

WitnessAI Virtual Fireside Chat

OCTOBER 15, 2026 | 11:00 AM ET

Stephens is hosting a virtual fireside for institutional investors with WitnessAI. WitnessAI is an AI security company focused on providing visibility, governance, and security for enterprise use of generative AI applications and AI agents.

The discussion will cover current trends and dynamics in the AI security market, including the growth outlook, key demand drivers, evolving enterprise use cases, and competitive dynamics. The discussion will also provide an overview of WitnessAI's strategy and competitive differentiation, as well as how enterprise AI security requirements are evolving with the adoption of generative AI applications and AI agents.

WitnessAI

Rick Caccia is the CEO and Co-Founder of WitnessAI. Prior to WitnessAI, Mr. Caccia was SVP and CMO for Cortex and Unit 42 at Palo Alto Networks. Previously, he was part of the founding leadership team at Chronicle, Google's cybersecurity business, where he served as CMO, and later led marketing for Google Cloud's security products. Earlier in his career, Mr. Caccia held senior roles at Exabeam, ArcSight, and Symantec.

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Topics of Discussion

- The current state of the AI security market, including the growth outlook, key demand drivers, and pace of enterprise adoption.
- Key AI security use cases and risks enterprises are seeking to address, including data security and the use of generative AI applications and AI agents
- WitnessAI's platform strategy and competitive differentiation.
- The evolving competitive landscape for AI security, including the role of emerging AI security vendors and incumbent cybersecurity platforms.
