

OFFICIAL STATEMENT

New Issue
Book-Entry Only

Rating: S&P "AA"
(See "RATING" herein)

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the Issuer (i) interest on the Bonds will be excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds is not treated as an item of tax preference in calculating the alternative minimum tax imposed on individuals under the Code. Under existing law, the Bonds and the income therefrom will be exempt from all state, City and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See "Tax Matters" herein).

\$16,250,000 CITY OF LA VERGNE, TENNESSEE GENERAL OBLIGATION PUBLIC IMPROVEMENT BONDS, SERIES 2021 (ULT)

Dated: Date of Delivery

Due: April 1, as shown below

The City of La Vergne, Tennessee (the "Issuer") will issue its \$16,250,000 General Obligation Public Improvement Bonds, Series 2021 (the "Bonds") in fully registered form, without coupons, and, when issued, the Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds. Individual purchases of beneficial ownership interest in the Bonds will be made in book-entry form only, in denominations of \$5,000 or multiples thereof through DTC Participants. Interest on the Bonds will be payable semiannually on April 1 and October 1 of each year, commencing on October 1, 2021, calculated on the basis of a 360-day year consisting of twelve 30-day months.

Payments of principal of and interest on the Bonds are to be made to purchasers by DTC through the Participants (as such term is herein defined). Purchasers will not receive physical delivery of Bonds purchased by them. See "The Bonds-Book-Entry-Only System." Principal of and interest on the Bonds are payable by the Issuer to the corporate trust office of U.S. Bank National Association, Nashville, Tennessee, as registration and paying agent (the "Registration Agent").

The Bonds are subject to redemption prior to maturity at the option of the Issuer at any time on or after April 1, 2029 at a price of par. The Bonds are payable on April 1 of each year as follows:

Maturity (April 1)	Principal	Interest Rate	Yield	Maturity (April 1)	Principal	Interest Rate	Yield
2023	\$595,000	5.000%	0.120%	2033	\$905,000	2.000%	1.550% c
2024	625,000	5.000	0.200	2034	925,000	2.000	1.580 c
2025	655,000	5.000	0.310	2035	940,000	2.000	1.700 c

2031	860,000	3.000	1.100 c	2041	1,060,000	2.000	2.030
2032	885,000	2.000	1.400 c				

c = Yield to call date of April 1, 2029.

The Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the Issuer. The full faith and credit of the Issuer are irrevocably pledged for the prompt payment of principal of and interest on the Bonds.

The Bonds are offered when, as and if issued, subject to the approval of the legality by Bass, Berry & Sims PLC, Nashville, Tennessee, Bond Counsel, whose opinion will be delivered with the Bonds. Certain legal matters will be passed upon for the Issuer by E. Evan Cope PLLC, Murfreesboro, Tennessee, Counsel to the Issuer. Stephens Inc. is serving as Municipal Advisor to the City. The Bonds, in book-entry form, are expected to be available for delivery through The Depository Trust Company in New York, New York, on or about August 12, 2021.

July 27, 2021

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission, this document, as the same may be supplemented or amended (collectively, the "Official Statement") by the Issuer from time to time, is an Official Statement with respect to the Bonds described herein that is deemed final by the Issuer as of the date hereof (or of any such supplement or amendment).

No dealer, broker, salesman or other person has been authorized by the Issuer or by Stephens Inc., as municipal advisor, to give any information or make any representations other than those contained in this Official Statement and, if given or made, such information or representations with respect to the Issuer or the Bonds must not be relied upon as having been authorized by the Issuer or Stephens Inc. This Official Statement does not constitute an offer to sell, or solicitation of an offer to buy, any securities other than the securities offered hereby to any person in any jurisdiction where such offer or solicitation of such offer would be unlawful.

This Official Statement should be considered in its entirety and no one factor should be considered more or less important than any other by reason of its position in this Official Statement. Where statutes, reports or other documents are referred to herein, reference should be made to such statutes, reports or other documents for more complete information regarding the rights and obligations of parties thereto, facts and opinions contained therein and the subject matter thereof.

The information and expressions of opinion in this Official Statement are subject to change without notice and neither the delivery of this Official Statement nor any sale made under it shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date as of which information is given in this Official Statement.

In making an investment decision investors must rely on their own examination of the Issuer and the terms of the offering, including the merits and risks involved. No registration statement relating to the Bonds has been filed with the Securities and Exchange Commission or with any state securities agency. The Bonds have not been approved or disapproved by the Securities and Exchange Commission or any state securities agency, nor has the Securities and Exchange Commission or any state securities agency passed upon the accuracy or adequacy of this Official Statement. Any representation to the contrary is a criminal offense.

Official Statement

City of La Vergne, Tennessee

\$16,250,000

General Obligation Public Improvement Bonds, Series 2021 (ULT)

Introduction

The Official Statement, including the cover page and appendices hereto, is furnished in connection with the issuance by The City of La Vergne, Tennessee (the "Issuer") of \$16,250,000 General Obligation Public Improvement Bonds, Series 2021 (the "Bonds").

The Bonds are issuable under and in full compliance with the constitution and statutes of the State of Tennessee, including Sections 9-21-101, et seq., Tennessee Code Annotated, and pursuant to a resolution adopted by the Board of Mayor and Aldermen of the Issuer on June 1, 2021 (the "Resolution") authorizing the issuance, sale and payment of the Bonds.

This Official Statement includes descriptions of, among other matters, the Bonds, the Resolution, and the Issuer. Such descriptions and information do not purport to be comprehensive or definitive. All references to the Resolution are qualified in their entirety by reference to the definitive document, including the form of the Bonds included in the Resolution. During the period of the offering of the Bonds, copies of the Resolution and any other documents described herein or in the Resolution may be obtained from the Issuer. After delivery of the Bonds, copies of such documents will be available for inspection at the Mayor's office. All capitalized terms used in this Official Statement and not otherwise defined herein have the meanings set forth in the Resolution.

The Bonds

Description

The Bonds are being issued to (a) finance, in whole or in part, the (i) acquisition, construction, improvement, repair, renovation and equipping of public buildings and facilities, including but not limited to police stations, fire stations and administrative buildings; (ii) streets, roads and bridges, including but not limited to sidewalks, signage, signalization, related facilities, lighting and drainage improvements; (iii) acquisition of all property, real and personal related to such projects; (iv) payment of legal, fiscal, administrative, architectural and engineering costs incident to any or all of the foregoing (collectively, the "Projects"); (v) reimbursement to the appropriate fund of the Issuer for prior expenditures for the Projects; and (b) pay issuance costs of the Bonds.

The Bonds will be issued as fully registered book-entry Bonds, without coupons, in denominations of \$5,000 or any integral multiple thereof. The Bonds will be dated the date of delivery. Interest on the Bonds, at the rates per annum set forth on the cover page and calculated on the basis of a 360-day year, consisting of twelve 30-day months, will be payable semiannually on April 1 and October 1 of each year (herein an "Interest Payment Date"), commencing October 1, 2021.

The Bonds will mature on the dates and in the amounts set forth on the cover page.

Except as otherwise provided in the Resolution, the Bonds will be initially registered only in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds.

U.S. Bank National Association, Nashville, Tennessee (the "Registration Agent") will make all interest payments with respect to the Bonds on each Interest Payment Date directly to the registered owners as shown on the Note registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the Interest Payment Date (the "Regular Record Date") by check or draft mailed to such owners at their addresses shown on said registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the Issuer in respect of such Bonds to the extent of the payments so made. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable. In the event the Bonds are no longer registered in the name of DTC or its successor or assigns, if requested by the Owner of at least \$1,000,000 in aggregate principal amount of the Bonds, payment of interest on such Bonds shall be paid by wire transfer to a bank within the continental United States or deposited to a designated account if such account is maintained with the Registration Agent and written notice of any such election and designated account is given to the Registration Agent prior to the record date.

Any interest on any Note which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the Issuer to the persons in whose names the Bonds are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: The Issuer shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the Issuer shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which date shall not be more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Note registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in the Resolution or in the Bonds shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the Issuer to punctually pay or duly provide for the payment of principal of and interest on the Bonds when due.

Optional Redemption

The Bonds maturing April 1, 2030 and thereafter, shall be subject to redemption prior to maturity at the option of the Issuer on April 1, 2029 and thereafter, as a whole or in part, at any time at the redemption price of par plus accrued interest to the redemption date.

Notice of Redemption

Notice of call for redemption shall be given by the Registration Agent on behalf of the Issuer not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Note registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to effect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the Issuer nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants, or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registration Agent shall mail said notices as and when directed by the Issuer pursuant to written instructions from an authorized representative of the Issuer. From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided. In the case of a Conditional Redemption, the failure of the Issuer to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

Security and Sources of Payment

The Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the Issuer. The full faith and credit of the Issuer are irrevocably pledged for the prompt payment of principal of and interest on the Bonds.

Discharge and Satisfaction of Bonds

The Bonds may be discharged and defeased in any one or more of the following ways:

(a) By depositing sufficient funds as and when required with the Registration Agent, to pay the principal of and interest on such Bonds as and when the same become due and payable;

(b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers (an "Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity or redemption, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving of such notice);

(c) By delivering such Bonds to the Registration Agent, for cancellation by it;

and if the Issuer shall also pay or cause to be paid all other sums payable under the Resolution, or make adequate provision therefor, and by resolution of the Board of Mayor and Aldermen instruct any such

Agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the Issuer to the holders of such Bonds shall be fully discharged and satisfied.

If the Issuer pays and discharges the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners of such Bonds shall thereafter be entitled only to payment out of the money or Defeasance Obligations.

Defeasance Obligations are direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

Book-Entry-Only System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). Only one fully-registered Note certificate will be issued in the aggregate principal amount of each maturity of the Bonds, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with Direct Participants, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Bonds with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants

to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to the Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as in the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such Participant and not of DTC, the Registration Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer or the Registration Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Issuer or the Registration Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Note certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

THE ISSUER AND THE REGISTRATION AGENT HAVE NO RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS; (III) THE DELIVERY OR TIMELINESS OF DELIVERY BY ANY PARTICIPANT OR ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS; OR (IV) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS BONDHOLDER.

Sources and Uses of Funds

The following table sets forth the sources and uses of funds in connection with the issuance of the Bonds.

Sources of Funds

Par Amount	\$16,250,000.00
Net Reoffering Premium	<u>1,410,934.70</u>
Total Sources	<u>\$17,660,934.70</u>

Uses of Funds

Deposit to Project Fund	\$17,505,083.89
Costs of Issuance (includes Underwriter's Discount, Municipal Advisory Fees, and Expenses)	<u>93,338.75</u>
Total Uses	<u>\$17,660,934.70</u>

Application of Bond Proceeds

The proceeds of the Bonds will be deposited to a Project Fund held by the Issuer, and used to pay costs of the Projects and costs of issuance of the Bonds.

Rating

The Bonds have been assigned a rating of "AA" by S&P Global Ratings (the "Rating Agency") based on documents and other information provided by the Issuer. The rating reflects only the view of the Rating Agency, and neither the Issuer, the Municipal Advisor, nor the Underwriter make any representation as to the appropriateness of such rating.

There is no assurance that such rating will continue for any given period of time or that it will not be lowered or withdrawn entirely by the Rating Agency if in its judgment circumstances so warrant. Any such downward change in or withdrawal of the rating may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the rating may be obtained from the Rating Agency.

Continuing Disclosure

General

The Issuer will at the time the Bonds are delivered execute a Continuing Disclosure Certificate under which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the Issuer by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2021 (the "Annual Report"), and to provide notice of the occurrence of certain enumerated events and notice of failure to provide any required financial information of the Issuer. The Annual Report (and audited financial statements if filed separately) and notices described above will be filed by the Issuer with the Municipal Securities Rulemaking Board ("MSRB") at www.emma.msrb.com and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in

order to assist the Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b), as it may be amended from time to time (the "Rule").

Annual Report

The Issuer's Annual Report shall contain or incorporate by reference the General Purpose Financial Statements of the Issuer for the fiscal year, prepared in accordance with generally accepted accounting principles; provided, however, if the Issuer's audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained herein, and the audited financial statements shall be filed when available. The Annual Report shall also include in a similar format the following information included in Appendix B to this Official Statement as follows.

1. "Summary of Outstanding Debt";
2. "Debt Statement";
3. "Debt Record";
4. "Population";
5. "Per Capita Debt Ratios";
6. "Debt Ratios";
7. "Debt Trend";
8. "General Obligation Debt Service Requirements";
9. "Water and Sewer Debt Service Requirements";
10. "Property Valuation and Property Tax";
11. "Top Taxpayers";
12. "Funds Balances";
13. "Net Assets for Fiscal Years Ending June 30th – Enterprise Fund – Water and Sewer Fund";
14. "Local Option Sales Tax Collections";
15. "Statement of Operating Revenues, Expenditures and Changes in Fund Balances – Governmental Funds for the Fiscal Year"; and
16. "Statement of Operating Revenues, Expenditures and Changes in Net Assets – Water and Sewer Fund for the Fiscal Year".

Any or all of the items above may be incorporated by reference from other documents, including Official Statements in final form for debt issues of the Issuer or related public entities, which have been submitted to the Securities and Exchange Commission. If the document incorporated by reference is a final Official

Statement, it will be available from the MSRB. The Issuer shall clearly identify each such other document so incorporated by reference.

Reporting of Significant Events

The Issuer will file notice of the following events (the "Listed Events") with the MSRB and SID, if any:

- a. Principal and interest payment delinquencies.
- b. Non-payment related defaults, if material.
- c. Unscheduled draws on debt service reserves reflecting financial difficulties.
- d. Unscheduled draws on credit enhancements reflecting financial difficulties.
- e. Substitution of credit or liquidity providers, or their failure to perform.
- f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds.
- g. Modifications to rights of the security holders, if material.
- h. Bond calls, if material, and tender offers.
- i. Defeasances.
- j. Release, substitution or sale of property securing repayment of the security, if material.
- k. Rating changes.
- l. Bankruptcy, insolvency, receivership or similar event of the obligated person.
- m. The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- n. Appointment of a successor or additional trustee or the change of name of a trustee, if material
- o. Incurrence of a financial obligation (as defined by the Rule) of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, if material; and
- p. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Issuer, any of which reflect financial difficulties.

Upon the occurrence of a Listed Event, the Issuer shall file a notice of such occurrence with the MSRB and SID, if any, no more than ten (10) business days after the occurrence of such event.

For Listed Events where notice is only required upon a determination that such event would be material under applicable Federal securities laws, the Issuer shall determine the materiality of such event as soon as possible after learning of its occurrence.

Termination of Reporting Obligation

The Issuer's obligations under the Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

Amendment/Waiver

Notwithstanding any other provision of the Disclosure Certificate, the Issuer may amend the Disclosure Certificate, and any provision of the Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions concerning the Annual Report and Reporting of Significant Events it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized Bond Counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of the respective Holders, or (ii) does not, in the opinion of nationally recognized Bond Counsel, materially impair the interests of the Holders or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of the Disclosure Certificate, the Issuer shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Default

In the event of a failure of the Issuer to comply with any provision of the Disclosure Certificate, any Bondholder or any Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under the Disclosure Certificate. A default under the Disclosure Certificate shall not be deemed an event of default, if any, under the Resolution, and the sole remedy under the Disclosure

Certificate in the event of any failure of the Issuer to comply with the Disclosure Certificate shall be an action to compel performance.

Future Issues

The Issuer has not authorized any other additional future general obligation debt. It is not possible, however, to foresee all capital needs, and circumstances may change.

Litigation

The Issuer, like other similar bodies, is subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. As of the date of this Official Statement and after reviewing the current status of all pending and threatened litigation with its counsel, the Issuer believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits that have been filed and of any actions or claims pending or threatened against the Issuer or its officials in such capacity are adequately covered by insurance or by sovereign immunity or will not have a material adverse effect upon the Issuer's financial condition.

As of the date of this Official Statement, the Issuer has no knowledge or information concerning any pending or threatened litigation contesting the authority of the Issuer to issue, sell or deliver the proposed Bonds. The Issuer has no knowledge or information of any actions pending or expected which would materially affect the Issuer's ability to pay the debt service requirements of the proposed Bonds.

Approval of Legal Proceedings

Legal matters incident to the authorization and issuance of the Bonds are subject to the unqualified approving opinion of Bass, Berry & Sims PLC, Bond Counsel. A copy of the opinion will be delivered with the Bonds. (See Appendix A). Certain legal matters will be passed upon for the Issuer by E. Evan Cope PLLC, Murfreesboro, Tennessee, Counsel to the Issuer.

Tax Matters

Federal Taxes

General. Bass, Berry & Sims PLC, Nashville, Tennessee, is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the City and assuming compliance by the City with certain covenants, is that interest on the Bonds:

- is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and
- is not treated as an item of tax preference in calculating the alternative minimum tax imposed on individuals under the Code.

The Code imposes requirements on the Bonds that the City must continue to meet after the Bonds are issued. These requirements generally involve the way that the Bond proceeds must be invested and ultimately used. If the City does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The City has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder or who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Bonds.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also "Changes in Federal and State Tax Law" below in this heading.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

Bond Premium. If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is "bond premium" on that Bond. The tax accounting treatment of bond premium is complex. It is amortized over time and as it is amortized a bondholder's tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with bond premium, even though the Bond is sold for an amount less than or equal to the owner's original cost. If a bondholder owns any Bonds with bond premium, it should consult its tax advisor regarding the tax accounting treatment of bond premium.

Original Issue Discount. A Bond will have "original issue discount" if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel's opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder's federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder's tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount.

Information Reporting and Backup Withholding. Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In

any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

State Taxes

Under existing law, the Bonds and the income therefrom are exempt from all present state, City and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal and Congressional committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. For example, various proposals have been made in Congress and by the President which, if enacted, would subject interest on bonds, such as the Bonds, that is otherwise excluded from gross income for federal income tax purposes, to a tax payable by certain bondholders with an adjusted gross income in excess of certain proposed thresholds. Further, such proposals may impact the marketability of the Bonds simply by being proposed. It cannot be predicted whether, or in what form, these proposals might be enacted or if enacted, whether they would apply to Bonds prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Municipal Advisor

Stephens Inc. is serving as Municipal Advisor to the Issuer in connection with the issuance of the Bonds. Stephens Inc., in its capacity as Municipal Advisor, has relied on the opinion of Bond Counsel and has not verified and does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal or state income tax status of the Bonds or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies. The information set forth herein has been obtained from the Issuer and other sources believed to be reliable, but has not been independently verified by Municipal Advisor.

The Municipal Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance and delivery of the Bonds.

The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the Issuer and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

Underwriting

FHN Financial Capital Markets, Memphis, Tennessee (the "Underwriter"), acting for and on behalf of itself and such other securities dealers as it may designate, will purchase the Bonds for an aggregate purchase price of \$17,598,422.64, which is par, plus net original issue premium of \$1,410,934.70, less Underwriter's Discount of \$62,512.06.

The Underwriter may offer and sell the Bonds to certain dealers (including dealer banks and dealers depositing the Bonds into investment trusts) and others at prices different from the public offering prices stated on the cover page of this Official Statement. Such initial public offering prices may be changed from time to time by the Underwriter.

Miscellaneous

The foregoing summaries do not purport to be complete and are expressly made subject to the exact provisions of the complete documents. For details of all terms and conditions, purchasers are referred to the Resolution, copies of which may be obtained from the Issuer.

Any statement made in this Official Statement involving matters of opinion and estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

The execution and delivery of this Official Statement was duly authorized by the Issuer.

Forward-Looking Statements

The statements contained in this Official Statement, and in any other information provided that are not purely historic, are forward-looking statements, including statements regarding the expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available on the date hereof, and assumes no obligation to update any such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business and policy decisions, all of which are difficult or impossible to predict accurately and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

Certificate of Issuer

I, Jason Cole, do hereby certify that I am the duly qualified and acting Mayor of the City of La Vergne, Tennessee, and as such official, I do hereby further certify with respect to the Official Statement dated July 27, 2021 issued in connection with the sale of the Issuer's \$16,250,000 General Obligation Public Improvement Bonds, Series 2021, and to the best of my knowledge, information, and belief (a) the descriptions and statements contained in said Official Statement were at the time of the acceptance of the winning bid and are on the date hereof true and correct in all material respects; and (b) that said Official Statement did not at the time of the acceptance of the winning bid and does not on the date hereof contain an untrue statement of a material fact or omit to state a material fact required to be stated where necessary to make the statements made, in light of the circumstances under which they are made, not misleading.

WITNESS my official signature this 27th day of July, 2021.

/s/ Jason Cole
Mayor

I, Bruce Richardson, do hereby certify that I am the duly qualified and acting City Administrator/City Recorder of the City of La Vergne, Tennessee, and as such official, I do hereby certify that Jason Cole is the duly qualified and acting Mayor of said Issuer and that the signature appended to the foregoing certificate is the true and genuine signature of such official.

WITNESS my official signature and the seal of the City of La Vergne, Tennessee as of the date subscribed to the foregoing certificate.

/s/ Bruce Richardson
City Administrator/City Recorder

(SEAL)

[This page is intentionally left blank]

APPENDIX A

Form of Legal Opinion of Bass, Berry & Sims PLC, Attorneys,
Nashville, Tennessee relating to the Bonds.

[This page is intentionally left blank]

(Form of Opinion of Bond Counsel)

Bass, Berry & Sims PLC
150 Third Avenue South, Suite 2800
Nashville, Tennessee 37201

(Dated Closing Date)

We have acted as bond counsel to the City of La Vergne, Tennessee (the "Issuer") in connection with the issuance of \$16,250,000 General Obligation Public Improvement Bonds, Series 2021, dated the date hereof (the "Bonds"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Bonds have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and constitute valid and binding general obligations of the Issuer.

2. The resolution of the Board of Mayor and Aldermen of the Issuer authorizing the Bonds have been duly and lawfully adopted, is in full force and effect and is the valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the Issuer. The full faith and credit of the Issuer are irrevocably pledged for the prompt payment of principal of and interest on the Bonds.

4. Interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Bonds is not treated as an item of tax preference in calculating the alternative minimum tax imposed on individuals under the Code. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Code, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements. Except as set forth in this Paragraph 4, we express no opinion regarding other federal tax consequences arising with respect to the Bonds.

5. Under existing law, the Bonds and the income therefrom are exempt from all present state, City and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on any of the Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in the State of Tennessee.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds and the resolution authorizing the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Yours truly,

Bass Berry & Sims PLC

APPENDIX B

Demographic and General Financial Information for the Issuer

[This page is intentionally left blank]

DEMOGRAPHIC AND GENERAL FINANCIAL INFORMATION OF THE CITY

GENERAL INFORMATION

The Issuer

The City of La Vergne (the “City”) is located in north central Tennessee 15 miles southeast of Nashville, Tennessee. It is in the northwestern corner of Rutherford County (the “County”) and approximately 10 miles from Murfreesboro, the county seat. This Municipality was incorporated in 1972 and is comprised of 25 square miles including 22 miles of shoreline along Percy Priest Lake in its boundaries. The Municipality is governed by a Board of Mayor and Aldermen elected to serve four-year terms with operating responsibilities delegated to the City Administrator.

Interstate 24, U.S. Highways 41 and 70, and rail transportation via CSX pass through the City. Additionally, Interstates 65 and 40 and State Route 840 are all within 15 miles of the city limit, Smyrna Airport is within 5 miles of the city limit, and Nashville International Airport is within 10 miles of the city limit. Given its transportation options, La Vergne is strategically situated within a one-day’s drive to 75% of the nation’s major markets.

DEMOGRAPHIC DATA

Population

According to the 2019 Census estimates, La Vergne has a population of 35,716. This is a 9% increase from 2010 and an 89% increase from 2000

	<u>La Vergne</u>	<u>Rutherford County</u>	<u>Tennessee</u>
1990 U.S. Census	7,879	119,847	4,890,626
2000 U.S. Census	18,946	183,596	5,703,719
2010 U.S. Census	32,715	263,708	6,355,518
2011 U.S. Census Estimate	33,344	269,160	6,400,298
2012 U.S. Census Estimate	33,811	274,397	6,455,752
2013 U.S. Census Estimate	34,237	281,148	6,496,943
2014 U.S. Census Estimate	34,412	288,848	6,544,617
2015 U.S. Census Estimate	34,890	298,197	6,595,354
2016 U.S. Census Estimate	35,162	307,415	6,651,277
2017 U.S. Census Estimate	35,576	316,531	6,714,748
2018 U.S. Census Estimate	35,703	324,647	6,778,180
2019 U.S. Census Estimate	35,716	332,285	6,830,325

Income and Housing

The Municipality is an important part of Rutherford County. In 2019, Rutherford County had a per capita personal income of \$42,712, which was 87.7% of the State average of \$48,676.

	Rutherford County	Tennessee	% of State
2010 Per Capita Personal Income	\$31,265	\$35,652	87.7%
2011 Per Capita Personal Income	\$32,746	\$37,610	87.1%
2012 Per Capita Personal Income	\$34,809	\$39,285	88.6%
2013 Per Capita Personal Income	\$35,245	\$39,406	89.4%
2014 Per Capita Personal Income	\$36,400	\$40,778	89.3%
2015 Per Capita Personal Income	\$37,899	\$42,599	89.0%
2016 Per Capita Personal Income	\$38,797	\$43,591	89.0%
2017 Per Capita Personal Income	\$39,812	\$45,193	88.1%
2018 Per Capita Personal Income	\$41,302	\$47,165	87.6%
2019 Per Capita Personal Income	\$42,712	\$48,676	87.7%

Source: Bureau of Economic Analysis, CA 1-3 Personal Income Summary

In 2019, Rutherford County's median housing value of \$264,990 compared favorable to the State's median of \$226,000.

	County	Tennessee	% of State
2010 Median Housing Value	150,000	149,900	100.1%
2011 Median Housing Value	157,000	150,925	104.0%
2012 Median Housing Value	162,500	160,000	101.6%
2013 Median Housing Value	162,500	165,000	98.5%
2014 Median Housing Value	163,000	166,000	98.2%
2015 Median Housing Value	182,250	175,000	104.1%
2016 Median Housing Value	199,000	185,000	107.6%
2017 Median Housing Value	230,000	196,800	116.9%
2018 Median Housing Value	247,000	210,000	117.6%
2019 Median Housing Value	264,990	226,000	117.3%

COVID-19

The worldwide spread of COVID-19, a respiratory disease caused by a novel strain of coronavirus, has affected the State, including the City, and is considered a Public Health Emergency of International Concern by the World Health Organization. The spread of COVID-19 has led to quarantine and other “social-distancing” measures in affected regions, including the State and the City, undertaken, from time to time, by government agencies, businesses, schools and other entities. The State’s Governor declared a state of emergency in March 2020 and issued State-wide stay-at-home orders for much of the State, including the Issuer, at various points for all but essential businesses. Although the stay-at-home orders for the City have been lifted, additional social-distancing measures may be instituted by the State and County, if necessary, to mitigate the spread of COVID-19. Further, individuals may choose on their own to modify their behavior in order to mitigate the spread of COVID-19. As such, the disease has affected travel and commercial markets within the State and may continue to do so in the future. As of July 19, 2021, there were approximately 240 confirmed active cases of COVID-19 in the County and 451 deaths.

Multiple vaccines for the virus that causes COVID-19 were developed in late 2020. To date, three vaccines have been approved for distribution in the United States with each of these vaccines having an efficacy rate exceeding 65%. Multiple variants of the virus that causes COVID-19 have been documented in the United States and globally, but studies so far suggest that antibodies generated through vaccination with approved vaccines recognize these variants to varying extents. COVID-19 vaccines are currently available to all residents within the State, including the City, who are age 12 and older.

Given the evolving nature of the spread of the disease and the behavior of governments, businesses, and individuals in response thereto, the Issuer is unable to predict (i) the extent or duration of the COVID-19 outbreak or other epidemic or pandemic, (ii) the extent or duration of existing or future quarantines, business or school closures, travel restrictions and other measures relating to COVID-19 or other epidemic or pandemic, (iii) whether and to what extent the COVID-19 outbreak or other epidemic or pandemic may adversely affect the operations of the Issuer, (iv) the impact of COVID-19 on the financial condition of the City or (v) the impact of, or the timing of distribution of, the COVID-19 vaccines.

From an operations perspective, the City is working proactively to preserve effective staffing for all essential City operations, including but not limited to water and sewer system operations, and is following guidance produced by the Centers for Disease Control and Prevention for businesses and employers. From a financial perspective, there was no material change in property tax collections in Fiscal Year 2020 as a result of the pandemic, as most property taxes for the applicable tax year were due prior to March 2020. Likewise, the Issuer did not see any material change in property tax collections in Fiscal Year 2021 as a result of the pandemic. There can be no assurance that future property tax collections will not be impacted.

Though no assurances can be made, the City expects its current liquidity position to be adequate to fund essential services and to make timely payments on its debt service when due. In connection with the COVID-19, the City has received \$820,470 in local support grant funds from the State and \$37,285 from the Cares Act Provider Relief Fund. Also, though no assurances can be made, the City expects to receive \$405,763 from the Local Government Coronavirus Relief Fund. Any amounts to be received as part of the federal American Rescue Plan Act of 2021 are currently unknown. The City expects to apply such aid to various operating and capital expenditures within the City.

ECONOMIC DATA

Economic Base

The primary focus of the Municipality's economic activity is the largest industrial park in Tennessee which includes both heavy manufacturing and large distribution facilities. La Vergne is strategically situated within a one-day's drive to 75% of the nation's major markets aided by Interstate 24 and U.S. Highways 41 and 70 passing through the City as well as Interstates 65 and 40 and State Route 840 being within 15 miles of the city limit. This strategic transportation access has been a major reason for the large number of warehouses in the Municipality's industrial area. With the advent of on-demand-delivery in all aspects of business and industry, La Vergne is positioned to have continued industrial, distribution, publishing, and commercial growth for the foreseeable future.

Employer	Employees in 2020	Product / Service
Ingram Distribution Group	1,500	Distributor of Physical and Digital Content
Bridgestone/Firestone	1,010	Tire Manufacturer
Venture Express	500	Truckload Carrier
Saks	454	Saks Fifth Avenue Distribution Center
Schneider Electric	426	Electrical Distribution and Control Products
Cardinal Health	300	Health Care Services
Parthenon Metal Works	250	Steel Tubing Solutions
Ajax Turner	250	Beverage Distribution
Quality Industries	240	Precision Metal Fabrication
SVP Worldwide	240	Manufacturer and Distributor of Sewing Machines
	<u>5,170</u>

Local Economy

The strength of Rutherford County's economy can be attributed to its diversity of manufacturing, retail establishments, warehouse facilities, higher education institutions, medical services and corporate call centers. The County's strong economy in turn attracts a growing population. Rutherford County has been recognized as one of the fastest growing counties in America. The citizenry has grown to 339,261 per the 2020 Census which is 29% above the 2010 Census and 85% above the 2000 Census.

The County's largest manufacturing employers include Nissan USA, Ingram Content Group, Asurion, Bridgestone, Johnson Controls, Schneider Electric, and General Mills. While manufacturing is one of the County's strongest economic segments, distribution, transportation, and other service-related industries are also large contributors to the strength of the economy. Tennessee's second largest state university with an enrollment of approximately 22,000, a regional veteran's facility with 347 hospital beds and 245 long-term care beds, the south central regional office for State Farm Insurance, a call center for Verizon Wireless, a call center for the Veteran's Administration, and numerous other companies are all located in Rutherford County. The County also benefits from being within a day's drive of 75 percent of the nation's markets and only minutes from three major interstates.

Nissan, with over 8,000 employees from throughout the region, is a major employer in the County. The Nissan Vehicle Assembly Plant in Smyrna was opened in 1983. Nissan has reportedly invested over \$6.4 billion in manufacturing facilities. The Smyrna plant is located on over 884 acres and the facility covers over 5.9 million square feet. The plant capacity is over 640,000 vehicles per year. Currently, the plant

produces the Nissan Altima, Nissan Maxima, Nissan Pathfinder, Nissan Leaf, the Infiniti QX60 and the Nissan Rogue. Nissan did furlough employees on March 20, 2020. They began a staggered reopening on June 1, 2020 and they are reportedly back to full production.

The economic base in the County continues to grow. Mahle, North America recently announced an investment of \$34 million and the addition of 345 new jobs at a facility in Rutherford County. Mahle provides products to Nissan, Volkswagen and General Motors, which all have automotive assembly plants in Tennessee. Amazon has recently announced an expansion in the LaVergne area of Rutherford County. They will be adding over 100 jobs in a “last mile” facility in the County. Additionally, Stevens Aerospace has announced that they are relocating to the Smyrna Airport in Rutherford County. Stevens Aerospace and Defense Systems provides MRO (maintenance, repair, and overhaul) services on a wide range of aircraft produced by manufacturers such as Textron, Bombardier, Gulfstream, Pilatus, Dassault, and Embraer. This move is expected to create 80 new jobs in the County. The ICEE Company, a subsidiary of J&J Snack Foods, previously announced that they will be relocating their corporate headquarters to LaVergne. ICEE is reported to be a leader and innovator in the frozen beverage industry. The relocation is expected to add approximately 200 jobs in Rutherford County.

Labor Force, Employment and Unemployment Data

The County’s labor market area is within the Nashville-Davidson-Murfreesboro-Franklin metropolitan statistical area. This area in middle Tennessee consists of fourteen counties. The estimated size of the total labor force for this area in May 2021 was 1,092,115.

The labor force within Rutherford County has increased to 187,664 as of May 2021, a 31% increase from 2011.

Year	Employment	Unemployment	Total Labor Force	Unemployment Percent		
				County	State	U.S.
2011	132,075	11,641	143,716	8.1%	9.1%	8.9%
2012	135,362	9,565	144,927	6.6%	8.0%	8.1%
2013	138,392	9,147	147,539	6.2%	7.7%	7.4%
2014	142,024	7,949	149,973	5.3%	6.6%	6.2%
2015	148,912	7,017	155,929	4.5%	5.6%	5.3%
2016	157,683	6,058	163,741	3.7%	4.8%	4.9%
2017	166,272	4,966	171,238	2.9%	3.7%	4.4%

Public Education

The Rutherford County School System funds and operates all the schools in La Vergne, including three elementary schools, one middle school, and one high school.

Higher Education

Rutherford County and surrounding area offers a variety of four-year, two-year and one-year programs within easy reach. Within Rutherford County are Middle Tennessee State University and Tennessee College of Applied Technology. Within a short drive are Belmont University, David Lipscomb University, Fisk

University, Motlow State Community College, Tennessee State University, Trevecca Nazarene University, and Vanderbilt University.

Medical Services

Saint Thomas Rutherford Hospital, affiliated with the Saint Thomas Health system, is a private, not-for-profit hospital located in Murfreesboro, Tennessee. With 286 beds and 320 affiliated physicians, it is the largest, most comprehensive hospital in the corridor bridging Nashville and Chattanooga.

TriStar StoneCrest Medical Center, affiliated with the TriStar Health system, is located in Smyrna, Tennessee. It is equipped with 109 beds and approximately 500 affiliated physicians including more than 45 specialties. It includes an accredited chest pain center, award winning cancer program, certificate of distinction for primary stroke centers and recognition by The Joint Commission as one of the nation's top performers on key quality measures. It also offers a full array of acute care services, including emergency care, general surgery, cardiology, obstetrics, intensive care, and diagnostic services.

The Alvin C. York Campus of the Tennessee Valley Healthcare System (TVHS) is a regional veteran's facility in Murfreesboro with 510 hospital beds and 166 nursing home beds. TVHS is affiliated with Meharry Medical College and Vanderbilt University School of Medicine.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the “*General Assembly*”) exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as provided under Tennessee law.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four sub classifications and assessed at the rates as follows:

- (a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;
- (b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;
- (c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and
- (d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and equipment. Tangible Personal Property is required constitutionally to be classified into three sub classifications and assessed at the rates as follows:

- (a) Public Utility Property, to be assessed at 55% of its value;
- (b) Industrial and Commercial Property, to be assessed at 30% of its value; and
- (c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into sub classifications and to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

County Taxation of Property

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county based upon tax rates to be established on the first Monday of July of each year or as soon thereafter as practicable.

All property is required to be taxed according to its values upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties, which levy and collect taxes to pay off any bonded indebtedness, are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

Assessment of Property

County Assessments; County Board of Equalization. The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction.

The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

The county board of equalization is required (among other things) to carefully examine, compare and equalize the county assessments; assure that all taxable properties are included on the assessments lists and that exempt properties are eliminated from the assessment lists; hear and act upon taxpayer complaints; and correct errors and assure conformity to State law and regulations.

State Assessments of Public Utility Property; State Board of Equalization. The State Comptroller of the Treasury is authorized and directed under Tennessee law to assess for taxation, for State, county and municipal purposes, all public utility properties of every description, tangible and intangible, within the State. Such assessment is required to be made annually as of the same day as other properties are assessed by law (as described above) and takes into account such factors as are prescribed by Tennessee law.

On or before the first Monday in August of each year, the assessments are required to be completed and the State Comptroller of the Treasury is required to send a notice of assessment to each company assessable

under Tennessee law. Within ten days after the first Monday in August of each year, any owner or user of property so assessed may file an exception to such assessment together with supporting evidence to the State Comptroller of the Treasury, who may change or affirm the valuation. On or before the first Monday in September of each year, the State Comptroller of the Treasury is required to file with the State Board of Equalization assessments so made. The State Board of Equalization is required to examine such assessments and is authorized to increase or diminish the valuation placed upon any property valued by the State Comptroller of the Treasury.

The State Board of Equalization has jurisdiction over the valuation, classification and assessment of all properties in the State. The State Board of Equalization is authorized to create an assessment appeals commission to hear and act upon taxpayer complaints. The action of the State Board of Equalization is final and conclusive as to all matters passed upon by the Board, subject to judicial review consisting of a new hearing in chancery court.

Periodic Reappraisal and Equalization

Tennessee law requires reappraisal in each county by a continuous six-year cycle comprised of an on-site review of each parcel of real property over a five-year period, or, upon approval of the State Board of Equalization, by a continuous four-year cycle comprised of an on-site review of each parcel of real property over a three-year period, followed by revaluation of all such property in the year following completion of the review period. Alternatively, if approved by the assessor and adopted by a majority vote of the county legislative body, the reappraisal program may be completed by a continuous five-year cycle comprised of an on-site review of each parcel of real property over a four-year period followed by revaluation of all such property in the year following completion of the review period.

After a reappraisal program has been completed and approved by the Director of Property Assessments, the value so determined must be used as the basis of assessments and taxation for property that has been reappraised. The State Board of Equalization is responsible to determine whether or not property within each county of the State has been valued and assessed in accordance with the Constitution and laws of the State of Tennessee.

Valuation for Property Tax Purposes

County Valuation of Property. The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State board of equalization. Such assessment manuals are required to take into account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment.

State Valuation of Public Utility Property. The State Comptroller of the Treasury determines the value of public utility property based upon the appraisal of the property as a whole without geographical or functional division of the whole (*i.e.*, the unit rule of appraisal) and on other factors provided by Tennessee law. In applying the unit rule of appraisal, the State Comptroller of the Treasury is required to determine the State's share of the unit or system value based upon factors that relate to the portion of the system relating to the State of Tennessee.

Certified Tax Rate

Upon a general reappraisal of property as determined by the State Board of Equalization, the county assessor of property is required to (1) certify to the governing bodies of the county and each municipality within the county the total assessed value of taxable property within the jurisdiction of each governing body and (2) furnish to each governing body an estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll and the assessed value of deletions from the previous assessment roll. Exclusive of such new construction, improvements and deletions, each governing body is required to determine and certify a tax rate (herein referred to as the “*Certified Tax Rate*”) which will provide the same *ad valorem* revenue for that jurisdiction as was levied during the previous year. The governing body of a county or municipality may adjust the Certified Tax Rate to reflect extraordinary assessment changes or to recapture excessive adjustments.

Tennessee law provides that no tax rate in excess of the Certified Tax Rate may be levied by the governing body of any county or of any municipality until a resolution or ordinance has been adopted by the governing body after publication of a notice of the governing body’s intent to exceed the Certified Tax Rate in a newspaper of general circulation and the holding of a public hearing.

The Tennessee Local Government Public Obligations Act of 1986 provides that a tax sufficient to pay when due the principal of and interest on general obligation bonds (such as the Bonds) shall be levied annually and assessed, collected and paid, in like manner with the other taxes of the local government as described above and shall be in addition to all other taxes authorized or limited by law. Bonds issued pursuant to the Local Government Public Obligations Act of 1986 may be issued without regard to any limit on indebtedness provided by law.

Tax Collection and Tax Lien

Property taxes are payable the first Monday in October of each year. The county trustee of each county acts as the collector of all county property taxes and of all municipal property taxes when the municipality does not collect its own taxes.

The taxes assessed by the State of Tennessee, a county, a municipality, a taxing district or other local governmental entity, upon any property of whatever kind, and all penalties, interest and costs accruing thereon become and remain a first lien on such property from January 1 of the year for which such taxes are assessed. In addition, property taxes are a personal debt of the property owner as of January and, when delinquent, may be collected by suit as any other personal debt. Tennessee law prescribes the procedures to be followed to foreclose tax liens and to pursue legal proceedings against property owners whose property taxes are delinquent.

ACCOUNTING AND FINANCIAL REPORTING FOR POST-EMPLOYMENT BENEFITS

The Municipality is presently required to implement Governmental Accounting Standards Board (“GASB”) Statement 43 and GASB Statement 45, which require disclosure of the nature and size of the County’s long-term financial obligations and commitments relative to Other Post-employment Benefits. The Municipality currently does not provide any post-employment health care, dental care, or life insurance benefits to employees post-employment. The benefits of post-employment obligations will be reviewed by the Municipality in the future allowing for any improvements or changes to the present plan.

October 26, 2020

To the Honorable Mayor, Members of the Board, and Citizens of the City of La Vergne:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, I hereby issue the comprehensive annual financial report of the City of La Vergne for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the City of La Vergne. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of La Vergne has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of La Vergne's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of La Vergne's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, I assert that, to the best of my knowledge and belief, this financial report is complete and reliable in all material respects.

The City of La Vergne's financial statements have been audited by Yeary, Howell & Associates, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of La Vergne for the fiscal year ended June 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of La Vergne's financial statements for the fiscal year ended June 30, 2020 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of La Vergne's MD&A can be found beginning on page 3, immediately following the report of the independent auditors.

Profile of the Government

The City of La Vergne is in Rutherford County, borders Metro-Davidson County, and is centrally located in Middle Tennessee. This places La Vergne strategically within a day's drive from approximately 70% of the population of the United States. With the advent of on-demand-delivery in all aspects of business and industry, La Vergne is positioned to have continued industrial, distribution, publishing, and commercial growth for the foreseeable future.

La Vergne was first incorporated February 28, 1861, but the incorporation was rescinded in 1881, because – since the Civil War – no city officials had been elected and there weren't enough adults to let the town organize a Board of Mayor and Aldermen and town constitution. The City of La Vergne, re-incorporated in 1972, is a general law charter municipality. City government is conducted under the mayor-alderman system. The Board of Mayor and Aldermen is comprised of five (5) members. The mayor serves a four-year term and is elected at large. The aldermen are elected for staggered four-year terms. They are also elected at large.

The City of La Vergne provides a full range of services, including police protection; fire protection, improved highways and streets, planning and zoning, health and social services, culture, parks and recreational activities; public library, and general administrative services. In addition to general governmental activities, the City manages its own water and sewer services, including a water treatment plant.

The Mayor/Alderman reviews the budget requests of the areas with department heads and city administrator annually. The final budget is presented to the Mayor/Alderman meeting for their final approval. Two readings are required.

The City of La Vergne maintains budgetary control designed to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Activities of the general fund, special revenue funds, and capital project funds are included in the annual appropriated budget.

Budget-to-actual comparisons are also provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund this comparison is presented on pages 20-25. As part of the supplementary information the highway and capital projects streets fund comparison is presented on page 51. For governmental funds which are not considered major funds,

the appropriated annual budget comparisons are presented in the combined individual fund subsection of this report, which starts on page 45.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of La Vergne operates.

Local Economy. La Vergne is one of the fastest growing communities in the state as well as the country. From 2010-2020, the City grew from 32,588 to approximately 40,595 (per Chamber of Commerce) which is an increase of 24%. During the same period, the total number of households within La Vergne climbed to 13,322 from 10,946 in 2010. La Vergne's median income, which topped out at \$71,468, is the highest in Rutherford County and well over the Tennessee state average of \$56,060. City residents enjoy a 9.1% lower cost of living than the U.S. average according to ACCRA Col Index.

The City of La Vergne is home to the largest industrial complex statewide with national and international companies such as Bridgestone, Ingram Book, Venture Express, Cardinal Health, Ajax Turner, UPS, Saks Fifth Avenue, and Schneider Electric among many others doing business within the city. ICEE Corporation has recently moved its headquarters from Ontario, California into the City of La Vergne and Amazon has announced a new Delivery Station to open before year end 2020.

Many factors contribute to the success of local industry. More than half of the US population is within 650 miles of the city and La Vergne's proximity to many major interstates makes the city very attractive as a national manufacturing and distribution hub. Interstate 24, with its 151,000 vehicles daily, runs directly through the city. Additionally, the I-40, I-65 and I-840 interstates are within 15 minutes. La Vergne has a low unemployment rate even with today's Coronavirus statistics. Rates fluctuate daily and it would not be a good representative of La Vergne's rate to substantiate with a number at this time. The city's labor shed draws from up to 10 surrounding counties.

The numerous employment opportunities combined with a low city property tax rate (\$.71 per \$100 of assessed value); have caused La Vergne to experience -migration at over twice the national average. Residents have easy access to Percy Priest Lake and are just a few miles from pro football, pro hockey, Nashville International Airport, and two miles from the Smyrna Airport.

Rutherford County ranked 6th among the 95 counties throughout Tennessee in retail revenue behind only Nashville (Davidson), Memphis (Shelby), Franklin (Williamson) Chattanooga (Hamilton) and Knoxville (Knox). La Vergne leaders are prioritizing this commercial and retail growth as a means to sustain the city's growth into the future. La Vergne's Board of Mayor and aldermen recently voted unanimously to incorporate its

own city Industrial Development Board to partner and potentially incentivize quality retailers and developers looking to business within the city.

In addition, three elementary, one junior high and one high school provide quality education for all students. A number of local colleges and universities are located within 20 miles of La Vergne, including Middle Tennessee State University, Tennessee State University, Vanderbilt University, Belmont University, and David Lipscomb University. The local economy has consistently been healthier than the national economy. The City is committed to building a future in which economic growth and prosperity is balanced with a high quality of life for all of its citizens.

Long-Term Financial Planning. The City has numerous capital projects currently awarded, under construction or just completed. Parks Capital Projects include: Recently awarded a grant for a Bark Park and Ball field upgrades. Water and Sewer Capital Projects include: water and sewer line upgrades and extensions, storage tank upgrades, and electronic meter leak detection and swap out program. Recently awarded was a Safe Room Grant and CMAC grant for sidewalks and cross walks through the City's main thoroughfare.

Relevant Financial Policies

The city's strives to maintain a year end general fund balance of approximately 25 to 30 percent of operating expenditures. The 2019-20 year end general fund ending balance was approximately 95% of operating expenditures.

The City has adopted an internal control policy, a debt policy, a fund balance policy and policies and procedures for the administration of federally tax exempt debt obligations. This change was made by the Council as an effort to protect city assets and be in compliance with state and federal regulations.

Major Initiatives

The City of La Vergne has many projects underway in the water/sewer system area. Replacement of small diameter lines with larger diameter lines is an ongoing focus for the city. The city received a 97% sanitation rating on its last survey from the State of Tennessee Department of Environment and Conservation Division of Water Supply, which was done in 2019. This rating was up from the rating eight years ago at 75%. Several of our sewer pump stations have also been upgraded with newer pumps in an effort to provide the utmost in sewer related services. Funds for these improvements will come from excess water/sewer fund balance and bond issues.

The cities property tax rate was \$.71 per \$100 assessed value in 2019. A county wide reappraisal was done in late 2017.

Improving safety for the citizens of La Vergne is also a focus for the city. The City has added new police officers and equipment for several years in a row. A new police substation was opened in the Lake Forrest residential area a few of years ago and is being utilized for the safety of citizens of La Vergne. Also, a new backup police dispatch center is now operating at an offsite facility. The city of La Vergne has also aligned itself with Rutherford County Emergency Services for disaster related events. Several cities in and around Rutherford County are currently being trained on handling disaster events. This training was instrumental during the floods in May 2010. The City has also added a Fire Administration Building, several new Firefighters (most of our Firefighters now have EMT certifications) and new Fire Equipment to assist in the growth of La Vergne.

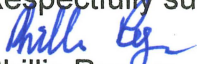

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of La Vergne for its comprehensive annual financial report for the fiscal year ended June 30, 2020. [This was the twenty fifth consecutive year that the government has received this prestigious award.] In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance department. I would also like to express my appreciation to all other department heads that assisted and contributed to the preparation of this report. Credit must also be given to the Board of Mayor and Aldermen for their unfailing support for maintaining the highest standards of professionalism in the management of the City of La Vergne's finances. The firm of Yeary, Howell & Associates was most helpful in reviewing the interpretations of financial presentation and disclosure requirements.

Respectfully submitted,

Phillis Rogers

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen
City of La Vergne, Tennessee
La Vergne, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business - type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of La Vergne, Tennessee (the City), as of and for the year ended June 30, 2020, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control, relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of La Vergne, Tennessee as of June 30, 2020, and the respective changes in financial position and where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pages 3 through 13, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Mayor and Board of Aldermen
City of La Vergne
La Vergne, Tennessee

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of LaVergne's basic financial statements. The introductory section, combining and individual nonmajor fund statements and schedules, statistical section and management's corrective action plan are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section, statistical section and management's corrective action plan have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 15, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of LaVergne's internal control over financial reporting and compliance.

A handwritten signature in black ink, appearing to read "Yeany H. H. Associates", written over a horizontal line.

CITY OF LA VERGNE, TENNESSEE

Management's Discussion and Analysis

As management of the City of La Vergne, Tennessee (the City) we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2020. Comparative information for fiscal year 2019 and 2020 is presented in this discussion and analysis. The analysis focuses on significant financial position, budget changes and variances from the budget, and specific issues related to funds and the economic factors affecting the City.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes. Please consider the information presented here in conjunction with our Letter of Transmittal (Page i-v).

Financial Highlights:

The assets and deferred outflows of resources of the City of La Vergne exceeded its liabilities and deferred inflow of resources at the close of the most recent fiscal year by \$157,298,527 of this amount; \$46,659,599 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.

The governments total net position increased by \$11,729,173.

As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$34,403,243 an increase of \$2,345,318 resulting from the current year operation. Approximately \$11,007,226 of that total is not available for spending at the government's discretion (non-spendable, restricted, and assigned.).

At the end of the current fiscal year, unassigned fund balance (spendable at the government's discretion) of the General Fund was \$23,396,017 or 95.0% of the total general fund expenditures.

The City's total debt (bonds, capital lease, capital outlay note, and other obligations including premiums) decreased by \$3,097,550 (11%) during the current fiscal year.

Overview of the Financial Statements:

This discussion and analysis is intended to serve as an introduction to the City of La Vergne's basic financial statements. The City's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets, liabilities, deferred inflow and outflows of resources with the difference between the two reported as net

position. Over time, increases or decreases in net positions may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net positions changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected tax and earned but unused vacation leave),

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of La Vergne include general government, police, fire, highway and streets, stormwater, health and welfare, recreation and library. The business-type activities of the City include water and sewer service operations. The governmental-type and business-type activities are allocated their respective portion of the self-insured medical insurance internal service fund.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund financial statements. A Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated from specific activities or objectives. The City of La Vergne, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. Governmental Funds are funds used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and highway and streets capital projects fund which are considered to be major funds. Data from the other six governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 43-44 in this report.

The City of La Vergne adopts an annual appropriated budget for all its governmental funds. Budgetary comparison statements have been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16-19 of this report.

Proprietary Funds. The City of La Vergne maintains two types of proprietary funds. It uses an enterprise fund to report the same functions presented in the business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its water and sewer operations.

It uses an internal service fund to account for the activities in its self-insured medical insurance fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 26-28 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-42 of this report.

Required budgetary information. The required budgetary information provides budget comparison information for the special revenue funds. Non-major governmental fund budgetary schedules can be found on pages 45-51 of this report.

Financial Analysis of the Financial Statements

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of La Vergne, assets exceeded liabilities and deferred inflow of resources by \$157,298,527 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (63.3%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure) plus bond proceeds on hand for restricted assets less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of La Vergne's Net Position

	Governmental Activities		Business Activities		Total	
	June 30 2019	June 30 2020	June 30 2019	June 30 2020	June 30 2019	June 30 2020
	(000 omitted)		(000 omitted)		(000 omitted)

Net Position						
Net investment in capital assets	53,646	58,989	38,166	40,650	91,812	99,639
Restricted	10,064	11,000	0	0	10,064	11,000
Unrestricted	22,775	23,625	20,918	23,034	43,693	46,659
Total Net Position	\$86,485	\$93,614	\$59,084	\$63,684	\$145,569	\$157,298

A portion of the City's net position (6.9%) represents resources that are subject to external restrictions on how they may be used. The balance of unrestricted net position (\$46,659,599) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

Governmental Activities

The City of La Vergne's net position increased by \$11,729,173 during the current fiscal year. Net position increased \$7,129,332 in the Governmental Activities mainly due the Following:

\$2,043,758 increase in Sales Tax due to increase in retail sales and online sales

\$244,303 increase in State Shared sales tax due to increase in population and retail sales

\$292,176 increase in Business Tax due to new businesses

\$209,406 decrease in expense due to unfilled Codes Department positions wages and benefits

\$716,603 decrease in expense due to unfilled Police positions wages and benefits

\$249,188 decrease in expense due to unfilled Fire positions wages and benefits

\$151,118 decrease in exp due to unfilled Parks and Recreation positions wages and benefits

\$1,803,980 increase due donated roads

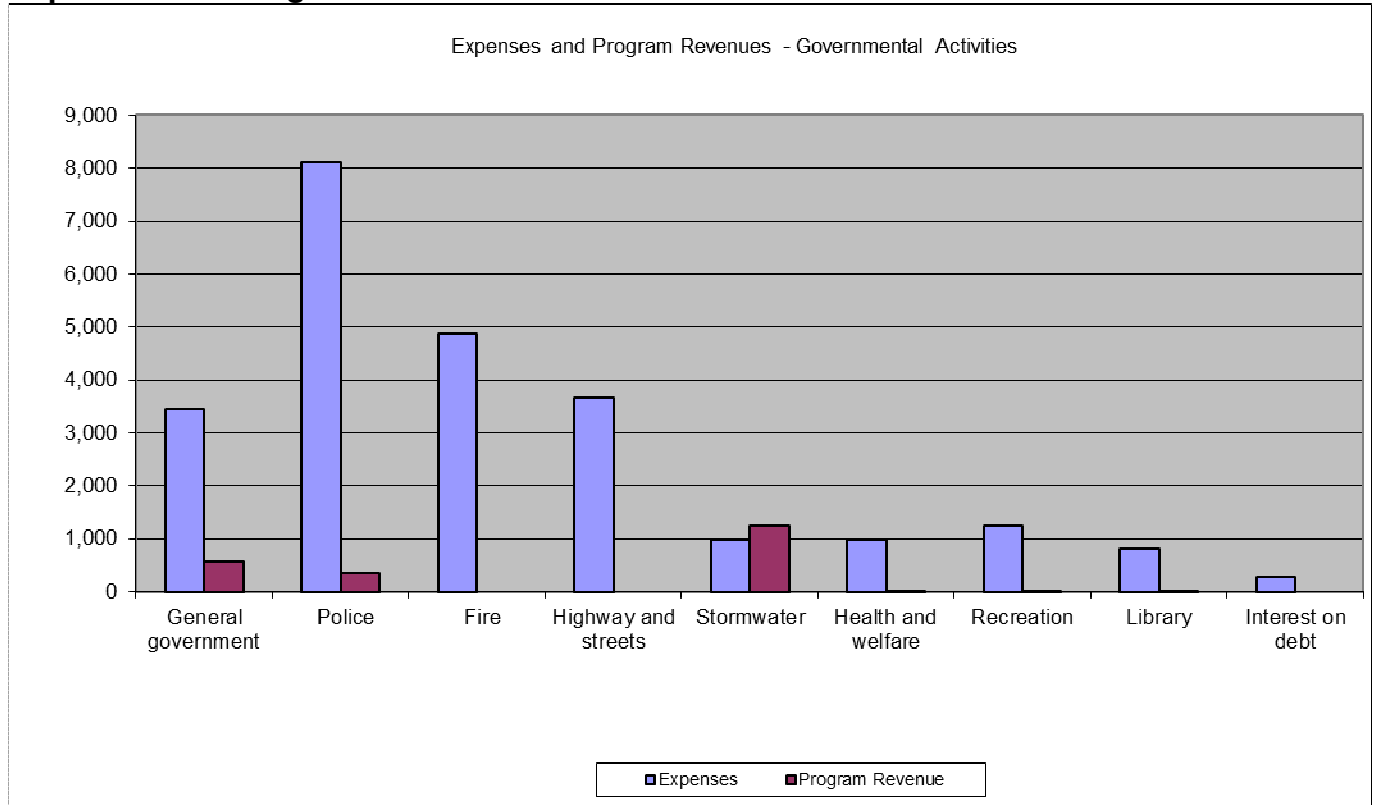

Other expenses remained about the same as when compared to prior year.

For the most part, increases in expenses closely paralleled inflation and growth in the demand for services.

Expenses and Program Revenues - Governmental Activities

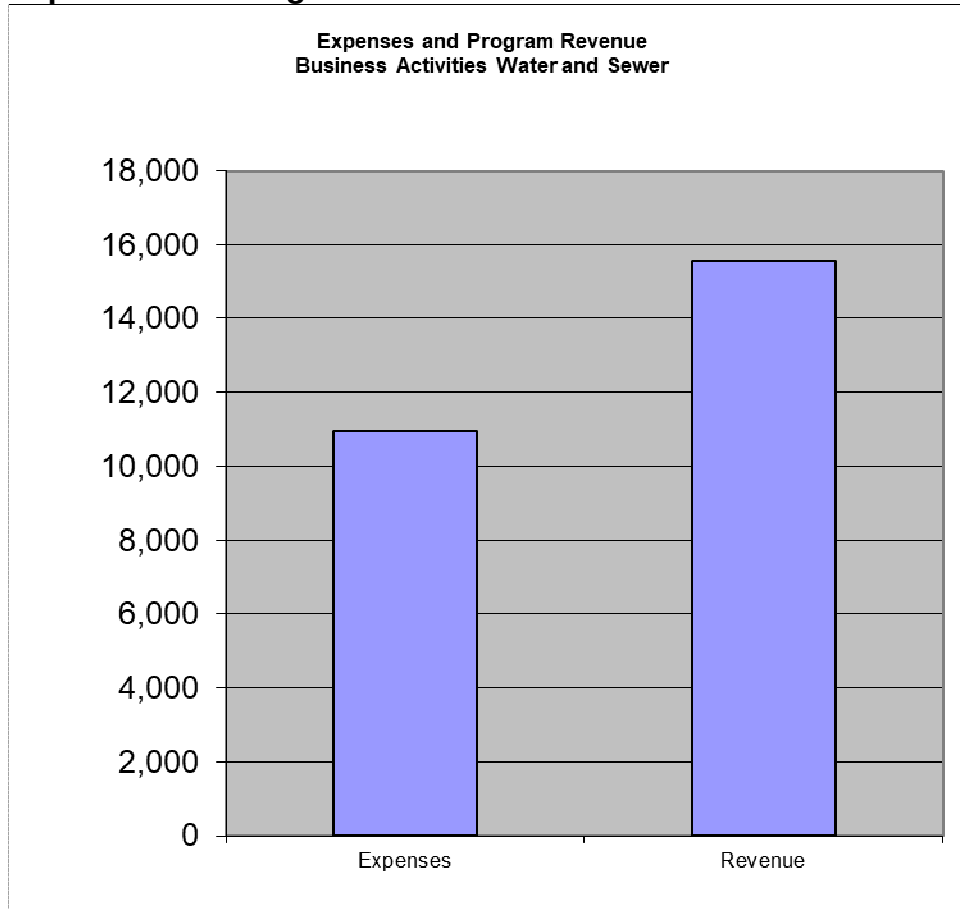

Revenues by Source - Governmental Activities

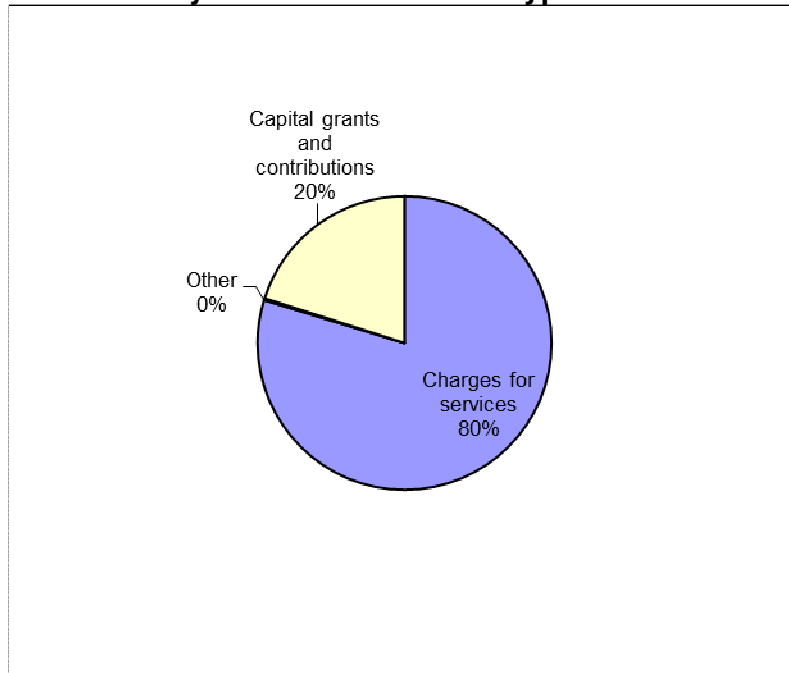

Business-type activities

Business-type activities increased the City's net position by \$4,599,841 accounting for 39.2% of the total increase in the government's net position. The key element of this increase is the result of previous years' rate increases. Expenses remained about the same over previous year.

Financial Analysis of the Financial Statements (Continued)

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of La Vergne's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements in particular, unassigned fund balance may serve as a useful measure to a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$34,403,243, an increase of \$2,345,318 in comparison with the prior year. Approximately 68% of this total amount (\$23,396,017) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance (\$11,007,226) is restricted to indicate that it is not available for new spending because it has been restricted, assigned or designated as non-spendable and has been committed to provide for spending for specific funds, prepaid items and amounts expended for supply inventories. The increase in fund balance is mainly due to increase in sales tax revenue \$2,043,758 increase in property tax \$306,431, increase in state shared revenue \$244,303, increase in business tax \$292,176, increase in permits \$140,781, reduced spending in Police due to unfilled positions \$716,603, reduced spending in Fire due to staffing changes \$249,188, unspent Stormwater capital and labor \$280,654, offset by land purchase of \$2,279,822.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$23,396,017, while total fund balance of general fund balance was \$23,421,420. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 95% of total general fund expenditures. Total fund balance represents 95.1% of total general fund expenditures.

The unassigned fund balance of the City's general fund, at year end, increased by \$2,056,243. The major reason for General Fund unassigned balance increase was primarily related to increase in local sales tax of approximately \$2,043,758.

Total fund balance of the highway and street capital projects fund increased by \$334,194. This increase is mainly due to the increases in road impact fees.

Total fund balance of all non-major special revenue funds increased by \$607,854 mainly due \$153,025 in increased Fuel taxes to State Street Aid, \$108,096 in forfeitures and seizures in the Drug Fund and \$280,654 for unspent labor and professional services in the Stormwater Fund.

The City's proprietary funds provide the same type of information found in the government-wide financial statement, but in more detail.

The Water and Sewer fund change in net position was an increase of \$4,599,841. This is due to monitoring expenses closely and significant rate increases that began in 2011.

Budgetary Highlights

Total general fund revenues for FY 2019-2020 were above final actual budgeted revenues by \$3,296,726 or 14.4%. Total actual expenditures for FY 2019-2020 were below final budgeted expenses by \$1,966,915 or 7.3%. Below are detail comparisons of original budget to final budget and final budget to actual results.

There were some notable increases from original budget to final actual revenues. The following revenue accounts make up the majority of the \$3,296,726 difference between final budget and actual revenues for 2019-2020:

Local Sales Tax	\$2,043,758 increase in local sales tax revenue
Property Tax	\$306,431 increase in property tax revenue
Business Tax	\$292,176 increase in business tax revenue
State Sales Tax	\$244,303 increase in state shared sales tax
License & Permits	\$140,781 increase in permits
Insurance Proceeds	\$105,945 increase in insurance proceeds

The difference between original budgeted revenues and final budgeted revenues was \$313,250 for 2019-2020. The following makes up the majority of the difference:

THDA Grant	\$300,000 increase to grant revenues
Christy Houston Grant	\$13,250 increase to grant revenues

There were \$3,527,188 increases/ (decreases) in General fund differences between the original budget for expenditures and the final amended budget. The following departments make up the majority of the increases and (decreases):

City Hall	\$2,279,822 increase due to purchases of 2 parcels of land
Police	\$498,950 inc. due to purchase of police communications equipment
Culture	\$300,000 increase due THDA grant expenses
Employee Benefits	\$256,667 increase due to rising health costs

There were (\$1,966,915) increases/(decreases) in General fund differences between the final budget amounts for expenditures and the actual amounts. The following departments make up the majority of the increases and (decreases):

Fire Dept	(\$249,188) staffing structure changes
Police Dept	(\$716,603) unfilled/open positions and benefits
Codes Dept	(\$209,406) unfilled/open positions and benefits
Park & Rec	(\$151,118) unfilled/open positions and benefits
Human Resources	(\$77,044) unspent professional services
City Hall	(\$104,754) reduced spending for utilities and insurance
Library	(\$95,788) unfilled/open positions and benefits
City Recorder	(\$67,869) unfilled/open positions and benefits
Information Tech	(65,815) unfilled/open positions and benefits

Most of the above increases and decreases will not affect future services and liquidity with the exception of rising health care costs. Health care costs continue to be an ongoing increasing expense. The city plans to tackle this with reevaluating vendors and adjusting benefits accordingly.

Capital Asset and Debt Administration

Capital Assets

The City of La Vergne's investment in capital assets net of depreciation from its governmental and business-type activities at June 30, 2020, amounts to \$120,739,722. The investments in capital assets are land, buildings, improvements, machinery and equipment, park facilities, roads, highways and bridges. The total increase in the City's net investment in capital assets for the current fiscal year was \$4,004,482 (7.4% increase for governmental activities and 2.6% increase for business-type activities).

Major capital asset events during the current fiscal year, before depreciation, are as follows:

- Approximately \$1,803,980 in donated Infrastructure (streets)
- Approximately \$586,280 in Construction in Process
- Approximately \$574,025 in Police Vehicles
- Approximately \$2,127,355 in Police, Fire and Parks Equipment
- Approximately \$4,346,267 in upgrades and additions to water and sewer system (\$2,377,105 donated)
- Approximately \$2,279,821 in Land
-

City of La Vergne's Capital Assets

Additional information on the City of La Vergne's capital assets can be found in the notes to the financial statements section. This information is provided in note 3) Capital Assets, beginning on page 35 of this report.

Long -Term Debt

City of La Vergne's Outstanding Debt

	Governmental Activities		Business-type Activities		Total

Capital Lease	746	407			746	407
Notes payable	0	0			0	0
Other obligation to state	0	0			0	0
Bond Premiums	136	102	340	270	476	372
Revenue and tax bonds	-	-	16,765	15,540	16,765	15,540
Total	<u>11,017</u>	<u>9,214</u>	<u>17,105</u>	<u>15,810</u>	<u>28,122</u>	<u>25,024</u>

At the end of the current year, the City of La Vergne has debt outstanding of \$25,024,146. The total debt of the City is secured by both the taxing power of the City and specific revenue sources (i.e., revenue and tax bonds excluding bond premiums) of the enterprise fund.

The City of La Vergne's total debt decreased by a net total of \$3,097,550 (11%) during FY 2019-2020. The total debt of the City is secured by both the taxing power of the City and specific revenue sources (i.e., revenue and tax bonds) of the enterprise fund.

The City of La Vergne maintains "AA" rating from Standard & Poors.

State statutes impose no debt limit on the amount of general obligation debt a governmental entity may issue.

Additional information on the City of La Vergne's debt can be found in the notes to the financial statements section. This information is provided in note 5) Long-term Debt and other Obligations Payable, beginning on page 37 of this report.

Economic Factors and Next Year's Budget and Rates

The unemployment rate for the City of La Vergne is currently 12.8%, compared to the State unemployment rate of 9.7% and the national rate of 11.2%. Unemployment rates are volatile at this time due to the Covid 19 virus and are not a good indicator of true unemployment rates for La Vergne

In the FY 2020-2021 budget, General fund revenues and transfers in are budgeted to decrease by 13.6% from the FY 2019-2020 original budget year. This decrease is primarily due decrease in capital purchases over prior year. The city property tax rate remains the same at \$.71 per \$100 in assessed value for fiscal year 2020-2021. The City's budget, as is with most City budgets, has been challenged by current economic conditions. Covid 19 expenses are basically being reimbursed thru various State and Federal Grants. The City intends to utilize these grants where possible to minimize any revenue downturn or expense increase. As of current sales tax revenues are holding steady and only slight reduction in fuel taxes are being seen at this time. The City will continue to monitor spending and use current resources as effectively and efficiently as possible to provide citizens safety and service that is deserved of them.

During the current fiscal year, unassigned fund balance in the general fund increased by \$2,056,243 (mainly due to increase in local and state sales tax along with non-recurring capital expenses) The ending total General fund balance increased to \$23,421,420 from previous year balance of \$22,018,150 after adjustment for the reserve for inventory. The fund balance for the General Fund is budgeted to remain unchanged or decrease slightly for fiscal year 2020-2021.

Requests for Information

This financial report is designed to provide a general overview of the City of La Vergne, Tennessee's finances for all those with an interest in the government's finances. **Reconciliation of Balance Sheet to Statement of Net Position
of Governmental Activities**

June 30, 2020

Amounts reported for fund balance - total governmental funds	\$34,403,243
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and , therefore, are not reported in the funds.	68,265,737
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds	
Property taxes receivable	297,674
Interest payable on long-term obligations are not due and payable in the current period and therefore, they are not reported in the governmental funds balance sheet.	(58,102)
Internal service fund is used by management to charge the costs of medical insurance to individual funds. The assets and liabilities of the internal service fund is included in governmental activities in the statement of net position.	
Cash	1,158,171
Accounts receivable	74,487
Accounts payable	(356,840)
Due to other funds	(321,596)
Gain and loss on bond refunding are amortized as a component of interest over the life of the bonds on the statement of net position.	30,134
Bond premiums and discounts are amortized as a component of interest over the life of the bonds on the statement of net position.	(101,518)
Long-term liabilities, including bonds payable are not due and payable in the current period and therefore are not recorded in the funds.	
Governmental bonds, notes, obligations and capital leases payable	(9,112,271)
Compensated absences payable	(664,643)
Net position of governmental activities	<u>\$93,614,476</u>

See accompanying notes to financial statements.

See accompanying notes to financial statements.

CITY OF LA VERGNE, TENNESSEE

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance
of Governmental Funds to the Statement of Activities**

For the Year Ended June 30, 2020

Amounts reported for net change in fund balance - total governmental funds \$2,343,316

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However,
in the statement of activities the cost of those assets is allocated over
their estimated useful lives and reported as depreciation expense.
in the current period:

Cost of assets acquired	4,795,770
Depreciation expense	(3,620,846)
Cost of capital assets disposed of in excess of accumulated depreciation	(17,904)

Revenues in the statement of activities that do not provide current
financial resources are not reported as revenues in the funds:

Property taxes	(18,772)
Contributed capital assets	1,803,980

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal of long-term
debt consumes the current financial resources of governmental funds.
Neither transaction, however, has any effect on net position. Also,
governmental funds report the effect of premiums, discounts, loss on
refundings and similar items when debt is first issued, whereas these
amounts are deferred and amortized in the statement of activities.

Debt repayment	1,768,458
Amortization of premiums, discounts and deferred amount on refundings	10,843

Interest is accrued on the outstanding bonds in the Statement of Activities,
whereas in the governmental funds, an interest expenditure is reported
when due:

Interest on bonded debt	16,672
-------------------------	--------

Expenses reported for governmental activities do not require the use of
current financial resources and are not reported as expenditures in the
governmental funds:

Inventory	2,002
Compensated absences	46,836

Internal service funds are used by management to charge the costs of
medical insurance to individual funds. The net revenue of certain
activities of internal service funds is reported with governmental
activities.

(1,023)

Change in net position of governmental activities

\$7,129,332

See accompanying notes to financial statements.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of La Vergne, Tennessee was incorporated on February 1, 1972, under the Uniform City Manager-Commission charter. On May 10, 1988, the City, in a referendum election, approved the Mayor-Aldermanic charter, referenced in Tennessee Code Annotated Section 6-1-101, that replaced the City Manager-Commission charter.

The City provides the following services as authorized by its charter: public safety, highways and streets, cultural and recreation, public improvements, planning and zoning, utilities (water and sewer) and general administrative services. The City also administers an insurance internal service fund for the benefit of its employees.

The financial statements of the City of La Vergne have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

Reporting Entity

In evaluating, how to define the government, for financial reporting purposes, management has considered all potential component units in accordance with the Governmental Accounting Standards Board Statement Number 14. The accompanying financial statements present the government and its component unit. Component units are entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations. Each discretely presented component unit is presented in a separate column in the government-wide financial statements to emphasize it is legally separate from the government. The following is a description of the discretely presented component unit.

The Industrial Development Board was created to undertake and discharge any and all purposes authorized under TCA Chapter 53 Title 7, including without limitations to maintain and increase employment opportunities, production of agricultural commodities and housing availability by promoting industry, trade, commerce, tourism, recreation, agriculture and housing construction. The Board consists of seven members who are appointed by the Mayor and the Board of Aldermen.

Separate financial statements are not issued for the component unit. The component unit is a single fund component unit.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. At June 30, 2020 the City had no fiduciary activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (i) charges to customers or applicants (including fines and fees) who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and (ii) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, and other items not properly included among program revenues are reported instead as general revenues.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, state shared revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period using the criteria specified in the paragraph above. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Highways and Streets Capital Projects Fund is used to account for the financial resources to be used for the acquisition or construction of major government capital assets, improvements or repairs related to the roads and related assets of the City.

The City reports the following major proprietary funds:

The Water & Sewer Fund accounts for the water and waste water services provided to customers of the system.

Additionally, the City reports the following fund types:

Internal service fund, to account for costs associated with the employees' health insurance plan.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's utilities and various other functions of the government for which elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, (Continued)

Amounts reported as program revenues include (i) charges to customers or applicants (including fines and fees) for goods, services, or privileges provided, (ii) operating grants and contributions, and (iii) capital grants and contributions. General revenues include all taxes and internally dedicated resources.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the various utility funds and medical benefit fund are charges to customers for sales and services. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash, Cash Equivalents and Investments

The City of La Vergne is authorized to invest in U.S. Treasury Bills bond or notes and certificates of deposit in local state and federal chartered banks and savings and loan associations as well as participate in the Local Government Investment Pool administered by the State of Tennessee. The pool contains investments in certificates of deposits, U.S. Treasury securities and Repurchase Agreements, backed by the U.S. Treasury Securities. The investment pool is administered by the Treasurer of the State of Tennessee. City of La Vergne policy, as required by state statutes, dictates that collateral meet certain requirements, such as, be deposited in an institution which participates in the State Collateral Pool or be deposited in an escrow account in another institution for the benefit of the City of La Vergne and must be a minimum of 105% of the value of the deposits placed in the institutions less the amount protected by federal deposit insurance. The state collateral pool is administered by the Treasurer of the State of Tennessee. Members of the pool may be required by agreement to pay an assessment to cover any deficiency. At June 30, 2020, all City cash deposits were in checking or pass book accounts at a local bank which participates in the State Collateral Pool.

Cash and cash equivalents consist of cash, savings accounts and short-term certificates of deposit with an original maturity of three months or less. Due to liquidity, the City considers the funds deposited in the local government investment pool as a cash equivalent for financial statement and cash flow purposes. The fair value of the position in the investment pool is the same as the value of the pool shares.

Inventory and Prepaid Items

Inventory of proprietary funds, principally materials, supplies and replacement parts, is valued using the first-in, first-out method (FIFO). Any inventories of governmental funds have been valued at cost also using the first-in, first-out method (FIFO). Inventory of governmental funds are accounted for on the purchase basis. On government-wide financial statements, inventories are expensed when used. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds.

All trade receivables and property tax receivables, are shown net of an allowance for uncollectibles. The property tax receivable allowance is equal to 30.5 percent of outstanding undeferred receivable.

Capital Assets

Capital assets, which include property, plant, equipment, permanent water storage rights and infrastructure assets consisting of certain improvements other than buildings, including roads, bridges, streets and sidewalks, and drainage systems are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. All capital assets are valued at historical cost or estimated historical cost, if actual historical cost is not available. Gifts or contributions of capital assets, including intangible assets, are recorded at acquisition value when received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation has been provided over estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Infrastructure (roads, bridges)	15-40 years
Buildings	25-50 years
Distribution systems	10-50 years
Equipment	3-10 years
Furniture and fixtures	3-10 years

Claims Payable

Medical insurance claims payable are classified as accounts payable and are recorded in accordance with GASB Statement Number 10.

Appropriations

Appropriations to other funds are accounted for as inter-fund transfers in the governmental fund statements, and are eliminated in the government-wide statements. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund. These are recorded as revenues in the fund being reimbursed and expenses in the fund reimbursing.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

City policy permits the accumulation within certain limitations, of vacation and sick leave. Vacation leave may accumulate to a maximum of 30 days. Sick leave accumulation is unlimited. No amounts of sick days are vested in the event of employee termination.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee terminations or retirements. Governmental funds compensated absences are generally liquidated by the General Fund.

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Bond and note premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line method. Loss or refunding is reported as deferred outflows of resources and amortized over the shorter period of the old or new debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued and premiums received on debt issuance are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as current period costs in the year of issuance in all financial statements.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City currently has one item which qualifies for reporting in this category. Deferred charges on refunding are reported in the government-wide financial statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its acquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The *unavailable revenue* reported in the governmental funds balance sheet represents amounts that are deferred and recognized as an inflow of resources in the periods that the amounts become available. The deferred inflows reported in the statement of net position consists primarily of assessed and unlevied property taxes and income taxes, and arises from imposed non-exchange revenues (property taxes) which are assessed prior to the end of the year but levied the subsequent year.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification

In the government-wide financial statements, equity is shown as net position and classified into three components:

Net investment in capital assets – Capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgage notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (2) law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the City’s practice to use restricted resources first and then unrestricted resources as they are needed.

Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Balance

In accordance with Governmental Accounting Standard Board (GASB) Statement 54, fund balance is reported in the fund financial statements under the following categories. *Nonspendable fund balance* represents amounts that are required to be maintained intact, such as inventories and prepaid items. *Restricted fund balance* is that portion of fund balance that can be spent only for the specific purposes stipulated by external resource or through enabling legislation. *Committed fund balance* includes amounts constrained to specific purposes as determined by formal action of the City using its highest level of decision-making authority, an ordinance by the City Board. Conversely, to rescind or modify a fund balance commitment, action by the City Board is also required. *Assigned fund balance* amounts are intended to be used by the City for specific purposes but do not meet the criteria to be restricted or committed. Intent may be stipulated by the Board, by resolution. Appropriations of fund balance to eliminate projected budgetary deficits in the subsequent year’s budget are presented as assignments of fund balance, if applicable. *Unassigned fund balance* is the residual classification of the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance, however in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

It is the City’s policy to first use the restricted fund balance when an expenditure is incurred for purposes for which both restricted and unrestricted funds are available. The City’s policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Property Tax

The City’s property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the City’s legal boundaries. Property taxes are secured by a statutory lien effective as of the original assessment date of January 1, and as such, an enforceable legal claim to the subsequent fiscal year levy exists at year end. Assessed values are established by the State of Tennessee at the following rates of assessed market value:

Industrial and Commercial Property

- Real	40%
- Personal	30%

Public Utility Property	55%
Farm and Residential Property	25%

Taxes were levied at a rate of \$.71 per \$100 and \$.71 per \$100 of assessed valuation for tax year 2019 and tax year 2020, respectively. Payments may be made during the period from October 1 through February 28. Current tax collections of \$8,157,728 for the fiscal year ended June 30, 2020 were approximately 98 percent of the tax levy. Delinquent taxes past due for fourteen months are turned over to the county clerk for collection.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property Tax (Continued)

The government-wide financial statements report property taxes receivable of \$8,529,052 which is net of an allowance for doubtful collections of \$177,000. Of this receivable amount, \$511,052 represents prior year property taxes, \$8,195,000 represents the estimated net realizable 2020 property taxes assessed but which will not be levied until the subsequent fiscal year, and which are included in deferred inflow of resources. The receivable reported in the governmental funds balance sheet is \$8,706,052 with an offsetting deferred inflow of resources for amounts not available at June 30, 2020. The amount included in other taxes receivable reported in the statements of \$219,453 is for beer, business, liquor, franchise and hotel-motel taxes. There were no tax abatements requiring disclosure under GASB 77.

2) DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's policy, as required by state statutes, requires deposits to be 105 percent secured by collateral, less the amount of Federal Deposit Insurance Corporation insurance (FDIC) or deposited in an institution which participates in the State Collateral Pool. Deposited funds may be invested in certificates of deposit in institutions with an established record of fiscal health and service. Collateral agreements must be approved prior to deposit of funds as provided by law. The City approves and designates a list of authorized depository institutions based on evaluation of solicited responses and certifications provided by financial institutions and recommendations of City staff. At June 30, 2020, there were no amounts exposed to custodial credit risk.

Investments

At June 30, 2020, the City had no investments.

3) CAPITAL ASSETS

Governmental Activities

Capital assets activity for the year ended June 30, 2020 was as follows:

Asset	Balance July 1, 2019	Increases	Decreases	Reclasses	Balance June 30, 2020
<u>Capital assets not being depreciated:</u>					
Land & right of way	\$ 5,786,733	2,279,821	-	-	8,066,554

Total capital assets	<u>88,042,668</u>	<u>3,252,559</u>	-	-	<u>91,295,267</u>
<u>Less accumulated depreciation:</u>					
Utility plant and buildings	30,545,505	1,908,162	-	-	32,453,667
Machinery and equipment	<u>6,066,660</u>	<u>300,955</u>	-	-	<u>6,367,615</u>
Total accumulated depreciation	<u>36,612,165</u>	<u>2,209,117</u>	-	-	<u>38,821,282</u>
Net capital assets	\$ <u>51,430,503</u>				<u>52,473,985</u>

Depreciation expense for 2020 amounted to \$2,209,117.

Current year additions included \$746,307 of donated water and sewer lines.

4) RECEIVABLES

A summary of receivables at June 30, 2020 is as follows:

	Major Governmental Fund	Nonmajor Funds	Water and Sewer Fund	Self Insured Medical Insurance Fund	Total
Property tax	\$ 8,706,052	-	-	-	8,706,052
Other taxes	219,453	-	-	-	219,453
Customer & other	11,104	-	-	-	11,104
Other governments	3,065,457	318,589	2,726,856	74,487	6,185,389
Less allowance	<u>(177,000)</u>	-	<u>(431,113)</u>	-	<u>(608,113)</u>
Total	\$ <u>11,825,066</u>	<u>318,589</u>	<u>2,295,743</u>	<u>74,487</u>	<u>14,513,885</u>

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

5) DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Deferred inflows of resources consist of amounts that are unavailable to liquidate liabilities of the current period. At June 30, 2020 the various components of deferred outflows and inflows of resources were as follows:

	Government-wide <u>Statements</u>
<u>Deferred outflows of resources</u>	
Deferred charge on refunding	\$ <u>102,854</u>
<u>Deferred inflows of resources</u>	
Property taxes- 2020 assessed and unlevied	\$ <u>8,195,000</u>

In the fund statements, deferred inflows of resources in the Proprietary Fund consists of deferred amounts on refunding. The deferred inflows of resources in the governmental funds of \$8,669,674 consist of unlevied property taxes of \$8,195,000 and delinquent property taxes of \$474,674.

6) LONG-TERM DEBT AND OTHER OBLIGATIONS PAYABLE

The government issues general obligation bonds, notes and enters into capital leases for the acquisition and construction of major capital facilities for general government purposes. These bonds, notes and capital leases are paid from the general fund and certain capital project funds with general government resources.

The government also issues bonds where the government pledges income derived from the acquired or constructed assets to pay debt service. These bonds related to the Water and Sewer Enterprise Fund. Should water and sewer revenues be insufficient to pay the debt service, the debt is payable from the taxing authority of the City.

The following is a summary of changes in long-term liabilities for the year ended June 30, 2020:

	<u>Balance</u> <u>July 1, 2019</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>June 30, 2020</u>	<u>Payable</u> <u>Within</u> <u>One Year</u>
<u>Governmental Activities:</u>					
General obligations bonds	\$10,135,000	-	1,430,000	8,705,000	1,435,000
Bond premiums	<u>135,713</u>	-	<u>34,195</u>	<u>101,518</u>	-
	<u>10,270,713</u>	-	<u>1,464,195</u>	<u>8,806,518</u>	<u>1,435,000</u>
Capital lease obligation	745,729	-	338,458	407,271	219,928
Compensated absences	<u>711,479</u>	<u>462,167</u>	<u>509,003</u>	<u>664,643</u>	<u>664,643</u>
Total	<u>\$11,727,921</u>	<u>462,167</u>	<u>2,311,656</u>	<u>9,878,432</u>	<u>2,319,571</u>
<u>Business-type Activities:</u>					
Revenue and tax bonds	\$16,765,000	-	1,225,000	15,540,000	1,220,000
Bond premiums	<u>340,254</u>	-	<u>69,897</u>	<u>270,357</u>	-
	<u>\$17,105,254</u>	-	<u>1,294,897</u>	<u>15,810,357</u>	<u>1,220,000</u>

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

6) LONG-TERM DEBT AND OTHER OBLIGATIONS PAYABLE (Continued)

Long-term debt payable at June 30, 2020 is comprised of the following:

Governmental Activities

2009 General Obligation Public Improvement Bonds (\$4,125,000) due in annual installments through June 2024. Interest accrues at an average rate of 3.639%.	\$ 2,160,000
2014 General Obligation Refunding Bonds (\$2,630,000) due in annual installments through 2025. Interest accrues at 2% to 3%.	1,360,000
2015 General Obligation Refunding Bonds (\$5,420,000) due in annual installments through 2035. Interest accrues at 2% to 3.25%.	4,370,000
2016 General Obligation Refunding Bonds (\$1,995,000) due in annual installments through October 2021. Interest accrues at 3%.	<u>815,000</u>
Total Governmental Activities	\$ <u>8,705,000</u>

Business-type activities

2013 Water and Sewer Revenue and Tax Refunding Bonds (\$13,585,000) due in annual installments through March 2033. Interest accrues at 2.0% to 3.3%.	\$ 11,320,000
2014 Water and Sewer Revenue and Tax Refunding Bonds (\$6,410,000) due in annual installments through 2025. Interest accrues at 2% to 3%.	3,455,000
2016 Water and Sewer Revenue and Tax Refunding Bonds (\$1,820,000) due in annual installments through October 2021. Interest accrues at 3%.	<u>765,000</u>
Total Business-type activities	\$ <u>15,540,000</u>

The annual requirements to amortize all bonds and notes outstanding as of June 30, 2020 including interest payments are as follows:

<u>Year</u>	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>Bonds</u>		<u>Bonds</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2021	\$ 1,435,000	247,301	1,220,000	457,785
2022	1,465,000	205,895	1,200,000	423,110
2023	1,065,000	169,308	1,240,000	394,385
2024	1,090,000	136,872	1,215,000	362,685
2025	560,000	103,373	1,195,000	331,235
2026-2030	1,440,000	385,132	6,100,000	1,104,925
2031-2035	<u>1,650,000</u>	<u>161,750</u>	<u>3,370,000</u>	<u>220,605</u>
	\$ <u>8,705,000</u>	<u>1,409,631</u>	<u>15,540,000</u>	<u>3,294,730</u>

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

6) LONG-TERM DEBT AND OTHER OBLIGATIONS PAYABLE (Continued)

Advance Refundings

The City's prior year's advance refunding issues that have underlying refunded debt outstanding at June 30, 2020, consisted of the following:

<u>Defeased Debt</u>	
<u>Description of Issues Refunded</u>	<u>Balance 6/30/2020</u>
Water and Sewer Revenue and Tax Bonds 2001	\$ 875,000
General Obligation Bonds 2001	<u>805,000</u>
	<u>\$1,680,000</u>

Debt Coverage

The Water and Sewer Revenue and Tax Bonds do not require specific debt coverage ratios.

Other

The City's outstanding bond payables contain provisions that in the event of default, outstanding amounts are to become immediately due if the City is unable to make payment. At June 30, 2020, there were no unused lines of credit. The Governmental Activities General Obligation Bonds are secured by the full taxing authority of the City. The Business Activities Revenue and Tax Bonds are secured by the user fees of the system as well as the taxing authority of the City.

Capital Leases

The City entered into leases for the purchase of certain public safety communications equipment. The leases require repayment terms and have been accounted for as financing transactions. The City will have title to the assets by satisfying the minimum lease payments. The assets acquired through the capital lease are as follows:

	<u>Governmental Activities</u>
Communication equipment	\$ 1,646,259
Less accumulated depreciation	<u>1,001,474</u>
	<u>\$ 644,785</u>

The future minimum lease obligations and net present value of those payments are as follows:

	<u>Lease Obligations</u>		<u>Total</u>
2021	\$ 163,340	65,270	228,610
2022	-	65,270	65,270
2023	-	65,270	65,270
2024	-	<u>65,270</u>	<u>65,270</u>
	163,340	261,080	424,420
Less amount representing interest	<u>3,140</u>	<u>14,009</u>	<u>17,149</u>
Present value of lease obligations	\$ <u>160,200</u>	<u>247,071</u>	<u>407,271</u>

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

7) DEFINED CONTRIBUTION PENSION PLAN AND DEFERRED COMPENSATION PLAN

The City offers its employees a defined contribution and salary reduction plan created in accordance with Internal Service Code Sections 401 (a) and 457. The plans' participation is optional and are available to fulltime employees after 90 days of service. The plans allow employees to defer a portion of their salary to future years. The plans may be amended or terminated by action of the City board, however no termination or amendment shall affect the rights of a participants' credited benefits or rights to receive benefits. The plans provide that all assets and all income attributable to those assets are solely the property of the respective employees and accordingly are not reported as City assets. The plans are administered by ICMA Retirement Services, a non-profit financial services corporation. Separate financial statements are not available for the plans.

Deferred Compensation Plan (City of La Vergne 457 Deferred Compensation Plan)

Monthly contributions are optional up to IRS regulated amounts. Employee benefits are available after separation from service, death, after age 70 1/2 and emergency withdrawals as defined by the IRS. Total contributions by employees were \$172,509.

Defined Contribution Plan (City of La Vergne 401 (a) Money Purchase Plan)

Monthly contributions are optional and a 1% employee contribution of gross wages is required to receive a 4.5% maximum matching contribution by the City. Employees are 100% vested upon participation which results in no forfeitures of matching contributions. Employee benefits are available after separation of service or after age 70 1/2. The plan also allows loans from the plan. Benefits of a defined contribution plan depend solely on amounts contributed to the plan plus investments earnings.

The City's total payroll in fiscal year 2020 was \$11,977,595. The City's contributions were calculated using the base salary amount of \$7,860,200. The contributions to the plan by the City for the year ended June 30, 2020 were \$353,709 (4.5% of covered payroll) and total contributions by employees were \$78,602 (1% covered payroll).

8) COMMITMENTS AND CONTINGENCIES

Litigation

The City is presently involved in certain matters of litigation that have arisen in the normal course of conducting City business. Some of these matters will be covered by the City's insurance programs should unfavorable outcomes materialize. City management believes, based upon consultation with the City Attorney, that these cases, in the aggregate, are not expected to result in a material adverse financial impact on the City.

Contractual Agreements

The City is under contract with the Metropolitan Government of Nashville and Davidson County, Tennessee (Metro) to provide sewer treatment services for its customers. The City paid \$2,234,070 under the contract for 2020. The contract is through November 2020.

The City has a contract with an engineering company to provide for operating services of the water treatment plant. The contract provides for a monthly charge plus an amount for excess maintenance. The contract is through February 2023 and during fiscal 2020 the City paid \$1,611,944 under the contract. The fiscal year 2020 annual base amount is \$1,511,671.

Construction Contracts

The City's construction contracts were all substantially complete at June 30, 2020.

Grant Programs

The City participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The City is potentially liable for any expenditures which may be disallowed pursuant to the terms of these grant programs.

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

8) COMMITMENTS AND CONTINGENCIES, Continued

Contingencies

The City previously participated in the Local Government Insurance Cooperative (LOGIC), a public entity risk pool that operated as a common risk management and workers' compensation insurance program for approximately one hundred governmental entities. LOGIC was self-sustaining through member premiums and also obtained specific excess and aggregate excess coverage through a commercial insurance company. The City has learned the commercial insurance company is in bankruptcy, and the City may be assessed by LOGIC to help cover claims incurred during the City's participation. All known assessments have been accrued. The City does not believe, based on current information, any potential future assessments would be material to the City's financial statements.

9) INTERFUND TRANSACTIONS

Interfund receivables and payables are attributable to obligations for operating transfers between funds. The consolidation of the internal service fund resulted in an internal balance of \$324,489.

Interfund transfers for the year ended June 30, 2020 are attributable to the budgeted allocation of resources from one fund to another and consist of the following:

	<u>Transfer In</u> <u>Other Governmental Funds</u>		
	Senior Citizens Fund	Drug Enforcement Fund	Total
<u>Transfer from:</u>			
General Fund	\$ <u>94,671</u>	<u>30,000</u>	<u>124,671</u>

10) RISK MANAGEMENT

The City has chosen to establish the Self Insured Medical Insurance Fund (internal service fund) for risks associated with the employees' health insurance plan. The fund is accounted for as an internal service fund where assets are set aside for claim settlements. The City retains the risk of loss to a limit of \$85,000 per employee, and \$5,474,707 aggregate annual cap which includes stop loss and administration fees. The City has obtained a stop/loss commercial insurance policy to cover claims beyond this liability. All full-time employees of the government are eligible to participate. A premium charge is allocated to each fund that accounts for full-time employees. This charge is based on estimates made by an outside insurance consultant of the amounts needed to pay prior and current year claims and to establish an amount for catastrophic losses. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The Fund establishes claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The process used to compute claims liabilities does not necessarily result in an exact amount. For the government-wide statements the activity and assets and liabilities of this fund have been allocated to the participating funds.

Changes in the balance of claims liabilities during the past three fiscal years are as follows:

	<u>Beginning-of-</u> <u>Fiscal-Year Liability</u>	<u>Current Year Claims</u> <u>and Changes in Estimates</u>	<u>Claim</u> <u>Payments</u>	<u>Fiscal Year-End</u>
2017-2018	\$ 189,962	3,676,437	(3,674,518)	191,881
2018-2019	191,881	3,674,454	(3,620,122)	246,213
2019-2020	246,213	3,511,284	(3,400,657)	356,840

City of La Vergne, Tennessee

Notes to Financial Statements

June 30, 2020

10) RISK MANAGEMENT, Continued

The City is exposed to various other risks and losses. The City deemed it was more economically feasible to participate in a public entity risk pool as opposed to purchasing commercial insurance for general liability, property and casualty, and workers compensation coverage. The City participates in the TML Insurance Pool which is a public entity risk pool established by the Tennessee Municipal League, an association of member Cities. The City pays an annual premium to the TML for its general liability, property and casualty and workers compensation insurance coverage. The creation of the pool provides for it to be self-sustaining through member premiums. The pool reinsures through commercial insurance companies for claims in excess of certain amounts for each insured event. Settled claims from these losses have not exceeded insurance coverage in any of the past three fiscal years.

11) BUDGET COMPLIANCE AND ACCOUNTABILITY

The City of La Vergne is required by State statute to adopt an annual budget. The City legally adopts budgets for all governmental funds. These budgets are prepared on the basis that current available funds must be sufficient to meet current expenditures. Expenditures may not legally exceed appropriations authorized by the Board of Mayor and Aldermen. The City's budgetary basis is consistent with generally accepted accounting principles. The legal level of budgetary control is at the department level. Any changes to departmental total budgets must be approved by the council.

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The City Administrator submits to the Board of Mayor and Aldermen a proposed operating budget for the fiscal year commencing July 1. The operating departmental budget establishes the budgetary level of control for the proposed expenditures and the means of financing them.
2. Public hearings are conducted at the City Hall to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of an ordinance. In no event shall the total appropriations for any fund included in the budget exceed the estimated revenues and unappropriated fund balance.
4. Formal budgetary integration is employed as a management control device during the year for all governmental fund types.
5. Budgets are adopted on a basis generally consistent with generally accepted accounting principles (GAAP). These budget appropriations lapse at year end.

During the fiscal year, the General Fund original budget was amended by increasing budgeted expenditures \$3,527,188 (15.3%). The primary amendments related to public safety professional services and capital items (\$725,250), housing rehabilitation (\$300,000) and for land purchases (\$2,398,368). The original budgets for the nonmajor governmental funds were increased by \$8,453 primarily related to capital items.

12) SUBSEQUENT EVENTS

Subsequent to year end the City entered into contracts for fiber optics upgrades and a roof for the library. The contracts totaled approximately \$757,000 and will be funded by a state grant. The City has applied to the state for approximately \$200,000 CARES Act funds to reimburse pandemic related expenses incurred in fiscal year 2020. These expenses relate primarily to safety related payroll costs.

NONMAJOR GOVERNMENT FUNDS

State Street Aid Fund accounts for the state shared gasoline taxes and the usage of these monies for street maintenance.

Drug Enforcement Fund accounts for drug fines and grants received and usage of those monies to further drug education and investigations.

Stormwater Fund accounts for fees collected specifically to provide funds to address stormwater run-off.

Senior Citizens Fund accounts for grant revenues and expenditures related to the operation of the senior citizens center.

Police Impact Fee Fund accounts for fees collected specifically to provide funds for public safety capital items.

Parks and Recreation Improvement Fund accounts for revenues, primarily impact fees, and expenditures associated with the construction and improvement of parks and recreational facilities.

Property is assessed as follows:

Industrial and Commercial:

Real 40%

Personal 30%

Public Utility 55%

Farm and Residential 25%

* Per \$100 of assessed valuation

Note - Property of the City is reappraised frequently. For this reason appraised value is considered equal to actual value. The appraised values do not include exempt property.

Most recent reappraisal was in 2019.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and the Board of Aldermen
La Vergne, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of City of La Vergne, Tennessee, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise City of La Vergne, Tennessee's basic financial statements, and have issued our report thereon dated October 15, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of La Vergne, Tennessee's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of La Vergne, Tennessee's internal control. Accordingly, we do not express an opinion on the effectiveness of City of La Vergne, Tennessee's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency. (2020-001)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of La Vergne, Tennessee's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain other matters that were reported to management in a separate letter dated October 15, 2020.

Honorable Mayor and the Board of Aldermen
City of La Vergne, Tennessee

City of La Vergne's Corrective Action Plan

The City of La Vergne, Tennessee's response to the findings identified in our audit is described in the accompanying management's corrective action plan. The City of La Vergne, Tennessee's management's corrective action plan was not subjected to the auditing procedures applied in the audit and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Ysaiah D. Desrosiers". The signature is fluid and cursive, with a large initial "Y" and a long, sweeping underline.

CITY OF LA VERGNE, TENNESSEE

Schedule of Prior Year Findings and Questioned Costs

June 30, 2020

Financial Statement Findings

Prior Year Finding Number	Finding Title	Status/ Current Year Finding
2019-001	Ineffective internal control over cash Original finding 2019-001	Resolved
2019-002	Utility billing weakness Original finding 2019-002	Resolved.
2019-003	Employee flex time Original finding 2019-003	Resolved.

Federal Awards Findings and Questioned Costs

None.

City of La Vergne, Tennessee
Schedule of Findings and Questioned Costs
June 30, 2020

Current Year Findings and Questioned Costs

(2020-001) Ineffective internal controls over travel credit card charges

Criteria/condition/cause: Internal controls over credit cards related to travel are required to authorize payment of credit card charges. Documentation for payment of credit card charges were not always provided to the Finance Department prior to the due date of the credit card payments.

Effect: This weakness in internal control resulted in payment of credit card charges without proper documentation to prevent late payment charges.

Recommendation: We recommend that approved travel claim forms with attached supporting documentation be submitted to the Finance Department in a timely manner and prior to the due date of the credit card payment.

5093 Murfreesboro Road • LaVergne, TN 37086
Phone: (615) 793-6295 • Fax: (615) 793-6025

E-Mail: city@lavergne.org • Web Page: www.lavergne.org

Management's Corrective Action Plan

(2020-001) Ineffective internal controls over travel credit card charges

Person Responsible:

Lisa Arrington/Bruce Richardson

Action Planned or Taken:

To improve the travel credit card charges we will require all supporting documentation to be attached. All attempts will be made to obtain another copy or a Missing Receipt Affidavit must be filled out and submitted. If documents or affidavits are not submitted we will suspend travel or credit card usage until such employee becomes compliant.

Anticipated Completion Date: June 30, 2021

Phillis Rogers
Director of Finance, Utility Billing and Tax
