sciences Campus, are not included in the above chart or in the accompanying Statements of Net Position.

Note 8: Short-Term Borrowing

GASB Statement No. 38, Certain Financial Statement Note Disclosures, states that governments should provide details about short-term debt activity during the year, even if no short-term debt is outstanding at year-end. The University had the following short-term debt activity and outstanding balance as of June 30, 2022:

Short-Term Borrowing	June 30, 2021			June 30, 2022		June 30, 2022
Description	Balance	Additions	Reductions	Balance	Unused Portion of ST Borrowing	
Line of Credit	\$ -	\$ 2,950,000	\$ 2,950,000	\$ -	\$ 8,000,000	
ERP Note-Regions	-	-	-	-	-	
Other (specify)	-	-	-	-	-	
TOTALS	\$ -	\$ 2,950,000	\$ 2,950,000	\$ -	\$ 8,000,000	

Note 9: Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. The University accrues the dollar value of leave benefits in accordance with generally accepted accounting principles which require accrual of salary-related payments directly and incrementally associated with compensated absences, such as employer's share of social security taxes, as well as applicable salary expenses. These leave benefits are payable upon retirement, termination, or death of employees, up to the maximum allowed.

Full-time, non-classified employees accrue annual leave at the rate of fifteen hours per month and full-time classified employees accrue at a variable rate (from eight to fifteen hours per month) depending upon the number of years of employment in state government. Employees who are less than full-time, but are at least 50% time, accrue annual leave at prorated amounts. Under the University's policy, an employee may carry accrued annual leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Classified employees who meet the conditions to be considered retirees at the time of termination of employment, are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of Arkansas Code Annotated (A.C.A.) § 21-4-501. In accordance with A.C.A. § 21-4-505, two-year institutions may, at their discretion, provide to non-classified employees the same compensation for accumulated unused sick leave provided to classified employees. The Code also allows four-year institutions the same option. In no event shall an employee receive a sick leave amount upon separation that exceeds \$7,500.

Changes in compensated absences are shown below:

COMPENSATED ABSENCES

Note 10: Bonds, Notes, Leases and Installment Contracts Payable

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Separate accounting is not required for these facilities under the provisions of the debt instruments; accordingly, segment reporting is not required for financial reporting purposes. A summary of long-term debt by campus is shown below. Total debt of

UNIVERSITY OF ARKANSAS SYSTEM – Notes to Consolidated Financial Statements FY2022

\$1,960,126,409 shown in these schedules, which is related to bonds, notes, leases and installment contracts, differs from the amount of \$1,954,587,990 shown on the Statement of Net Position. This is due to an elimination entry of \$5,538,419 to account for two loans between UA campuses (see Note 19).

The current portion shown above for bonds, notes, leases, and installment contracts differs from the statement of net position by \$190,112 which is the current portion of elimination entries related to intercompany debt (see Note 19).

Future Principal and Interest Payments

Total long-term debt principal and interest payments are shown below. Interest payments for variable rate debt have been calculated using the rate in effect at the financial statement date, though actual rates will vary. Total debt of \$1,960,126,409 shown in these schedules, which is related to bonds, notes, leases and installment contracts, differs from the amount of \$1,954,587,990

shown on the Statement of Net Position. This is due to an elimination entry of \$5,538,419 to account for two loans between UA campuses (see Note 19).

New Bonds Payable and Refundings

For the year ended June 30, 2022:

On August 9, 2021, the remaining proceeds of \$8,729,576 from the taxable note for the **University of Arkansas, Fayetteville campus**, executed in September 2020 with Regions Bank were distributed to the appropriate bond trustee accounts to pay principal and interest on the 2021 refund bond maturities. In September 2020, \$5,207,424 of the total taxable loan was delivered at the time of closing to pay principal and interest on the 2020 refunded taxable bond maturities and associated costs of issuance. The total taxable loan in the amount of \$13,937,000 is for seven years with an interest rate of 1.81%. The refunding of the second advance resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$378,467. This difference, reported in the accompanying financial statements as a reduction to Deferred outflows of resources, will be amortized through the fiscal year 2029.

On August 18, 2021, the University executed an installment contract loan agreement with Regions Bank in the amount of \$10,840,896. The financing is intended to pay costs associated with a project intended to install certain energy conservation and facility improvements across the **University of Arkansas, Fayetteville campus**, as well as costs of issuance of the loan. The loan began amortizing immediately for a term of ten years at a rate of 1.23% with a final maturity for the loan is August 15, 2031. Debt service on the loan is supported by guaranteed energy savings resulting from the implementation of the energy conservation measures. Proceeds net of issuance costs totaling \$10,815,896 were received by the University on August 20, 2021.

On December 1, 2021, the University issued \$175,645,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2021. The bonds, with an interest rate of 0.371% to 2.685%, were issued to accomplish the taxable advance refunding of Various Facility Revenue Bonds (**Fayetteville Campus**), Refunding Series 2012A, Various Facility Revenue Bonds (Fayetteville Campus), Series 2013A, Various Facility Revenue Bonds (Fayetteville Campus), Series 2014A, and Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2015A, as well as pay the cost of issuing the bonds. Net bond proceeds and premiums of \$174,873,086 were deposited in an escrow account to retire \$42,630,000 of outstanding Refunding Series 2012A, \$43,545,000 of outstanding Series 2013A, \$21,050,000 of outstanding Series 2014A and \$51,375,000 of outstanding Refunding Series 2015A. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,360,084. This difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through the fiscal year 2044. The University completed the refunding to reduce its total debt service payments over the next 23 years by \$21,264,818 and to obtain an economic gain of \$17,915,240. As of June 30, 2022, the escrow account balance was \$164,341,637.

On February 15, 2022, the University closed the Parking Revenue Bonds, (**UAMS Campus**) Tax Exempt Series 2022A with a principal amount of \$27,555,000 and coupon rates of 3%-5%. Proceeds from this sale were used to refund the Parking Revenue Bonds, (UAMS Campus) Series 2011A totaling \$5,585,729, finance a portion of the new parking deck on the east side of campus, capital improvements related to Parking Deck 4, other expenditures related to the UAMS parking

infrastructure, and pay costs of issuance. The University completed the refunding to reduce its total debt service payments by \$751,000, net present value. The escrow account advance refunded all maturities on the call date of February 15, 2022.

On February 15, 2022, the University closed the Parking Revenue Bonds, **(UAMS Campus)** Taxable Series 2022B with a principal amount of \$4,835,000 and a coupon rates of 0.85%-2.23%. Proceeds from this sale were used for a new parking deck on the east side of the campus.

On April 20, 2022, the University closed the Various Facilities Revenue Bonds, **(UAMS Campus)** Tax Exempt Series 2022A with a principal amount of \$93,665,000 with a coupon rate of 5%. Proceeds from this sale will be used for the construction of the Northwest Arkansas UAMS Orthopaedics and Sports Medicine Facility and other capital improvements along with the costs of issuance.

On April 20, 2022, the University closed the Various Facilities Revenue Bonds, **(UAMS Campus)** Taxable Series 2022B with a principal amount of \$8,140,000 with various interest rates of 3.135%-3.433%. Proceeds from this sale will be used for certain capital improvements, including particularly, without limitation, the acquisition of real property in Rogers, Arkansas for future expansion and planning purposes along with the costs of issuance.

Note 11: Commitments

The University has contracted for the construction and renovations of several facilities. At June 30, 2022, the estimated remaining costs to complete these facilities are shown below.

Campus	Contract Balance
UAF	\$ 58,654,065
UALR	3,001,067
UAMS	105,035,690
UAM	968,881
UAPB	5,232,557
PCCUA	509,002
UACCHT	4,130,631
ASMSA	1,147,192
	<u>\$ 178,679,085</u>

Note 12: Income Taxes

The University is tax exempt under the Internal Revenue Code except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2022. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

Note 13: Risk Management

The University of Arkansas Risk Management Program provides insurance coverage for all campuses within the University of Arkansas System. The role of the System Office is to analyze

and recommend insurance coverage, but it is ultimately a campus decision on specific coverage requirements.

Property coverage was provided through Travelers' Insurance Company. The University had limited property losses during the year with one open claim potentially exceeding the deductible limit. Premiums will exceed claims paid for the year.

Auto coverage, through Cypress Insurance, a Berkshire Hathaway company, has a physical damage deductible of \$1,000 and provides coverage against liability losses up to \$1,000,000 per occurrence.

The Medical Sciences campus separately maintains malpractice insurance for certain employees under a claims-made policy.

The University does not purchase general liability, errors or admissions, or tort immunity for claims arising from third-party losses on University property as the University of Arkansas has sovereign immunity against such claims. Claims against the University for such losses are conducted before the State Claims Commission. In such cases where the University enters into a lease agreement to hold a function at a location not owned by the University or for special events, general liability coverage may be purchased for such functions.

The University maintains worker's compensation coverage through the State of Arkansas program. Premiums are paid through payroll and are based on a formula calculated by the Arkansas Department of Finance and Administration. The types of benefits and expenditures that are paid include the following: medical expenses, hospital expenses, death benefits, disability and claimant's attorney fees.

Additionally, the University participates in the State of Arkansas Fidelity Bond Program for claims of employee dishonesty. This program has a limit of \$300,000 recovery per occurrence with a \$2,500 deductible. Premiums are paid annually via a fund transfer from state appropriations to the Arkansas Department of Finance and Administration.

Exclusive of property insurance coverage, there have been no reductions in insurance coverage from the prior fiscal year. For FY 22, the per claim deductible for property insurance was increased to \$2.5M and the aggregate annual coverage limit was reduced to \$500M.

Note 14: Employee Benefits

Insurance Plans

The Board of Trustees of the University of Arkansas System sponsors self-funded health (including prescription coverage) and dental benefit plans for University employees and their eligible dependents. All campuses participate in the health and dental plans. The plans are also offered to employees of the University of Arkansas Winthrop Rockefeller Institute, the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the Walton Arts Center Council, Inc., and the University of Arkansas Technology Development Foundation.

At June 30, 2022, a total of 17,476 active employees, former employees, and pre-65 retirees were participants in the health plan. As of June 30, 2022, there were three health plan design offerings: the Classic Plan, the Premier Plan and the Health Savings Plan. Within the System subsidy guidelines, each campus makes its contribution determination based on budget considerations. A total of 19,395 active employees, former employees, and retirees were participants in the dental plan as of June 30, 2022. Campus subsidies for dental vary from 0% to 100% by campus and by enrollment tier. Retirees, and former employees, through COBRA, participate on a fully contributory basis in the health and dental plans. Medicare-eligible retirees are not eligible to continue in the University's health plan but may elect a fully-insured Medicare Advantage Plan which includes Part D drug coverage.

The University health and dental plans are accounted for on the accrual basis. The System administration estimates the medical, pharmacy and dental claims liability to be \$14,509,500 at June 30, 2022. This liability is established for incurred but not paid (IBNP) claims, and includes a related accrual for claim adjustment expenses, which are expenses incurred in the ultimate settlement of the claim. The claims and claims adjustment accrual for health, pharmacy and dental is based on the calculation prepared by Segal Consulting.

The System administration purchases specific reinsurance to reduce its exposure to large claims. In a fiscal year, after paying claims of more than \$1,400,000 for any one covered individual, the University pays an aggregating specific deductible of \$375,000, on the first claim exceeding \$1,400,000 in paid claims, before being reimbursed from the reinsurance company. The plan has not purchased any annuity contracts on behalf of claimants. If needed, the University would make arrangements through its reinsurance carrier.

The funding levels for the Plan were established based upon anticipated year-end loss ratios of 100%. As of June 30, 2022, the loss ratio for the health plan was 91% and the loss ratio for the dental plan was 95%.

The System administration retains and accounts for all of the risk financing associated with the self-insurance plan's activities in accordance with GAAP.

Reconciliation of Changes in the Liability for Future Insurance Claims	
	FY22
Unpaid claims and claim adjustment expenses at beginning of year	\$ 16,710,600
Incurred claims and claim adjustment expenses:	
Provision for insured events of the current year	173,790,440
Adjustment in provision for insured events of prior years	193,660
Total incurred claims and claim adjustment expenses	173,984,100
Payments:	
Claims and claim adjustment expenses attributable to insured events of the current year	159,280,940
Claims and claim adjustment expenses attributable to insured events of prior years	16,904,260
Total Payments	176,185,200
Total unpaid claims and claim adjustment expenses at end of year	\$ 14,509,500

The liability for future insurance claims includes health, pharmacy and dental incurred but not paid (IBNP) claims/claim adjustment expenses only.

Retirement Plans

Over ninety-seven percent of all employees of the University participate in the University of Arkansas Retirement Program (URP). The URP is a defined contribution 403(b) and 457(b) program as defined by the Internal Revenue Service Code. The authority under which the URP's benefits provisions are established or amended is through the President of the University through the Board of Trustees. Arkansas Code Annotated authorizes participation in the plan. Active recordkeeper/vendors to the URP include Teachers Insurance Annuity Association (TIAA) and Fidelity Investments.

The URP is a contributory plan with the required employee contribution and the University matching contribution, within IRS match limits. That contribution formula requires an employer base contribution equal to 5% of an employee's eligible salary to their TIAA or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice, with a required employee contribution of 5%.

The University makes a one-for-one contribution for employee contributions in excess of 5%, with a maximum total University contribution of 10% of eligible salary up to the IRS match limit, which at June 30, 2022, was \$30,500. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations, but the University does not match these additional contributions.

All benefits attributable to plan contributions made by the participant are immediately vested in the participant, and contributions made by the University are cliff vested upon completion of two

consecutive years of URP participation. The University's TIAA and Fidelity contributions for the fiscal year 2022 were \$119,948,605. The participants' contributions for the fiscal year 2022 were \$150,660,194.

Other than a small number of employees enrolled in federal retirement programs due to their position and funding, the remaining benefits eligible employees of the University participate in one of the two State-sponsored defined benefit retirement plans which are closed to new University participant enrollment. Current University employees who are participants in the Arkansas Public Employees Retirement System (APERS) or the Arkansas Teachers Retirement System (ATRS) can continue in that participation. Current University employees who are current APERS or ATRS participants and who transfer without a break in service between University System campuses may continue in APERS participation.

APERS is a cost-sharing multiple employer defined benefit pension plan administered by the State of Arkansas. The University's required contribution rate was an amount equal to 15.32% of eligible salary in fiscal year 2022. Those employees hired after July 1, 2005, must be contributory unless they had prior service as a state employee. Employees hired before that date may be contributory. The University's contributions for the fiscal year 2022 were \$3,849,462. Participants' contributions for the fiscal year 2022 were \$1,008,044, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. APERS issues a publicly available financial report, which may be obtained by writing: APERS, One Union National Plaza, 124 W. Capitol, 5th Floor, Little Rock, AR 72201.

ATRS is a cost-sharing multi-employer defined benefit pension plan. The University contributed an amount equal to 14.75% of all covered employees' salaries in fiscal year 2022. Under certain conditions, covered employees may voluntarily contribute 6% of their salary. The University's contribution for the fiscal year 2022 were \$1,262,489. Participants' contributions for the fiscal years 2022 were \$437,225. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. ATRS issues a publicly available financial report, which may be obtained by writing: ATRS, 1400 W. 3rd Street, Little Rock, AR 72201.

The University has, from time to time, negotiated voluntary early retirement agreements with faculty and staff which may include the provision of a stipend and healthcare or other benefits for future periods. The amount of liability established for these type agreements was \$200,052 at June 30, 2022.

NOTE 15: Defined Benefit Pension Plans

Arkansas Public Employees Retirement System (APERS)

Plan Description

APERS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment

earnings. The general administration and responsibility for the proper operation of the System is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration. APERS issues a publicly available financial report that can be obtained at <http://www.apers.org/publications>.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 4 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The 93rd State of Arkansas General Assembly, in Act 370, amended the law concerning the number of years used in the computation of the final average compensation (FAC) to five years for members first hired on or after July 1, 2022. Members hired prior to July 1, 2022 have their FAC computed using their highest 3-year average compensation. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory, prior to 7/1/2001	2.11%
Contributory, prior to 7/1/2005	2.07%
Contributory, 7/1/2005 – 6/30/2007	2.03%
Contributory, on or after 7/1/2007	2.00%
Non-Contributory, prior to 7/1/2007	1.75%
Non-Contributory	1.72%

Members are eligible for full retirement benefits under the following conditions:

- at age 65 with 5 years of service,
- at any age with 28 years credited service.

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service at age 55, or at any age with 25 years of service. The plan also provides disability and survivor benefits.

Effective July 1, 2016, new employees of the University are no longer eligible to participate in the Arkansas Public Employees Retirement System (APERS). Existing APERS participants are allowed to continue APERS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. Members who began service prior to July 1, 2005, who elected to remain in the non-contributory plan, are not required to make contributions to APERS. Members who began service on or after July 1, 2005, are required to participate in the contributory plan and contribute 5% of their salaries. Employers are required to contribute at a rate established by the Board of Trustees of APERS

based on an actuary's determination of a rate required to fund the plan. The University contributed 15.32% of applicable compensation for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2022, the University reported a liability of \$10,591,455 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The university's proportion of the net pension liability was based on the university's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2022, the university's proportion was 1.378%, which was a decrease of 0.049% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the University recognized pension expense of \$(5,454,810). At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

APERS	Deferred outflows	Deferred inflows
Diff - expected & actual experience	\$ 242,406	\$ (679,288)
Changes of assumptions		(74,194)
Net difference in projected/actual earnings		(18,592,052)
Changes in proportion	1,017,954	(6,846,998)
University contributions subsequent to measure	3,849,462	
	<u>\$ 5,109,822</u>	<u>\$ (26,192,532)</u>

Deferred outflows of resources of \$3,849,462 related to pensions resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

2023	\$ (8,231,680)
2024	(6,059,171)
2025	(4,998,893)
2026	(5,642,428)
2027	
Thereafter	<u>\$ (24,932,172)</u>

Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed

Remaining Amortization Period	26 years
Asset Valuation Method	4-year smoothed market; 25% corridor
Investment Rate of Return*	7.15%
Salary Increases	3.25% – 9.85% including inflation
Wage Inflation	3.25%
Post-retirement cost-of-living increases	3% Annual Compounded Increase
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality Table	Based on RP-2006 Healthy Annuitant benefit weighted generational mortality tables for males and females. Mortality rates are multiplied by 135% for males and 125% for females and are adjusted for fully generational mortality improvements using Scale MP-2017.
Average Service Life of All Members	3.9676

*Net of investment and administrative expenses.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2021 to 2030 were based upon capital market assumptions provided by the plan's investment consultant. For each major asset class included in the plan's current asset allocation as of June 30, 2021, these best estimates are summarized in the following table:

Asset Class	Current Allocation	Long-Term Expected Real Rate of Return
Broad Domestic Equity	37%	6.22%
International Equity	24	6.69
Real Assets	16	4.81
Absolute Return	5	3.05
Domestic Fixed	18	0.57
Total	100%	

The total real rate of return expected is 4.93% with the actuary's price inflation assumption of 2.50% resulting in a Net Expected Rate of Return of 7.43%.

Discount Rate

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates

equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.15%) and 1%-point higher (8.15%) than the current rate:

Sensitivity of Discount Rate		
1% Decrease	Discount Rate	1% Increase
6.15%	7.15%	8.15%
\$ 31,683,985	\$ 10,591,455	\$ (6,827,466)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued APERS financial report.

Arkansas Teacher Retirement System (ATRS)

Plan Description

ATRS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System (the Board). Membership includes eleven members who are elected and consist of seven active members of ATRS with at least five years of actual service, three retired members receiving an annuity from ATRS, and one active or retired member from a minority racial ethnic group. There are also four ex officio members, including the State Bank Commissioner, the Treasurer of the State, the Auditor of the State and the Commissioner of Education. ATRS issues a publicly available financial report that can be obtained at <https://www.arters.gov/publications>.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 7 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory, 10 years or more of service	2.15%
Contributory, less than 10 years of service through 6/30/2018	2.15%
Contributory, less than 10 years of service after 7/1/2018	1.75%

Non-Contributory, 10 years or more of service through 6/30/2019	1.39%
Non-Contributory, 10 years or more of service beginning 7/1/2019	1.25%
Non-Contributory, less than 10 years of service through 6/30/2018	1.39%
Non-Contributory, less than 10 years of service after 7/1/2018	1.00%

Members are eligible to retire with a full benefit under the following conditions:

- at age 60 with 5 years of actual or reciprocal service,
- at any age with 28 years credited service.

Members with 25 years of actual or reciprocal service who have not attained age 60 may retire with a reduced benefit.

Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Survivor benefits are payable to qualified survivors upon the death of an active member with 5 years of service. The monthly benefit paid to eligible spouse survivors is computed as if the member had retired and elected the Joint & 100% Survivor option. Minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2011, new employees of the University are no longer eligible to participate in the Arkansas Teacher Retirement System (ATRS). Existing ATRS participants are allowed to continue ATRS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 7. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. ATRS has contributory and noncontributory plans. Employers are required to contribute at a rate established by the Board of ATRS based on an actuary's determination of a rate required to fund the plan. The University contributed 14.75% of applicable compensation for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2022, the University reported a liability of \$7,829,796 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the University's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2022, the University's proportion was 0.283%, which was a decrease of 0.036% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the University recognized pension expense of \$(1,573,138). At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ATRS	Deferred outflows	Deferred inflows
Diff - expected & actual experience	\$ 398,369	\$ (67,684)
Changes of assumptions	2,359,138	
Net difference in projected/actual earnings		(6,486,963)
Changes in proportion	19,048	(4,670,678)
University contributions subsequent to measure	1,262,490	
	<u>\$ 4,039,045</u>	<u>\$ (11,225,325)</u>

Deferred outflows of resources related to pensions of \$1,262,490 resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

2023	\$ (2,569,949)
2024	(2,038,656)
2025	(1,747,376)
2026	(2,145,603)
2027	52,813
Thereafter	-
	<u>\$ (8,448,770)</u>

Actuarial Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Amortization Period	30 years
Asset Valuation Method	4-year smoothed market for funding purposes; 20% corridor
Wage Inflation	2.75%
Salary Increases	2.75 – 7.75% including inflation
Investment Rate of Return	7.25%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2021 valuation pursuant to an experience study for the period July 1, 2015 – June 30, 2020.

Mortality Table	Pub-2010 Healthy Retired, General Disabled Retiree, and General Employee Mortality weighted tables were used for males and females. Mortality rates were adjusted for future mortality improvements using projection scale MP-2020 from 2010: Healthy Annuitant: Male-105% Female-105% Disabled Annuitant: Male-104% Female-104% Employee Mortality: Male-100% Female-100%
-----------------	---

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary. For each major asset class included in the pension plan's target asset allocation as of June 30, 2021, these best estimates are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Total Equity	53%	4.8%
Fixed Income	15	0.4
Alternatives	5	3.8
Real Assets	15	4.7
Private Equity	12	6.5
Cash Equivalents	0	-0.2
Total	100%	

Discount Rate

A single discount rate of 7.25% was used to measure the total pension liability based on the expected rate of return on pension plan investments. The current member and employer contribution rates are 6.75% and 14.75% of active member payroll, respectively. Although not all members contribute, the member and employer rates are scheduled to increase by 0.25% increments ending in fiscal year 2023. The ultimate member and employer rates will be 7% and 15%, respectively. The projection of cash flows used to determine this single discount rate assumed that member and employer contributions will be made in accordance with this schedule. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.25%) or 1%-point higher (8.25%):

Sensitivity of Discount Rate		
1% Decrease	Discount Rate	1% Increase
6.25%	7.25%	8.25%
\$ 16,381,474	\$ 7,829,796	\$ 734,155

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued ATRS financial report.

NOTE 16: Other Postemployment Benefits (OPEB)

The University offers postemployment health (including prescription drugs) and dental benefits, along with life insurance (\$10,000 available coverage), to eligible retirees. Employees retiring on or after January 1, 2021, will not be eligible for life insurance coverage. Health and dental benefits are provided in the University's self-funded plan sponsored by the Board of Trustees of the University of Arkansas System for current and pre-65 retired employees. The plan is considered a single-employer, defined benefit plan. The System Administration manages and administers the plan. Although benefits are also provided under the University's plan for the employees of the University of Arkansas Foundation, Inc., the University of Arkansas Winthrop Rockefeller Institute, the Walton Arts Center Foundation, Inc., the Razorback Foundation, Inc., and the University of Arkansas Technology Development Foundation, no postemployment benefit is accrued by the University for these private entities. Financial activities of the plan are reported in the accompanying consolidated financial report. No assets are accumulated in a trust. Retirees pay 100% of premiums for all campuses with the following exceptions:

UACCRM, who paid 83% of the premium for single coverage for a closed group of employees through 1/1/19, but none of the premium for a spouse or unmarried dependent. Employees who retire currently and since December 31, 2018, will pay 100% of premiums for single and spouse coverage.

Employer costs are funded on a pay-as-you-go basis for all campuses. Retirees qualify for postemployment benefits as follows:

Employees must have a combination of age and years of service of at least 70 with at least 10 years of coverage under the plan. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.

Retirees pay 100% of the fully insured premium directly to United Healthcare. As a result, no liabilities for Medicare eligible retiree benefits are included in this valuation.

Employees Covered by Benefit Terms

At June 30, 2022, the following employees were covered by the benefit terms:

Employees covered by Benefit Terms	Medical	Life
Inactive employees or beneficiaries currently receiving benefit payments	338	2,058
Active employees	19,101	
Total Employees covered by Benefit Terms	19,439	2,058

Total OPEB Liability

Total OPEB liability as of June 30, 2022 was \$80,318,000, determined by actuarial valuations as of July 1, 2021, rolled forward.

Summary of Key Actuarial Methods and Assumptions

Valuation date	July 1, 2021 valuation for the year ended June 30, 2022
Valuation year	Census data collected as of February 2022
Actuarial cost method	Entry Age Normal
Amortization method	Level percent of payroll
Remaining amortization period	30 years rolling
Asset valuation method	N/A
Actuarial assumptions:	
Investment rate of return	2.16%
Rate of salary increase for amortization	4.00%
Medical inflation rate	6.50% grading to 3.12% over 19 years
Pharmacy inflation rate	7.50% grading to 3.12% over 19 years
Retiree contribution inflation rate	6.77% grading to 3.12% over 19 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2020 was 2.21%, the unfunded rate determined as of June 30, 2020 based on the Bond Buyer 20-year-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2021 was 2.16%, the unfunded rate determined as of June 30, 2021 based on the Bond Buyer 20-year-Bond GO Index.

Mortality Rates:

Healthy	Pub-2010 Teachers Headcount weighted Mortality Tables for employees, contingent annuitants, and healthy retirees projected generationally using projection scale MP-2021 from base year 2010.
Disabled	Pub-2010 Teachers Headcount weighted Mortality Tables for disabled retirees projected generationally using projection scale MP-2021 from base year 2010.

General Overview of the Valuation Methodology

The Entry Age Actuarial Cost Method was used to value the Plan's actuarial liabilities and to set the normal cost. Under this method, the normal cost rate is the percentage of pay contribution which would be sufficient to fund the Plan benefits if it were paid from each member's entry into the Plan until termination or retirement. The unfunded liability is amortized over a rolling 30-year period. The amortization method is a level percentage of pay.

The claims costs were developed from the active premium rates for the period July 1, 2020 to June 30, 2021. 67.9% of the premium was assumed to be for medical, 25.4% for pharmacy, and 6.7% for expenses. The claims costs and contributions were trended by the 2021 rates in the economic section to bring them to the fiscal year July 1, 2021 to June 30, 2022.

The dental rates are set to match projected costs. Based on a comparison of the recent dental claims plus fees, the dental rates are set at a level sufficient to cover projected costs. Retirees pay 100% of the budget rate for coverage. Therefore, the cost for dental coverage was excluded from this valuation.

Changes in Actuarial Assumptions and Methods since the Prior Valuation

The claim costs and trends were updated to reflect changes in benefits and experience and our expectation for the future costs. The initial retiree contribution was adjusted to reflect current contribution rates.

The discount rate changed from 2.21% to 2.16%.

The report does not reflect future changes in benefits, penalties, taxes (including future excise taxes), or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010, related legislation, or regulations. It does reflect all ACA costs to date.

Changes in the Total OPEB Liability

The table below shows the changes in the total OPEB liability (TOL) during the measurement period ended on June 30, 2022.

	2022
Balances at 6/30/2020 (Reporting Date 6/30/2021)	\$ 76,603,000
Changes for the year:	
Service cost	4,891,000
Interest (includes interest on service cost)	1,776,000
Changes of benefit terms	-
Differences between expected and actual experience	(971,000)
Changes of assumptions	398,000
Benefit payments, including refunds of member contributions	(2,379,000)
Net changes in total OPEB liability	3,715,000
Balances at 6/30/2021 (Reporting Date 6/30/2022)	\$ 80,318,000

During the measurement year, the TOL increased by approximately 3.7 million. The service cost, changes in assumptions and interest cost increased the TOL by approximately \$6.7 million while benefit payments decreased the TOL by approximately \$2.4 million.

The discount rate changed from 2.21% to 2.16% between June 30, 2020 and June 30, 2021.

Sensitivity of the Total OPEB Liability

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the TOL to the discount rate.

Sensitivity of Total OPEB Liability to Changes in Discount Rate		
1%	Discount	1%
Decrease	Rate	Increase
1.16%	2.16%	3.16%
\$87,890,000	\$80,318,000	\$73,548,000

Changes in the healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the TOL to the healthcare trends.

Sensitivity of Total OPEB Liability to Changes in Healthcare Cost Trend Rates		
1%	Healthcare	1%
Decrease	Trend	Increase
\$73,019,000	\$80,318,000	\$88,863,000

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the University recognized OPEB expense of \$4,747,000. At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,177,000	\$ 6,782,000
Changes in assumptions	7,593,000	2,118,000
Contributions subsequent to the measurement date	2,595,000	
Total	\$ 12,365,000	\$ 8,900,000

The \$2,595,000 reported as deferred outflows of resources resulting from the University's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in the financial statements as follows:

Year ended June 30:

2023	\$ (1,052,000)
2024	650,000
2025	1,010,000
2026	410,000
2027	(108,000)
Thereafter	(40,000)

Note 17: Functional Classifications of Operating Expenses

The following is a reconciliation of the natural classifications as presented in the statement of revenues, expenses, and changes in net position to the functional classifications for fiscal year 2022:

Functional Classifications	Natural Classifications					TOTAL
	Compensation & Benefits	Supplies & Services	Scholarships & Fellowships	Insurance	Depreciation	
Instruction	\$ 401,466,477	\$ 68,487,552	\$ -	\$ -	\$ -	\$ 469,954,029
Research	209,920,321	118,643,375	-	-	-	328,563,696

Note 19: Elimination of Inter-Company Transactions

The consolidated financial statements were prepared from financial statements submitted by each campus and the System Administration of the University. The inclusion of inter-company transactions in the consolidated financial statements is not considered materially significant to distort the amounts presented in the consolidated financial statements with the following exceptions, which were eliminated.

FY22 - Statement of Net Position

An elimination entry was made to reduce accounts receivable and accounts payable by \$22,601,585, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses.

Three loans between University entities were eliminated to reduce assets and liabilities: (1) \$562,841 (current portion \$31,573) to reflect a loan from UAMS to UAF, and (2) \$4,975,498 (current portion \$158,359) to reflect a loan from the campuses to eVersity and (3) inter-institutional loans between the System Administration and 11 campuses to assist in financing the ERP implementation costs. The following schedule details the balance of the loans at June 30, 2022 which were eliminated against current and long-term debt (current portion \$1,580,360) and Other non-current assets:

Campus	Balance at June 30,2022
UAFS	\$ 693,021
UALR	1,999,293
UAM	498,937
UAMS	15,361,080
UAPB	723,430
PCCUA	254,036
UACCB	127,753
UACCHT	130,300
UAPTC	454,613
UACCRM	79,496
ASMSA	131,224
	<u>\$ 20,453,183</u>

In addition, an elimination entry in the amount of \$1,080,985 was made to increase accounts payable and decrease notes payable so the that payables and receivables between UAMS and the System Administration would agree for the inter-institutional ERP loan due to the timing of the June 2022 payment.

FY22 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$141,104,487.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$4,214,955. An elimination entry for services provided among campuses in the amount of \$855,440. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$87,071. An elimination entry for the System Administration's interest income for the loans referred to above with 11 campuses was made to decrease interest expense and investment income in the amount of \$658,798.

FY22 - Statements of Cash Flows

The effects of the elimination entries described above to the statement of net position and the statement of revenues, expenses and changes in net position are also reflected in the statement of cash flows.

Note 20: Joint Endeavor

In 1987, the University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. The University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., was established to administer this project and its funds. Activities of the foundation were managed by nine directors - three appointed by the University, three by the City of Fayetteville, and three recommended by the Foundation that were approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Arts Center facilities, including land, is held equally by the City and the University. The Arts Center Council was required to submit an annual budget to both the City and the University for approval. The Board of Trustees of The Arts Center Council was comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom served as volunteers.

On August 14, 2014, the governing documents establishing and defining the joint endeavor between the City of Fayetteville and the University of Arkansas to operate the Walton Arts Center were revised to ensure clarity and flexibility to allow the Walton Arts Center to meet the arts and entertainment needs of all residents of Northwest Arkansas with a multi-venue system, while at the same time confirming support of the original partnership. Revisions were made to the respective Articles of Incorporation of the Walton Arts Center Foundation, Inc. and the Walton Arts Center Council, Inc. to clarify the purpose of each entity to encompass multiple venues in the Northwest Arkansas region; to allow the Walton Family Foundation to appoint nine additional directors to the Board of Directors of the Arts Center Council while ensuring that the City and University maintain their proportionate number of directors on the Board; to return the City of Fayetteville's initial payment of \$1.5 million to the Foundation back to the City for the City's use in the construction of a parking facility adjacent to the Walton Arts Center or as otherwise determined by the Fayetteville City Council; and with consent by the University to expend the institution's initial payment of \$1.5 million to the Foundation to help defray the construction costs of the proposed enlargement and enhancement of the Walton Arts Center located in Fayetteville, Arkansas. To date, the University's funds placed in the endowment have not been spent. Accordingly, the relationship of the University and Walton Arts Center Foundation, Inc, remains unchanged. In the event the funds are expended, as provided in the revised agreement, the Walton Arts Center Foundation, Inc. would no longer be an agent for the University nor would the University have the right of appointment of Walton Arts Center Foundation, Inc. directors.

An Amended and Restated Interlocal Cooperation Agreement was also executed that permits the Walton Arts Center to conduct business as a separate, free-standing non-profit corporation; that budget and operational oversight rests exclusively with the Walton Arts Center Council and confirms the Walton Arts Center is no longer an agent of the University or the City, nor restricted to the terms of the original agreement; and affirms the Walton Arts Center must comply with the

terms of a new lease agreement executed by the University, City of Fayetteville and the Walton Arts Center Council.

The lease agreement extends the term to twenty-five years and recognizes the changed scope of the Walton Arts Center. The lease also provides assurances regarding the on-going quality and type of performances at the Walton Arts Center in Fayetteville.

Note 21: Related Parties

The Provost and Executive Vice Chancellor for Academic and Student Affairs was a member of the Board of Directors of Arvest Bank, Fayetteville, one of the autonomous community-oriented banks which comprise Arvest Bank Group, Inc., based in Bentonville, Arkansas, up until his appointment as Interim Chancellor in August 2021. There were no additional significant related party transactions other than those with component units discussed in Note 1.

Note 22: Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that these matters will be resolved without material adverse effect on the future operations or financial position of the University.

Immunity provisions in Arkansas law prohibit suits for damages against the Board of Trustees of the University of Arkansas System (UA Board) in Arkansas state courts. In addition, Arkansas law provides that state employees are “immune from suit, except to the extent they may be covered by liability insurance, for damages for acts or omissions, other than malicious acts or omissions, occurring within the course and scope of their employment.” Therefore, employees of the University of Arkansas for Medical Sciences (UAMS) acting in good faith in the course and scope of their employment may be sued in state courts, but only to the extent of maintained insurance coverage. UAMS maintains malpractice insurance for certain employees under a claims-made policy. Premiums are accrued based on estimated claims, with the final premium amount determined based on actual claims experience. The cost of this policy is included in supplies and other expenses. UAMS incurred costs of \$4,497,000 for this insurance during the year ended June 30, 2022. A party may bring an action against the University through the Arkansas State Claims Commission (the Claims Commission). The Claims Commission may award a claim of up to \$15,000 without further review or appropriation. Awards that the Claims Commission makes in excess of \$15,000 must be approved and appropriated by the Arkansas State Legislature. Appropriations of this type, if any, reduce appropriations from the state to the University in the period in which the claim is appropriated.

In the fiscal year ended June 30, 2006, the Arkansas Development Finance Authority (the Authority) issued \$36,775,000 in Tobacco Settlement Revenue Bonds. The Authority made the proceeds of the bonds available to the UA Board to fund an expansion to the Arkansas Cancer Research Center, now known as the Winthrop P. Rockefeller Cancer Institute, which is on the campus of UAMS. The bonds have an approximate yield to maturity of 4.77% to 5.10% and principal and accumulated interest are payable beginning in 2021 through 2031 for \$22,158,000 of serial bonds and beginning in 2036 through 2046 for \$14,617,000 of term bonds.

Funds received from the Arkansas Tobacco Settlement Funds Act of 2000 are pledged for debt service and are the primary source of payment for the bonds. In accordance with a Loan Agreement dated June 1, 2006, between the UA Board and the Authority, the UA Board will be required to make debt service payments on the Series 2006 bond issue in the event of a shortfall in tobacco settlement revenues. However, no such payments will be made unless the debt service revenues are insufficient to make such payments. Management believes the debt service revenues will be sufficient to service the entire principal and interest due. The *Global Insights USA, Inc.* report, prepared in August 2006, on the *Forecast of U.S. Cigarette Consumption (2004-2046)* indicated that tobacco consumption in 2046 is expected to decline by 54% from the 2003 level. For fiscal year 2003, Arkansas received \$60,067,457 from the Tobacco Settlement Fund. Using the 54% decline from above, Arkansas should receive approximately \$27.6 million in 2046 with the first \$5 million dedicated to pay the debt service on this bond issue.

If debt service revenues had been considered insufficient at June 30, 2022, the University would have incurred a liability of \$72,902,000 related to the issue. This amount includes drawdown of funds related to the project, issuance costs, discounts, accreted interest, and other expenses related to the issue. The revenues pledged by UAMS to secure the Loan Agreement consist of inpatient service fees and fees collected from other ancillary, therapeutic, and diagnostic services provided within the walls of the hospital but exclude physician-generated revenues, State appropriations, and revenues restricted for other purposes.

Note 23: Restatements

Statement of Revenues, Expenses, and Changes in Net Position

The University adopted GASB Statement No. 87, Leases in fiscal year 2022. GASB Statement No. 87 establishes a single model for lease accounting based on the foundation principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

Beginning in fiscal year 2022, the University started recognizing intangible “right to use” leased assets equal to the present value of the lease payments. This increase in assets is offset by a corresponding increase in lease liability for certain of its leases that were previously reported as operating leases under the previous accounting standards. Prior to GASB 87 operating leases were expensed as payments were made.

As a result of GASB 87, leased assets, in fiscal year 2022, are reported separately as right-to-use buildings, equipment, improvements and infrastructure. Leases were recognized and measured using the facts and circumstances that existed at the beginning of fiscal year 2022. The present value of the leased assets are calculated using the term of the lease and the incremental borrowing rate for the university at the beginning of the lease. The lease terms vary according to the conditions of the individual leases.

Beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was restated due to the implementation of GASB Statement 87, as amended. As a result, Net Position – beginning of the year was increased by \$558,735 to reflect the net effect of recognizing the University’s total right-to use assets and lease receivables offset by lease payables and deferred inflows of resources attributable to the year ended June 30, 2021.

Beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, has also been restated for the year ended June 30, 2021 to adjust prior year grant revenue and receivables for the University of Arkansas, Fayetteville due to overstatement in the amount of \$8,953,130.

Statement of Net Position

The net effect of these restatements was an overall decrease to total net position of \$8,394,395. The net adjustment is reflected in the net position amounts reported as of June 30, 2021 for Net Investment in Capital Assets, Expendable, Research and Expendable, Public Service. The Statement of Cash Flows was also restated to reflect the changes.

	As Reported June 30, 2021	Net Adjustemnt	Restated June 30, 2021

Note 24: Subsequent Events

On August 25, 2022, the University issued \$16,655,000 in Various Facilities Revenue Bonds, (UAPB Campus) Series 2022, with various interest rates of 4.00% - 5.00%. Proceeds from this sale will be used to finance a portion of the costs of certain capital improvements, including the acquisition, construction, equipping, and furnishing of a student center (the “Student Center Facility”) and the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for UAPB (collectively, the “Project”) and to pay costs of issuance of the Bonds.

On November 9, 2022, the University issued \$72,655,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2022A, with interest rates of between 4.00% and 5.25%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a tax-exempt basis. Projects include (a) the acquisition, construction, furnishing, and equipping of the Anthony Timberlands Center for Design and Materials Innovation; (b) the renovation, restoration, acquisition, construction, improvement, furnishing, and equipping of the Fine Arts Center; (c) the renovation, acquisition, construction, improvement, furnishing, and equipping of the first and second floors of Mullins Library; (d) the acquisition, construction, furnishing, and equipping of the Windgate Studio and Design Center; and (e) the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

On November 9, 2022, the University issued \$4,025,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Series 2022B, with interest rates of between 4.70% and 5.28%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a taxable basis. Projects include the acquisition, construction, installation, and equipping of a roof replacement for the Engineering Research Center and the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

Summary of Key Actuarial Methods and Assumptions

Valuation date	July 1, 2021 valuation for the year ended June 30, 2022
Valuation year	Census data collected as of February 2022
Actuarial cost method	Entry Age Normal
Amortization method	Level percent of payroll
Remaining amortization period	30 years rolling
Asset valuation method	N/A
Actuarial assumptions:	
Investment rate of return	2.16%
Rate of salary increase for amortization	4.00%
Medical inflation rate	6.50% grading to 3.12% over 19 years
Pharmacy inflation rate	7.50% grading to 3.12% over 19 years
Retiree contribution inflation rate	6.77% grading to 3.12% over 19 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2020 was 2.21%, the unfunded rate determined as of June 30, 2020 based on the Bond Buyer 20-year-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2021 was 2.16%, the unfunded rate determined as of June 30, 2021 based on the Bond Buyer 20-year-Bond GO Index.

Mortality Rates:

Healthy	Pub-2010 Teachers Headcount weighted Mortality Tables for employees, contingent annuitants, and healthy retirees projected generationally using projection scale MP-2021 from base year 2010.
Disabled	Pub-2010 Teachers Headcount weighted Mortality Tables for disabled retirees projected generationally using projection scale MP-2021 from base year 2010.

Schedule of Changes in Total OPEB Liability and Related Ratios

	2022	2021	2020	2019	2018
Total OPEB Liability					
Service cost	\$ 4,891,000	\$ 4,510,000	\$ 4,026,000	\$ 3,952,830	\$ 4,589,055
Interest (includes interest on service cost)	1,776,000	2,736,000	2,831,000	2,568,932	2,320,787
Changes of benefit terms	-	(10,108,000)	-	832,130	
Differences between expected and actual experience	(971,000)	(2,196,000)	(3,245,428)	(3,266,590)	
Changes of assumptions	398,000	9,159,000	3,132,000	(690,230)	(13,904,426)
Benefit payments, including refunds of member contributions	(2,379,000)	(2,245,000)	(2,180,000)	(2,018,583)	(2,109,079)

---	--------------	--------------	--------------	--------------	--------------

UNIVERSITY OF ARKANSAS SYSTEM CONSOLIDATED FINANCIAL STATEMENTS FY2022 REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

Notes to Schedule:

No assets for the Plan are accumulated in a trust.

Change of Assumptions:

During the measurement year, the total OPEB Liability (TOL) increased by approximately \$3.7 million. The service cost and interest cost increased the TOL by approximately \$6.7 million while benefit payments decreased the TOL by approximately \$2.4 million.

The discount rate changed from 2.21% as of June 30, 2020 to 2.16% as of June 30, 2021 and the mortality assumption was updated as of June 30, 2021. The combined impact of these assumption changes increased the TOL by approximately \$0.4 million. This loss will be amortized over the average expected remaining service life of all active and inactive members of the Plan. The actual experience decreased the TOL by \$1.0 million due to changes in population, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan.

The mortality assumption was changed from RP-2014 projected generationally using MP-2014 to Pub-2010 Teachers projected generationally using MP-2021 from base year 2010.

Change of Benefits:

There were no benefit changes during 2022.

The University of Arkansas System is a comprehensive, publicly-supported higher education system composed of unique institutions, units and divisions that share the singular goal of serving Arkansas residents and others by developing and sharing knowledge to impact an ever-changing world. The System provides access to academic and professional education and develops intellectual growth and cultural awareness in its students, staff and faculty. The System further promotes an atmosphere of excellence that honors the heritage and diversity of our state and nation, and provides students, researchers and professionals with tools to promote responsible stewardship of human, natural and financial resources at home and abroad.

Enrollment listed by campus are the preliminary official 11th-day headcounts as provided in September 2022 to the Arkansas Division of Higher Education for Fall 2022.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE

Established: 1871
Enrollment: 30,936
www.uark.edu

Founded in 1871, the University of Arkansas, Fayetteville (U of A) is the flagship institution of the University of Arkansas System. U of A is the state's foremost partner, resource and catalyst for education and economic development and is a university for the integration of student engagement, scholarship, research and innovation that collectively transforms lives while advancing Arkansas and building a better world.

As Arkansas's first land-grant university, U of A has a mandate to teach, conduct research and perform outreach. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree and an LL.M. in Agriculture and Food Law. The Carnegie Foundation for the Advancement of Teaching places U of A in its highest category for research activity, a classification shared by only 3 percent of universities nationwide. Research activity is a significant academic element at the university and an economic engine for the state.

UNIVERSITY OF ARKANSAS AT FORT SMITH

Established: 1928
Joined System: 2002
Enrollment: 5,360
www.uafs.edu

The University of Arkansas at Fort Smith (UAFS) was established in 1928 in response to the need for an institution of higher education to improve the local workforce. UAFS continues that tradition today as the premier regional institution for western Arkansas. By connecting education with careers, UAFS focuses on preparing students to succeed in the workforce as well as in elite post-graduate programs.

UAFS prides itself on highly accredited programs and exceptional faculty who continually adapt curricula to respond to the needs of business and industry. Students across disciplines experience hands-on learning in facilities equipped with leading-edge technology. Internship and mentor opportunities pair students with practitioners, developers, and executives from local start-ups to Fortune 500 companies. Employers seek out UAFS graduates, knowing they leave the institution fully prepared to succeed in high-demand fields.

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Established: 1927

Joined System: 1969

Enrollment: 8,108

www.ualr.edu

The University of Arkansas at Little Rock is a metropolitan research university that improves students' lives with real opportunities for social mobility and advances the community and state. The university's location in the state's center of government, business and culture gives students unparalleled internship, community service, and career opportunities. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree.

A community partner, UA Little Rock is a major component of the city and the state's growing profile as a regional leader in research, technology transfer, economic development and job creation. More than one hundred different degree programs are offered in the classroom and online, including in-demand fields such as nursing, engineering, cybersecurity, business, criminal justice, computer science and education.

UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

Established: 1879

Enrollment: 3,240

www.uams.edu | www.uamshealth.com

The University of Arkansas for Medical Sciences (UAMS) is the only health sciences university in Arkansas. It is the state's largest public employer with more than 10,000 employees working across the state. Clinical affiliates include Arkansas Children's, the Central Arkansas Veterans Healthcare System and Baptist Health. It is the only adult Level 1 trauma center in the state. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers.

With its combination of education, research and clinical programs, UAMS has a unique capacity to lead health care improvement in the state. The university includes colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health and a Graduate School; a 535-bed UAMS Medical Center; eight Regional Campuses, (each with a Family Medical Center); a statewide network of Centers on Aging; the Translational Research Institute; the Winthrop P.

Rockefeller Cancer Institute; the Jackson T. Stephens Spine & Neurosciences Institute; the Donald W. Reynolds Institute on Aging; the Harvey & Bernice Jones Eye Institute; the Psychiatric Research Institute; and the Institute for Digital Health & Innovation.

UNIVERSITY OF ARKANSAS AT MONTICELLO

Established: 1909

Joined System: 1971

Enrollment: 2,717

www.uamont.edu

Founded in 1909 as the Fourth District Agricultural School, and later known as Arkansas A&M, the University of Arkansas at Monticello (UAM) joined the System in 1971. It is one of the region's few remaining open access universities and is often named among the most affordable and best values nationwide. Located in southeast Arkansas, UAM offers baccalaureate and master's degree programs at its main residential campus in Monticello. Several of the graduate programs are available in a hybrid or online format. Additionally, the university offers two-year associate degrees, technical certificates, an advanced technical certificate, and certificates of proficiency through its Colleges of Technology in Crossett and McGehee. The region's industries depend on UAM to continue offering cutting-edge technical education and training.

UAM has established a reputation for academic excellence in areas such as forestry, nursing, teacher education, business and social sciences. Students pursuing pre-professional studies are accepted into their respective programs, including medical, veterinary, and pharmacy school, at rates over 95% each year. The University is home to the Arkansas Forest Resources Center, which brings together interdisciplinary expertise from across the UA System. Among UAM's popular offerings are the associate of applied science degrees in hospitality and tourism, baccalaureate degrees in agriculture, fine arts and humanities, and master's degrees in music, education, forestry, debate and creative writing.

UNIVERSITY OF ARKANSAS AT PINE BLUFF

Established: 1873

Joined System: 1972

Enrollment: 2,482

www.uapb.edu

An 1890 land-grant institution, the University of Arkansas at Pine Bluff (UAPB) is the second-oldest university and the only public historically black university in Arkansas. The institution's historic mission is to teach in areas related to agriculture and the mechanical arts, as well as scientific and classical studies and help solve economic, agricultural and other problems in the community, state and region.

UAPB offers thirty undergraduate programs, eight master's degrees, and a doctorate program in Aquaculture/Fisheries, one of the country's leading programs that also supports Arkansas's \$165 million aquaculture and baitfish industry. The university's bachelor's degree program in regulatory

science is a designated Center of Excellence by the U.S. Department of Agriculture. Other areas of emphasis at UAPB include teacher education, business development and student leadership development and its NSF-funded Science, Technology, Engineering and Math (STEM) Academy.

COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1975
Joined System: 2001
Enrollment: 1,280
www.cccua.edu

University of Arkansas Cossatot has campuses in De Queen, Nashville, Ashdown, and Lockesburg that support our mission and our newly minted five-point 2025 Strategic Plan. The campus adheres to its vocational training roots by offering certificates of proficiency, technical certificates, associate degrees, and non-credit workforce training in high-demand skilled and technical programs, while still offering a full roster of associate transfer degrees. Each semester, students can select from more than 75 online courses at UA Cossatot. It also collaborates with several universities to offer bachelor- and master's-level degrees. UA Cossatot is accredited by the Higher Learning Commission (HLC), Accreditation Council for Business Schools & Programs (ACBSP), Accreditation Council for Occupational Therapy Education (ACOTE), and the Commission on Accreditation in Physical Therapy Education (CAPTE). It is the only Hispanic Serving Institution (HSI) in Arkansas and now offers 64 percent of all courses using only open educational resources (OER), which eliminates the need for students to purchase or rent textbooks.

PHILLIPS COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1964
Joined System: 1996
Enrollment: 1,242
www.pccua.edu

The first community college established in Arkansas, Phillips Community College of the University of Arkansas (PCCUA) is a multi-campus, two-year college serving Eastern Arkansas in Helena-West Helena, DeWitt, and Stuttgart. PCCUA offers adult education, technical certification and associate degrees in academic, occupational/technical and continuing education programs and partners with other colleges and universities to offer bachelor's and master's degrees. We are accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the National League for Nursing Accrediting Commission, the National Accrediting Agency for Clinical Library Sciences, and the Accreditation Council for Business Schools and Programs. PCCUA is committed to helping every student succeed providing quality, affordable, and accessible education.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE

Established: 1975

Joined System: 1997

Enrollment: 1,096

www.uaccb.edu

The University of Arkansas Community College at Batesville (UACCB) serves a multi-county area in north central Arkansas, offering associate degrees, technical certificates, certificates of proficiency, adult education (GED and ESL) and kids' college. Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the campus has expanded program offerings and student services in order to meet its student-focused mission. Supported by an Independence County sales tax, UACCB provides affordable access to technical education and college transfer programs that meet the diverse higher education needs of the citizens of northeast Arkansas.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT HOPE-TEXARKANA

Year Established: 1965

Joined System: 1996

Enrollment: 1,188

www.uaht.edu

Serving Southwest Arkansas, the University of Arkansas Community College at Hope-Texarkana (UACCHT) offers the first two years of a traditional college education transferable to a four-year university, as well as an array of certificate programs to prepare students for an ever-changing workforce. UACCHT is an accredited, open-access institution that connects students and community partners to quality education and supports a culture of academic, occupational, personal growth and enrichment programs throughout Southwest Arkansas. UACCHT is supported by a Hempstead County sales tax. UACCHT opened the Texarkana Instructional Facility in 2012 becoming a regional contributor to the educational needs of Southwest Arkansas. The Texarkana facility has enabled the College to expand programs in both the technical and industrial areas, as well as the health professions.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT MORRILTON

Established: 1963

Joined System: 2001

Enrollment: 1,901

www.uaccm.edu

Originally established as a vocational-technical school and then a technical college, the University of Arkansas Community College at Morrilton (UACCM) is a two-year institution offering university-transfer and career-specific training programs, adult education, workforce education and community outreach programs. UACCM offers an associate of arts and an associate of science degrees designed for university transfer, as well as associate of applied science degrees, technical

certificates and certificates of proficiency designed for immediate entry into the job market.

UACCM has transfer agreements with all state universities, and in collaboration with individual four-year colleges, has also developed 2+2 plans that ensure a smooth transfer to specific academic degree programs.

UACCM is supported by a Conway County sales tax. Construction was completed in the spring of 2018 on the 53,843-square-foot Workforce Training Center (WTC) and is considered one of the premier technical training facilities in the state.

UNIVERSITY OF ARKANSAS-PULASKI TECHNICAL COLLEGE

Established: 1945

Joined System: 2017

Enrollment: 4,223

www.uaptc.edu

The University of Arkansas-Pulaski Technical College (UA-PTC) is a two-year technical college based in North Little Rock with a mission to serve its community's education needs through technical programs, university-based transfer programs and specialized programs for business and industry. Originally founded as a vocational-technical school, UA-PTC has evolved through the years to meet the varying educational needs of the citizens of central Arkansas. In addition to its main campus in North Little Rock, the college has four additional locations in Pulaski and Saline Counties.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT RICH MOUNTAIN

Established: 1983

Joined System: 2017

Enrollment: 690

www.uarichmountain.edu

The University of Arkansas Community College at Rich Mountain's (UACCRM) main campus in Mena is situated on a pristine 40-acre campus at the foot of Arkansas' second highest peak, Rich Mountain, with satellite campuses located in Waldron and Mount Ida.

A two-year public community college offering six associate degrees, seven associate workforce degrees, fifteen technical/certificate programs and a growing list of athletic programs, as well as an adult education program, UA Rich Mountain provides transformative education to all learners with an average 14:1 student to faculty ratio.

Originally founded as a vocation-technical school, Rich Mountain became a community college in 1983, and has continued to evolve to meet the needs of its students and community. The main campus includes a 13,000 s.f. event venue and on-campus residential housing.

ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

Established: 1993

Joined System: 2004

asmsa.org

The Arkansas School for Mathematics, Sciences and the Arts (ASMSA) is the state's premier high school focusing on excellence in mathematics, science and the arts. Located in Hot Springs, ASMSA is one of seventeen public residential high schools in the country specializing in the education of gifted and talented students who have an interest and aptitude for mathematics, science and the arts. All classes are taught at the college level, and the school offers nearly 70 concurrent courses. Through the school's "college bridge" program, ASMSA graduates average 50 hours of college credit while finishing high school.

UNIVERSITY OF ARKANSAS CLINTON SCHOOL OF PUBLIC SERVICE

Established: 2004

www.clintonschool.uasys.edu

Located on the grounds of the William J. Clinton Presidential Center and Park in Little Rock, the University of Arkansas Clinton School of Public Service is the first graduate school in the nation to offer a Master of Public Service (MPS) degree, both in a classic campus setting and online. As part of the school's unique curriculum, students complete hands-on public service projects, including local work in Arkansas communities and international projects across the world.

The model is unique in higher education because most of the school's financial investment is in scholarship and service and not in infrastructure and overhead. Little Rock's River Market serves as its student union. The Central Arkansas Main Library is the school library. When there is a need for auditorium space, the school accesses the Clinton Library, the Statehouse Convention Center or the Ron Robinson Theater – all of which are within walking distance.

The school's curriculum is enhanced with a national and international speaker series which brings in leaders and scholars from the arts, business, education, government, international development, nonprofits, philanthropy and public service and are free and open to the public. The speakers have included United States presidents and ambassadors, Pulitzer Prize recipients, and Nobel Prize winners.

DIVISION OF AGRICULTURE

Established: 1959

www.division.uaex.edu

The University of Arkansas System Division of Agriculture is the statewide organization providing land grant research and extension to Arkansas agriculture, communities, families and youth. The mission of the division is to discover new knowledge, incorporate it into practical applications and

assist Arkansans in its application. The division is comprised of two principal units: the Arkansas Agricultural Experiment Station and the Cooperative Extension Service. Division faculty, staff and facilities are located on several university campuses, at regional research and extension centers, branch stations, extension centers and other locations. An extension office is located in all 75 counties in cooperation with county governments.

The Division of Agriculture has earned patents in a variety of research programs in food science, animal science, plant pathology, horticulture, biological and agricultural engineering, poultry science, crop, soil, and environmental sciences; and the Rice Research and Extension Center. Volunteers are an extremely important component of delivering Extension programs, particularly in 4-H, Extension Homemakers and Master Gardeners.

ARKANSAS ARCHEOLOGICAL SURVEY

Established: 1967

<https://archeology.uark.edu/>

The mission of the Arkansas Archeological Survey is to study and protect the 13,000-year archeological heritage of Arkansas, to preserve and manage information and collections from archeological sites, and to communicate what is learned to the people of the state. The survey has 10 research stations across the state, each with a full-time Ph.D. archeologist associated with regional higher education institutions and state parks. The archeologists conduct research, assist other state and federal agencies to help promote the economic importance of the state's heritage resources, and are available to local officials, landowners, educators and students, and citizens in need of information about archeology or archeological sites.

Arkansas Archeological Survey databases contain information on more than 50,000 archeological sites and 8,000 projects, available to qualified professional archeologists at state and federal agencies, colleges and universities, and federally recognized tribes. The Survey's curation facility, managed jointly with the University of Arkansas Museum, provides a secure, state-of-the-art home for both Survey and University artifact collections. Students and teachers across Arkansas use the Survey's educational websites to learn about our state's prehistoric and historic cultural heritage.

CRIMINAL JUSTICE INSTITUTE

Established: 1988

www.cji.edu

The Criminal Justice Institute (CJI) is a campus of the University of Arkansas System that serves a unique population of non-traditional students—certified law enforcement professionals who are actively employed within the state's law enforcement organizations. The Institute is committed to making communities safer by supporting law enforcement professionals through training, education, resources and collaborative partnerships.

Utilizing both online learning opportunities and classroom-based instruction, CJI provides an educational experience designed to enhance the performance and professionalism of law

enforcement in progressive areas of policing, including law enforcement leadership and management, forensic sciences, computer technologies and related crimes, traffic safety, illicit drug investigations and school safety. In addition, the Institute develops and delivers curriculum in cyberterrorism and sexual assault management and investigation through the National Center for Rural Law Enforcement (NCRLE), a division of CJI committed to helping rural law enforcement agencies effectively combat crime in their communities.

UNIVERSITY OF ARKANSAS SYSTEM *e*VERSITY

Established: 2014

Enrollment: NA

www.eVersity.edu

The University of Arkansas System *e*Versity is a fully accredited, 100 percent-online institution created by the UA Board of Trustees in March 2014 to serve students who are unable to access traditional higher education campuses and to help adult working learners earn credentials and degrees. The mission of *e*Versity is to provide high-quality online courses, affordable tuition and workforce-relevant degree programs, along with using data analytics to help promote student success to earn credentials. *e*Versity began offering classes in partnership with existing UA System institutions in the spring of 2016 and became a fully self-sustaining operation that processes financial aid, enrolls, promotes and graduates students within its unique schedule of seven annual abbreviated sessions.

Faculty from across the UA System develop and deliver rigorous certificate and degree programs in tandem with *e*Versity's international award-winning instructional design team to provide students with high-quality online coursework through free Open Educational Resources. There are never any fees or additional charges for books. *e*Versity currently enjoys an incredibly high student success rate with more than 90 percent of its students succeeding in their classes. With the UA System's acquisition of Grantham University in late 2021, *e*Versity students and operations transitioned into UA Grantham during the first half of 2022.

UNIVERSITY OF ARKANSAS GRANTHAM

Established: 1951

Enrollment: 4,427

www.uagrantham.edu

On Nov. 1, 2021, Grantham University (Lenexa, Kan.) joined the University of Arkansas System and officially became University of Arkansas Grantham. As a 100 percent-online institution, UA Grantham joined forces with UA System *e*Versity and is now a stronger institution with greater ability to serve the thousands of students already enrolled in more than 50 fully-online degree and certificate programs. UA Grantham relocated its headquarters to Little Rock and kept its operational location in Lenexa, Kan.

Since its founding in 1951, Grantham has sought to enable access to education for adult learners. Now part of the UA System, UA Grantham is better-positioned to grow the number of quality, affordable, professionally-relevant programs it offers to learners in Arkansas, across the country, and around the world.

UNIVERSITY OF ARKANSAS SYSTEM

www.uasys.edu

The System administration carries out the governance and administration of the University of Arkansas System in accordance with policies of the Board and the President.

The System administration includes the activities that further the efforts to meet the goals of the strategic plan for the UA System and to achieve its comprehensive mission. In this capacity, the System office provides the oversight and development of policies and procedures to assist the campuses and units; provides oversight of the preparation of annual operating budgets and financial reports to the Board; prepares the consolidated annual financial statements; administers a program of employee benefits and risk management; provides legal advice and representation; provides internal audits and risk assessments of the fiscal operations of the campuses and entities; and coordinates public and media relations, communications, and governmental relations activities on behalf of the System, campuses and entities. The System Office further provides administrative staff support for the Board and President. Academic Affairs provides leadership and guidance to assist campuses and entities to meet statewide goals in student retention and graduation.

APPENDIX D

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the “Disclosure Agreement”) is executed and delivered by the Board of Trustees of the University of Arkansas (the “Issuer”) and Regions Bank, in connection with the issuance by the Issuer of its Athletic Facilities Revenue Bonds (Fayetteville Campus), Refunding Series 2023 dated August 3, 2023, in the aggregate principal amount of \$10,260,000 (the “Bonds”). The Bonds are being issued pursuant to a Trust Indenture dated as of August 3, 2023 (the “Indenture”), between the Issuer and Regions Bank, as trustee (the “Trustee”). The Issuer and Regions Bank, in its capacity as the Trustee and as the initial Dissemination Agent, covenant and agree as follows:

SECTION 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Issuer and Regions Bank for the benefit of the Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). The Dissemination Agent shall have no liability with respect to the content of any disclosure provided hereunder and shall be liable only to the Issuer for sending notices hereunder.

SECTION 2. Definitions. In addition to the definitions set forth in the Indenture, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Agreement.

“Beneficial Owner” of a Bond shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Disclosure Representative” shall mean the Vice Chancellor for Finance and Administration of UA-Fayetteville or her or his designee, or such other officer or employee as the Issuer shall designate in writing to the Trustee from time to time.

“Dissemination Agent” shall mean Regions Bank, acting in its capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Trustee a written acceptance of such designation.

“EMMA” shall mean the Electronic Municipal Market Access system as described in 1934 Act Release No. 59062 and maintained by the MSRB for purposes of the Rule.

“Financial Obligation” shall mean a

- (A) debt obligation;
- (B) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or
- (C) guarantee of obligations described in (A) or (B).

The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Agreement.

“MSRB” shall mean the Municipal Securities Rulemaking Board.

“Participating Underwriters” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of Arkansas.

“UA-Fayetteville” shall mean the University of Arkansas, Fayetteville.

SECTION 3. Provision of Annual Reports.

(a) The Issuer shall, or shall cause the Dissemination Agent to, not later than December 31 of each year (or 180 days after the end of the Issuer's fiscal year if the Issuer's fiscal year changes), commencing with the report after the end of the fiscal year ending June 30, 2023, provide to the MSRB, through its continuing disclosure service portal provided through EMMA at <http://www.emma.msrb.org> or any similar system acceptable to the Securities and Exchange Commission, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Agreement. The Annual Report shall be filed in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB. The Annual Report may be submitted as a single document or as separate documents comprising a package and may cross-reference other information as provided in Section 4 of this Disclosure Agreement; provided that the audited financial statements of the Issuer and UA-Fayetteville may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date, but, in such event, such audited financial statements shall be submitted not more than 60 days after becoming available. If the Issuer's or UA-Fayetteville's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(f). The Annual Reports and audited financial statements may be posted on the EMMA system on the Issuer's customized EMMA issuer page entitled "Board of Trustees of the University of Arkansas Financial Information." So long as such Annual Reports and audited financial statements shall be posted as set forth in the previous sentence within the time period set forth in this Section 3, the Issuer shall be deemed to have complied with this Section 3.

(b) Not later than fifteen (15) business days prior to the date specified in subsection (a) for providing the Annual Report to the MSRB, the Issuer shall provide the Annual Report to the Dissemination Agent and the Trustee (if the Trustee is not the Dissemination Agent). If by such date, the Trustee has not received a copy of the Annual Report, the Trustee shall contact the Issuer and the Dissemination Agent to determine if the Issuer is in compliance with the first sentence of this subsection (b).

(c) If the Dissemination Agent is unable to verify that the Annual Report has been provided to the MSRB by the date required in subsection (a), the Dissemination Agent shall file a notice thereof with the MSRB in substantially the form set forth in Exhibit A hereto or in the form as prescribed by the MSRB.

(d) On or prior to the date specified in subsection (a) for providing the Annual Report to the MSRB, the Dissemination Agent shall file a report with the Issuer and (if the Dissemination Agent is not the Trustee) the Trustee specifying filings made by it pursuant to Section 3 of this Disclosure Agreement and stating the date or dates such filings were provided to the MSRB.

SECTION 4. Content of Annual Reports. The Issuer's Annual Report shall contain or include by reference the following:

(a) Information of the type set forth in the Official Statement dated July 11, 2023, relating to the Bonds, under the caption **THE FAYETTEVILLE CAMPUS OF THE SYSTEM** with respect to Student Enrollment, Pledged Revenues and Existing Obligations.

(b) The annual audited financial statements of the Issuer and of UA-Fayetteville, each prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board or applicable State law.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the Issuer or related public entities, which have been filed on the EMMA system or any successor MSRB internet website or otherwise submitted to the MSRB or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB. The Issuer shall clearly identify each such other document so incorporated by reference.

SECTION 5. Reporting of Listed Events. (a) Pursuant to the provisions of this Section 5, the Issuer shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds within ten (10) business days of the occurrence thereof.

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;

4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events adversely affecting the tax status of the Bonds;
7. Modifications to rights of security holders, if material;
8. Bond calls, if material, and tender offers (except for mandatory sinking fund redemption);
9. Defeasances;
10. Release, substitution, or sale of property securing repayment of the securities, if material;
11. Rating changes;
12. Bankruptcy, insolvency, receivership or similar event of the Issuer or UA-Fayetteville;
13. The consummation of a merger, consolidation or acquisition involving the Issuer or UA-Fayetteville or the sale of all or substantially all of the assets of the Issuer or UA-Fayetteville, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
14. Appointment of a successor or additional trustee, or the change of name of a trustee, if material;
15. Incurrence of a Financial Obligation of the Issuer or UA-Fayetteville, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer or UA-Fayetteville, any of which affect security holders, if material; and
16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer or UA-Fayetteville, any of which reflect financial difficulties.

(b) The Dissemination Agent shall, within one (1) business day of obtaining actual knowledge of the occurrence of any of the Listed Events, contact the Disclosure Representative, inform such person of the event, and request that the Issuer promptly notify the Dissemination Agent in writing whether or not to report the event pursuant to subsection (f).

(c) After the occurrence of a Listed Event, the Issuer shall determine, in a timely manner which will allow the Dissemination Agent to file the notice within the time frame prescribed by subsection (f), if such event must be reported under applicable federal securities laws.

(d) If the Issuer has determined that the occurrence of a Listed Event must be reported under applicable federal securities laws, the Issuer shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to subsection (f). The Issuer may submit to the Dissemination Agent the form of the notice to be provided pursuant to subsection (f).

(e) If in response to a request under subsection (b), the Issuer determines that the Listed Event would not be required to be reported under applicable federal securities laws, the Issuer shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (f).

(f) If the Dissemination Agent has been instructed by the Issuer to report the occurrence of a Listed Event, the Dissemination Agent shall file in a timely manner not in excess of ten (10) business days after the occurrence of such Listed Event, a notice of such occurrence with the MSRB through its continuing disclosure service portal provided through EMMA at <http://www.emma.msrb.org> or any other similar system that is acceptable to the Securities and Exchange Commission, with a copy to the Issuer. If the Issuer has provided a form of the notice as set forth in subsection (d) of this Section, the Dissemination Agent shall file the Issuer's form of notice. Each notice of the occurrence of a Listed Event shall be captioned "Notice of Listed Event" and shall be filed in electronic format as prescribed by the MSRB and shall be accompanied

by identifying information as prescribed by the MSRB. Such notices may be posted on the EMMA System on the Issuer's customized EMMA issuer page entitled "Board of Trustees of the University of Arkansas Financial Information." So long as such notices shall be posted as set forth in the previous sentence within the time period set forth in this Section 5(f), the Issuer shall be deemed to have complied with this Section 5(f). Notwithstanding the foregoing, notice of the Listed Events described in clauses (a)8 and (a)9 need not be given any earlier than the notice for the underlying event is given to registered owners of affected Bonds pursuant to the terms of the Indenture.

(g) The Trustee shall provide the Issuer with notice of the occurrence of the change of name of the Trustee in a timely manner which will allow the Issuer to make a filing of a Listed Event within the time-frame set forth in this Section.

SECTION 6. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all the Bonds. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event under Section 5(f).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the Issuer pursuant to this Disclosure Agreement. If at any time there is not any other designated Dissemination Agent, the Trustee shall be the Dissemination Agent. The initial Dissemination Agent shall be Regions Bank.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall agree to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an "obligated person" with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of the Beneficial Owners, or (ii) does not, in the opinion of the Trustee or nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented with respect to the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(f), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer or the Dissemination Agent to comply with any provision of this Disclosure Agreement, the Trustee may (and, at the request of a Participating Underwriter, or the Owners of at least 25% in aggregate principal amount of Outstanding Bonds, shall), or any Owners or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer or Dissemination Agent, as the case may be, to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Trustee and Dissemination Agent. Article IX of the Indenture is hereby made applicable to this Disclosure Agreement as if this Disclosure Agreement were (solely for this purpose) contained in the Indenture. The Dissemination Agent (if other than the Trustee or the Trustee in its capacity as Dissemination Agent) shall have only such duties as are specifically set forth in this Disclosure Agreement, and unless prohibited by law, the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorney's fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 12. Notices. Any notices or communications to or among any of the parties to this Disclosure Agreement may be given as follows:

To the Issuer:

Board of Trustees of the University of Arkansas
2404 North University Avenue
Little Rock, Arkansas 72207
Attention: Vice President for Finance and Chief Financial Officer
Email: legalnotices@uasys.edu

with a copy to:

University of Arkansas
406 Administration Building
Fayetteville, Arkansas 72701
Attention: Vice Chancellor for Finance and Administration

and

University of Arkansas System
2404 North University Avenue
Little Rock, Arkansas 72207
Attention: General Counsel

To Regions Bank:

Regions Bank
400 West Capitol Avenue, 2nd Floor
Little Rock, Arkansas 72201
Attention: Corporate Trust Department
Facsimile: 501-371-8827

Any person may, by written notice to the other persons listed above, designate a different address or telephone number(s) to which subsequent notices or communications should be sent.

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Trustee, the Dissemination Agent, the Participating Underwriters and Owners and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 14. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 15. Governing Law. The provisions of this Disclosure Agreement shall be governed by the laws of the State, without regard to conflict of law principles.
