

Tuesday, April 7th at 12:00 p.m. ET/11:00 a.m. CT

Hear from an innovative UCaaS provider on the shift to remote work and the future of cloud communications.

Stephens is hosting a conference call with Craig Walker, CEO.

Mr. Walker is the Founder and CEO at Dialpad. Previously, he was Founder and CEO of GrandCentral Communications (acquired by Google in 2007; became Google Voice) and prior to that, ran Yahoo! Voice as the Senior Director of VoIP at Yahoo!

About Dialpad (private)

Dialpad is a fast-growing unified cloud communications provider (UCaaS), and a leader in communications A.I. Dialpad's product suite includes cloud voice, video-conferencing, and contact center services

Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.

Tuesday, April 7th at 12:00 p.m. ET/11:00 a.m. CT

Topics of Discussion

- How is Dialpad helping customers adopt remote work solutions as a result of COVID-19?
- Are any specific industry verticals increasing cloud adoption as a result of the outbreak?
- The present state of A.I. in UCC and detailing Dialpad's differentiated capabilities
- Are increases in remote work most bullish for cloud voice, video, or contact center?
- If this recent shift to work-from-home solutions has staying power for global enterprises
