

Veeam Virtual Fireside Chat

OCTOBER 7, 2026 | 1:00 PM ET

Stephens is hosting a virtual fireside for institutional investors with Veeam. Veeam is the market share leader and a key player in the cyber resilience and data protection markets. The company is also a leading player in data security through its acquisition of Securiti AI.

The discussion will cover current trends and dynamics in the cyber resilience and data protection market, including the growth outlook, key demand drivers, evolving enterprise use cases, and competitive dynamics. The discussion will also provide an overview of Veeam's strategy and competitive differentiation, as well as the impact of AI on the market and Veeam's business.

Veeam

Dustin Driggs is Veeam's Chief Financial Officer (CFO), leading the global financial function, including strategy and reporting as Veeam continues to gain market share and provide best-in-class secure backup and fast, reliable recovery that keeps businesses running. Dustin is an accomplished finance leader with more than 30 years' experience in successfully building and managing large multinational businesses. He joined Veeam from Barracuda Networks, where he worked for over 16 years, most recently as Chief Financial Officer and Senior Vice President leading the finance and accounting function. Prior to Barracuda Networks, he held senior leadership roles at Cisco Systems and PwC.

Ryan Goodman is Veeam's VP, Investor Relations. Prior to Veeam, Ryan was VP, Investor Relations and Finance at Alteryx and led Strategy, Corporate Development and Investor Relations for RingCentral.

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Topics of Discussion

- The current state of the cyber resilience and data protection market, including the growth outlook, key demand drivers, and competitive dynamics.
- Veeam's strategy and competitive differentiation, including its strategic acquisition of data security player Securiti AI.
- The impact of AI on the cyber resilience and data protection market and Veeam's business.
