

# Generac Firing on All Cylinders: Where Can the Business (and Stock) Go?

MARCH 9, 2021 | 1:00PM ET

Stephens is hosting a conference call for institutional investors with Tommy Moll, equity research analyst with coverage of Generac. This call will discuss the growth potential for Generac in the context of its transformation from an equipment manufacturer into an energy technology solutions platform.

**Conference call date and time subject to change. To join the call or to obtain more information, please contact your Stephens sales representative.**

---

**March 9, 2021 | 1:00PM ET**

## Topics of Discussion

- Core generator product tipping point: Are home standby generators moving from niche to mainstream?
- New clean energy opportunity: Can the new clean energy business grow to be as big as the core business?
- Business model evolution: How does an equipment manufacturer transform into an energy technology solutions platform?
- Earnings potential: What are the implications for the growth and mix of revenue/earnings over the next decade?
