

# OFFICIAL STATEMENT

New Issue  
Book-Entry Only

Rating: S&P “AA+”

*In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds will be excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax except for certain corporations, as more fully described herein. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading "Tax Matters" herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See "Tax Matters" herein).*

## \$77,555,000 WILSON COUNTY, TENNESSEE GENERAL OBLIGATION BONDS, SERIES 2024

Dated: Date of Issuance

Due: April 1, as shown below

Wilson County, Tennessee (the “County”) will issue its \$77,555,000 General Obligation Bonds, Series 2024 (the “Bonds”) in fully registered form, without coupons, and, when issued, the Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository of the Bonds. Individual purchases of beneficial ownership interest in the Bonds will be made in book-entry form only, in denominations of \$5,000 or multiples thereof through DTC Participants. Interest on the Bonds will be payable semiannually on April 1 and October 1 of each year, commencing on October 1, 2024, calculated on the basis of a 360-day year consisting of twelve 30-day months.

Payments of principal of and interest on the Bonds are to be made to purchasers by DTC through the Participants (as such term is herein defined). Purchasers will not receive physical delivery of Bonds purchased by them. See “The Bonds-Book-Entry-Only System.” Principal of and interest on the Bonds are payable by the County to the corporate trust office of U.S. Bank Trust Company, National Association, Nashville, Tennessee, as registration and paying agent (the “Registration Agent”).

The Bonds are subject to optional redemption on or after April 1, 2032 at a price of par, as set forth herein. The Bonds are payable on April 1 of each year as follows:

Maturity (April 1)	Principal	Interest Rate	Yield	CUSIP Number	Maturity (April 1)	Principal	Interest Rate	Yield	CUSIP Number
2025	\$250,000	5.000%	2.770%	97217PVS5	2035	\$4,055,000	5.000%	2.870% <sup>c</sup>	97217PWC9

c = Yield to April 1, 2032 Call Date

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged (see headings herein “The Bonds - Security-Source of Payment” and “Tax Levy”).

*The Bonds are offered when, as and if issued, subject to the approval of the legality by Bass, Berry & Sims PLC, Nashville, Tennessee, Bond Counsel, whose opinion will be delivered with the Bonds. Certain legal matters will be passed upon for the County by Michael R. Jennings, Esq., counsel to the County. Stephens Inc. is serving as Municipal Advisor to the County. The Bonds, in book-entry form, are expected to be available for delivery through Depository Trust Company in New York, New York, on or about August 29, 2024.*

August 13, 2024

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission, this document, as the same may be supplemented or amended (collectively, the "Official Statement") by Wilson County, Tennessee (the "County"), is an Official Statement with respect to the Bonds described herein that is deemed final by the County as of the date hereof (or of any such supplement or amendment). It is subject to completion with certain information to be established at the time of the sale of the Bonds as permitted by Rule 15c2-12 of the Securities and Exchange Commission.

No dealer, broker, salesman or other person has been authorized by the County or by Stephens Inc. (the "Municipal Advisor") to give any information or make any representations other than those contained in this Official Statement and, if given or made, such information or representations with respect to the County or the Bonds must not be relied upon as having been authorized by the County or the Municipal Advisor. This Official Statement does not constitute an offer to sell, or solicitation of an offer to buy, any securities other than the securities offered hereby to any person in any jurisdiction where such offer or solicitation of such offer would be unlawful.

This Official Statement should be considered in its entirety and no one factor should be considered more or less important than any other by reason of its position in this Official Statement. Where statutes, reports or other documents are referred to herein, reference should be made to such statutes, reports or other documents for more complete information regarding the rights and obligations of parties thereto, facts and opinions contained therein and the subject matter thereof.

The information and expressions of opinion in this Official Statement are subject to change without notice and neither the delivery of this Official Statement nor any sale made under it shall, under any circumstances, create any implication that there has been no change in the affairs of the County since the date as of which information is given in this Official Statement.

**In making an investment decision investors must rely on their own examination of the County and the terms of the offering, including the merits and risks involved. No registration statement relating to the Bonds has been filed with the Securities and Exchange Commission or with any state securities agency. The Bonds have not been approved or disapproved by the Commission or any state securities agency, nor has the Commission or any state securities agency passed upon the accuracy or adequacy of this Official Statement. Any representation to the contrary is a criminal offense.**

All CUSIP numbers presented herein have been assigned by Standard & Poor's CUSIP Service Bureau, a Division of The McGraw-Hill Companies, Inc., and are included solely for convenience of the Bondholders. The County is not responsible for the selection or use of these CUSIP numbers, nor is any representation made as to their correctness on the Bonds or as indicated herein.

*The material contained herein has been obtained from sources believed to be current and reliable, but the accuracy thereof is not guaranteed. The Official Statement contains statements which are based upon estimates, forecasts, and matters of opinion, whether or not expressly so described, and such statements are intended solely as such and not as representations of fact. All summaries of statutes, resolutions, and reports contained herein are made subject to all the provisions of said documents. The Official Statement is not to be construed as a contract with the purchasers of any of the Wilson County, Tennessee General Obligation Bonds, Series 2024.*

## Summary Statement

*This Summary is expressly qualified by the entire Official Statement, which should be viewed in its entirety by potential investors.*

<b>ISSUER</b> .....	Wilson County, Tennessee (the “County”).
<b>ISSUE</b> .....	\$77,555,000 General Obligation Bonds, Series 2024 (the “Bonds”).
<b>PURPOSE</b> .....	To finance the (i) construction, renovation, improvement and equipping of county court facilities and other county buildings; (ii) acquisition of all related property real and personal; (iii) payment of legal, fiscal, administrative, architectural and engineering costs incident to any or all of the foregoing; (iv) reimbursement to the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (v) payment of costs incident to the issuance and sale of the Bonds.
<b>DATED DATE</b> .....	Settlement Date.
<b>INTEREST DUE</b> .....	Each April 1 and October 1, commencing October 1, 2024.
<b>PRINCIPAL DUE</b> .....	April 1, 2025 through April 1, 2044.
<b>SETTLEMENT DATE</b> .....	August 29, 2024.
<b>OPTIONAL REDEMPTION</b> .....	The Bonds maturing on or before April 1, 2032 shall mature with option of redemption. The Bonds maturing on or after April 1, 2033 are subject to optional redemption at the option of the County on April 1, 2032 and thereafter, as a whole or in part, at any time, at the redemption price of par plus accrued interest to the redemption date. See “The Bonds – Optional Redemption” herein.
<b>SECURITY</b> .....	The Bonds shall be payable from unlimited <u>ad valorem</u> taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged. See “The Bonds – Security – Source of Payment” herein.

**RATING .....** "AA+" by S&P Global Ratings ("S&P") based on documents and other information provided by the County. The rating reflects only the view of S&P and neither the County, the Municipal Advisor nor the Underwriters make any representations as to the appropriateness of such rating.

There is no assurance that such rating will continue for any given period of time or that it will not be lowered or withdrawn. Any such downward change in or withdrawal of the rating may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the ratings may be obtained from S&P. See "Rating" herein.

**TAX MATTERS .....** In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds will be excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax, except for certain corporations, as more fully described herein. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading "Tax Matters" herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See "Tax Matters" herein).

**UNDERWRITER.....** Raymond James & Associates, Inc., Memphis, Tennessee.

## **Official Statement**

**\$77,555,000**

**Wilson County, Tennessee**

**General Obligation Bonds, Series 2024**

### **Introduction**

The Official Statement, including the cover page and appendices hereto, is furnished in connection with the issuance by Wilson County, Tennessee (the “County”) of \$77,555,000 General Obligation Bonds, Series 2024 (the “Bonds”).

The Bonds are being issued under and in full compliance with the constitution and statutes of the State of Tennessee, including Sections 9-21-101 et seq., Tennessee Code Annotated, and pursuant to a bond resolution duly adopted by the Board of County Commissioners on June 17, 2024 (the “Resolution”).

This Official Statement includes descriptions of, among other matters, the Bonds, the Resolution, and the County. Such descriptions and information do not purport to be comprehensive or definitive. All references to the Resolution are qualified in their entirety by reference to the definitive document, including the form of the Bonds included in the Resolution. During the period of the offering of the Bonds, copies of the Resolution and any other documents described herein or in the Resolution may be obtained from the County. After delivery of the Bonds, copies of such documents will be available for inspection at the County Mayor's office. All capitalized terms used in this Official Statement and not otherwise defined herein have the meanings set forth in the Resolution.

### **The Bonds**

#### **Description**

The Bonds are being issued to provide funds to finance the (i) construction, renovation, improvement and equipping of county court facilities and other county buildings; (ii) acquisition of all related property real and personal; (iii) payment of legal, fiscal, administrative, architectural and engineering costs incident to any or all of the foregoing (together, the “Project”); (iv) reimbursement to the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (v) payment of costs incident to the issuance and sale of the Bonds.

The Bonds will be issued as fully registered book-entry Bonds, without coupons, in denominations of \$5,000 or any integral multiple thereof. The Bonds will be dated their date of issuance. Interest on the Bonds, at the rates per annum set forth on the cover page and calculated on the basis of a 360-day year, consisting of twelve 30-day months, will be payable semiannually on April 1 and October 1 of each year (herein an “Interest Payment Date”), commencing October 1, 2024.

The Bonds will mature on the dates and in the amounts set forth on the cover page.

The Bonds will be initially registered only in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), which will act as securities depository for the Bonds.

U.S. Bank Trust Company, National Association, Nashville, Tennessee (the “Registration Agent”) will make all interest payments with respect to the Bonds on each Interest Payment Date directly to the registered owners as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the Interest Payment Date (the “Regular Record Date”) by check or draft mailed to such owners at their addresses shown on said registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the County in respect of such Bonds to the extent of the payments so made. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable. In the event the Bonds are no longer registered in the name of DTC or its successor or assigns, if requested by the Owner of at least \$1,000,000 in aggregate principal amount of the Bonds, payment of interest on such Bonds shall be paid by wire transfer to a bank within the continental United States or deposited to a designated account if such account is maintained with the Registration Agent and written notice of any such election and designated account is given to the Registration Agent prior to the record date.

Any interest on any Bond which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter “Defaulted Interest”) shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the County to the persons in whose names the Bonds are registered at the close of business on a date (the “Special Record Date”) for the payment of such Defaulted Interest, which shall be fixed in the following manner: The County shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment, and at the same time the County shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which date shall not be more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the County of such Special Record Date and, in the name and at the expense of the County, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Bond registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in the Resolution or in the Bonds shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the County to punctually pay or duly provide for the payment of principal of and interest on the Bonds when due.

### **Optional Redemption**

The Bonds maturing on or before April 1, 2032 are not subject to redemption prior to maturity. The Bonds maturing on April 1, 2033 and thereafter shall be subject to redemption prior to maturity at the option of the County on or after April 1, 2032 as a whole or in part at any time at the redemption price of par, plus interest accrued to the redemption date.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be selected by the Board of County Commissioners of the County in its discretion. If less than all of the Bonds within a single maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

(i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or

(ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

#### *Notice of Redemption*

Notice of call for redemption shall be given by the Registration Agent not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for the redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to affect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the County nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant will not affect the validity of such redemption. From and after any redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth in the Resolution. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain Outstanding.

#### **Security – Source of Payment**

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

#### **Levy of Tax**

Pursuant to the Resolution, the County has covenanted to annually levy and collect a tax upon all taxable property within the County, in addition to all other taxes authorized by law, sufficient to pay principal of and interest on the Bonds when due, and levied a direct annual tax in such amount as may be found necessary each year to pay principal and interest coming due on the Bonds in said year. Principal and interest falling due at any time when there are insufficient funds on hand from this tax levy will be paid from the current funds of the County and reimbursement therefor will be made out of the taxes provided

for under the Resolution to be levied when the collected. Such tax may be reduced to the extent of any appropriations from other legally available funds, taxes and revenues of the County, to the payment of debt service on the Bonds.

Under Tennessee law, the County's legislative body is authorized to levy a tax on all taxable property within the County, or a portion thereof, without limitation as to rate or amount, and a referendum is neither required nor permitted to set the rate or amount. For a more complete statement of the general covenants and provisions pursuant to which the Bonds are issued, reference is made to the Resolution.

### **Discharge and Satisfaction of Bonds**

The Bonds may be discharged and defeased in any one or more of the following ways:

(a) By depositing sufficient funds as and when required with the Registration Agent, to pay the principal of and interest on such Bonds as and when the same become due and payable;

(b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers ("an Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity date;

(c) By delivering such Bonds to the Registration Agent, for cancellation by it;

and if the County shall also pay or cause to be paid all other sums payable under the Resolution, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Escrow Agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the County to the holders of such Bonds shall be fully discharged and satisfied.

If the County pays and discharges the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners of such Bonds shall thereafter be entitled only to payment out of the money or Defeasance Obligations.

Defeasance Obligations are direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

### **Remedies of Bondholders**

Under Tennessee law, any Bondholder has the right, in addition to all other rights:

(1) By mandamus or other suit, action or proceeding in any court of competent jurisdiction to enforce its rights against the County, including, but not limited to, the right to require the County to assess, levy and collect taxes adequate to carry out any agreement as to, or pledge of, such taxes, fees, rents, tolls, or other charges, and to require the County to carry out any other covenants and agreements, or

(2) By action or suit in equity, to enjoin any acts or things which may be unlawful or a violation of the rights of such Bondholder.

## **Book-Entry-Only System**

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instrument from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of County or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the County or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that County believes to be reliable, but County takes no responsibility for the accuracy thereof.

**THE COUNTY AND THE REGISTRATION AGENT HAVE NO RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS; (III) THE DELIVERY OR TIMELINESS OF DELIVERY BY ANY PARTICIPANT OR ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS; OR (IV) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS BONDHOLDER.**

## Plan of Financing

The following table sets forth the sources and uses of funds in connection with the issuance of the Bonds.

### Sources of Funds

Par Amount	\$77,555,000.00
Reoffering Premium	<u>6,870,818.40</u>
Total Sources	<u>\$84,425,818.40</u>

### Uses of Funds

Deposit to Project Fund	\$84,003,343.31
Costs of Issuance (includes Underwriter's Discount and Expenses)	<u>422,475.09</u>
Total Uses	<u>\$84,425,818.40</u>

## The Project

The proceeds of the Bonds will be used to finance the Project. Pursuant to the Resolution, a portion of the proceeds of the Bonds will be deposited in a construction fund (the "Construction Fund") to be held and invested by the County, and used to pay costs of the Projects and reimbursement the County for any funds previously expended for costs of the Project. Moneys in the Construction Fund may be invested as permitted by Tennessee law and may not be used for any purpose other than the Project.

## Rating

The Bonds have been assigned a rating of "AA+" by S&P Global Ratings ("S&P"). The rating reflects only the view of S&P and neither the County nor the Municipal Advisor makes any representation as to the appropriateness of such rating.

There is no assurance that such rating will continue for any given period of time or that it will not be lowered or withdrawn entirely. Any such downward change in or withdrawal of the rating may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the rating may be obtained from S&P.

## Continuing Disclosure

### General

The County will at the time the Bonds are delivered execute a Continuing Disclosure Certificate under which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2024 (the "Annual Report"), and to provide notice of the occurrence of certain enumerated events and timely notice of failure to provide any required financial information of the County. The Annual Report (and audited financial statements if filed separately) and notices described above will be filed by the County with the Municipal Securities Rulemaking Board ("MSRB") at [www.emma.msrb.org](http://www.emma.msrb.org) and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in order to assist the Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b), as it may be amended from time to time (the "Rule"). The County has not failed to comply in any material respect with the previous undertakings in the past five years.

## **Annual Report**

The County's Annual Report shall contain or incorporate by reference the General Purpose Financial Statements of the Issuer for the fiscal year, prepared in accordance with generally accepted accounting principles; provided, however, if the County's audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained herein, and the audited financial statements shall be filed when available. The Annual Report shall also include in a similar format the following information included in Appendix B to this Official Statement as follows.

1. "County-Wide Summary of Outstanding Debt ";
2. "County-Wide Debt Statement ";
3. "County-Wide Per Capita Debt Ratios";
4. "County-Wide Debt Ratios";
5. "County-Wide Debt Trend";
6. "County-Wide Debt Service Requirements";
7. "County-Wide Property Valuation and Property Tax";
8. "County-Wide Top Taxpayers";
9. "County-Wide Fund Balances";
10. "County-Wide Local Sales Tax Collections."
11. "County District Summary of Outstanding Debt ";
12. "County District Debt Statement ";
13. "County District Per Capita Debt Ratios";
14. "County District Debt Ratios";
15. "County District Debt Trend";
16. "County District Debt Service Requirements";
17. "County District Property Valuation and Property Tax"; and
18. "County District Top Taxpayers".

Any or all of the items above may be incorporated by reference from other documents, including Official Statements in final form for debt issues of the County or related public entities, which have been submitted to each of the Repositories or the Securities and Exchange Commission. If the document incorporated by reference is a final Official Statement, in final form, it will be available from the Municipal Securities Rulemaking Board. The County shall clearly identify each such other document so incorporated by reference.

## Reporting of Significant Events

The County will file notice regarding certain significant events with the MSRB and SID, if any, as follows:

1. Upon the occurrence of a Listed Event (as defined in (3) below), the County shall in a timely manner, but in no event more than ten (10) business days after the occurrence of such event, file a notice of such occurrence with the MSRB and SID, if any. Notwithstanding the foregoing, notice of Listed Events described in subsection (3)(h) and (i) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to holders of affected Bonds pursuant to the Resolution.
2. For Listed Events where notice is only required upon a determination that such event would be material under applicable Federal securities laws, the County shall determine the materiality of such event as soon as possible after learning of its occurrence.
3. The following are the Listed Events:
  - a. Principal and interest payment delinquencies;
  - b. Non-payment related defaults, if material;
  - c. Unscheduled draws on debt service reserves reflecting financial difficulties;
  - d. Unscheduled draws on credit enhancements reflecting financial difficulties;
  - e. Substitution of credit or liquidity providers, or their failure to perform;
  - f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
  - g. Modifications to rights of Bondholders, if material;
  - h. Bond calls, if material, and tender offers;
  - i. Defeasances;
  - j. Release, substitution, or sale of property securing repayment of the securities, if material;
  - k. Rating changes;
  - l. Bankruptcy, insolvency, receivership or similar event of the obligated person;
  - m. The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive

agreement relating to any such actions, other than pursuant to its terms, if material; and

- n. Appointment of a successor or additional trustee or the change of name of a trustee, if material
- o. Incurrence of a financial obligation (as defined by the Rule) of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, if material; and
- p. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Issuer, any of which reflect financial difficulties.

### **Termination of Reporting Obligation**

The County's obligations under the Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

### **Amendment/Waiver**

Notwithstanding any other provision of the Disclosure Certificate, the County may amend the Disclosure Certificate, and any provision of the Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions concerning the Annual Report and Reporting of Significant Events it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized Bond Counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of the respective Holders, or (ii) does not, in the opinion of nationally recognized Bond Counsel, materially impair the interests of the Holders or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of the Disclosure Certificate, the County shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the County. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

## **Default**

In the event of a failure of the County to comply with any provision of the Disclosure Certificate, any Bondholder or any Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations under the Disclosure Certificate. A default under the Disclosure Certificate shall not be deemed an event of default, if any, under the Resolution, and the sole remedy under the Disclosure Certificate in the event of any failure of the County to comply with the Disclosure Certificate shall be an action to compel performance.

## **Future Issues**

Depending on population and school enrollment growth, the County anticipates financing additional school capital projects over the next several fiscal years; however, the County has not authorized any such financings at this time. In addition, the County may issue additional bonds to refinance currently outstanding bonds of the County in the event sufficient debt service savings may be achieved.

## **Litigation**

The County, like other similar bodies, is subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. After reviewing the current status of all pending and threatened litigation with its counsel, the County believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits which have been filed and of any actions or claims pending or threatened against the County or its officials in such capacity are adequately covered by insurance or by sovereign immunity or will not have a material adverse effect upon the County's financial condition.

As of the date of this Official Statement, the County has no knowledge or information concerning any pending or threatened litigation contesting the authority of the County to issue, sell or deliver the Bonds. The County has no knowledge or information of any actions pending or expected that would materially affect the County's ability to pay the debt service requirements of the Bonds.

## **Approval of Legal Proceedings**

Legal matters incident to the authorization and issuance of the Bonds are subject to the unqualified approving opinion of Bass, Berry & Sims PLC, Bond Counsel. A copy of the opinion will be available upon delivery of the Bonds. (See Appendix A). Certain legal matters will be passed upon for the County by Michael R. Jennings, Esq., Counsel to the County.

## **Tax Matters**

### **Federal**

**General.** Bass, Berry & Sims PLC, Nashville, Tennessee, is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the County and assuming compliance by the County with certain covenants, is that interest on the Bonds:

- is excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, as amended (the "Code"), and
- is not a preference item for a bondholder under the federal alternative minimum tax on individuals under the Code; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section

59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2023.

The Code imposes requirements on the Bonds that the County must continue to meet after the Bonds are issued. These requirements generally involve the way that the Bond proceeds must be invested and ultimately used. If the County does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The County has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder or who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit,
- a borrower of money to purchase or carry the Bonds, or
- an “applicable corporation” as defined in Section 59(k) of the Code.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also “Changes in Federal and State Tax Law” below in this heading.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

***Bond Premium.*** If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is “bond premium” on that Bond. The tax accounting treatment of bond premium is complex. It is amortized over time and as it is amortized a bondholder’s tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with bond premium, even though the Bond is sold for an amount less than or equal to the owner’s original cost. If a bondholder owns any Bonds with bond premium, it should consult its tax advisor regarding the tax accounting treatment of bond premium.

***Original Issue Discount.*** A Bond will have “original issue discount” if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel’s opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder’s federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder’s tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount.

***Information Reporting and Backup Withholding.*** Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, “Request for Taxpayer

Identification Number and Certification,” or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding,” which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s Federal income tax once the required information is furnished to the Internal Revenue Service.

## **State Taxes**

Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

## **Changes In Federal And State Tax Law**

From time to time, there are Presidential proposals, proposals of various federal and Congressional committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. For example, various proposals have been made in Congress and by the President which, if enacted, would subject interest on bonds, such as the Bonds, that is otherwise excluded from gross income for federal income tax purposes, to a tax payable by certain bondholders with an adjusted gross income in excess of certain proposed thresholds. It cannot be predicted whether, or in what form, these proposals might be enacted or if enacted, whether they would apply to Bonds prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

### **Municipal Advisor**

Stephens Inc. is serving as Municipal Advisor to the County in connection with the issuance of the Bonds. Stephens Inc., in its capacity as Municipal Advisor, has relied on the opinion of Bond Counsel and has not verified and does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal or state income tax status of the Bonds. The information set forth herein has been obtained by the County and other sources believed to be reliable. The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the County and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

### **Underwriting**

Raymond James & Associates, Inc. Memphis, Tennessee, acting for and on behalf of itself and such other securities dealers as it may designate, will purchase the Bonds for an aggregate purchase price of \$84,203,232.06, which is par, less \$222,586.34 underwriter's discount, plus net original issue premium of \$6,870,818.40.

The Underwriter may offer and sell the Bonds to certain dealers (including dealer banks and dealers depositing the Bonds into investment trusts) and others at prices different from the public offering prices stated on the cover page of this Official Statement. Such initial public offering prices may be changed from time to time by the Underwriter.

### **Miscellaneous**

Any statement made in this Official Statement involving matters of opinion and estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

The execution and delivery of this Official Statement was duly authorized by the County.

*Remainder of Page Left Intentionally Blank*

### **Certificate of County Mayor**

I, Randall Hutto, do hereby certify that I am the duly qualified and acting County Mayor of Wilson County, Tennessee, and as such official, I do hereby further certify with respect to the Official Statement dated August 13, 2024 issued in connection with the sale of the County's \$77,555,000 General Obligation Bonds, Series 2024 and to the best of my knowledge, information, and belief (a) the descriptions and statements contained in said Official Statement were at the time of acceptance of the winning bids and are on the date hereof true and correct in all material respects; and (b) that said Official Statement did not at the time of the acceptance of the winning bids and does not on the date hereof contain an untrue statement of a material fact or omit to state a material fact required to be stated where necessary to make the statements made, in light of the circumstances under which they are made, not misleading.

WITNESS my official signature this 29<sup>th</sup> day of August, 2024.

/s/ Randall Hutto

County Mayor

## **APPENDIX A**

Form of Legal Opinion of Bass, Berry & Sims PLC, Attorneys,  
Nashville, Tennessee relating to the Bonds.

(Form of Opinion of Bond Counsel)

Bass, Berry & Sims PLC  
150 Third Avenue South, Suite 2800  
Nashville, Tennessee 37201

(Dated Closing Date)

We have acted as bond counsel to Wilson County, Tennessee (the “Issuer”) in connection with the issuance of \$77,555,000 General Obligation Bonds, Series 2024, dated the date hereof (the “Bonds”). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Bonds have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and constitute valid and binding general obligations of the Issuer.

2. The resolution of the Board of County Commissioners of the Issuer authorizing the Bonds have been duly and lawfully adopted, are in full force and effect and are valid and binding agreements of the Issuer enforceable in accordance with their terms.

3. The principal of and interest on the Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the County. The Bonds constitute general obligations of the Issuer for the payment of which the Issuer has validly and irrevocably pledged its full faith and credit.

4. Interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals under the Code; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2024. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements. Except as set forth in this Paragraph 4, we express no opinion regarding other federal tax consequences arising with respect to the Bonds.

5. Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on any of the Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds

in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in the State of Tennessee.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds and the resolution authorizing the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Yours truly,

Bass Berry & Sims PLC

## **APPENDIX B**

Demographic and General Financial Information  
Related to the County

## **WILSON COUNTY, TENNESSEE DEMOGRAPHIC AND GENERAL FINANCIAL INFORMATION**

Wilson County, Tennessee (the “County”) was incorporated October 26, 1799 by an Act of the Third General Assembly of the State of Tennessee. Wilson County lies in the middle region of the State with its county seat, Lebanon, located approximately 30 miles east of Nashville. The County is 583 square miles in size.

Mt. Juliet is the County’s largest city with two other incorporated areas in the County – Lebanon and Watertown. According to U.S. Census Bureau data, estimated 2023 populations for Lebanon, Mt. Juliet and Watertown, were 48,112, 42,912 and 1,605, respectively.

Wilson County has access to Interstate 40, running east and west, and Interstate 840, which connects five Tennessee counties and intersects four of the six interstate spokes emanating from Nashville. Interstate 840 intersects Interstate 40 in western Wilson County and eastern Dickson County, Interstates 40 and 65 in adjacent Williamson County, and Interstate 24 in adjacent Rutherford County. Nearby Nashville is intersected by Interstate 65 running north and south, Interstate 40 running east and west, and Interstate 24 running northwest and southeast, making Nashville just one of six areas in the nation intersected by three or more interstate highways. The County also has access to federal highways 70 and 231, and state highways 109, 141, 171, 265, 266 and 267.

The Music City Star provides commuter rail service Monday through Friday from Lebanon and Mt. Juliet in Wilson County to downtown Nashville. The Nashville and Eastern Railroad Corporation also serves the County. The nearest airport is located in Lebanon while the Nashville International Airport is located 15 miles away.

### **Demographic Data**

#### **Population**

According to U.S. Census Bureau estimates, Wilson County’s population was 163,674 in 2023 reflecting a 43% increase since the 2010 Census and 10% increase since the 2020 census.

#### **COUNTY-WIDE POPULATION**

	<u>County</u>	<u>Tennessee</u>
1970 U.S. Census	36,999	3,926,018
1980 U.S. Census	56,064	4,600,252
1990 U.S. Census	68,019	4,890,626
2000 U.S. Census	89,236	5,703,719

## Economic Data

### Recent Developments

In August of 2023, Lochnivar, LLC, a subsidiary of A.O. Smith announced a \$35 million expansion of their manufacturing operation in Lebanon. Lochinvar specializes in high-efficiency water heating and manufactures residential and commercial boilers, commercial water heaters, heat pumps, pool and spa heaters and storage tanks. This investment will result in approximately 140 new jobs in Wilson County.

In late 2023 the City of Lebanon planning commission approved the first phase of the redevelopment of the Lebanon outlet mall. The first phase of the project includes 84 residential units with the entire project taking place over 6 phases. The planned mixed use development will eventual encompass over 400 residential units, office space and retail.

In February of 2023, The Webstaurant Store, LLC announced a \$104 million investment to locate a new distribution center in Lebanon's Speedway Industrial Park. This investment create 225 new jobs in Wilson County.

In January of 2022, Tritium, a global leader in the electric vehicle (EV) charging industry announced the establishment of their US manufacturing base in Wilson County bringing with it 500 jobs. The facility opened in August of 2022 and in February of 2023, the company announced plans to add an addition 250 jobs.

### Major Employers

#### CURRENT LIST OF TOP EMPLOYERS

Employer	Employees	Product/Service

## Restaurants, Lodging and Entertainment

The hospitality industry has seen extensive growth over the last decade. New hotels locating in Mt. Juliet and Lebanon include: Courtyard by Marriott, Residence Inn by Marriott, Staybridge Fairfield Inn & Suites, Hampton Inn, Holiday Inn & Suites and many others. The hotel/motel tax has become a major funding source for the tourist development program.

The restaurant industry has also seen significant growth, which has been driven by the increasing population in the County and surrounding areas as well as the strong tourist industry in the region.

## Healthcare

**University Medical Center** has a wide array of medical services designed to provide a full spectrum of care, including outpatient surgery, heart and cardiac services, orthopedics, emergency and chest pain centers, specialty services, women's services, and home health services. The Center currently has 245 beds with 230 physicians on staff and over 800 employees. University Medical Center is the seventh largest hospital in Middle Tennessee.

## Higher Education

**Cumberland University** is a private, independent, liberal arts institution located in Lebanon, Tennessee, 30 miles east of Nashville. More than 2,300 undergraduate and graduate students are enrolled in forty plus majors. Cumberland University offers Master of Arts in Education, Master of Business Administration, Master of Science, Bachelor of Arts, Bachelor of Science, Bachelor of Business Administration, Bachelor of Science in Education, Bachelor of Science in Nursing.

## Public Education

The Tennessee General Assembly has authorized two different school systems to provide public education in the County - the Wilson County School System (the “County System”) and the Lebanon Special School District (the “District”). The County System operates grades kindergarten through twelfth, in 23 schools with a 2022-2023 average daily membership of 20,025 students.

The Lebanon Special School District operates grades kindergarten through eighth in six schools with a 2022-2023 average daily membership of 4,052 students.

<b>AVERAGE DAILY MEMBERSHIP</b>		
<b>School Year</b>	<b>Wilson County Schools</b>	<b>Lebanon Special School District</b>
2013-2014	16,446	3,581
2014-2015	16,766	3,628
2015-2016	17,206	3,552
2016-2017	17,693	3,537
2017-2018	18,051	3,627
2018-2019	18,314	3,727
2019-2020	18,640	3,823
2020-2021	18,234	3,683
2021-2022	19,251	3,879
2022-2023	20,025	4,052

## Retirement Commitments

See page 103, Note H in Appendix C.

## Other Post-employment Benefits (“OPEB”)

See page 122, Note I in Appendix C.

## Government

Wilson County government operates under the general laws and uniform structure for counties in Tennessee with a County Mayor, Highway Superintendent, Superintendent of Education, various county officials and a county legislative body.

As prescribed by state law, each county in Tennessee is required to hold an election every four years for the county legislative body members and other officials as required by the state constitution.

## REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

### State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the “*General Assembly*”) exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as defined under the *Tennessee Code Annotated*.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four subclassifications and assessed at the rates as follows:

- (a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;
- (b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;
- (c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and
- (d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and equipment. Tangible Personal Property is required constitutionally to be classified into three subclassifications and assessed at the rates as follows:

- (a) Public Utility Property, to be assessed at 55% of its value;
- (b) Industrial and Commercial Property, to be assessed at 30% of its value; and
- (c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into subclassifications and to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

### **County Taxation of Property**

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county.

All property is required to be taxed according to its values upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties which levy and collect taxes to pay off any bonded indebtedness are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

### **Assessment of Property**

The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction. The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

## **Valuation for Property Tax Purposes**

The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State board of equalization. Such assessment manuals are required to take into account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment. A property reappraisal was performed in 2021 and is reflected in the 2022 tax bills.

## SELECTED FINANCIAL INFORMATION REGARDING THE COUNTY

### General

The County accounts for its financial resources on the basis of funds and account groups, each of which is considered a separate accounting entity. The General Fund is the general operating fund of the County. Other funds include Special Revenue Funds, the General Debt Service Fund, Capital Projects Funds, Internal Service Funds and Trust and Agency Funds. For additional information regarding the component units, see Notes to the General Purpose Financial Statements contained in Appendix C hereto.

Revenues available to pay principal and interest on the Bonds are accounted for in the Debt Service Fund, and are derived from the collection of ad valorem taxes levied on all taxable property within the boundaries of the County. Primarily, amounts on deposit in the Debt Service Fund are used exclusively to pay the principal of and interest on the Bonds and other general obligation debt of the County. Included as Appendix C to this Official Statement are the General Purpose Financial Statements and notes thereto for the fiscal year ended June 30, 2023. Potential purchasers should read Appendix C in its entirety for more complete information concerning the County's financial position.

The County uses the modified accrual basis of accounting for all Governmental Funds, Expendable Trust Funds and Agency Funds. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when the related fund liability is incurred. Funds where expenditures determine the eligibility for grants recognize revenue at the time of the expenditures. Grant proceeds received prior to meeting the aforementioned revenue recognition policy are recorded as deferred revenues. Principal and interest on general long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

The primary revenue susceptible to accrual is revenue received from the State of Tennessee. Sales tax collected and held by the State at year-end on behalf of the County and its component units are also recognized as revenue.

All Proprietary Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when incurred.

**FOR ADDITIONAL INFORMATION REGARDING THESE FUNDS, SEE NOTES TO THE ANNUAL FINANCIAL REPORT OF THE COUNTY FOR THE FISCAL YEAR ENDED JUNE 30, 2023, IN APPENDIX C HERETO.**

## **Bondholder Risks**

The purchase of the Series 2024 Bonds involves various risks and investment considerations. Certain of these risks and investment considerations are set forth in this section for convenience and are not intended to be a comprehensive compilation of all possible risk factors nor a substitute for an independent evaluation of the information presented in this Official Statement, including the appendices attached hereto.

Each potential purchaser of any of the Series 2024 Bonds should read this Official Statement, including the appendices attached hereto, in its entirety and consult such prospective purchaser's own investment, financial and legal advisor for a more complete explanation of the matters that should be evaluated and considered when purchasing the Series 2024 Bonds.

### **Epidemics, Pandemics and Public Health Emergencies**

The outbreak of epidemics, pandemics and other public health emergencies have the potential to materially disrupt the operations and financial condition of the County and the local economy. The spread of Covid-19, a respiratory disease caused by a novel strain of coronavirus, is an example of a recent public health emergency. The Covid-19 outbreak led to quarantines and social-distancing efforts that impacted government agencies, schools, businesses and other entities throughout the County and the State. Multiple vaccines and additional boosters for the virus were approved for distribution in the United States. The vaccines have had varying efficacy rates and studies suggest the efficacy rates may decline over time. While some studies suggest that the existing vaccines are effective against known variants of the virus, there is no assurance that future variants will not be resistant to current vaccines.

Given the evolving nature of the spread of the disease, and future diseases, and the behavior of governments, businesses, and individuals in response thereto, the Issuer is unable to predict the (1) extent or duration of the Covid-19 outbreak or other epidemics, pandemics or public health emergencies, (2) the extent or duration of any existing or future quarantines, business closures, travel restrictions or other measures relating to Covid-19 or other epidemics, pandemics or public health emergencies, and (3) whether and to what extent the Covid-19 outbreak or other epidemics, pandemics or public health emergencies will adversely affect the operations or financial condition of the Issuer.

### **Climate Change**

Numerous scientific studies have suggested that changing global weather patterns and extreme weather events may potentially disrupt government operations and economic conditions in impacted areas. Changing weather patterns can potentially increase the risk of higher temperatures, changes in precipitation, increased flooding, droughts and fires. The County cannot accurately predict the timing, extent or severity of any climate change and its impact on the County's operations and finances.

### **Cyber-Security**

The County utilizes various computer systems and network technology to perform many of its vital operations. Such operations often include the storage and transmission of sensitive information, and as a result, the County may be the target of cyberattacks attempting to gain access to such information. In addition to intentional attacks, information breaches may occur due to unintentional employee error. A successful cyberattack or unintentional breach may require the expenditure of an unknown amount of money or time to resolve, substantially interrupt municipal services and operations and subject the County to legal action. The County has no knowledge of, nor historical record of any successful cyber-security breach or related attack. Attempted cyber-security attacks, whether anonymous or targeted, occur on a periodic frequency that is not uncommon to organizations or agencies of similar characteristics. To mitigate against such risks, the County has instituted various policies and procedures to protect its network infrastructure, including a cyber-security training requirement for certain departments, as well as general cyber-security training and awareness for all employees. Despite the County's measures to safeguard its network infrastructure, there are no guarantees that such measures will be successful.

## **Changes in Federal and State Tax Law**

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing, where applicable, the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

## ***Summary of Audit Findings***

Annual Financial Report  
Wilson County, Tennessee  
For the Year Ended June 30, 2023

### ***Scope***

We have audited the basic financial statements of Wilson County as of and for the year ended June 30, 2023.

### ***Results***

Our report on Wilson County's financial statements is unmodified.

Our audit resulted in three findings and recommendations, which we have reviewed with Wilson County's management. The detailed findings, recommendations, and management's responses are included in the Single Audit section of this report.

### ***Findings***

The following is a summary of the audit findings:

#### **OFFICES OF COUNTY MAYOR AND FINANCE DIRECTOR**

- ◆ The General Capital Projects Fund had a fund deficit at June 30, 2023.
- 

#### **OFFICE OF DIRECTOR OF SCHOOLS**

- ◆ The office had budget deficiencies.
- 

#### **OFFICE OF CIRCUIT, GENERAL SESSIONS, AND JUVENILE COURTS CLERK**

- ◆ The office did not implement adequate controls to protect its information resources.

**LETTER OF TRANSMITTAL**

January 30, 2024

To the Honorable Randall Hutto, County Mayor,  
Board of County Commissioners, and the Citizens of  
Wilson County, Tennessee

The Annual Financial Report of Wilson County, Tennessee, for the year ended June 30, 2023, is hereby submitted as required by state statutes. Within six months of the close of each fiscal year, all local governments are required to publish a complete set of financial statements presented in conformity with generally accepted auditing standards by the State of Tennessee's Comptroller of the Treasury, Division of Local Government Audit, or by independent public accountants. Pursuant to that requirement, we hereby issue the Annual Financial Report of Wilson County. This report was prepared by the county's Finance Department in conjunction with the above state agency.

This report contains management's representations concerning the finances of Wilson County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Wilson County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparations of financial statements in conformity with GAAP. The cost of internal controls should not outweigh their benefits in Wilson County. The comprehensive framework of

internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The goal of the independent audit was to provide reasonable assurance that the financial statements of Wilson County, for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements: assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The financial statements of Wilson County have been audited by the State of Tennessee's Comptroller of the Treasury, Division of Local Government Audit. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the financial statements of Wilson County, for the fiscal year ended June 30, 2023, that are fairly presented in accordance with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Wilson County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance with legal requirements involving the administration of federal awards. These reports are available in a separate section of this comprehensive annual financial report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). Wilson County's MD&A can be found immediately following the independent auditor's report. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Wilson County's MD&A can be found immediately following the report of the independent auditors.

## **Profile of the Government**

Centrally located, Wilson County covers 583 square miles and ranks as the nineteenth largest county by geographic area in the state. The county's growing population ranks tenth and is projected to move up drastically as the county experienced a 34.8% population growth between the current 2020 U.S. Census and the last U.S. Census in 2010. Wilson County was established in 1799 by an act of the Third General Assembly of the State of Tennessee and is governed by an elected county mayor and a 25 – member County Commission. Virtually all the County Commission's business is conducted through the committee system before being presented to the full County Commission for a final vote. The county provides a full range of

services, including elementary and secondary education, law enforcement and corrections, judicial, solid waste collection, public health and welfare, and the construction and maintenance of highways and related infrastructure.

Wilson County operates under the County Financial Management System of 1981 (The 1981 Act). Under this law, the county's purchasing functions are centralized with the creation of a Financial Management Committee that is responsible for policy approvals and procedures and the appointment of a Finance Director to administer the finances for all of the County funds. The Finance director reports directly to the County Commission and is responsible for establishing and maintaining an accounting system for all funds of the county in accordance with generally accepted accounting principles. The County Trustee receives and invests the funds for all of the various departments, agencies, and boards. As allowed by the 1981 Act, the Wilson County Board of Education petitioned to withdraw from the centralized financial management instituted by the 1981 Act, and that petition was granted. Accordingly, the Wilson County Board of Education handles its own purchasing, payroll, internal controls over financial reporting, financial reporting system, and monitoring of its performance against the budget adopted by the County Commission for the Board of Education.

The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., sheriff). A formal budget is adopted annually by the County Commission and is reviewed daily by the Finance Department for compliance. As mentioned previously, the Wilson County Board of Education monitors its activity daily for compliance with budget separate and apart from the Wilson County Finance Department. No appropriation made by the County Commission may be legally exceeded, except by resolution of the full commission. The County Commission's budgetary control is at the major category level as defined by the County Uniform Chart of Accounts, prescribed by the Tennessee State Comptroller's Office. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented on Exhibit C-5. For governmental funds with appropriated annual budgets, other than the General Fund, the information is presented on Exhibits C-6, C-7, and G-3 through H.

The financial statements include separate reporting for one separate entity: Wilson County Board of Education, which operates the public-school system in the county. Component units whose audits were not completed in time to be included in this report are: (1) Wilson County Emergency Communications District, which provides a simplified means of securing emergency services through a uniform emergency number for the residents of Wilson County; (2) the Wilson County Library Board which operates the library for the benefit for the citizens of Wilson County; (3) the Sports Authority of the County of Wilson which is involved in planning, promoting, financing, constructing, acquiring, renovating, equipping, and enlarging buildings, sports complexes, stadiums, arenas, structures, and facilities for public participation and enjoyment of professional and amateur sports, fitness, health, and recreational activities.

## Local Economy

Wilson County is a vibrant and growing suburb supporting its own booming economy as well as being a major commuter hub for neighboring metropolitan areas. Wilson County is currently the fastest growing county in Tennessee. WeGo (formerly the Music City Star) is a commuter train providing immediate access to downtown Nashville for commuters and visitors. The Nashville Super Speedway is located in Wilson County and has re-opened after holding a NASCAR race June 20, 2021.

The county's immediate access to four interstates and bypasses (I-40; I-65; I-24; and I-840) makes Wilson County extremely attractive to distribution centers. The county was named one of the nation's "most logistically friendly" locations. One of the major growth industries during this period has been that of the logistics and e-commerce sector. During the last decade the community has become home to multiple national and international clients. These successes have largely been accomplished by the development of a governmental probusiness attitude and the development of business partnerships of both companies and developers. A partial listing of companies locating in Wilson County during this period include Amazon's \$150M, 3,800,000 square foot 1,000 employee logistics center in Mt Juliet; Thermo Fisher Scientific's \$93M, 400,000 square foot 1,200 employee center; Chewy's \$100M, 750,000 square foot 1,000 employee facility; Recreation Equipment Inc's, 350,000 square foot 288 employee logistics center; and Wal Mart's 110M, 1,000,000 square foot, 350 employee facility.

In 2023, the following companies made significant investments in Wilson County: New Balance - \$68.5M, 355,500 square foot facility; Ultimate Linings - \$31M, 301,320 square foot facility; Tritium has selected Lebanon as the site for its first U.S. based manufacturing facility for electric vehicle chargers; National Indoor RV Centers - \$20M – \$25M, 189,350 square foot facility when completed; and Permobil expansion – \$15M investment.

Wilson County existing centers have also experienced tremendous growth as evidenced by the expansions of Journeys/GENESCO, CEVA Logistics, Bridgestone/Firestone, PFG Industries, Famous Footwear and others.

Wilson County also continued to grow its industrial base over the last decade through the location and expansion of multiple industries. Wilson County manufacturing base continues to be approximately 9 percent of the labor market. New additions to the community included Pennant Moldings, \$35M and 70 jobs, Medline Industries, \$30M 72 employees, Georgia Pacific \$16M 18 jobs, American Wonder Porcelain (\$19M and 50 jobs, Maplehurst Bakeries \$78M and 90 jobs, Royal Canin/Nutro Products \$78M 45 jobs, DESTACO 160 employees and others.

Cracker Barrel, one of Wilson county's largest employers with over 800 employees, continued its restaurant and retail growth which now total over 658 operations in 45 states. The company also purchased other service chains over the last decade to address the changing demands in the industry.

Wilson County's unemployment has increased from 2.3% in December of 2022 to 2.5% in December of 2023. That is significantly below both the state unemployment number of 3.5% and the United States unemployment number of 3.7%.

One of the major qualities of life advancements occurred in the health care industry in Wilson County in 2019 when Vanderbilt Hospital purchased the former Tenova Hospital in Lebanon, TN. This purchase has greatly increased medical services and quality care not only in Wilson County but throughout middle Tennessee.

### **Educational Advancements**

Wilson County School system was named as An Exemplary System (one of 20) in Tennessee in 2019 and having twelve schools named as reward schools. Cumberland University has grown to over 2,400 students with 110 undergraduate and eight graduate programs. Volunteer State Community College purchased property and began its facility approval and fundraising activities in 2019 for a satellite campus in Mt Juliet. The Mt Juliet location will greatly enhance the educational opportunities in both academics and continuing education sectors.

The State Department of Education issued A-F letter grades for the first time in 2023. Ten schools in Wilson County received an A, seven schools received a B, and six schools received a C.

### **Tourist and Hospitality Industry**

Visitor spending in 2022, led by the efforts of the Tourism Department, showed record numbers. Wilson County was one of only six counties in Tennessee that showed growth of over 19% in visitor spending year over year.

Major events held at the Farm Bureau Expo Center continue to draw visitors across the state and country. The Nashville Superspeedway, located in Lebanon, Tennessee, reopened three years ago and hosts the NASCAR weekend in June, as well as many events throughout the calendar year. Additionally, local areas like Cedars of Lebanon State Park, Historic Lebanon Downtown, and Providence Marketplace continue to be a draw for visitors. These locations, as well as many others in Wilson County, host various festivals, fairs, and events which bring visitors to Wilson County.

Wilson County now has 35 hotel properties with a total room count of over 2,600. As of January 2024, three additional hotels are breaking ground or filing for permitting while the possibility of two additional hotels are in the planning stages. Hotel tax revenue has grown by over 90% over the last three years.

Wilson County's proximity to Nashville, BNA International Airport, as well as I-40 make it a premier, yet affordable destination for travelers.

## **Infrastructure Improvements**

WeGo, the state of Tennessee's only commuter transit alternative continued its ridership growth in the previous decade. The system added an additional station at Hamilton Springs which was Wilson County's first transit oriented residential development. WeGo also expanded its parking capacity in Mt Juliet to service both additional ridership demand and commercial/residential development.

The purchase of the Nashville Eastern Railroad by the RJ Corman Corporation in 2019 is expected to provide enhanced rail services to customers throughout middle Tennessee. The Corman operation is seen as a better financed provider with a wider customer base through the United States.

A major road project that is expected to bring economic prosperity and change the community's economic position is the approval of the of the I-40 and Central Pike Interchange in Mt Juliet, TN. This project is expected to allow the community to develop its first major office development. Completion of the interchange scheduled within five years has already brought interest and options for future developments.

Other infrastructure projects adding to the economic picture include the completion of State Route 109 north, the widening of Interstate 40 between State Route 109 and Hartmann Drive and the completion of the Hartsville Pike/State Route 141 project.

Lebanon Tennessee constructed and opened its new airport terminal building in 2018. Other improvements at the airport have included ramp paving, major lighting improvements and the construction of both private and commercial hangars. The airport was recognized in 2018 as the Airport of the Year 2018.

Commercial developments continue to be seen in both Lebanon and Mt Juliet, TN with emphasis in restaurants, and the service industries. Additional growth has however occurred in the county with the location of three additional Dollar Store locations and the Loves Travel Center on I-840 and on Couchville Pike.

Other infrastructure projects that are currently in process that are adding to the economy include the widening of Lebanon Road between Golden Bear Gateway and SR-109; the widening of South Mt Juliet Road from south of Central Pike to near Providence Way, and the completion of the I-40 overpass on Mt Juliet Road.

## Major Initiatives

Financial pressures continue as a result of the very high population growth in Wilson County. The most significant impact of this growth is the demand for additional capital improvements. School enrollment increased 2.74% above the previous school year.

Tennessee statutes mandate that counties have the primary responsibility for elementary and secondary education. Education is the largest single major expenditure function of the county. In October of 2023, the county issued \$53.41 million in general obligation debt for the purpose of constructing a new elementary school. In August of 2022, the county issued \$58.1 million in general obligation debt for the purpose of rebuilding and expanding West Wilson Middle School and purchasing land for the new elementary school. In the Fall of 2018, the county issued \$104.5 million in general obligation debt for the purpose of funding the construction of Green Hill High School in Mt. Juliet. Green Hill High School opened in the Fall of 2020. This is in addition to \$50 million borrowed in 2010 for the purpose of funding the construction of Lebanon High School which opened in 2012; \$37.9 million borrowed in 2012 for the construction of Watertown High School which opened in 2014; \$52.7 million borrowed in 2017 for the purpose of funding the construction of Gladeville Middle School which opened in 2019; and 135.9 million borrowed between 2012 and 2017 to significantly expand and improve elementary and middle schools across the county. Even with these projects, the Board of Education determined it will need additional schools and significant additions to existing schools within the next five years if growth continues.

In addition, the Wilson County Jail is undergoing a major expansion. The county borrowed \$39.7 million in June of 2021 to build an additional pod that will almost double inmate capacity. The facility is expected to be completed in the 2024 fiscal year.

## Independent Auditor's Report

Wilson County Mayor and  
Board of County Commissioners  
Wilson County, Tennessee

To the County Mayor and Board of County Commissioners:

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilson County, Tennessee, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilson County, Tennessee, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General, ARP Act Grant, and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Internal School Fund of the Wilson County School Department (a discretely presented component unit), which represent 0.97 percent, 1.09 percent, and 3.37 percent, respectively, of the assets, net position, and revenues of the discretely presented school department component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to amounts included for the Wilson County School Department's Internal School Fund, is based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wilson County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wilson County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for

the purpose of expressing an opinion on the effectiveness of Wilson County's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wilson County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in the county's and school department's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total OPEB liability and related ratios as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Wilson County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Wilson County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Wilson County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Requirements by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2024, on our consideration of Wilson County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Wilson County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wilson County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury  
Nashville, Tennessee

January 30, 2024

JEM/gc

## Management's Discussion and Analysis

As management of Wilson County, Tennessee, we offer readers of Wilson County's financial statements this narrative overview and analysis of the financial activities of Wilson County, Tennessee, for the fiscal year ended June 30, 2023. This discussion and analysis focus is on the primary government only and does not include discussions of discretely presented component units.

### Financial Highlights

- The liabilities and deferred inflows of Wilson County exceeded its assets and deferred outflows at the close of the fiscal year by \$163,270,335 (net position). The liabilities include \$401,706,157 in debt that is attributable to the Wilson County School Department.
- The government's total net position increased by \$32,965,930 during the year.
- At June 30, 2023, Wilson County's governmental funds reported combined ending fund balances of \$198,115,047, an increase of \$50,783,104 in comparison with the prior year. The majority of this increase is \$42,909,994 bond proceeds in excess of expenditures for the rebuilding of West Wilson Middle School for 2023 in the Rural School Construction Fund. Revenues also exceeded expenditures by \$8,055,515 in the General Debt Service Fund largely as a due to interest income exceeding expectations.
- At June 30, 2023, unassigned fund balance for the General Fund was \$26,313,787 or 36.58 percent of total General Fund expenditures.
- For the fiscal year ended June 30, 2023, Wilson County's total debt had a net increase of \$35,104,328.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Wilson County's basic financial statements. The county's basic financial statements are composed of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of Wilson County's finances in a manner similar to private-sector business.

The Statement of Net Position presents information on all of Wilson County's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Wilson County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon

as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not used vacation leave.)

Both of the government-wide financial statements distinguish functions of Wilson County, which are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the county include general government; finance; administration of justice; public safety; public health and welfare; social, cultural, and recreational services; agriculture and natural resources; highway/public works; education; and interest on long-term debt. The government-wide financial statements can be found on Exhibits A and B of this report.

The government-wide financial statements include not only Wilson County (known as the primary government), but also a legally separate school department for which the county is financially accountable. The primary government also has legally separate Emergency Communications District, Library, and Sports Authority entities; however, the financial statements for those entities were not included in this report. The financial information for these component units is reported separately from the financial information presented for the primary government itself.

**Fund financial statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Wilson County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of Wilson County can be divided into three categories: governmental, proprietary, and fiduciary.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Wilson County maintains 17 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General, ARP Act Grant, Highway/Public Works, General Debt Service, General Capital Projects, and Rural Schools Construction Projects funds, all of which are considered to be major funds. Data from the

other 11 governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Wilson County adopts an annual appropriated budget for all governmental funds except the Constitutional Officers – Fees Fund which is not budgeted and the General Capital Projects, Rural School Construction Projects, and High School Building Projects funds, which adopt project length budgets. A budgetary comparison schedule has been provided for the funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on Exhibits C-1 through C-7 of this report.

**Proprietary funds.** Wilson County has three proprietary funds. The county uses two internal service funds (the Self-Insurance and County Insurance funds) to account for the county's self-insured health programs and non-health related insurances. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The county uses an enterprise fund (the Solid Waste Disposal Fund) to account for its solid waste disposal activities since users pay a fee to dispose of their waste.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the internal service funds. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Wilson County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on Exhibits E-1 and E-2 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Refer to the Table of Contents for the notes to the financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning pension information and other postemployment information. Required supplementary information can be found after the basic financial statements section of this report.

The combining and individual fund statements and schedules for the nonmajor governmental funds can be found on Exhibits G-1 through G-11 of this report.

## Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Wilson County, liabilities and deferred inflows exceeded assets and deferred outflows by \$163,270,335 at the close of the fiscal year. The Constitution for the State of Tennessee allows only the local legislative body authorization to issue debt. Therefore, when the Wilson County Board of Education requires additional money to fund school construction and equipment, the related debt must be issued by the county. As of June 30, 2023, the county had outstanding debt totaling \$401,706,157 for capital purposes for the Wilson County Board of Education, but the capital assets are reported in the financial statements of the Wilson County Board of Education. As a result, the county has incurred the related liability without a corresponding increase in the county's capital assets, thereby significantly decreasing its unrestricted net position. Allocation of school debt to the Wilson County Board of Education would result in Wilson County having net position of \$238,435,822 at June 30, 2023.

The largest portion of Wilson County Government's net position (\$118,169,000) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure) less any related debt used to acquire those assets that is still outstanding.

Wilson County uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Wilson County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### Wilson County's Net Position

	2023 Governmental Activities	2022 Governmental Activities
Current and Other Assets	\$ 306,978,262	\$ 256,192,317
Deferred Outflows of Resources	29,152,521	28,186,033
Capital Assets	162,123,298	141,571,773
Total	<u>\$ 498,254,081</u>	<u>\$ 425,950,123</u>
Long-term Liabilities Outstanding	\$ 560,426,423	\$ 510,319,277
Deferred Inflows of Resources	87,305,419	98,291,164
Other Liabilities	28,031,938	26,871,189
Total	<u>\$ 675,763,780</u>	<u>\$ 635,481,630</u>
Net Position:		
Net Investment in Capital Assets	\$ 107,161,107	\$ 94,771,518
Restricted	161,290,678	109,239,889
Unrestricted	<u>(445,961,484)</u>	<u>(413,542,914)</u>
Total Net Position	<u>\$ (177,509,699)</u>	<u>\$ (209,531,507)</u>

An additional portion of Wilson County's net position totaling \$161,290,678 represents resources that are subject to external restrictions on how they may be used. The restricted net position includes capital projects, debt service, highway, all of the nonmajor funds, and other county funds not accounted for in unrestricted net position.

**Governmental activities.** Governmental activities increased Wilson County's net position by \$32,021,808. Elements of this increase are noted in the table below:

**Wilson County's Change in Net Position**

	2023 Governmental Activities	2022 Governmental Activities
Revenues:

## Expenses and Program Revenues – Governmental Activities

## Revenue by Source – Governmental Activities

### Financial Analysis of the Government's Funds

**2023**

As noted earlier, Wilson County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of Wilson County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Wilson County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Wilson County's governmental funds reported combined ending fund balances of \$198,115,047, an increase of \$50,783,104 in comparison with the prior year. Approximately 12.62 percent of this total amount (\$25,009,595) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is non-spendable, restricted, committed, or assigned to indicate that it is not available for new spending because it has already been designated for a particular purpose.

The General Fund is the chief operating fund of Wilson County. With the adoption of Governmental Accounting Standards Board Statement No. 54, only the General Fund has unassigned fund balance. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 36.57 percent of total General Fund expenditures, while total fund balance represents 45.27 percent of that same amount.

The fund balance of the General Fund increased \$1,871,257 from the prior year. The major factors contributing to the increase were revenues above estimates and expenditures below budgeted amounts.

The fund balance of the Highway/Public Works Fund had a net increase of \$1,555,313 during the current fiscal year.

The fund balance of the General Debt Service Fund increased \$8,055,515 from the prior year.

The fund balance of the General Capital Projects Fund decreased \$13,665,844 from the prior year.

The fund balance of the Rural School Construction Projects Fund increased \$42,909,994.

**Proprietary fund.** Wilson County's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

### **General Fund Highlights**

The final amended budget for General Fund expenditures reflected an increase of 4.79 percent above the original budget.

## Capital Assets and Debt Administration

**Capital Assets.** Wilson County's capital assets for its governmental activities as of June 30, 2023, totaled \$162,123,298 (net of accumulated depreciation). This investment in capital assets includes land, intangible assets, buildings and improvements, machinery and equipment, and equipment, roads, highways, and bridges. The total increase in Wilson County's investment in capital assets for the current fiscal year was \$20,551,525.

	2023 Governmental Activities	2022 Governmental Activities
Land	\$ 11,105,793	\$ 10,753,781
Intangible Assets	7,316,179	7,175,913
Construction in Progress	45,772,237	37,089,953
Buildings and Improvements	48,291,284	39,221,746
Other Capital Assets	9,102,400	8,587,499
Infrastructure	<u>40,535,405</u>	<u>38,742,881</u>
Total	<u>\$ 162,123,298</u>	<u>\$ 141,571,773</u>

**Long-term Debt.** At the end of the current fiscal year, Wilson County had total bonded debt outstanding of \$447,665,000, notes payable of \$1,593,000, and other loans payable of \$3,903,447. All debt is backed by the full faith and credit of the county. Of the amount outstanding for governmental activities, \$401,706,157 reflects the balance of the borrowings for education capital projects for the Wilson County Board of Education.

	2023 Governmental Activities	2022 Governmental Activities
Bonds Payable	\$ 447,665,000	\$ 411,160,000
Notes Payable	1,593,000	2,268,000
Other Loans Payable	<u>3,903,447</u>	<u>4,629,119</u>
Total	<u>\$ 453,161,447</u>	<u>\$ 418,057,119</u>

- For the fiscal year ended June 30, 2023, Wilson County's total debt had a net increase of \$35,104,328. The county maintains an Aa+ bond rating from Standard and Poor's for general and rural obligation debt.
- Additional information on the county's long-term debt can be found in Exhibits L-1 and L-2 of this report.

## Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for the county as of June 30, 2023, was 3.1 percent, which is down .1 percent from June 30, 2022.
- Inflationary trends in the region compare favorably to national business indices.

- Assessed property value within the county is in excess of \$6.8 billion for the fiscal year ended June 30, 2023.

All of these factors were considered in preparing the county's budget for the 2024 fiscal year.

### **Requests for Information**

This financial report is designed to provide a general overview of Wilson County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance at 228 East Main Street, Room 205, Lebanon, Tennessee, 37087.

Exhibit C-2

Wilson County, Tennessee  
Reconciliation of the Balance Sheet of Governmental Funds to  
the Statement of Net Position  
June 30, 2023

Amounts reported for governmental activities in the statement  
of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)		\$ 198,115,047
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Add: land	\$ 11,105,793	
Add: intangible assets	7,316,179	
Add: construction in progress	45,772,237	
Add: buildings and improvements net of accumulated depreciation	48,291,284	
Add: other capital assets net of accumulated depreciation	9,102,400	
Add: infrastructure net of accumulated depreciation	<u>40,535,405</u>	162,123,298
(2) Internal service funds are used by management to charge the cost of the county's self-insured health program and non-health insurances to individual funds. The assets and liabilities are included in governmental activities in the statement of net position.		6,373,507
(3) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Less: bonds payable	\$ (447,665,000)	
Less: notes payable	(1,593,000)	
Less: other loans payable	(3,903,447)	
Less: unamortized debt premiums	(21,523,757)	
Less: compensated absences payable	(4,656,728)	
Less: OPEB liability	(70,568,279)	
Less: accrued interest on bonds, notes, and other loans	(3,695,258)	
Less: net pension liability	(10,096,372)	
Add: debt to be contributed by the school department	3,903,447	
Add: deferred amount on refunding	<u>2,340,637</u>	(557,457,757)
(4) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions/OPEB will be amortized and recognized as components of pension/OPEB expense in future years.		
Add: deferred outflows of resources related to pensions	\$ 19,059,087	
Less: deferred inflows of resources related to pensions	(970,580)	
Add: deferred outflows of resources related to OPEB	7,752,797	
Less: deferred inflows of resources related to OPEB	<u>(17,490,292)</u>	8,351,012
(5) Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the governmental funds.		<u>4,985,194</u>
Net position of governmental activities (Exhibit A)		<u>\$ (177,509,699)</u>

Wilson County, Tennessee  
Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balances of Governmental Funds to the  
Statement of Activities  
For the Year Ended June 30, 2023

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$ 50,783,104
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 24,396,139	
Less: current-year depreciation expense	<u>(3,799,587)</u>	20,596,552
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.		
Less: book value of capital assets disposed		(45,027)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Less: deferred delinquent property taxes and other deferred June 30, 2022	\$ (5,150,731)	
Add: deferred delinquent property taxes and other deferred June 30, 2023	<u>4,985,194</u>	(165,537)
(4) The issuance of long-term debt (e.g., notes, bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount in the effect of these differences in the treatment of long-term debt and related items.		
Add: principal payments on other loans	\$ 725,672	
Add: principal payments on notes	675,000	
Add: principal payments on bonds	21,635,000	
Less: bond proceeds	(58,140,000)	
Less: contributions from the school department for debt	(433,172)	
Add: change in premium on debt issuances	206,614	
Less: change in deferred amount on refunding debt	<u>(353,797)</u>	(35,684,683)
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in accrued interest payable	\$ (354,913)	
Change in OPEB liability	(6,318,686)	
Change in compensated absences payable	(584,158)	
Change in net pension liability/asset	(15,465,152)	
Change in deferred outflows of resources related to pensions	2,853,246	
Change in deferred inflows of resources related to pensions	12,622,926	
Change in deferred outflows of resources related to OPEB	(1,532,961)	
Change in deferred inflows of resources related to OPEB	<u>2,592,453</u>	(6,187,245)
(6) Internal service funds are used by management to charge the cost of the county's self-insured health and non-health related insurances to individual funds. The net expense of certain activities of the internal service funds is reported with governmental activities in the statement of activities.		<u>2,724,644</u>
Change in net position of governmental activities (Exhibit B)		<u>\$ 32,021,808</u>

The notes to the financial statements are an integral part of this statement.

**WILSON COUNTY, TENNESSEE**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2023**

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Wilson County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Wilson County:

**A. Reporting Entity**

Wilson County is a public municipal corporation governed by an elected 25-member board. As required by GAAP, these financial statements present Wilson County (the primary government) and its component units. Although required by GAAP, the financial statements of the Wilson County Emergency Communications District, Inc., the Wilson County Library Board, and the Sports Authority of the County of Wilson, component units requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of these omissions did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

**Discretely Presented Component Units** – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Wilson County School Department operates the public school system in the county, and the voters of Wilson County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Wilson County Emergency Communications District, Inc., provides a simplified means of securing emergency services through a uniform emergency number for the residents of Wilson County, and the Wilson County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Wilson County Emergency Communications District, Inc., were not material to the component units' opinion unit and therefore have been omitted from this report.

The Wilson County Library Board operates the library for the benefit of the citizens of Wilson County, and the county commission appoints its governing body. Contributions from Wilson County and the cities of Lebanon, Mt. Juliet, and Watertown provide the major funding for this entity. The financial statements of the Wilson County Library Board were not material to the component units' opinion unit and therefore have been omitted from this report.

The Sports Authority of the County of Wilson is involved in planning, promoting, financing, constructing, acquiring, renovating, equipping, and enlarging buildings, sports complexes, stadiums, arenas, structures, and facilities for public participation and enjoyment of professional and amateur sports, fitness, health, and recreational activities. The county commission appoints the board members of the authority. The county provides funding for the authority through an agreement to remit certain property taxes and sales taxes. The financial statements of the Sports Authority of the County of Wilson were not material to the component units' opinion unit and therefore have been omitted from this report.

The Wilson County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Wilson County Emergency Communications District, Inc., Wilson County Library Board, and the Sports Authority of the County of Wilson can be obtained from their administrative offices at the following addresses:

Administrative Offices:

Wilson County Emergency Communications District, Inc.  
1611 West Main Street  
Lebanon, TN 37087

Wilson County Library Board  
108 South Hatton Avenue  
Lebanon, TN 37087

Sports Authority of the County of Wilson  
109 Castle Heights Avenue North  
Lebanon, TN 37087

**Related Organizations** – The Wilson County Industrial Development Board, Wilson County Public Building Authority, and Wilson County Water and Wastewater Authority are related organizations of Wilson County. County officials are responsible for appointing the boards of these organizations, but the county's accountability for these organizations does not extend beyond making the appointments. During the year ended June 30, 2023, the county did not appropriate any operating subsidies to these organizations.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Wilson County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Wilson County issues all debt for the discretely presented Wilson County School Department. Net debt issues totaling \$16,405,054 were contributed by the county to the school department during the year ended June 30, 2023.

Separate financial statements are provided for governmental funds, proprietary funds (enterprise and internal service), and fiduciary funds. The internal service funds are reported with the governmental activities in the government-wide financial statements, and the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Wilson County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Wilson County reports three proprietary funds (two internal service funds and one enterprise fund). The discretely presented Wilson County School Department reports one proprietary fund, an internal service fund.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and the enterprise fund are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The internal service funds and the fiduciary funds in total are reported in single columns by fund type.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Wilson County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on

net position and changes in net position. The fiduciary fund category includes an employee benefit trust fund and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement.

Wilson County reports the following major governmental funds:

**General Fund** – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**ARP Act Grant Fund** – This special revenue fund accounts for administration of funding from the American Rescue Plan Act.

**Highway/Public Works Fund** – This special revenue fund accounts for transactions of the county’s highway department. Property and local and state gasoline/fuel taxes are the foundational revenues of this fund.

**General Debt Service Fund** – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

**General Capital Projects Fund** – This fund is used to account for financial resources to be used for building construction and renovations.

**Rural School Construction Projects Fund** – This fund is used to account for debt issued by Wilson County that is subsequently contributed to the discretely presented Wilson County School Department for construction and renovations.

Wilson County reports the following major proprietary fund:

**Solid Waste Disposal Fund** – This fund accounts for solid waste disposal operations of the Wilson County landfill.

Additionally, Wilson County reports the following fund types:

**Internal Service Funds** – The Self-Insurance and County Insurance funds are used to account for the county’s self-insured health program and all other non-health related county insurances. Premiums charged to the various county funds, component units, joint ventures, and employee payroll deductions are placed in these funds for the payment of claims.

**Other Employee Benefit Trust Fund** – The Flexible Benefits Fund is used to account for operations of the flexible benefits program for Wilson County employees.

**Custodial Funds** – These funds account for amounts collected in a custodial capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Wilson County, the special school district's share of educational revenues, and restricted revenues of the Lebanon/Wilson County Drug Task Force.

The discretely presented Wilson County School Department reports the following major governmental funds:

**General Purpose School Fund** – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

**Education Capital Projects Fund** – This fund is used to account for the receipt of bond proceeds issued by Wilson County and contributed to the school department for building construction and renovations.

Additionally, the Wilson County School Department reports the following fund types:

**Special Revenue Funds** – These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**Internal Service Fund** – The Employee Insurance Fund is used to account for the financing of the employee self-insurance program.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. The current year (FY 23) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 22) are presented in this report. We do not believe using the prior year balances will affect the independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found at <https://www.comptroller.tn.gov/office-functions/la/reports/find-other-audits.html>.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The government has four proprietary funds (one

enterprise fund and three internal service funds) used to account for the county's solid waste disposal operation, county employees' health insurance, county workers' compensation, and the school department self-insurance program. Operating revenues and expenses generally result from providing services in connection with the funds principal ongoing operations. The principal operating revenues of the proprietary funds are charges for services. Operating expenses for the proprietary funds include landfill operation expenses and employee benefits.

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**1. Deposits and Investments**

For purposes of the Statement of Cash Flows, cash includes cash on hand and cash on deposit with the county trustee.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Wilson County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. Wilson County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the

state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Wilson County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

## **2. Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either due to/from other funds (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the non-current portion of interfund loans).

All ambulance service and property taxes receivables are shown with an allowance for uncollectibles. Ambulance service receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to one percent of total taxes levied.

Advances/long-term loans/notes receivable between funds, as reported in the General Purpose School Fund financial statements, is offset by a nonspendable fund balance classification account to indicate that they are not available for appropriation and are not expendable from available financial resources.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is

referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Most payables are disaggregated on the face of the financial statements. Current liabilities payable from restricted assets (customer deposits payable) reflected in the primary government's Highway/Public Works fund represent deposits placed with Wilson County for road damage (\$35,000) and in the school department's Central Cafeteria Fund represent prepaid meal plans for students (\$207,440). Claims and judgments payable in the primary government's Self-Insurance Fund (\$419,840) and the discretely presented school department's Employee Insurance Fund (\$1,408,119) are discussed in Note V.A. Risk Management.

### **3. Restricted Assets**

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Wilson County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Wilson County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Wilson County School Department has not withdrawn any funds from the trust to pay

pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

#### 4. **Capital Assets**

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, and similar items) and intangibles (e.g., easements) are reported in the governmental column and the business-type column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$10,000 (\$50,000 for roads and \$25,000 for schools) or more and an estimated useful life exceeding one year (three years for the school department). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of the enterprise fund is included as part of the capitalized value of the assets constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20 - 50
Other Capital Assets	3 - 40
Infrastructure	100

#### 5. **Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net. These items are for

deferred charge on refunding; pension changes in experience, investment earnings, assumptions, and proportionate share of contributions; pension employer contributions made to the pension plan after the measurement date; OPEB changes in assumptions; and OPEB contributions made after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds balance sheet. These revenues are from the following sources: current and delinquent property taxes; pension changes in experience and proportionate share; OPEB changes in experience and assumptions; and various receivables for revenues, which do not meet the availability criteria in governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**6. Compensated Absences**

It is the policy of the county and the school department to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since their policies do not pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide financial statements for the county and the discretely presented school department. A liability for vacation pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

**7. Long-term Debt and Long-term Obligations**

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, claims and judgments, other postemployment benefits, landfill closure/postclosure care costs and pension liabilities, are recognized to the extent that the liabilities have matured (come due for payment) each period.

## **8. Net Position and Fund Balance**

In the government-wide financial statements and the proprietary funds in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

The government-wide Statement of Net Position reports \$161,290,678 of restricted net position of which \$516,408 is restricted by enabling legislation.

As of June 30, 2023, Wilson County had \$401,706,157 in outstanding debt for capital purposes for the discretely presented school department. In accordance with state statutes, certain county school debt proceeds must be shared with other public school systems in the county (Lebanon Special School District) based on an average daily attendance proration. This debt is a liability of Wilson County, but the capital assets acquired are reported in the financial statements of the

Wilson County School Department and the Lebanon Special School District. Therefore, Wilson County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission has by resolution authorized the county's Budget Committee to make assignments for the general government. The Board of Education makes assignments for the school department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other

funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

**E. Pension Plans**

**Primary Government**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Wilson County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Wilson County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

**Discretely Presented Wilson County School Department**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

**F. Other Postemployment Benefit (OPEB) Plans**

**Primary Government**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by Wilson County. For this purpose, Wilson County recognizes benefit payments when due and payable in accordance with benefit terms. Wilson County's OPEB plan is not administered through a trust.

### **Discretely Presented Wilson County School Department**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented Wilson County School Department. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school department's OPEB plan is not administered through a trust.

## **II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

### **A. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position**

#### **Primary Government**

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

### **Discretely Presented Wilson County School Department**

Exhibit K-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

### **B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities**

#### **Primary Government**

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

### **Discretely Presented Wilson County School Department**

Exhibit K-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

### III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund and the school department's Internal School Fund (special revenue funds), which are not budgeted and the General Capital Projects, Rural School Construction Projects, and High School Building Projects funds which adopt project length budgets. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, Beer Board, Other Boards and Committees, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

At June 30, 2023, the Wilson County School Department had the following significant encumbrances:

<u>Fund</u>	<u>Amount</u>
School Department:	
Major Funds:	
General Purpose School	\$ 13,677,077
Education Capital Projects	34,946,416
Nonmajor Fund:	
Extended School Program	84,948

**B. Fund Deficit**

A fund deficit of \$1,304,192 existed in the General Capital Projects Fund at June 30, 2023. Multiple projects were accounted for in this fund. This deficit resulted from the recognition of a liability totaling \$4,662,841 of unearned grant revenues related to the Tennessee State Fair Grant. Sound business practices require each project to have its own dedicated funding source.

**C. The School Department Had Budget Deficiencies**

1. The budget submitted to and approved by the county commission did not include beginning budgeted fund balances. Sound budgetary practices dictate that estimates of beginning fund balances should be presented to the county commission during the budget process.
2. Expenditures exceeded appropriations approved by the county commission in the Regular Capital Outlay major appropriation category (the legal level of control) of the Education Capital Projects Fund by \$5,801,521. Expenditures that exceed appropriations are a violation of state statute. These expenditures in excess of appropriations were funded by available fund balance in the Education Capital Projects Fund.

**IV. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

Wilson County and the Wilson County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

**Deposits**

**Legal Provisions.** All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may

be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

### **Investments**

**Legal Provisions.** Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the

State Treasurer’s Investment Pool, the State Treasurer’s Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer’s Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer’s Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller’s Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

**Investment Balances.** As of June 30, 2023, Wilson County had the following investments carried at amortized cost using a Stable Net Asset Value. All investments are in the State Treasurer’s Investment Pool. Separate disclosures concerning pooled investments cannot be made for Wilson County and the discretely presented Wilson County School Department since both pool their deposits and investments through the county trustee.

Investment	Weighted Average Maturity (days)	Maturities	Amortized Cost
Investments at Amortized Cost:			
State Treasurer's Investment Pool	1 to 46 days	N/A	\$ 67,775,561

**Interest Rate Risk.** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments, as previously disclosed. Wilson County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk.** Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. Wilson County has no investment policy that would further limit its investment choices. As of June 30, 2023,

Wilson County's investment in the State Treasurer's Investment Pool was unrated.

Further information concerning the legal provisions, investment policies, investment types, and credit risks for the State Treasurer's Investment Pool and the State Treasurer's Intermediate Term Investment Fund can be obtained by reviewing the State of Tennessee Annual Comprehensive Financial Report at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>.

### **TCRS Stabilization Trust**

**Legal Provisions.** The Wilson County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Wilson County School Department may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2023, the Wilson County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

Investment	Weighted Average Maturity (days)	Maturities	Fair Value
Investments at Fair Value:			
U.S. Equity	N/A	N/A	\$ 956,098
Developed Market International Equity	N/A	N/A	431,786
Emerging Market International Equity	N/A	N/A	123,367
U.S. Fixed Income	N/A	N/A	616,837
Real Estate	N/A	N/A	308,419
Short-term Securities	N/A	N/A	30,843
NAV - Private Equity and Strategic Lending	N/A	N/A	616,837
Total			<u><u>\$ 3,084,187</u></u>

For further information concerning the legal provisions, investment policies, investment types, and credit risks of the school department's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at <https://comptroller.tn.gov/content/dam/cot/sa/advanced-search/disclaimer/2020/ag20045.pdf>.

**B. Notes Receivable**

The General Debt Service has a long-term notes receivable of \$454,837 on June 30, 2023, from financing projects for the city of Watertown and is included in committed fund balance account.

## C. Capital Assets

Capital assets activity for the year ended June 30, 2023, was as follows:

### Primary Government

#### Governmental Activities:

	Balance			Balance
	7-1-22	Increases	Decreases	6-30-23
Capital Assets Not Depreciated:

Depreciation expense was charged to functions of the discretely presented Wilson County School Department as follows:

### Governmental Activities:

Support Services	\$ 12,639,134
Operation of Non-instructional Services	<u>7,808</u>
Total Depreciation Expense - Governmental Activities	<u><u>\$ 12,646,942</u></u>

**D. Interfund Receivables, Payables, and Transfers**

The composition of interfund balances as of June 30, 2023, was as follows:

**Due to/from Other Funds:**

Receivable Fund	Payable Fund	Amount
Discretely Presented		
School Department:		
General Purpose School	Nonmajor governmental	\$ 4,000,000

The balance of \$4,000,000 due to the General Purpose School Fund from the School Federal Projects (nonmajor governmental fund) resulted from an advance for cash flow purposes.

**Interfund Transfers:**

Interfund transfers for the year ended June 30, 2023, consisted of the following amounts:

**Primary Government**

Transfers Out	Transfers In		Purpose
	General Capital Projects Fund	Internal Service Fund	
ARP Act Grant Fund	\$ 0	\$ 1,841,319	Medical expenses
Nonmajor Governmental Funds	1,000,000	0	Capital expenditures
Total	\$ 1,000,000	\$ 1,841,319	

## Discretely Presented Wilson County School Department

	Transfers In		Purpose
	General Purpose School Fund	Education Capital Projects Fund	
Transfers Out			
Nonmajor			
Governmental Funds	\$ 163,800	\$ 0	Indirect costs
General Purpose			
School Fund	0	2,200,000	Capital expenditures
Total	<u>\$ 163,800</u>	<u>\$ 2,200,000</u>	

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

### E. Long-term Debt

#### Primary Government

##### General Obligation Bonds, Notes, and Other Loans

General Obligation Bonds – Wilson County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented school department. In addition, general obligation bonds have been issued to refund other general obligation bonds. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds were issued for original terms of up to 25 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2023, will be retired from the General Debt Service and Rural Debt Service funds.

Direct Borrowing and Direct Placements - Wilson County issues other loans to provide funds for the acquisition and construction of major capital facilities and other capital outlay purchases, such as equipment, for the primary government and the discretely presented school department. Capital outlay notes are also issued to fund capital facilities. Capital outlay notes, and other loans are direct obligations and pledge the full faith, credit, and taxing authority of the government. Capital outlay notes and other loans outstanding were issued for original terms of up to 12 years for notes and up to 14 years for other loans. Repayment terms are generally structured with increasing

amounts of principal maturing as interest requirements decrease over the term of the debt. All notes included in long-term debt as of June 30, 2023, will be retired from the General and General Debt Service funds.

General obligation bonds, capital outlay notes, and other loans outstanding as of June 30, 2023, for governmental activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-23
General Obligation Bonds	1.25 to 5 %	6-30-46	\$ 369,930,000	\$ 340,845,000
General Obligation Bonds - Refunding	0.2 to 5	6-30-35	123,665,000	106,820,000
Direct Borrowing and Direct Placement:				
Capital Outlay Notes	1.65 to 3.72	4-1-27	4,630,000	1,593,000
Other Loans - Fixed rate	2.64	8-28-30	6,711,450	3,903,447

The annual requirements to amortize all general obligation bonds, notes, and other loans outstanding as of June 30, 2023, including interest payments, are presented in the following tables:

Year Ending June 30	Bonds		
	Principal	Interest	Total
2024	\$ 22,250,000	\$ 14,937,254	\$ 37,187,254
2025	23,305,000	14,100,473	37,405,473
2026	25,400,000	13,207,948	38,607,948
2027	25,775,000	12,178,884	37,953,884
2028	26,980,000	11,207,784	38,187,784
2029-2033	142,895,000	41,983,810	184,878,810
2034-2038	110,740,000	21,541,676	132,281,676
2039-2043	64,135,000	5,865,782	70,000,782
2044-2046	6,185,000	249,103	6,434,103
Total	\$ 447,665,000	\$ 135,272,714	\$ 582,937,714

Year Ending June 30	Notes - Direct Placement		
	Principal	Interest	Total
2024	\$ 693,000	\$ 43,376	\$ 736,376
2025	370,000	22,438	392,438
2026	375,000	13,715	388,715
2027	155,000	2,977	157,977
Total	\$ 1,593,000	\$ 82,506	\$ 1,675,506

Year Ending June 30	Other Loans - Direct Placement		
	Principal	Interest	Total
2024	\$ 444,607	\$ 103,051	\$ 547,658
2025	456,345	91,314	547,659
2026	468,392	79,266	547,658
2027	480,758	66,900	547,658
2028	493,450	54,208	547,658
2029-2031	1,559,895	83,078	1,642,973
Total	\$ 3,903,447	\$ 477,817	\$ 4,381,264

There is \$60,520,642 available in the debt service funds to service long-term debt. Bonded debt per capita totaled \$3,030 based on the 2020 federal census. Total debt per capita, including bonds, notes, other loans, and unamortized debt premiums, totaled \$3,213 based on the 2020 federal census.

The school department is currently contributing funds to service some of the debt issued on its behalf by the primary government as noted in the table below. This debt is reflected in the government-wide financial statements as Due to Primary Government in the financial statements of the school department and as Due from Component Units in the financial statements of the primary government.

Description of Debt	Outstanding 6-30-23
<u>Other Loans - Direct Placement</u>	
<u>Contributions from the General Purpose School Fund</u>	
Energy efficiency equipment	\$ 3,903,447

### Changes in Long-term Debt

The internal service fund primarily serves the governmental funds. Accordingly, long-term liabilities totaling \$1,408,119 for the internal service fund are included as part of the above totals for governmental activities. Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School Fund.

**V. OTHER INFORMATION**

**A. Risk Management**

**Primary Government**

Wilson County has chosen to establish a Self-Insurance Fund for risks associated with the employees' life and dental insurance plans. The Self-Insurance Fund is accounted for as an internal service fund where assets are set aside for claim settlements. The county retains the risk of loss to a limit of \$320,000 per specific loss. The county has obtained a stop/loss commercial insurance policy to cover claims beyond this liability.

All full-time employees of the county are eligible to participate. A premium charge is allocated to each fund that accounts for full-time employees. This charge is based on actuarial estimates of the amounts needed to pay prior- and current-year claims and to establish a reserve for catastrophic losses. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The Self-Insurance Fund establishes claims liabilities based on estimates of the

ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Claims liabilities include specific incremental claim adjustment expenditures/expenses, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability for unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years are as follows:

	Beginning of Fiscal Year Liability	Current-year Claims and Estimates	Payments	Balance at Fiscal Year-end
2021-22	\$ 337,009	\$ 9,693,838	\$ (9,487,452)	\$ 543,395
2022-23	543,395	9,790,116	(9,913,671)	419,840

It is the policy of the county to purchase commercial insurance for the risks of losses to which it is exposed. These risks include general liability, property, casualty, and workers' compensation and are accounted for in the County Insurance internal service fund. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

#### **Discretely Presented Wilson County School Department**

The discretely presented Wilson County School Department has chosen to establish an Employee Insurance Fund for risks associated with the employees' health and dental insurance plans. The Employee Insurance Fund is accounted for as an internal service fund where assets are set aside for claim settlements. The fund pays claims up to \$150,000 per person, in addition to a \$75,000 aggregated specific. The aggregated specific is a cap that is set as an additional deductible for all reimbursements paid above the \$150,000 limit per person. Once the individual cap and the \$75,000 aggregated specific cap have been met, then all other claims above \$150,000 per person are fully reimbursed up to the limits of the policy. One person's claims above \$150,000 plus the \$75,000 could satisfy this limit or a combination of claims that all exceed the \$150,000 limit. Amounts exceeding this limit are covered by an excess loss policy. The Wilson County School Department is liable for administrative costs based on the number of employees insured.

All full-time employees of the Wilson County School Department are eligible to participate. A premium charge is allocated to each fund that accounts for full-time employees. This charge is based on actuarial estimates of the amounts needed to pay prior- and current-year claims and to establish a fund reserve for catastrophic losses. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The Employee Insurance Fund establishes claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Claims liabilities include specific incremental claim adjustment

expenditures/expenses, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability for unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years are as follows:

		Beginning of Fiscal Year Liability		Current-year Claims and Estimates		Payments		Balance at Fiscal Year-end
2021-22	\$	1,355,928	\$	19,168,808	\$	(18,047,521)	\$	2,477,215
2022-23		2,477,215		18,278,063		(19,347,159)		1,408,119

The school department participates in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The school department pays an annual premium to the TN-RMT for its general liability, property, and casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

## **B. Accounting Changes**

GASB Statement No. 91, *Conduit Debt Obligations*, became effective for fiscal year ending June 30, 2023. This statement clarifies what is considered conduit debt and the requirements of when to disclose liabilities and commitments concerning conduit debt.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, became effective for fiscal year ending June 30, 2023. This statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPPs.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*, became effective for fiscal year ending June 30, 2023. This standard establishes a definition for SBITAs and provides uniform guidance for accounting and financial reporting for transactions that meet that definition. This statement also establishes criteria for the recognition of implementation costs and requires a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement.

GASB Statement No. 99, *Omnibus 2022*, became effective during the fiscal year. This statement enhances comparability in accounting and financial

reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics including Financial Guarantees; Derivative Instruments; Leases, PPPs, and SBITAs; LIBOR rate replacement; and other technical updates and corrections.

**C. Contingent Liabilities**

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

The county is involved in several pending lawsuits. The county attorney estimates that the potential claims against the county not covered by insurance resulting from such litigation would not materially affect the county's financial statements.

**D. Change in Administration**

On July 1, 2022, Dr. Donna Wright, Director of Schools was succeeded by Jeff Luttrell.

**E. Landfill Closure/Postclosure Care Costs**

Wilson County has active permits on file with the state Department of Environment and Conservation for a sanitary landfill and a demolition landfill. The county has provided financial assurances for estimated postclosure liabilities as required by the State of Tennessee. These financial assurances are on file with the Department of Environment and Conservation.

State and federal laws and regulations require the county to place a final cover on its sanitary landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the county reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. Wilson County closed its sanitary landfill in 1998. The \$73,789 reported as postclosure care liability at June 30, 2023, represents amounts based on what it would cost to perform all postclosure care in 2023. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

**F. Joint Ventures**

The Wilson County/Lebanon Development Board operates an industrial park, which is jointly owned by Wilson County and the city of Lebanon. The board includes six members, three representatives of each governmental unit. The purpose of the board is to develop an industrial park on property at the southern edge of the city. Each entity is to contribute 50 percent of the development costs, and each entity is to receive 50 percent of the proceeds resulting from the sale of property. Wilson County did not contribute to operations of the Wilson County/Lebanon Development Board during the year ended June 30, 2023.

The Joint Economic and Community Development Board of Wilson County is a joint venture operated by Wilson County and the cities of Lebanon, Mt. Juliet, and Watertown. The board comprises 17 members, four of whom represent Wilson County. The purpose of the board is to finance projects that will increase trade and commerce, contribute to the general welfare, and create employment for the county and its cities. Wilson County contributed \$280,368 to operations of the Joint Economic and Community Development Board for the year ended June 30, 2023.

The Wilson County/Mt. Juliet Development Board is a joint venture operated by Wilson County and the city of Mt. Juliet. The board was created to promote cooperation and to facilitate management and economic development. The board includes six members, three represent Wilson County and three represent the city of Mt. Juliet. Wilson County and the city of Mt. Juliet each contribute one-half of the funding that is necessary to pay the development costs of the board's projects. Wilson County will appropriate one-half of real and personal property taxes collected until the city has recovered its contribution for the development of the industrial or commercial tax base. The contribution of the city or county, respectively, shall include direct cost, maintenance cost, and interest paid on bond or note indebtedness. Wilson County did not contribute to operations of the Wilson County/Mt. Juliet Development Board for the year ended June 30, 2023.

The Fifteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Fifteenth Judicial District, Jackson, Smith, Trousdale, and Wilson counties, and various cities within these counties. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within each judicial district. Wilson County made no contributions to the DTF for the year ended June 30, 2023.

Wilson County does not have an equity interest in any of the above-noted joint ventures. Complete financial statements for the Wilson County/Lebanon Development Board, the Joint Economic and Community Development Board, the Wilson County/Mt. Juliet Development Board, and the Fifteenth Judicial District DTF can be obtained from their administrative offices at the following addresses:

Hartsville, TN 37074

**G. Jointly Governed Organization**

The Nashville and Eastern Railroad Authority was created according to state statutes in 1983 to purchase from Seaboard System Railroad, Inc., the property, track, and roadbed along approximately 130 miles in Davidson, Wilson, Smith, and Putnam counties. The business of the railroad authority is conducted by a Board of Directors whose members are appointed by the governing bodies of the cities and counties of service; however, counties do not have any ongoing financial interest or responsibility for the entity. Wilson County did not contribute to operations of the Nashville and Eastern Railroad Authority during the year ended June 30, 2023.

## **H. Retirement Commitments**

### **1. Tennessee Consolidated Retirement System (TCRS)**

#### **Primary Government**

##### **General Information About the Pension Plan**

*Plan Description – Wilson County Plan.* Employees of Wilson County, non-certified employees of the discretely presented Wilson County School Department, employees of the discretely presented Wilson County Library Board, and employees of the Wilson County Water Wastewater Authority (a related organization) are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 51.95 percent, the non-certified employees of the discretely presented school department comprise 45.03 percent, employees of the Wilson County Library Board comprise 1.33 percent, and employees of the Wilson County Water Wastewater Authority comprise 1.69 percent of the plan based on contribution data. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Plan Description – Wilson County Emergency Management Plan.* Employees of the Wilson County Emergency Management Agency are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the

member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

*Employees Covered by Benefit Terms.* At the measurement date of June 30, 2022, the following employees were covered by the benefit terms:

Wilson County Plan:

Inactive Employees or Beneficiaries Currently Receiving Benefits	747
Inactive Employees Entitled to But Not Yet Receiving Benefits	1,216
Active Employees	<u>1,471</u>
Total	<u><u>3,434</u></u>

Emergency Management Plan:

Inactive Employees or Beneficiaries Currently Receiving Benefits	52
Inactive Employees Entitled to But Not Yet Receiving Benefits	242
Active Employees	<u>143</u>
Total	<u><u>437</u></u>

*Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees of both the Wilson County

Plan and the Emergency Management Plan are non-contributory. Wilson County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2023, employer contributions for the Wilson County Plan were \$6,915,098 based on a rate of 10.63 percent of covered payroll. For the year ended June 30, 2023, employer contributions for the Emergency Management Plan were \$1,029,445 based on a rate of 12.63 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Wilson County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

### **Net Pension Liability (Asset)**

Wilson County's net pension liability (asset) was measured as of June 30, 2022, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability as of the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2022, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block

method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity	4.88	31
Developed Market		
International Equity	5.37	14
Emerging Market		
International Equity	6.09	4
Private Equity and		
Strategic Lending	6.57	20
U.S. Fixed Income	1.20	20
Real Estate	4.38	10
Short-term Securities	0.00	1
Total		100

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Wilson County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## Changes in the Net Pension Liability (Asset)

### Wilson County Plan:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a)-(b)
Balance, July 1, 2021	\$ 167,818,672	\$ 181,577,799	\$ (13,759,127)
Changes for the Year:			
Service Cost	\$ 4,484,759	\$ 0	\$ 4,484,759
Interest	11,443,885	0	11,443,885
Differences Between Expected and Actual Experience	6,758,592	0	6,758,592
Contributions-Employer	0	5,260,009	(5,260,009)
Net Investment Income	0	(6,938,779)	6,938,779
Benefit Payments, Including Refunds of Employee Contributions	(5,528,799)	(5,528,799)	0
Administrative Expense	0	(133,584)	133,584
Net Changes	\$ 17,158,437	\$ (7,341,153)	\$ 24,499,590
Balance, June 30, 2022	\$ 184,977,109	\$ 174,236,646	\$ 10,740,463

### Allocation of Agent Plan Changes in the Net Pension Liability (Asset)

		Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)
Primary Government	51.95%	\$ 96,095,608	\$ 90,515,938	\$ 5,579,671
Library Board	1.33%	2,460,196	2,317,347	142,848
Related Organization	1.69%	3,126,113	2,944,599	181,514
School Department	45.03%	83,295,192	78,458,762	4,836,430
Total		\$ 184,977,109	\$ 174,236,646	\$ 10,740,463

## Emergency Management Plan:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a)-(b)
Balance, July 1, 2021	\$ 22,082,581	\$ 20,416,352	\$ 1,666,229
Changes for the Year:			
Service Cost	\$ 521,976	\$ 0	\$ 521,976
Interest	1,513,427	0	1,513,427
Differences Between Expected and Actual Experience	1,148,918	0	1,148,918
Contributions-Employer	0	912,170	(912,170)
Net Investment Income	0	(791,274)	791,274
Benefit Payments, Including Refunds of Employee Contributions	(366,830)	(366,830)	0
Administrative Expense	0	(10,973)	10,973
Net Changes	\$ 2,817,491	\$ (256,907)	\$ 3,074,398
Balance, June 30, 2022	\$ 24,900,072	\$ 20,159,445	\$ 4,740,627

*Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate.* The following presents the net pension liability (asset) of Wilson County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
Net Pension Liability (Asset)			
Wilson County Plan	\$ 38,829,286	\$ 10,740,463	\$ (12,134,210)
Emergency Mgmt Plan	9,601,535	4,740,627	887,340

**Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions**

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2023, the Wilson County Plan recognized pension expense (negative pension expense) of \$7,418,297 and the Emergency Management Plan recognized pension expense (negative pension expense) of \$1,236,110.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, Wilson County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Wilson County Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 7,145,711	\$ 699,975
Net Difference Between Projected and Actual Earnings on Pension Plan		
Investments	481,601	0
Changes in Assumptions	11,187,132	0
Contributions Subsequent to the Measurement Date of June 30, 2022 (1)	6,915,098	N/A
Total	<u>\$ 25,729,542</u>	<u>\$ 699,975</u>

- (1) The amount shown above for “Contributions Subsequent to the Measurement Date of June 30, 2022,” will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Allocation of Agent Plan Deferred Outflows of Resources and  
Deferred Inflows of Resources

Wilson County Plan		Deferred Outflows of Resources	Deferred Inflows of Resources
Primary Government	51.95%	\$ 13,739,049	\$ 363,636
Library Board	1.33%	350,700	9,310
Related Organization	1.69%	418,617	11,830
School Department	45.03%	11,221,176	315,199
Total		<u>\$ 25,729,542</u>	<u>\$ 699,975</u>

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Emergency Management Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 1,940,756	\$ 621,538
Net Difference Between Projected and Actual Earnings on Pension Plan		
Investments	94,674	0
Changes in Assumptions	2,806,546	0
Contributions Subsequent to the Measurement Date of June 30, 2022 (1)	1,029,445	N/A
Total	<u>\$ 5,871,421</u>	<u>\$ 621,538</u>

(1) The amount shown above for “Contributions Subsequent to the Measurement Date of June 30, 2022,” will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Year Ending June 30	Wilson County Plan	Emergency Mgmt Plan
2024	\$ 3,621,248	\$ 653,041
2025	2,565,705	629,611
2026	1,701,755	563,872
2027	7,031,045	934,191
2028	3,194,716	477,195
Thereafter	0	962,528

In the tables shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

### **Discretely Presented Wilson County School Department**

#### **Non-certified Employees**

##### **General Information About the Pension Plan**

*Plan Description.* As noted above under the primary government, employees of Wilson County, non-certified employees of the discretely presented Wilson County School Department, employees of the discretely presented Wilson County Library Board, and employees of the Wilson County Water Wastewater Authority (a related organization) are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 51.95 percent, the non-certified employees of the discretely presented school department comprise 45.03 percent, employees of the Wilson County Library Board comprise 1.33 percent, and employees of the Wilson County Water Wastewater Authority comprise 1.69 percent of the plan based on contribution data.

#### **Certified Employees**

##### **Teacher Retirement Plan**

##### **General Information About the Pension Plan**

*Plan Description.* Teachers of the Wilson County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan

administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

*Contributions.* Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board

of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2023, to the Teacher Retirement Plan were \$1,122,289, which is 2.87 percent of covered payroll. In addition, employer contributions of \$441,877, which is 1.13 percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Pension Liabilities (Assets).* At June 30, 2023, the school department reported a liability (asset) of (\$624,286) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2022, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2022, the school department's proportion was 2.060860 percent. The proportion as of June 30, 2021, was 2.226826 percent.

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2023, the Wilson County School Department recognized pension expense (negative pension expense) of \$880,603.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, the school department reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 34,136	\$ 379,294
Net Difference Between Projected and Actual Earnings on Pension Plan		
Investments	196,778	0
Changes in Assumptions	731,320	0
Changes in Proportion of Net Pension Liability (Asset)	102,088	108,225
LEA's Contributions Subsequent to the Measurement Date of June 30, 2022	1,122,289	N/A
Total	<u>\$ 2,186,611</u>	<u>\$ 487,519</u>

The school department's employer contributions of \$1,122,289, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the pension liability (asset) in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2024	\$ 12,656
2025	14,660
2026	(17,675)
2027	325,066
2028	34,482
Thereafter	207,614

*Actuarial Assumptions.* The total pension liability as of the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2022, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return		Percentage Target Allocations	
U.S. Equity Developed Market	4.88	%	31	%
International Equity Emerging Market	5.37		14	
International Equity Private Equity and Strategic Lending	6.09		4	
U.S. Fixed Income	6.57		20	
Real Estate	1.20		20	
Short-term Securities	4.38		10	
	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate.* The following presents the net pension liability (asset) of Wilson County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's		Current	
Proportionate Share of	1%	Discount	1%
the Net Pension	Decrease	Rate	Increase
Liability (Asset)	5.75%	6.75%	7.75%

Net Pension Liability (Asset) \$ 3,277,141 \$ (624,286) \$ (3,473,528)

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

### **Teacher Legacy Pension Plan**

#### **General Information About the Pension Plan**

*Plan Description.* Teachers of the Wilson County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

*Benefits Provided.* TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of

death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

*Contributions.* Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Wilson County School Department for the year ended June 30, 2023, to the Teacher Legacy Pension Plan were \$3,968,385, which is 10.16 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### **Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Pension Liability (Assets).* At June 30, 2023, the school department reported a liability (asset) of (\$18,065,074) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2022, the school department's proportion was 1.473010 percent. The proportion measured at June 30, 2021, was 1.555915 percent.

*Pension Expense (Negative Pension Expense).* For the year ended June 30, 2023, the school department recognized pension expense (negative pension expense) of \$409,507.

*Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 2,971,638	\$ 3,052,449
Changes in Assumptions	11,316,899	0
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	308,904	0
Changes in Proportion of Net Pension Liability (Asset)	1,071,746	222,796
LEA's Contributions Subsequent to the Measurement Date of June 30, 2022	3,968,385	N/A
Total	<u>\$ 19,637,572</u>	<u>\$ 3,275,245</u>

The school department's employer contributions of \$3,968,385 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2024	\$ 2,054,148
2025	3,605,089
2026	(2,800,027)
2027	9,534,732
2028	0
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

*Actuarial Assumptions.* The total pension liability as of the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2022, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return		Percentage Target Allocations	
U.S. Equity Developed Market	4.88	%	31	%
International Equity Emerging Market	5.37		14	
International Equity Private Equity and Strategic Lending	6.09		4	
U.S. Fixed Income	6.57		20	
Real Estate	1.20		20	
Short-term Securities	4.38		10	
	0.00		1	
Total			100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

*Discount Rate.* The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate.* The following presents the net pension liability (asset) of Wilson County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
---	-------------------------	--------------------------------------	-------------------------

Net Pension Liability (Asset)    \$ 35,780,686    \$ (18,065,074)    \$ (62,915,016)

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

## 2. **Deferred Compensation**

Wilson County offers its employees two deferred compensation plans, one established pursuant to IRC Section 457 and the other pursuant to IRC Section 401(k). In addition, the Wilson County School Department offers its employees two deferred compensations plans, one established pursuant to IRC Section 457 and the other pursuant to IRC Section 403(b). All costs of administering and funding these programs are the responsibility of plan participants. The Section 401(k), Section 403(b) and Section 457 plan assets remain the property of the contributing employees and are not presented in the accompanying financial statements. IRC Sections 401(k), 403(b) and 457 establish participation, contribution, and withdrawal provisions for the plans.

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion, which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$2,056,297 to this deferred compensation pension plan.

### I. **Other Postemployment Benefits (OPEB)**

Wilson County, the discretely presented Wilson County Library Board, and the Joint Economic and Community Development Board of Wilson County (a joint venture) provide OPEB benefits to their retirees through commercial insurance plans administered by Cigna. For reporting purposes, the plans are considered single employer defined benefit OPEB plans based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plans are funded on a pay-as-you-go basis and there are no assets

accumulating in a trust that meet the criteria of paragraph 4 of GASB Statement No. 75.

### **Commercial Postemployment Benefits Plan – Primary Government**

*Plan Description.* All full-time employees and eligible retirees of Wilson County, the Wilson County Library Board (a component unit), and the Joint Economic and Community Development Board of Wilson County (a joint venture) are eligible to participate in the health insurance plan accounted for in the Self-Insurance Fund (internal service fund).

The premium requirements of plan members are established and amended by recommendation of a 5-member insurance committee and approved by the county commission. The committee is comprised of 5 county commissioners elected by the legislative body. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates.

*Benefits Provided.* The plan provides healthcare, dental, life, and vision insurance benefits to retirees, their spouses and dependents if the retiree meets the following criteria:

- (I) Employees hired prior to July 1, 1992 must have 10 years of service with the county, with the last 8 years being consecutive.
- (II) Employees hired between July 1, 1992 and August 31, 1998 must be at least age 45 with 10 years of service with the county, with the last 8 years being consecutive. However, the retiree is responsible for the full premium between the ages of 45 and 55.
- (III) Employees hired between September 1, 1998 and January 1, 2016 must be the earlier of age 55 with 10 years of service with the county, with the last 8 years being consecutive or age 60 with 10 years of service with the county and the last year under the plan, or any age with 30 years of service.
- (IV) Employees hired after January 1, 2016 must have 20 years of service with the county, with the last 10 years being consecutive and age 60 or any age with 30 years of service.

The benefit terms provide for the primary government to pay 100% of the medical and dental insurance premiums until death of the retiree. Dependents and spouses of the retiree are permitted to remain on the medical and dental insurance plans after the death of the retiree, but the county will no longer cover the cost of the premiums. All qualified retirees are permitted to stay on vision insurance, but the retiree is responsible for the full premium. Lastly, the primary government pays 100% of a life insurance premium on a \$5,000 policy until death of the retiree.

### Employees Covered by Benefit Terms

At the valuation date of June 30, 2022, the following employees were covered by the benefit terms:

Status	Employee Only	Employee & Family
Active	240	392
Retired	173	12
Total	413	404

### **Total OPEB Liability**

The plan's total OPEB liability was measured as of June 30, 2023, and was determined by an actuarial valuation dated June 30, 2022, which was rolled forward to the measurement date.

*Actuarial Assumptions and Other Inputs.* The total OPEB liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Individual Entry Age Normal Cost Method - Level Percentage of Projected Salary
Discount Rate	3.54% (1.04% real rate of return plus 2.5% inflation)
Inflation Rate	No factor was included for inflation
Salary Increases	3.5%
Healthcare Cost Trend Rate	4.5% for medical, level; 3% for dental, level 4% administrative, level
Mortality	RPH-2014 Total Table with Projection MP-2021
Turnover	Rates varying based on unisex age and select and ultimate at 3 years. Rates based on the TCRS actual assumptions from the 2017 retirement plan valuation report.
Retiree Contributions	Retiree pays full contribution for additional dependent coverage. No contribution required for individual coverage.

The discount rate was selected by reviewing the recently published Bond Pay GO-20 bond index, an index acceptable under GASB 75.

Mortality rates were based on Mortality Table RPH-2014 total table with projection MP-2021.

The actuarial assumptions used in the June 30, 2022, valuation were based on plan data and costs presented by the primary government with concurrence by the actuary.

Changes in the Total OPEB Liability

	<u>Share of Collective Liability</u>	
	<u>Primary Government</u>	<u>Library Board</u>
Balance July 1, 2022	\$ 62,107,959	\$ 1,119,527
Changes for the Year:		
Service Cost	\$ 2,847,369	\$ 51,325
Interest	2,270,020	40,918
Benefit Payments/Refunds	(1,694,843)	0
Net Changes	<u>\$ 3,422,546</u>	<u>\$ 92,243</u>
Balance June 30, 2023	<u>\$ 65,530,505</u>	<u>\$ 1,211,770</u>

	<u>Share of Collective Liability</u>	
	<u>JECDB</u>	<u>Total</u>
Balance July 1, 2022	\$ 146,976	\$ 63,374,462
Changes for the Year:		
Service Cost	\$ 6,738	\$ 2,905,432
Interest	5,372	2,316,310
Benefit Payments/Refunds	0	(1,694,843)
Net Changes	<u>\$ 12,110</u>	<u>\$ 3,526,899</u>
Balance June 30, 2023	<u>\$ 159,086</u>	<u>\$ 66,901,361</u>

During the year, the plan member's proportionate share of the collective OPEB liability was as follows: Primary Government 97.95%, Wilson County Library Board 1.81%, and Joint Economic and Community Development Board of Wilson County 0.24%.

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, the plan recognized OPEB expense of \$4,131,284. At June 30, 2023, the plan reported deferred outflows of resources related to their proportionate share of OPEB from the following sources:

<b>Primary Government</b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	\$ 7,730,204	\$ 12,209,501
Changes in Experience	0	5,734,781
Totals	<u>\$ 7,730,204</u>	<u>\$ 17,944,282</u>

<b>Wilson County Library Board</b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	\$ 142,945	\$ 225,774
Changes in Experience	0	106,046
Totals	<u>\$ 142,945</u>	<u>\$ 331,820</u>

<b>Joint Economic and Community Development Board of Wilson County</b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	\$ 18,766	\$ 29,641
Changes in Experience	0	13,922
Totals	<u>\$ 18,766</u>	<u>\$ 43,563</u>

Amounts reported as deferred inflows and deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Primary Government	Library Board	JECDB	Total
2024	\$ (1,068,104)	\$ (19,737)	\$ (2,617)	\$ (1,090,458)
2025	(1,068,104)	(19,737)	(2,617)	(1,090,458)
2026	(1,068,104)	(19,737)	(2,617)	(1,090,458)
2027	(1,068,104)	(19,737)	(2,617)	(1,090,458)
2028	(1,241,990)	(22,950)	(3,043)	(1,267,983)
Thereafter	(4,699,672)	(86,977)	(11,286)	(4,797,935)

In the table shown above positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.* The following presents the total OPEB liability of the plan members calculated using the discount rate of 3.54 percent, as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower (2.54 percent) or one percentage point higher (4.54 percent) than the current rate:

<u>Discount Rate</u>		Current	
	1%	Discount	1%
	Decrease	Rate	Increase
<b>Wilson County</b>	2.54%	3.54%	4.54%
Primary Government	\$ 77,512,054	\$ 65,530,505	\$ 56,069,554
Library Board	1,432,331	1,211,770	1,036,099
JECDB	189,922	159,086	137,383
Total OPEB Liability	<u>\$ 79,134,307</u>	<u>\$ 66,901,361</u>	<u>\$ 57,243,036</u>

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate.* The following presents the total OPEB liability of the plan members calculated using the healthcare cost trend rate of 4.5 percent, as well as what the OPEB liability would be if it was calculated using a trend rate that is one percentage point lower (3.5 percent) or one percentage point higher (5.5 percent) than the current rate:

<u>Healthcare Cost Trend Rate</u>		Current	
	1%	Trend	1%
	Decrease	Rates	Increase
<b>Wilson County</b>	3.5%	4.5%	5.5%
Primary Government	\$ 54,577,939	\$ 65,530,505	\$ 79,962,746
Library Board	1,008,536	1,211,770	1,477,617
JECDB	133,728	159,086	195,927
Total OPEB Liability	<u>\$ 55,720,203</u>	<u>\$ 66,901,361</u>	<u>\$ 81,636,290</u>

#### **Closed Tennessee (TNM) OPEB Plan – Medicare (Primary Government)**

*Plan Description.* Employees of Wilson County, the discretely presented Wilson County Library Board, and the Joint Economic and Community Development Board of Wilson County (a joint venture) are also provided with post-65 retiree health insurance benefits through the closed Tennessee Plan -Medicare (TNM) administered by the Tennessee Department of Finance and Administration. All eligible post-65 retirees and disability participants of local governments, who choose coverage, participate in the TNM. The TNM also includes eligible retirees of the state, certain component units of the state, and local education agencies. However, the amounts reflected in this note disclosure pertain only

to Wilson County, the discretely presented Wilson County Library Board, and the Joint Economic and Community Development Board of Wilson County (a joint venture). This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

*Benefits Provided.* The state offers the TNM to help fill most of the coverage gaps created by Medicare for eligible post-65 retirees and disabled participants of local governments. Insurance coverage is the only postemployment benefit provided to retirees. The TNM does not include pharmacy. In accordance with *TCA* 8-27-209, benefits of the TNM are established and amended by cooperation of insurance committees created by *TCA* Sections 8-27-201, 8-27-301 and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receives a benefit from the Tennessee Consolidated Retirement System (TCRS) may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree premiums. Wilson County, the discretely presented Wilson County Library Board, and the Joint Economic and Community Development Board of Wilson County (a joint venture) subsidize 100% of the premium for eligible retirees on the TNM plan.

#### **Employees Covered by Benefit Terms**

At the measurement date of June 30, 2022, the following employees were covered by the benefit terms:

	<u>Wilson County</u>
Inactive Employees or Beneficiaries	
Currently Receiving Benefits	140
Inactive Employees or Beneficiaries Entitled to	
But Not Yet Receiving Benefits	0
Active Employees	268
Total	<u><u>408</u></u>

In accordance with *TCA* 8-27-209, the state insurance committees established by *TCA* Sections 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. For the fiscal year ended June 30, 2023, Wilson County paid \$230,324 to the TNM for OPEB benefits as they came due.

## Changes in the Total OPEB Liability

	Wilson County	Library Board	JECDB	Total
Balance July 1, 2022	\$ 3,807,749	\$ 94,752	\$ 12,844	\$ 3,915,345
Changes for the Year:				
Interest Cost	\$ 80,041	\$ 1,990	\$ 211	\$ 82,242
Difference between Expected and Actuarial Experience	4,991,135	124,201	16,936	5,132,272
Changes in Assumptions and Other Inputs	(1,793,524)	(44,630)	(6,086)	(1,844,240)
Benefit Payments	(210,865)	(5,247)	(716)	(216,828)
Net Changes	\$ 3,066,787	\$ 76,314	\$ 10,345	\$ 3,153,446
Balance June 30, 2023	\$ 6,874,536	\$ 171,066	\$ 23,189	\$ 7,068,791

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, Wilson County, the discretely presented Wilson County Library Board, and the Joint Economic and Community Development Board of Wilson County (a joint venture) recognized OPEB expense of \$3,277,657, \$81,561, and \$11,056, respectively. At June 30, 2023, the participants reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Wilson County:	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 0	\$ 0
Benefits paid after the measurement date of June 30, 2022	223,994	0
Total	\$ 223,994	\$ 0

<b>Library Board:</b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 0	\$ 0
Benefits paid after the measurement date of June 30, 2022	5,574	0
Total	<u>\$ 5,574</u>	<u>\$ 0</u>

<b>Joint Economic and Community Development Board (JECDB):</b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 0	\$ 0
Benefits paid after the measurement date of June 30, 2022	756	0
Total	<u>\$ 756</u>	<u>\$ 0</u>

The amount shown above for “Benefits Paid After the Measurement Date” will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Wilson County	Library Board	JECDB	Total
2024	\$ 0	\$ 0	\$ 0	\$ 0
2025	0	0	0	0
2026	0	0	0	0
2027	0	0	0	0
2028	0	0	0	0
Thereafter	0	0	0	0

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.* The following presents the total OPEB liability calculated using the current discount rate, as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

<u>Discount Rate</u>	1% Decrease 2.54%	Current Discount Rate 3.54%	1% Increase 4.54%
Wilson County	\$ 8,086,164	\$ 6,874,536	\$ 5,899,548
Library Board	201,219	171,066	146,806
Joint Economic and Community Development Board	27,439	23,189	20,019
Total	<u>\$ 8,314,822</u>	<u>\$ 7,068,791</u>	<u>\$ 6,066,373</u>

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate.* The premium subsidies provided to retirees in the TNM plan are assumed to remain unchanged for the entire projection period; therefore, trend rates are not applicable to the plan calculations.

**Commercial Postemployment Benefits Plan – Discretely Presented  
Wilson County School Department**

The discretely presented Wilson County School Department provides OPEB benefits to their retirees through commercial insurance plans administered by Meritain Health, an Aetna Company. For reporting purposes, the plans are considered single employer defined benefit OPEB plans based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plans are funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

*Plan Description.* All full-time employees and eligible retirees of the Wilson County School Department are eligible to participate in the health insurance plan accounted for in the Employee Insurance Fund (internal service fund).

The premium requirements of plan members are established and amended by recommendation of the deputy director of schools and approved by the board of education. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates.

*Benefits Provided.* The plan provides healthcare, dental, and life insurance benefits to retirees and their dependents if the retiree has at least 15 years of

service with Wilson County with at least 5 of those years immediately prior to retirement and participation in the group medical insurance at the time of retirement.

The benefit terms for health insurance provides for the school department to pay 100% of the plan premium if the retiree has 30 or more years of service, 10% of the plan premium if the retiree has 25 to 29 years of service, 5% of the plan premium if the retiree has 20 to 24 years of service, and 0% of the premium if the employee has 15 to 19 years of service. and the same benefit as an active employee for retirees with 15-19 years of service, until the retiree becomes Medicare eligible. The retiree is eligible to stay on dental and life insurance, but the retiree is responsible for the full premium. Dependents and spouses of the retiree are permitted to remain on the plan until age 65 or until the retiree reaches age 65, whichever comes first, with the additional premium costs beyond employee only coverage being the responsibility of the retiree.

#### Employees Covered by Benefit Terms

At the valuation date of June 30, 2022, the following employees were covered by the benefit terms:

<u>Status</u>	<u>Single Coverage</u>	<u>Family Coverage</u>	<u>Total</u>
Activies	1,457	271	1,728
Retirees	103	5	108
Total	1,560	276	1,836

#### **Total OPEB Liability**

The discretely presented school department's total OPEB liability was measured as of June 30, 2023. This liability was determined by an actuarial valuation dated June 30, 2022.

*Actuarial Assumptions and Methods.* The total OPEB liability at June 30, 2023, was determined by using an actuarial valuation dated June 30, 2022. The following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Individual Entry Age Normal Cost Method - Level Percentage of Projected Salary
Discount Rate	4.13%
Inflation Rate	2.5%
Salary Scale	3.5%
Healthcare Cost Trend Rate	Level 4.5%
Mortality	RPH-2014 Total Table with Projection MP-2021
Turnover	Rates varying based on unisex age and select and ultimate at 3 years. Rates based on the TCRS actuarial assumptions from the 2017 retirement plan valuation report.
Retiree Contributions	\$6,615 per year for additional dependent coverage. Depending on the years of service at retirement, the retiree pays a percentage of the individual contribution rate.

The discount rate was selected by reviewing the recent published Bond Pay GO-20 bond index, an index acceptable under GASB 75. The discount rate changed from 3.54% to 4.13% for this valuation.

Mortality rates were based on Mortality Table RPH-2014 projected with Mortality Improvement Scale MP-2021.

The actuarial assumptions used in the June 30, 2022 valuation were based on plan data and costs presented by the school department with concurrence by the actuary.

#### Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Balance July 1, 2022	<u>\$ 16,168,536</u>
Changes for the Year:	
Service Cost	\$ 1,270,801
Interest	605,575
Difference between expected and actual experience	(443,557)
Changes in assumptions	(965,845)
Benefit payments	(665,392)
Net Changes	<u>\$ (198,418)</u>
Balance June 30, 2023	<u><u>\$ 15,970,118</u></u>

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources.* For the year ended June 30, 2023, the school department recognized OPEB expense of \$610,262. At June 30, 2023, the school

department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Experience	\$ 0	\$ 2,914,381
Changes in Assumptions	82,182	5,159,740
Total	<u>\$ 82,182</u>	<u>\$ 8,074,121</u>

Amounts reported as deferred inflows and deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	School Department
2024	\$ (1,266,114)
2025	(1,266,114)
2026	(1,266,114)
2027	(1,266,114)
2028	(1,266,114)
Thereafter	(1,661,369)

In the table shown above positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.* The following presents the total OPEB liability of the school department calculated using the current discount rate of 4.13 percent, as well as what the OPEB liability would be if it was calculated using a discount rate that is one percentage point lower (3.13 percent) or one percentage point higher (5.13 percent) than the current rate:

	1% Decrease 3.13%	Current Discount Rate 4.13%	1% Increase 5.13%
Total OPEB Liability	\$ 17,639,832	\$ 15,970,118	\$ 14,458,878

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate.* The following presents the total OPEB liability of the school department calculated using the current healthcare cost trend rate of 4.50 percent, as well

as what the OPEB liability would be if it was calculated using a trend rate that is one percentage point lower (3.50 percent) or one percentage point higher (5.50 percent) than the current rate:

	1% Decrease 3.50%	Current Trend Rates 4.50%	1% Increase 5.50%
Total OPEB Liability	\$ 13,915,210	\$ 15,970,118	\$ 18,450,308

**J.     Office of Central Accounting, Budgeting, and Purchasing**

Wilson County, except for the discretely presented Wilson County School Department, operates under provisions of the County Financial Management System of 1981. This act provides for a central system of accounting, budgeting, and purchasing for all county departments. This act provides for the creation of a finance department operated under the direction of the finance director. The Wilson County School Department’s operations are under the supervision of the director of schools as provided by general law.

**K.     Purchasing Laws**

Offices of County Mayor and Road Superintendent

Purchasing procedures for the Offices of County Mayor and Road Superintendent are governed by the County Financial Management System of 1981, which provides for the finance director or a deputy appointed by him to serve as the county purchasing agent. The finance director serves as the purchasing agent for Wilson County. All purchase orders are issued by the finance department. Purchases exceeding \$25,000 for the Offices of County Mayor and Road Superintendent are required to be competitively bid.

Office of Director of Schools

Purchasing procedures for the school department are governed by purchasing laws applicable to schools as set forth in Section 49-2-203, *Tennessee Code Annotated*, which provides for the Board of Education, through its executive committee (director of schools and chairman of the board), to make all purchases. This statute also requires that competitive bids be solicited through advertisement in a local newspaper on all purchases exceeding \$25,000.

**L.     Subsequent Event**

On October 5, 2023, Wilson County issued \$53,410,000 in county district school bonds.

2018	4.00%
2019	3.00%
2020	2.21%
2021	2.16%
2022	3.54%
2023	4.13%

(b) In 2023, the trend rate is 4.5%.

(c) In 2023, the mortality improvement scale used was Scale MP-2021.

Note 3: No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**WILSON COUNTY, TENNESSEE**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**For the Year Ended June 30, 2023**

**TENNESSEE CONSOLIDATED RETIREMENT SYSTEM**

*Valuation Date:* Actuarially determined contribution rates for fiscal year 2023 were calculated based on the June 30, 2021, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar, Closed (Not to Exceed 20 Years)
Remaining Amortization Period	Varies by Year
Asset Valuation	10-Year Smoothed Within a 20% Corridor to Market Value
Inflation	2.5%
Salary Increases	Graded Salary Ranges from 8.72% to 3.44% Based on Age, Including Inflation averaging 4%
Investment Rate of Return	6.75%, Net of Investment Expense, Including Inflation
Retirement Age	Pattern of Retirement Determined by Experience Study
Mortality	Customized Table Based on Actual Experience Including an Adjustment for Some Anticipated Improvement
Cost of Living Adjustments	2.125%

*Changes of assumptions.* In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3 percent to 2.5 percent; decreased the investment rate of return from 7.5 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.5 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4 percent; and modified mortality assumptions.

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

# Nonmajor Governmental Funds

## Special Revenue Funds

---

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

---

Ambulance Service Fund – The Ambulance Service Fund is used to account for ambulance service-related operations.

Special Purpose Fund – The Special Purpose Fund is used to account for general school construction.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Sports and Recreation Fund – The Sports and Recreation Fund is used to account for property and sales taxes related to the Sports Authority of the County of Wilson, a discretely presented component unit.

Agriculture Center Fund – The Agriculture Center Fund is used to account for Wilson County's participation in and operation of the fairground property.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register of deeds, and sheriff.

# Debt Service Funds

---

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

---

Rural Debt Service Fund – The Rural Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal, interest, and related costs of school projects outside the territorial limits of the special school district.

# Capital Projects Funds

---

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

---

High School Building Projects Fund – The High School Building Projects Fund is used to account for debt issued by Wilson County that will be contributed to the school department for high school construction and renovation projects.

HUD Grant Projects Fund – The HUD Grant Projects Fund is used to account for grant expenditures of the county.

Highway Capital Projects Fund – The Highway Capital Projects Fund is used to account for highway-related capital expenditures of the county.

Other Capital Projects Fund – The Other Capital Projects Fund is used to account for receipts from building permits that are designated for capital projects.

# Proprietary Funds

---

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the county, or to other governments, on a cost-reimbursement basis.

---

Self-Insurance Fund – The Self-Insurance Fund is used to account for transactions of the county's self-insured health program.

County Insurance Fund – The County Insurance Fund is used to account for all the county's non-health related insurances.

# Custodial Funds

---

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

---

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

Special School District Fund – The Special School District Fund is used to account for the Lebanon Special School District's share of education revenues collected by the county, which must be apportioned between the county and the school district on an average daily attendance basis and property taxes assessed on parcels that lie within the Lebanon Special School District. These collections are remitted to the special school district on a monthly basis.

Constitutional Officers - Custodial Fund – The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk, circuit and general sessions courts clerk, juvenile court clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, litigants, heirs, and others.

Other Custodial Fund – The Other Custodial Fund is used to account for funds of the Lebanon/Wilson County Drug Task Force created by an interlocal cooperation and mutual aid agreement between Lebanon and Wilson County. This task force has disbanded, but the fund will continue to receive revenue from existing cases for several years.

# Wilson County School Department

---

This section presents combining and individual fund financial statements for the Wilson County School Department, a discretely presented component unit. The school department uses a General Fund, four Special Revenue Funds, one Capital Projects Fund, and one Internal Service Fund.

---

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the school department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Extended School Program Fund – The Extended School Program Fund is used to account for before- and after-school programs in the individual schools.

Internal School Fund – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

Education Capital Projects Fund – The Education Capital Projects Fund is used to account for building construction and renovations of the school department.

Employee Insurance Fund – The Employee Insurance Fund is used to account for transactions pertaining to the school department's self-insured group medical and dental plans.

Exhibit K-3

Wilson County, Tennessee

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

Discretely Presented Wilson County School Department

June 30, 2023

Amounts reported for governmental activities in the statement  
of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit K-2)		\$	86,004,549
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.			
Add: land	\$	23,537,165	
Add: construction in progress		24,678,136	
Add: buildings and improvements net of accumulated depreciation		386,282,482	
Add: other capital assets net of accumulated depreciation		<u>7,452,469</u>	441,950,252
(2) Internal service funds are used by management to charge the cost of employee health, dental, and life insurance benefits to individual funds. The assets and liabilities are included in governmental activities in the statement of net position.			12,313,208
(3) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.			
Less: compensated absences payable	\$	(1,545,511)	
Less: net pension liability - agent plan		(4,836,430)	
Less: contributions due on primary government debt for other loans		(3,903,447)	
Less: OPEB liability		<u>(15,970,118)</u>	(26,255,506)
(4) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions/OPEB will be amortized and recognized as components of pension/OPEB expense in future years.			
Add: deferred outflows of resources related to pensions	\$	33,045,359	
Less: deferred inflows of resources related to pensions		(4,077,963)	
Add: deferred outflows of resources related to OPEB		82,182	
Less: deferred inflows of resources related to OPEB		<u>(8,074,121)</u>	20,975,457
(5) Net pension assets are not current financial resources and therefore are not reported in the governmental funds.			
Add: net pension asset - teacher retirement plan	\$	624,286	
Add: net pension asset - teacher legacy pension plan		<u>18,065,074</u>	18,689,360
(6) Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the governmental funds.			<u>3,340,017</u>
Net position of governmental activities (Exhibit A)		\$	<u><u>557,017,337</u></u>

Exhibit K-5

Wilson County, Tennessee  
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances  
of Governmental Funds to the Statement of Activities  
Discretely Presented Wilson County School Department  
For the Year Ended June 30, 2023

Amounts reported for governmental activities in the statement  
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit K-4)		\$ (1,477,908)
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 38,540,368	
Less: current-year depreciation expense	<u>(12,646,942)</u>	25,893,426
(2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Less: deferred delinquent property taxes and other deferred June 30, 2022	\$ (3,388,660)	
Add: deferred delinquent property taxes and other deferred June 30, 2023	<u>3,340,017</u>	(48,643)
(3) The contributions of long-term debt (e.g., notes, bonds, other loans) by the primary government provide current financial resources to governmental funds, while the contributions by the school department of the principal of long-term debt consume the current financial resources of governmental funds. Neither has any effect of net position.		
Add: principal contributions on other loans to primary government		433,172
(4) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in OPEB liability	\$ 198,418	
Change in compensated absences payable	(33,897)	
Change in pension asset/liability - agent plan	(10,871,183)	
Change in pension asset - teacher retirement plan	(1,787,838)	
Change in pension asset - teacher legacy pension plan	(49,045,263)	
Change in deferred outflows of resources related to pensions	(1,337,760)	
Change in deferred inflows of resources related to pensions	66,426,610	
Change in deferred outflows of resources related to OPEB	(13,451)	
Change in deferred inflows of resources related to OPEB	<u>(129,837)</u>	3,405,799
(5) Internal service funds are used by management to charge the cost of employee health, dental, and life insurance benefits to individual funds. The net revenue (expense) of certain activities of the internal service fund is reported with governmental activities in the statement of activities.		<u>(939,076)</u>
Change in net position of governmental activities (Exhibit B)		<u>\$ 27,266,770</u>

## STATISTICAL SECTION

This part of Wilson County's annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health. Certain information about the discretely presented Wilson County School Department is included because, in our judgment, this information is beneficial in assessing the economic condition of the primary government.

	Table(s)	Page(s)
Financial Trends:		
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	1-5	288-301
Revenue Capacity:		
These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.	6-9	302-306
Debt Capacity:		
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future. The tables on legal debt margin information and pledged-revenue coverage are not applicable to counties in Tennessee.	10-11	307-308
Demographic and Economic Information:		
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	12-13	309-310
Operating Information:		
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	14-16	311-313

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial report for the relevant year.

- (1) Average daily attendance factor is the weighted full time equivalent determined by the Tennessee Department of Education and is based on the number of students attending school systems. By law, Wilson County must share locally generated revenue directed to the school's general operating fund with the Lebanon Special School District.
- (2) Net county tax rate is arrived at by multiplying the portion of the tax designated for school operating purposes by the ADA factor and subtracting from the total county rate.
- (3) Overlapping rates are those of local governments that apply to property owners within Wilson County. Not all overlapping tax rates apply to all Wilson County property owners. Rates for the city apply only to the portion of the Wilson County property owners whose property is located within the geographic boundaries of the city.

## **SINGLE AUDIT SECTION**

JASON E. MUMPOWER  
*Comptroller*

**Report on Internal Control Over Financial Reporting and on Compliance and  
Other Matters Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

Independent Auditor's Report

Wilson County Mayor and  
Board of County Commissioners  
Wilson County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilson County, Tennessee, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Wilson County's basic financial statements, as listed in the table of contents, and have issued our report thereon dated January 30, 2024. Our report includes a reference to other auditors who audited the financial statements of the Internal School Fund of the Wilson County School Department (a discretely presented component unit), as described in our report on Wilson County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Wilson County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wilson County's internal control. Accordingly, we do not express an opinion on the effectiveness of Wilson County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiency, described in the accompanying Schedule of Findings and Questioned Costs, to be a material weakness: 2023-001.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency, described in the accompanying Schedule of Findings and Questioned Costs, to be a significant deficiency: 2023-003.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Wilson County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and is described in the accompanying Schedule of Finding and Questioned Costs as item: 2023-002.

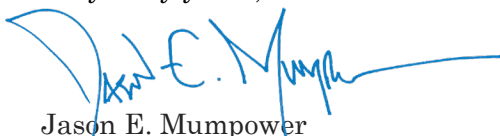

## **Wilson County's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on Wilson County's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Wilson County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wilson County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury  
Nashville, Tennessee

*Comptroller*

**Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

**Independent Auditor's Report**

Wilson County Mayor and  
Board of County Commissioners  
Wilson County, Tennessee

To the County Mayor and Board of County Commissioners:

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Wilson County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Wilson County's major federal programs for the year ended June 30, 2023. Wilson County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Wilson County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Wilson County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does

not provide a legal determination of Wilson County's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Wilson County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Wilson County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Wilson County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Wilson County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Wilson County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Wilson County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wilson County, Tennessee, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Wilson County's basic financial statements. We issued our report thereon dated January 30, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower  
Comptroller of the Treasury  
Nashville, Tennessee

Wilson County, Tennessee  
Summary Schedule of Prior-year Findings  
For the Year Ended June 30, 2023

*Government Auditing Standards* require auditors to report the status of uncorrected findings from prior audits. In addition, OMB's Uniform Guidance requires auditees to report the status of all prior-year findings whether corrected or not. Presented below are financial statement findings along with their current status from the Annual Financial Report for Wilson County, Tennessee, for the year ended June 30, 2023.

8. Dollar threshold used to distinguish between Type A and Type B Programs. **\$750,000**
9. Auditee qualified as low-risk auditee? **YES**

## **PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS**

Findings and recommendations, as a result of our audit, are presented below. We reviewed the findings and recommendations with management to provide an opportunity for their responses. The written responses for all findings are paraphrased and presented below. Management's corrective action plans, whether related to the financial statements or federal awards, are presented separately in the Management's Corrective Action Plan in the Single Audit Section of this report. Findings relating specifically to the audit of federal awards, if any, are separately presented under Part III, Findings and Questioned Costs for Federal Awards.

### **OFFICES OF COUNTY MAYOR AND FINANCE DIRECTOR**

#### **FINDING 2023-001**

#### **THE GENERAL CAPITAL PROJECTS FUND HAD A FUND DEFICIT AT JUNE 30, 2023**

(Internal Control – Material Weakness Under *Government Auditing Standard*)

A fund deficit of \$1,304,192 existed in the General Capital Projects Fund at June 30, 2023. Multiple projects were accounted for in this fund. This deficit resulted from the recognition of a liability totaling \$4,662,841 of unearned grant revenues related to the Tennessee State Fair Grant. Sound business practices require each project to have its own dedicated funding source.

#### **RECOMMENDATION**

Grant proceeds should not be recognized as revenue until earned and each project should have its own dedicated funding source.

#### **MANAGEMENT'S RESPONSE – FINANCE DIRECTOR**

We concur. See corrective action plan. There was \$1.7 million allocated in the American Rescue Plan Fund for the construction of WEMA stations. Those funds should have been transferred to the General Capital Projects fund during the year. Had this been done, there would not have been a fund deficit at June 30, 2023.

---

### **OFFICE OF DIRECTOR OF SCHOOLS**

#### **FINDING 2023-002**

#### **THE OFFICE HAD BUDGET DEFICIENCIES**

(Noncompliance Under *Government Auditing Standards*)

Our examination revealed the following deficiencies in budget operations. The deficiencies existed due to a lack of management oversight and management's failure to hold spending to the limits authorized by the county commission.

- A. The budget submitted to and approved by the county commission did not include beginning budgeted fund balances. Sound budgetary practices dictate

that estimates of beginning fund balances should be presented to the county commission during the budget process.

- B. Expenditures exceeded appropriations in the Regular Capital Outlay major appropriation category (the legal level of control) of the Education Capital Projects Fund by \$5,801,521. Section 5-9-401, *Tennessee Code Annotated*, states that “All funds from whatever source derived, including, but not limited to, taxes, county aid funds, federal funds, and fines, that are to be used in the operation and respective programs for the various departments, commissions, institutions, boards, offices, and agencies of county governments shall be appropriated to such use by the county legislative bodies.”

### RECOMMENDATION

Estimates of the beginning fund balance should be provided to county officials upon which to base funding decisions. Expenditures should be held within appropriations approved by the county commission.

### MANAGEMENT’S RESPONSE – FINANCE DIRECTOR

We concur with this finding. We did not include the beginning fund balances on the budget submitted to the County Commission. Our budgets were balanced and did not require funding from Fund Balances. A budget amendment was not taken for approval of the land purchases. The funding was available through the bond issue and the School Board and County Commission were aware that the land purchases were being made from the bond proceeds. The budget amendment was overlooked in the process and mistakenly was not made.

### OFFICE OF CIRCUIT, GENERAL SESSIONS AND JUVENILE COURTS CLERK

#### FINDING 2023-003

#### **THE OFFICE DID NOT IMPLEMENT ADEQUATE CONTROLS TO PROTECT ITS INFORMATION RESOURCES**

(Internal Control – Significant Deficiency *Under Government Auditing Standards*)

The office did not implement adequate controls to protect its information resources. This finding does not identify specific vulnerabilities that could allow someone to exploit the office’s information system or misuse county funds. Disclosing those vulnerabilities could present a potential security risk by providing the readers with information that might be confidential pursuant to Section 10-7-504(i), *Tennessee Code Annotated*. Sound business practices dictate that proper controls be implemented. Without these controls, unauthorized system activity could occur. When brought to the attention of management, this deficiency was corrected.

### RECOMMENDATION

Management should continue to ensure adequate controls over its information systems and the resources associated with those systems are implemented.

### MANAGEMENT'S RESPONSE – CIRCUIT, GENERAL SESSIONS AND JUVENILE COURTS CLERK

We do not concur with this finding, but action has been taken to ensure there are adequate controls to protect the office's information resources.

**PART III, FINDINGS AND QUESTIONED  
COSTS FOR FEDERAL AWARDS**

There were no findings and questioned costs related to federal awards for the year ended June 30, 2023.

**Wilson County, Tennessee**  
**Management's Corrective Action Plan**  
**For the Year Ended June 30, 2023**

We reviewed the financial statement and federal award findings and recommendations with management to provide an opportunity for their response as required by the auditee requirements within Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Management's corrective action plans for all financial statement findings and federal award findings are presented in this section and have been indexed below. The corrective action plans were prepared by management and have been presented as they were submitted.

Finding Number	Title of Finding	Corrective Action Plan Page Number
-------------------	------------------	---------------------------------------

**OFFICE OF FINANCE DIRECTOR**

2023-001	The General Capital Projects Fund had a fund deficit at June 30, 2023.	330
----------	--	-----

**OFFICE OF DIRECTOR OF SCHOOLS**

2023-002	The office had budget deficiencies.	331

## WILSON COUNTY

---

**AARON MAYNARD**  
**FINANCE DIRECTOR**

### Corrective Action Plan

**FINDING: 2023-001      THE GENRAL CAPITAL PROJECTS FUND HAD A FUND  
DEFICIT AT JUNE 30, 2023**

**Response and Corrective Action Plan Prepared by:**  
Aaron Maynard, Finance Director

**Person Responsible for Implementing the Corrective Action:**  
Aaron Maynard, Finance Director

**Anticipated Completion Date of Corrective Action:**  
January 31, 2024

**Repeat Finding:**  
No

**Reason Corrective Action was Not Taken in the Prior Year:**  
Not Applicable

**Planned Corrective Action:**

We will analyze our spreadsheets containing the details of project funding and expenditures for individual capital projects accounted for in the General Capital Projects quarterly at a minimum. This will be done to ensure that there is sufficient cash in the General Capital Projects Fund to cover all obligations.

Fax: (615) 449-3858

Mr. Jeff Bailey, CPA, Legislative Audit Manager  
Division of Local Government Audit  
Cordell Hull Building  
425 Fifth Avenue North  
Nashville, TN 37243-3400

January 29, 2024

Dear Mr. Bailey,

Below are the required bulleted items for Wilson County School System's corrective action plan to the finding noted:

**Finding 2023-001.**

*Preparer of the corrective action plan:* Lisa Baxley – Finance Director

*Person responsible for implementing the corrective action plan:* Lisa Baxley – Finance Director

*Specific corrective action taken:* We will show in writing the estimated fund balances per the 7/1/23 audit report for year ending 24. Going forward the Budgeted Fund Balances will be included on the budgets to be approved.

We will review all actual vs. budgeted expenditures on a monthly basis to determine if any appropriations have been exceeded in our Capital Projects Fund.

*Anticipated completion date of corrective action:* The edited Fund Balances will go before the School Board at the March 4<sup>th</sup> Board Meeting and then to the County Commission on March 18<sup>th</sup> for approval. The Budgeted Fund Balances will be included when the 2024-25 Budget is presented.

*Is this a repeat finding?* No.

Sincerely,

Lisa Baxley  
Finance Director

## DEBBIE MOSS CIRCUIT COURT CLERK

## **BEST PRACTICE**

Accounting literature describes a best practice as a recommended policy, procedure, or technique that aids management in improving financial performance. Historically, a best practice has consistently shown superior results over conventional methods.

The Division of Local Government Audit strongly believes that the item noted below is a best practice that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Wilson County.

### **WILSON COUNTY SHOULD ADOPT A CENTRAL SYSTEM OF ACCOUNTING, BUDGETING, AND PURCHASING**

Wilson County does not have a central system of accounting, budgeting, and purchasing. Sound business practices dictate that establishing a central system would significantly improve internal controls over the accounting, budgeting, and purchasing processes. The absence of a central system of accounting, budgeting, and purchasing was the result of the board of education withdrawing from the Financial Management System of 1981 pursuant to Section 5-21-124, *Tennessee Code Annotated*. The withdrawal has resulted in decentralization and some duplication of effort. We recommend the adoption of a private act, which would provide for a central system of accounting, budgeting, and purchasing covering all county departments.
